Representative Bromley offered **House Amendment No. 2**.

House Amendment No. 2

AMEND House Committee Substitute for House Bill No. 631, Page 1, Section A, Line 2, by inserting after all of said section and line the following:

"256.700. 1. Any operator desiring to engage in surface mining who applies for a permit under section 444.772 shall, in addition to all other fees authorized under such section, annually submit a geologic resources fee. Such fee shall be deposited in the geologic resources fund established and expended under section 256.705. For any operator of a gravel mining operation where the annual tonnage of gravel mined by such operator is less than five thousand tons, there shall be no fee under this section.

2. The director of the department of natural resources may require a geologic resources fee for each permit not to exceed one hundred dollars. The director may also require a geologic resources fee for each site listed on a permit not to exceed one hundred dollars for each site. The director may also require a geologic resources fee for each acre permitted by the operator under section 444.772 not to exceed ten dollars per acre. If such fee is assessed, the fee per acre on all acres bonded by a single operator that exceeds a total of three hundred acres shall be reduced by fifty percent. In no case shall the geologic resources fee portion for any permit issued under section 444.772 be more than three thousand five hundred dollars.

3. Beginning August 28, 2007, the geologic resources fee shall be set at a permit fee of fifty dollars, a site fee of fifty dollars, and an acre fee of six dollars. Fees may be raised as allowed in this subsection by a regulation change promulgated by the director of the department of natural resources. Prior to such a regulation change, the director shall consult the industrial minerals advisory council created under section 256.710 in order to determine the need for such an increase in fees.

4. Fees imposed under this section shall become effective August 28, 2007, and shall expire on December 31, **[**~~2025~~**]** **2031**. No other provisions of sections 256.700 to 256.710 shall expire.

5. The department of natural resources may promulgate rules to implement the provisions of sections 256.700 to 256.710. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void."; and

Further amend said bill, Page 2, Section 256.710, Line 50, by inserting after all of said section and line the following:

"259.080. 1. It shall be unlawful to commence operations for the drilling of a well for oil or gas, or to commence operations to deepen any well to a different geological formation, or to commence injection activities for enhanced recovery of oil or gas or for disposal of fluids, without first giving the state geologist notice of intention to drill or intention to inject and first obtaining a permit from the state geologist under such rules and regulations as may be prescribed by the council.

2. The department of natural resources may conduct a comprehensive review, and propose a new fee structure, or propose changes to the oil and gas fee structure, which may include but need not be limited to permit application fees, operating fees, closure fees, and late fees, and an extraction or severance fee. The comprehensive review shall include stakeholder meetings in order to solicit stakeholder input from each of the following groups: oil and gas industry representatives, the advisory committee, and any other interested parties. Upon completion of the comprehensive review, the department shall submit a proposed fee structure or changes to the oil and gas fee structure with stakeholder agreement to the oil and gas council. The council shall review such recommendations at the forthcoming regular or special meeting, but shall not vote on the fee structure until a subsequent meeting. If the council approves, by vote of two-thirds majority, the fee structure recommendations, the council shall authorize the department to file a notice of proposed rulemaking containing the recommended fee structure, and after considering public comments may authorize the department to file the final order of rulemaking for such rule with the joint committee on administrative rules under sections 536.021 and 536.024 no later than December first of the same year. If such rules are not disapproved by the general assembly in the manner set out in this section, they shall take effect on January first of the following year, at which point the existing fee structure shall expire. Any regulation

promulgated under this subsection shall be deemed beyond the scope and authority provided in this subsection, or detrimental to permit applicants, if the general assembly, within the first sixty calendar days of the regular session immediately following the filing of such regulation, disapproves the regulation by concurrent resolution. If the general assembly so disapproved any regulation filed under this subsection, the department and the council shall not implement the proposed fee structure and shall continue to use the previous fee structure. The authority of the council to further revise the fee structure as provided in this subsection shall expire on August 28, **[**~~2025~~**] 2031. If the council's authority to revise the fee structure as provided by this subsection expires, the fee structure in place at the time of expiration shall remain in place**.

3. Failure to pay the fees, or any portion thereof, established under this section or to submit required reports, forms or information by the due date shall result in the imposition of a late fee established by the council. The department may issue an administrative order requiring payment of unpaid fees or may request that the attorney general bring an action in the appropriate circuit court to collect any unpaid fee, late fee, interest, or attorney's fees and costs incurred directly in fee collection. Such action may be brought in the circuit court of Cole County, or, in the case of well fees, in the circuit court of the county in which the well is located.

(3) Manage used lead-acid batteries in a manner consistent with the requirements of the state hazardous waste law;

(4) Collect at the time of sale a fee of fifty cents for each lead-acid battery sold. Such fee shall be added to the total cost to the purchaser at retail after all applicable sales taxes on the battery have been computed. The fee imposed, less six percent of fees collected, which shall be retained by the seller as collection costs, shall be paid to the department of revenue in the form and manner required by the department and shall include the total number of batteries sold during the preceding month. The department of revenue shall promulgate rules and regulations necessary to administer the fee collection and enforcement. The terms "sold at retail" and "retail sales" do not include the sale of batteries to a person solely for the purpose of resale, if the subsequent retail sale in this state is to the ultimate consumer and is subject to the fee. However, this fee shall not be paid on batteries sold for use in agricultural operations upon written certification by the purchaser; and

(5) The department of revenue shall administer, collect, and enforce the fee authorized pursuant to this section pursuant to the same procedures used in the administration, collection, and enforcement of the general state sales and use tax imposed pursuant to chapter 144 except as provided in this section. 2. A fee for each new tire sold at retail shall be imposed on any person engaging in the business of making retail sales of new tires within this state. The fee shall be charged by the retailer to the person who purchases a tire for use and not for resale. Such fee shall be imposed at the rate of fifty cents for each new tire sold. Such fee shall be added to the total cost to the purchaser at retail after all applicable sales taxes on the tires have been computed. The fee imposed, less six percent of fees collected, which shall be retained by the tire retailer as collection costs, shall be paid to the department of revenue in the form and manner required by the department of revenue and shall include the total number of new tires sold during the preceding month. The department of revenue shall promulgate rules and regulations necessary to administer the fee collection and enforcement. The terms "sold at retail" and "retail sales" do not include the sale of new tires to a person solely for the purpose of resale, if the subsequent retail sale in this state is to the ultimate consumer and is subject to the fee.

3. The department of revenue shall administer, collect and enforce the fee authorized pursuant to this section pursuant to the same procedures used in the administration, collection and enforcement of the general state sales and use tax imposed pursuant to chapter 144 except as provided in this section. The proceeds of the new tire fee, less four percent of the proceeds, which shall be retained by the department of revenue as collection costs, shall be transferred by the department of revenue into an appropriate subaccount of the solid waste management fund, created pursuant to section 260.330.

4. Up to five percent of the revenue available may be allocated, upon appropriation, to the department of natural resources to be used cooperatively with the department of elementary and secondary education for the purposes of developing environmental educational materials, programs, and curriculum that assist in the department's implementation of sections 260.200 to 260.345.

5. Up to fifty percent of the moneys received pursuant to this section may, upon appropriation, be used to administer the programs imposed by this section. Up to forty-five percent of the moneys received under this section may, upon appropriation, be used for the grants authorized in subdivision (2) of subsection 6 of this section. All remaining moneys shall be allocated, upon appropriation, for the projects authorized in section 260.276, except that any unencumbered moneys may be used for public health, environmental, and safety projects in response to environmental or public health emergencies and threats as determined by the director.

6. The department shall promulgate, by rule, a statewide plan for the use of moneys received pursuant to this section to accomplish the following:

(1) Removal of scrap tires from illegal tire dumps;

(2) Providing grants to persons that will use products derived from scrap tires, or use scrap tires as a fuel or fuel supplement; and

(3) Resource recovery activities conducted by the department pursuant to section 260.276.

7. The fee imposed in subsection 2 of this section shall begin the first day of the month which falls at least thirty days but no more than sixty days immediately following August 28, 2005, and shall terminate December 31, **[**~~2025~~**] 2031**.

(1) Promptly file and maintain with the department, on registration forms it provides for this purpose, information on hazardous waste generation and management as specified by rules and regulations. Hazardous waste generators shall pay a one hundred dollar registration fee upon initial registration, and a one hundred dollar registration renewal fee annually thereafter to maintain an active registration. Such fees shall be deposited in the hazardous waste fund created in section 260.391;

(2) Containerize and label all hazardous wastes as specified by standards, rules and regulations;

(3) Segregate all hazardous wastes from all nonhazardous wastes and from noncompatible wastes, materials and other potential hazards as specified by standards, rules and regulations;

(4) Provide safe storage and handling, including spill protection, as specified by standards, rules and regulations, for all hazardous wastes from the time of their generation to the time of their removal from the site of generation;

(5) Unless provided otherwise in the rules and regulations, utilize only a hazardous waste transporter holding a license pursuant to sections 260.350 to 260.430 for the removal of all hazardous wastes from the premises where they were generated;

(6) Unless provided otherwise in the rules and regulations, provide a separate manifest to the transporter for each load of hazardous waste transported from the premises where it was generated. The generator shall specify the destination of such load on the manifest. The manner in which the manifest shall be completed, signed and filed with the department shall be in accordance with rules and regulations;

(7) Utilize for treatment, resource recovery, disposal or storage of all hazardous wastes, only a hazardous waste facility authorized to operate pursuant to sections 260.350 to 260.430 or the federal Resource Conservation and Recovery Act, or a state hazardous waste management program authorized pursuant to the federal Resource Conservation and Recovery Act, or any facility exempted from the permit required pursuant to section 260.395;

(8) Collect and maintain such records, perform such monitoring or analyses, and submit such reports on any hazardous waste generated, its transportation and final disposition, as specified in sections 260.350 to 260.430 and rules and regulations adopted pursuant to sections 260.350 to 260.430;

(9) Make available to the department upon request samples of waste and all records relating to hazardous waste generation and management for inspection and copying and allow the department to make unhampered inspections at any reasonable time of hazardous waste generation and management facilities located on the generator's property and hazardous waste generation and management practices carried out on the generator's property;

(10) (a) Pay annually, on or before January first of each year, effective January 1, 1982, a fee to the state of Missouri to be placed in the hazardous waste fund. The fee shall be five dollars per ton or portion thereof of hazardous waste registered with the department as specified in subdivision (1) of this subsection for the twelve-month period ending June thirtieth of the previous year. However, the fee shall not exceed fifty-two thousand dollars per generator site per year nor be less than one hundred fifty dollars per generator site per year.

(b) All moneys payable pursuant to the provisions of this subdivision shall be promptly transmitted to the department of revenue, which shall deposit the same in the state treasury to the credit of the hazardous waste fund created in section 260.391.

(c) The hazardous waste management commission shall establish and submit to the department of revenue procedures relating to the collection of the fees authorized by this subdivision. Such procedures shall include, but not be limited to, necessary records identifying the quantities of hazardous waste registered, the form and submission of reports to accompany the payment of fees, the time and manner of payment of fees, which shall not be more often than quarterly.

(d) Notwithstanding any statutory fee amounts or maximums to the contrary, the director of the department of natural resources may conduct a comprehensive review and propose changes to the fee structure set forth in this section. The comprehensive review shall include stakeholder meetings in order to solicit stakeholder input from each of the following groups: cement kiln representatives, chemical companies, large and small hazardous waste generators, and any other interested parties. Upon completion of the comprehensive review, the department shall submit a proposed fee structure with stakeholder agreement to the hazardous waste management commission. The commission shall review such recommendations at the forthcoming regular or special meeting, but shall not vote on the fee structure until a subsequent meeting. If the commission approves, by vote of two-thirds majority or five of seven commissioners, the fee structure recommendations, the commission shall authorize the department to file a notice of proposed rulemaking containing the recommended fee structure, and after considering public comments may authorize the department to file the order of rulemaking for such rule with the joint committee on administrative rules pursuant to sections 536.021 and 536.024 no later than December first of the same year. If such rules are not disapproved by the general assembly in the manner set out below, they shall take effect on January first of the following calendar year and the fee structure set out in this section shall expire upon the effective date of the commission-adopted fee structure, contrary to subsection 4 of this section. Any regulation promulgated under this subsection shall be deemed to be beyond the scope and authority provided in this subsection, or detrimental to permit applicants, if the general assembly, within the first sixty calendar days of the regular session immediately following the filing of such regulation disapproves the regulation by concurrent resolution. If the general assembly so disapproves any regulation filed under this subsection, the department and the commission shall not implement the proposed fee structure and shall continue to use the previous fee structure. The authority of the commission to further revise the fee structure as provided by this subsection shall expire on August 28, **[**~~2024. Any fee, bond, or assessment structure established pursuant to the process in this section shall expire on August 28, 2024~~**] 2030. If the commission's authority to revise the fee structure as provided by this subsection expires, the fee structure in place at the time of expiration shall remain in place**.

2. Missouri treatment, storage, or disposal facilities shall pay annually, on or before January first of each year, a fee to the department equal to two dollars per ton or portion thereof for all hazardous waste received from outside the state. This fee shall be based on the hazardous waste received for the twelve-month period ending June thirtieth of the previous year.

3. Exempted from the requirements of this section are individual householders and farmers who generate only small quantities of hazardous waste and any person the commission determines generates only small quantities of hazardous waste on an infrequent basis, except that:

(1) Householders, farmers and exempted persons shall manage all hazardous wastes they may generate in a manner so as not to adversely affect the health of humans, or pose a threat to the environment, or create a public nuisance; and

(2) The department may determine that a specific quantity of a specific hazardous waste requires special management. Upon such determination and after public notice by press release or advertisement thereof, including instructions for handling and delivery, generators exempted pursuant to this subsection shall deliver, but without a manifest or the requirement to use a licensed hazardous waste transporter, such waste to:

(a) Any storage, treatment or disposal site authorized to operate pursuant to sections 260.350 to 260.430 or the federal Resource Conservation and Recovery Act, or a state hazardous waste management program authorized pursuant to the federal Resource Conservation and Recovery Act which the department designates for this purpose; or

(b) A collection station or vehicle which the department may arrange for and designate for this purpose.

4. Failure to pay the fee, or any portion thereof, prescribed in this section by the due date shall result in the imposition of a penalty equal to fifteen percent of the original fee. The fee prescribed in this section shall expire December 31, 2018, except that the department shall levy and collect this fee for any hazardous waste generated prior to such date and reported to the department.

260.392. 1. As used in sections 260.392 to 260.399, the following terms mean:

(1) "Cask", all the components and systems associated with the container in which spent fuel, high-level radioactive waste, highway route controlled quantity, or transuranic radioactive waste are stored;

(2) "High-level radioactive waste", the highly radioactive material resulting from the reprocessing of spent nuclear fuel including liquid waste produced directly in reprocessing and any solid material derived from such liquid waste that contains fission products in sufficient concentrations, and other highly radioactive material that the United States Nuclear Regulatory Commission has determined to be high-level radioactive waste requiring permanent isolation;

(3) "Highway route controlled quantity", as defined in 49 CFR Part 173.403, as amended, a quantity of radioactive material within a single package. Highway route controlled quantity shipments of thirty miles or less within the state are exempt from the provisions of this section;

(a) High-level radioactive wastes;

(b) Any waste determined by the Environmental Protection Agency with the concurrence of the Environmental Protection Agency administrator that does not need the degree of isolation required by this section; or

(c) Any waste that the United States Nuclear Regulatory Commission has approved for disposal on a case-by-case basis in accordance with 10 CFR Part 61, as amended.

2. Any shipper that ships high-level radioactive waste, transuranic radioactive waste, highway route controlled quantity shipments, spent nuclear fuel, or low-level radioactive waste through or within the state shall be subject to the fees established in this subsection, provided that no state-funded institution of higher education that ships nuclear waste shall pay any such fee. These higher education institutions shall reimburse the Missouri state highway patrol directly for all costs related to shipment escorts. The fees for all other shipments shall be:

(1) One thousand eight hundred dollars for each truck transporting through or within the state high-level radioactive waste, transuranic radioactive waste, spent nuclear fuel or highway route controlled quantity shipments. All truck shipments of high-level radioactive waste, transuranic radioactive waste, spent nuclear fuel, or highway route controlled quantity shipments are subject to a surcharge of twenty-five dollars per mile for every mile over two hundred miles traveled within the state;

(2) One thousand three hundred dollars for the first cask and one hundred twenty-five dollars for each additional cask for each rail shipment through or within the state of high-level radioactive waste, transuranic radioactive waste, or spent nuclear fuel;

(6) Oversight of any environmental remediation necessary resulting from an incident involving a shipment of high-level radioactive waste, transuranic radioactive waste, highway route controlled quantity shipments, spent nuclear fuel, or low-level radioactive waste. Reimbursement for oversight of any such incident shall not reduce or eliminate the liability of any party responsible for the incident; such party may be liable for full reimbursement to the state or payment of any other costs associated with the cleanup of contamination related to a transportation incident;

(7) Administrative costs attributable to the state agencies which are incurred through their involvement as it relates to the shipment of high-level radioactive waste, transuranic radioactive waste, highway route controlled quantity shipments, spent nuclear fuel, or low-level radioactive waste through or within the state.

4. Nothing in this section shall preclude any other state agency from receiving reimbursement from the department of natural resources and the environmental radiation monitoring fund for services rendered that achieve the objectives and comply with the provisions of this section.

5. Any unencumbered balance in the environmental radiation monitoring fund that exceeds three hundred thousand dollars in any given fiscal year shall be returned to shippers on a pro rata basis, based on the shipper's contribution into the environmental radiation monitoring fund for that fiscal year.

6. The department of natural resources, in coordination with the department of health and senior services and the department of public safety, may promulgate rules necessary to carry out the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2009, shall be invalid and void.

7. All funds deposited in the environmental radiation monitoring fund through fees established in subsection 2 of this section shall be utilized, subject to appropriation by the general assembly, for the administration and enforcement of this section by the department of natural resources. All interest earned by the moneys in the fund shall accrue to the fund.

8. All fees shall be paid to the department of natural resources prior to shipment.

9. Notice of any shipment of high-level radioactive waste, transuranic radioactive waste, highway route controlled quantity shipments, or spent nuclear fuel through or within the state shall be provided by the shipper to the governor's designee for advanced notification, as described in 10 CFR Parts 71 and 73, as amended, prior to such shipment entering the state. Notice of any shipment of low-level radioactive waste through or within the state shall be provided by the shipper to the Missouri department of natural resources before such shipment enters the state.

10. Any shipper who fails to pay a fee assessed under this section, or fails to provide notice of a shipment, shall be liable in a civil action for an amount not to exceed ten times the amount assessed and not paid. The action shall be brought by the attorney general at the request of the department of natural resources. If the action involves a facility domiciled in the state, the action shall be brought in the circuit court of the county in which the facility is located. If the action does not involve a facility domiciled in the state, the action shall be brought in the circuit court of Cole County.

11. Beginning on December 31, 2009, and every two years thereafter, the department of natural resources shall prepare and submit a report on activities of the environmental radiation monitoring fund to the general assembly. This report shall include information on fee income received and expenditures made by the state to enforce and administer the provisions of this section.

12. The provisions of this section shall not apply to high-level radioactive waste, transuranic radioactive waste, highway route controlled quantity shipments, spent nuclear fuel, or low-level radioactive waste shipped by or for the federal government for military or national defense purposes.

13. The program authorized under this section shall automatically sunset on August 28, **[**~~2024~~**] 2030**.

260.475. 1. Every hazardous waste generator located in Missouri shall pay, in addition to the fees imposed in section 260.380, a fee of twenty-five dollars per ton annually on all hazardous waste which is discharged, deposited, dumped or placed into or on the soil as a final action, and two dollars per ton on all other hazardous waste transported off site. No fee shall be imposed upon any hazardous waste generator who registers less than ten tons of hazardous waste annually pursuant to section 260.380, or upon:

(1) Hazardous waste which must be disposed of as provided by a remedial plan for an abandoned or uncontrolled hazardous waste site;

(2) Fly ash waste, bottom ash waste, slag waste and flue gas emission control waste generated primarily from the combustion of coal or other fossil fuels;

(3) Solid waste from the extraction, beneficiation and processing of ores and minerals, including phosphate rock and overburden from the mining of uranium ore and smelter slag waste from the processing of materials into reclaimed metals;

(4) Cement kiln dust waste;

(5) Waste oil; or

(6) Hazardous waste that is:

(a) Reclaimed or reused for energy and materials;

(b) Transformed into new products which are not wastes;

(c) Destroyed or treated to render the hazardous waste nonhazardous; or

3. All moneys collected or received by the department pursuant to this section shall be transmitted to the department of revenue for deposit in the state treasury to the credit of the hazardous waste fund created pursuant to section 260.391. Following each annual reporting date, the state treasurer shall certify the amount deposited in the fund to the commission.

4. If any generator or transporter fails or refuses to pay the fees imposed by this section, or fails or refuses to furnish any information reasonably requested by the department relating to such fees, there shall be imposed, in addition to the fee determined to be owed, a penalty of fifteen percent of the fee shall be deposited in the hazardous waste fund.

5. If the fees or any portion of the fees imposed by this section are not paid by the date prescribed for such payment, there shall be imposed interest upon the unpaid amount at the rate of ten percent per annum from the date prescribed for its payment until payment is actually made, all of which shall be deposited in the hazardous waste fund.

6. The state treasurer is authorized to deposit all of the moneys in the hazardous waste fund in any of the qualified depositories of the state. All such deposits shall be secured in such a manner and shall be made upon such terms and conditions as are now or may hereafter be provided for by law relative to state deposits. Interest received on such deposits shall be credited to the hazardous waste fund.

7. This fee shall expire December 31, 2018, except that the department shall levy and collect this fee for any hazardous waste generated prior to such date and reported to the department.

8. Notwithstanding any statutory fee amounts or maximums to the contrary, the director of the department of natural resources may conduct a comprehensive review and propose changes to the fee structure set forth in this section. The comprehensive review shall include stakeholder meetings in order to solicit stakeholder input from each of the following groups: cement kiln representatives, chemical companies, large and small hazardous waste generators, and any other interested parties. Upon completion of the comprehensive review, the department shall submit a proposed fee structure with stakeholder agreement to the hazardous waste management commission. The commission shall review such recommendations at the forthcoming regular or special meeting, but shall not vote on the fee structure until a subsequent meeting. If the commission approves, by vote of two-thirds majority or five of seven commissioners, the fee structure recommendations, the commission shall authorize the department to file a notice of proposed rulemaking containing the recommended fee structure, and after considering public comments may authorize the department to file the order of rulemaking for such rule with the joint committee on administrative rules pursuant to sections 536.021 and 536.024 no later than December first of the same year. If such rules are not disapproved by the general assembly in the manner set out below, they shall take effect on January first of the following calendar year and the fee structure set out in this section shall expire upon the effective date of the

commission-adopted fee structure, contrary to subsection 7 of this section. Any regulation promulgated under this subsection shall be deemed to be beyond the scope and authority provided in this subsection, or detrimental to permit applicants, if the general assembly, within the first sixty calendar days of the regular session immediately following the filing of such regulation disapproves the regulation by concurrent resolution. If the general assembly so disapproves any regulation filed under this subsection, the department and the commission shall not implement the proposed fee structure and shall continue to use the previous fee structure. The authority of the commission to further revise the fee structure as provided by this subsection shall expire on August 28, **[**~~2024. Any fee, bond, or assessment structure established pursuant to the process in this section shall expire on August 28, 2024~~**] 2030. If the commission's authority to revise the fee structure as provided by this subsection expires, the fee structure in place at the time of expiration shall remain in place**.

444.768. 1. Notwithstanding any statutory fee amounts or maximums to the contrary, the director of the department of natural resources may conduct a comprehensive review and propose changes to the fee, bond, or assessment structure as set forth in this chapter. The comprehensive review shall include stakeholder meetings in order to solicit stakeholder input from regulated entities and any other interested parties. Upon completion of the comprehensive review, the department shall submit a proposed fee, bond, or assessment structure with stakeholder agreement to the Missouri mining commission. The commission shall review such recommendations at a forthcoming regular or special meeting, but shall not vote on the proposed structure until a subsequent meeting. If the commission approves, by vote of two-thirds majority, the fee, bond, or assessment structure recommendations, the commission shall authorize the department to file a notice of proposed rulemaking containing the recommended structure, and after considering public comments may authorize the department to file the final order of rulemaking for such rule with the joint committee on administrative rules pursuant to sections 536.021 and 536.024 no later than December first of the same year. If such rules are not disapproved by the general assembly in the manner set out below, they shall take effect on January first of the following calendar year, at which point the existing fee, bond, or assessment structure shall expire upon the effective date of the commission-adopted fee structure, contrary to subsection 12 of section 444.772. Any regulation promulgated under this subsection shall be deemed to be beyond the scope and authority provided in this subsection, or detrimental to permit applicants, if the general assembly within the first sixty days of the regular session immediately following the filing of such regulation disapproves the regulation by concurrent resolution. If the general assembly so disapproves any regulation filed under this subsection, the department and the commission shall not implement the proposed fee, bond, or assessment structure and shall continue to use the previous fee, bond, or assessment structure. The authority for the commission to further revise the fee, bond, or assessment structure as provided in this subsection shall expire on August 28, **[**~~2024. Any fee, bond, or assessment structure established pursuant to the process in this section shall expire on August 28, 2024~~**] 2030. If the commission's authority to revise the fee structure as provided by this subsection expires, the fee structure in place at the time of expiration shall remain in place**.

2. Failure to pay any fee, bond, or assessment, or any portion thereof, referenced in this section by the due date may result in the imposition of a late fee equal to fifteen percent of the unpaid amount, plus ten percent interest per annum. Any order issued by the department under this chapter may require payment of such amounts. The department may bring an action in the appropriate circuit court to collect any unpaid fee, late fee, interest, or attorney's fees and costs incurred directly in fee collection. Such action may be brought in the circuit court of the county in which the facility is located, or in the circuit court of Cole County.

444.772. 1. Any operator desiring to engage in surface mining shall make written application to the director for a permit.

2. Application for permit shall be made on a form prescribed by the commission and shall include:

(1) The name of all persons with any interest in the land to be mined;

(2) The source of the applicant's legal right to mine the land affected by the permit;

(3) The permanent and temporary post office address of the applicant;

(4) Whether the applicant or any person associated with the applicant holds or has held any other permits pursuant to sections 444.500 to 444.790, and an identification of such permits;

(5) The written consent of the applicant and any other persons necessary to grant access to the commission or the director to the area of land affected under application from the date of application until the expiration of any permit granted under the application and thereafter for such time as is necessary to assure compliance with all provisions of sections 444.500 to 444.790 or any rule or regulation promulgated pursuant to them. Permit applications submitted by operators who mine an annual tonnage of less than ten thousand tons shall be required to include written consent from the operator to grant access to the commission or the director to the area of land affected;

(6) A description of the tract or tracts of land and the estimated number of acres thereof to be affected by the surface mining of the applicant for the next succeeding twelve months; and

(7) Such other information that the commission may require as such information applies to land reclamation.

3. The application for a permit shall be accompanied by a map in a scale and form specified by the commission by regulation.

4. The application shall be accompanied by a bond, security or certificate meeting the requirements of section 444.778, a geologic resources fee authorized under section 256.700, and a permit fee approved by the commission not to exceed one thousand dollars. The commission may also require a fee for each site listed on a permit not to exceed four hundred dollars for each site. If mining operations are not conducted at a site for six months or more during any year, the fee for such site for that year shall be reduced by fifty percent. The commission may also require a fee for each acre bonded by the operator pursuant to section 444.778 not to exceed twenty dollars per acre. If such fee is assessed, the per-acre fee on all acres bonded by a single operator that exceed a total of two hundred acres shall be reduced by fifty percent. In no case shall the total fee for any permit be more than three thousand dollars. Permit and renewal fees shall be established by rule, except for the initial fees as set forth in this subsection, and shall be set at levels that recover the cost of administering and enforcing sections 444.760 to 444.790, making allowances for grants and other sources of funds. The director shall submit a report to the commission and the public each year that describes the number of employees and the activities performed the previous calendar year to administer sections 444.760 to 444.790. For any operator of a gravel mining operation where the annual tonnage of gravel mined by such operator is less than five thousand tons, the total cost of submitting an application shall be three hundred dollars. The issued permit shall be valid from the date of its issuance until the date specified in the mine plan unless sooner revoked or suspended as provided in sections 444.760 to 444.790. Beginning August 28, 2007, the fees shall be set at a permit fee of eight hundred dollars, a site fee of four hundred dollars, and an acre fee of ten dollars, with a maximum fee of three thousand dollars. Fees may be raised as allowed in this subsection after a regulation change that demonstrates the need for increased fees.

5. An operator desiring to have his or her permit amended to cover additional land may file an amended application with the commission. Upon receipt of the amended application, and such additional fee and bond as may be required pursuant to the provisions of sections 444.760 to 444.790, the director shall, if the applicant complies with all applicable regulatory requirements, issue an amendment to the original permit covering the additional land described in the amended application.

6. An operation may withdraw any land covered by a permit, excepting affected land, by notifying the commission thereof, in which case the penalty of the bond or security filed by the operator pursuant to the provisions of sections 444.760 to 444.790 shall be reduced proportionately.

7. Where mining or reclamation operations on acreage for which a permit has been issued have not been completed, the permit shall be renewed. The operator shall submit a permit renewal form furnished by the director for an additional permit year and pay a fee equal to an application fee calculated pursuant to subsection 4 of this section, but in no case shall the renewal fee for any operator be more than three thousand dollars. For any operator involved in any gravel mining operation where the annual tonnage of gravel mined by such operator is less than five thousand tons, the permit as to such acreage shall be renewed by applying on a permit renewal form furnished by the director for an additional permit year and payment of a fee of three hundred dollars. Upon receipt of the completed permit renewal form and fee from the operator, the director shall approve the renewal. With approval of the director and operator, the permit renewal may be extended for a portion of an additional year with a corresponding prorating of the renewal fee.

8. Where one operator succeeds another at any uncompleted operation, either by sale, assignment, lease or otherwise, the commission may release the first operator from all liability pursuant to sections 444.760 to 444.790 as to that particular operation if both operators have been issued a permit and have otherwise complied with the requirements of sections 444.760 to 444.790 and the successor operator assumes as part of his or her obligation pursuant to sections 444.760 to 444.790 all liability for the reclamation of the area of land affected by the former operator.

9. The application for a permit shall be accompanied by a plan of reclamation that meets the requirements of sections 444.760 to 444.790 and the rules and regulations promulgated pursuant thereto, and shall contain a verified statement by the operator setting forth the proposed method of operation, reclamation, and a conservation plan for the affected area including approximate dates and time of completion, and stating that the operation will meet the requirements of sections 444.760 to 444.790, and any rule or regulation promulgated pursuant to them.

10. At the time that a permit application is deemed complete by the director, the operator shall publish a notice of intent to operate a surface mine in any newspaper qualified pursuant to section 493.050 to publish legal notices in any county where the land is located. If the director does not respond to a permit application within forty-

five calendar days, the application shall be deemed to be complete. Notice in the newspaper shall be posted once a week for four consecutive weeks beginning no more than ten days after the application is deemed complete. The operator shall also send notice of intent to operate a surface mine by certified mail to the governing body of the counties or cities in which the proposed area is located, and to the last known addresses of all record landowners whose property is:

(1) Within two thousand six hundred forty feet, or one-half mile from the border of the proposed mine plan area; and

(2) Adjacent to the proposed mine plan area, land upon which the mine plan area is located, or adjacent land having a legal relationship with either the applicant or the owner of the land upon which the mine plan area is located.

The notices shall include the name and address of the operator, a legal description consisting of county, section, township and range, the number of acres involved, a statement that the operator plans to mine a specified mineral during a specified time, and the address of the commission. The notices shall also contain a statement that any person with a direct, personal interest in one or more of the factors the director may consider in issuing a permit may request a public meeting or file written comments to the director no later than fifteen days following the final public notice publication date. If any person requests a public meeting, the applicant shall cooperate with the director in making all necessary arrangements for the public meeting to be held in a reasonably convenient location and at a reasonable time for interested participants, and the applicant shall bear the expenses.

11. The director may approve a permit application or permit amendment whose operation or reclamation plan deviates from the requirements of sections 444.760 to 444.790 if it can be demonstrated by the operator that the conditions present at the surface mining location warrant an exception. The criteria accepted for consideration when evaluating the merits of an exception or variance to the requirements of sections 444.760 to 444.790 shall be established by regulations.

12. Fees imposed pursuant to this section shall become effective August 28, 2007, and shall expire on December 31, **[**~~2024~~**] 2030**. No other provisions of this section shall expire.

640.023. Notwithstanding any provision of law to the contrary, the department of natural resources shall not take any permitting or regulatory action based solely on guidance that has not been promulgated as a regulation, unless such use of guidance is agreed to by the permittee or person subject to such regulatory action.

640.100. 1. The safe drinking water commission created in section 640.105 shall promulgate rules necessary for the implementation, administration and enforcement of sections 640.100 to 640.140 and the federal Safe Drinking Water Act as amended.

2. No standard, rule or regulation or any amendment or repeal thereof shall be adopted except after a public hearing to be held by the commission after at least thirty days' prior notice in the manner prescribed by the rulemaking provisions of chapter 536 and an opportunity given to the public to be heard; the commission may solicit the views, in writing, of persons who may be affected by, knowledgeable about, or interested in proposed rules and regulations, or standards. Any person heard or registered at the hearing, or making written request for notice, shall be given written notice of the action of the commission with respect to the subject thereof. Any rule or portion of a rule, as that term is defined in section 536.010, that is promulgated to administer and enforce sections 640.100 to 640.140 shall become effective only if the agency has fully complied with all of the requirements of chapter 536, including but not limited to section 536.028, if applicable, after June 9, 1998. All rulemaking authority delegated prior to June 9, 1998, is of no force and effect and repealed as of June 9, 1998, however, nothing in this section shall be interpreted to repeal or affect the validity of any rule adopted or promulgated prior to June 9, 1998. If the provisions of section 536.028 apply, the provisions of this section are nonseverable and if any of the powers vested with the general assembly pursuant to section 536.028 to review, to delay the effective date, or to disapprove and annul a rule or portion of a rule are held unconstitutional or invalid, the purported grant of rulemaking authority and any rule so proposed and contained in the order of rulemaking shall be invalid and void, except that nothing in this chapter or chapter 644 shall affect the validity of any rule adopted and promulgated prior to June 9, 1998.

3. The commission shall promulgate rules and regulations for the certification of public water system operators, backflow prevention assembly testers and laboratories conducting tests pursuant to sections 640.100 to 640.140. Any person seeking to be a certified backflow prevention assembly tester shall satisfactorily complete standard, nationally recognized written and performance examinations designed to ensure that the person is competent to determine if the assembly is functioning within its design specifications. Any such state certification shall satisfy any need for local certification as a backflow prevention assembly tester. However, political subdivisions may set additional testing standards for individuals who are seeking to be certified as backflow

prevention assembly testers. Notwithstanding any other provision of law to the contrary, agencies of the state or its political subdivisions shall only require carbonated beverage dispensers to conform to the backflow protection requirements established in the National Sanitation Foundation standard eighteen, and the dispensers shall be so listed by an independent testing laboratory. The commission shall promulgate rules and regulations for collection of samples and analysis of water furnished by municipalities, corporations, companies, state establishments, federal establishments or individuals to the public. The department of natural resources or the department of health and senior services shall, at the request of any supplier, make any analyses or tests required pursuant to the terms of section 192.320 and sections 640.100 to 640.140. The department shall collect fees to cover the reasonable cost of laboratory services, both within the department of natural resources and the department of health and senior services, laboratory certification and program administration as required by sections 640.100 to 640.140. The laboratory services and program administration fees pursuant to this subsection shall not exceed two hundred dollars for a supplier supplying less than four thousand one hundred service connections, three hundred dollars for supplying less than seven thousand six hundred service connections, five hundred dollars for supplying seven thousand six hundred or more service connections, and five hundred dollars for testing surface water. Such fees shall be deposited in the safe drinking water fund as specified in section 640.110. The analysis of all drinking water required by section 192.320 and sections 640.100 to 640.140 shall be made by the department of natural resources laboratories, department of health and senior services laboratories or laboratories certified by the department of natural resources.

4. The department of natural resources shall establish and maintain an inventory of public water supplies and conduct sanitary surveys of public water systems. Such records shall be available for public inspection during regular business hours.

5. (1) For the purpose of complying with federal requirements for maintaining the primacy of state enforcement of the federal Safe Drinking Water Act, the department is hereby directed to request appropriations from the general revenue fund and all other appropriate sources to fund the activities of the public drinking water program and in addition to the fees authorized pursuant to subsection 3 of this section, an annual fee for each customer service connection with a public water system is hereby authorized to be imposed upon all customers of public water systems in this state. Each customer of a public water system shall pay an annual fee for each customer service connection.

(2) The annual fee per customer service connection for unmetered customers and customers with meters not greater than one inch in size shall be based upon the number of service connections in the water system serving that customer, and shall not exceed:

1 to 1,000 connections	$ 3.24
1,001 to 4,000 connections	3.00
4,001 to 7,000 connections	2.76
7,001 to 10,000 connections	2.40
10,001 to 20,000 connections	2.16
20,001 to 35,000 connections	1.92
35,001 to 50,000 connections	1.56
50,001 to 100,000 connections	1.32
More than 100,000 connections	1.08

(3) The annual user fee for customers having meters greater than one inch but less than or equal to two inches in size shall not exceed seven dollars and forty-four cents; for customers with meters greater than two inches but less than or equal to four inches in size shall not exceed forty-one dollars and sixteen cents; and for customers with meters greater than four inches in size shall not exceed eighty-two dollars and forty-four cents.

(4) Customers served by multiple connections shall pay an annual user fee based on the above rates for each connection, except that no single facility served by multiple connections shall pay a total of more than five hundred dollars per year.

6. Fees imposed pursuant to subsection 5 of this section shall become effective on August 28, 2006, and shall be collected by the public water system serving the customer beginning September 1, 2006, and continuing until such time that the safe drinking water commission, at its discretion, specifies a different amount under subsection 8 of this section. The commission shall promulgate rules and regulations on the procedures for billing, collection and delinquent payment. Fees collected by a public water system pursuant to subsection 5 of this section and fees established by the commission pursuant to subsection 8 of this section are state fees. The annual fee shall be enumerated separately from all other charges, and shall be collected in monthly, quarterly or annual increments. Such fees shall be transferred to the director of the department of revenue at frequencies not less than quarterly. Two percent of the revenue arising from the fees shall be retained by the public water system for the purpose of reimbursing its expenses for billing and collection of such fees.

7. Imposition and collection of the fees authorized in subsection 5 and fees established by the commission pursuant to subsection 8 of this section shall be suspended on the first day of a calendar quarter if, during the preceding calendar quarter, the federally delegated authority granted to the safe drinking water program within the department of natural resources to administer the Safe Drinking Water Act, 42 U.S.C. Section 300g-2, is withdrawn. The fee shall not be reinstated until the first day of the calendar quarter following the quarter during which such delegated authority is reinstated.

8. Notwithstanding any statutory fee amounts or maximums to the contrary, the department of natural resources may conduct a comprehensive review and propose changes to the fee structure set forth in this section. The comprehensive review shall include stakeholder meetings in order to solicit stakeholder input from public and private water suppliers, and any other interested parties. Upon completion of the comprehensive review, the department shall submit a proposed fee structure with stakeholder agreement to the safe drinking water commission. The commission shall review such recommendations at a forthcoming regular or special meeting, but shall not vote on the fee structure until a subsequent meeting. If the commission approves, by vote of two-thirds majority or six of nine commissioners, the fee structure recommendations, the commission shall authorize the department to file a notice of proposed rulemaking containing the recommended fee structure, and after considering public comments may authorize the department to file the final order of rulemaking for such rule with the joint committee on administrative rules pursuant to sections 536.021 and 536.024 no later than December first of the same year. If such rules are not disapproved by the general assembly in the manner set out below, they shall take effect on January first of the following calendar year, at which point the existing fee structure shall expire. Any regulation promulgated under this subsection shall be deemed to be beyond the scope and authority provided in this subsection, or detrimental to permit applicants, if the general assembly within the first sixty calendar days of the regular session immediately following the filing of such regulation disapproves the regulation by concurrent resolution. If the general assembly so disapproves any regulation filed under this subsection, the department and the commission shall not implement the proposed fee structure and shall continue to use the previous fee structure. The authority of the commission to further revise the fee structure as provided by this subsection shall expire on August 28, **[**~~2024~~**] 2030. If the commission's authority to revise the fee structure as provided by this subsection expires, the fee structure in place at the time of expiration shall remain in place**.

643.079. 1. Any air contaminant source required to obtain a permit issued under sections 643.010 to 643.355 shall pay annually beginning April 1, 1993, a fee as provided herein. For the first year the fee shall be twenty-five dollars per ton of each regulated air contaminant emitted. Thereafter, the fee shall be set every three years by the commission by rule and shall be at least twenty-five dollars per ton of regulated air contaminant emitted but not more than forty dollars per ton of regulated air contaminant emitted in the previous calendar year. If necessary, the commission may make annual adjustments to the fee by rule. The fee shall be set at an amount consistent with the need to fund the reasonable cost of administering sections 643.010 to 643.355, taking into account other moneys received pursuant to sections 643.010 to 643.355. For the purpose of determining the amount of air contaminant emissions on which the fees authorized under this section are assessed, a facility shall be considered one source as described in subsection 2 of section 643.078, except that a facility with multiple operating permits shall pay the emission fees authorized under this section separately for air contaminants emitted under each individual permit.

2. A source which produces charcoal from wood shall pay an annual emission fee under this subsection in lieu of the fee established in subsection 1 of this section. The fee shall be based upon a maximum fee of twenty-five dollars per ton and applied upon each ton of regulated air contaminant emitted for the first four thousand tons of each contaminant emitted in the amount established by the commission pursuant to subsection 1 of this section, reduced according to the following schedule:

(1) For fees payable under this subsection in the years 1993 and 1994, the fee shall be reduced by one hundred percent;

(2) For fees payable under this subsection in the years 1995, 1996 and 1997, the fee shall be reduced by eighty percent;

(3) For fees payable under this subsection in the years 1998, 1999 and 2000, the fee shall be reduced by sixty percent.

3. The fees imposed in subsection 2 of this section shall not be imposed or collected after the year 2000 unless the general assembly reimposes the fee.

4. Each air contaminant source with a permit issued under sections 643.010 to 643.355 shall pay the fee for the first four thousand tons of each regulated air contaminant emitted each year but no air contaminant source shall pay fees on total emissions of regulated air contaminants in excess of twelve thousand tons in any calendar year.

A permitted air contaminant source which emitted less than one ton of all regulated pollutants shall pay a fee equal to the amount per ton set by the commission. An air contaminant source which pays emission fees to a holder of a certificate of authority issued pursuant to section 643.140 may deduct such fees from any amount due under this section. The fees imposed in this section shall not be applied to carbon oxide emissions. The fees imposed in subsection 1 of this section and this subsection shall not be applied to sulfur dioxide emissions from any Phase I affected unit subject to the requirements of Title IV, Section 404, of the federal Clean Air Act, as amended, 42 U.S.C. Section 7651 et seq., any sooner than January 1, 2000. The fees imposed on emissions from Phase I affected units shall be consistent with and shall not exceed the provisions of the federal Clean Air Act, as amended, and the regulations promulgated thereunder. Any such fee on emissions from any Phase I affected unit shall be reduced by the amount of the service fee paid by that Phase I affected unit pursuant to subsection 8 of this section in that year. Any fees that may be imposed on Phase I sources shall follow the procedures set forth in subsection 1 of this section and this subsection and shall not be applied retroactively.

5. Moneys collected under this section shall be transmitted to the director of revenue for deposit in appropriate subaccounts of the natural resources protection fund created in section 640.220. A subaccount shall be maintained for fees paid by air contaminant sources which are required to be permitted under Title V of the federal Clean Air Act, as amended, 42 U.S.C. Section 7661 et seq., and used, upon appropriation, to fund activities by the department to implement the operating permits program authorized by Title V of the federal Clean Air Act, as amended. Another subaccount shall be maintained for fees paid by air contaminant sources which are not required to be permitted under Title V of the federal Clean Air Act as amended, and used, upon appropriation, to fund other air pollution control program activities. Another subaccount shall be maintained for service fees paid under subsection 8 of this section by Phase I affected units which are subject to the requirements of Title IV, Section 404, of the federal Clean Air Act Amendments of 1990 (42 U.S.C. Section 7651c), as amended, and used, upon appropriation, to fund air pollution control program activities. The provisions of section 33.080 to the contrary notwithstanding, moneys in the fund shall not revert to general revenue at the end of each biennium. Interest earned by moneys in the subaccounts shall be retained in the subaccounts. The per-ton fees established under subsection 1 of this section may be adjusted annually, consistent with the need to fund the reasonable costs of the program, but shall not be less than twenty-five dollars per ton of regulated air contaminant nor more than forty dollars per ton of regulated air contaminant. The first adjustment shall apply to moneys payable on April 1, 1994, and shall be based upon the general price level for the twelve-month period ending on August thirty-first of the previous calendar year.

6. The department may initiate a civil action in circuit court against any air contaminant source which has not remitted the appropriate fees within thirty days. In any judgment against the source, the department shall be awarded interest at a rate determined pursuant to section 408.030 and reasonable attorney's fees. In any judgment against the department, the source shall be awarded reasonable attorney's fees.

7. The department shall not suspend or revoke a permit for an air contaminant source solely because the source has not submitted the fees pursuant to this section.

8. Any Phase I affected unit which is subject to the requirements of Title IV, Section 404, of the federal Clean Air Act Amendments of 1990 (42 U.S.C. Section 7651c), as amended, shall pay annually beginning April 1, 1993, and terminating December 31, 1999, a service fee for the previous calendar year as provided herein. For the first year, the service fee shall be twenty-five thousand dollars for each Phase I affected generating unit to help fund the administration of sections 643.010 to 643.355. Thereafter, the service fee shall be annually set by the commission by rule, following public hearing, based on an annual allocation prepared by the department showing the details of all costs and expenses upon which such fees are based consistent with the department's reasonable needs to administer and implement sections 643.010 to 643.355 and to fulfill its responsibilities with respect to Phase I affected units, but such service fee shall not exceed twenty-five thousand dollars per generating unit. Any such Phase I affected unit which is located on one or more contiguous tracts of land with any Phase II generating unit that pays fees under subsection 1 or subsection 2 of this section shall be exempt from paying service fees under this subsection. A "contiguous tract of land" shall be defined to mean adjacent land, excluding public roads, highways and railroads, which is under the control of or owned by the permit holder and operated as a single enterprise.

9. The department of natural resources shall determine the fees due pursuant to this section by the state of Missouri and its departments, agencies and institutions, including two- and four-year institutions of higher education. The director of the department of natural resources shall forward the various totals due to the joint committee on capital improvements and the directors of the individual departments, agencies and institutions. The departments, as part of the budget process, shall annually request by specific line item appropriation funds to pay said fees and capital funding for projects determined to significantly improve air quality. If the general assembly fails to appropriate funds for emissions fees as specifically requested, the departments, agencies and institutions

shall pay said fees from other sources of revenue or funds available. The state of Missouri and its departments, agencies and institutions may receive assistance from the small business technical assistance program established pursuant to section 643.173.

10. Each retail agricultural facility that uses, stores, or sells anhydrous ammonia that is an air contaminant source subject to the risk management plan under 42 U.S.C. Section 7412(r), as amended, shall pay an annual registration fee of two hundred dollars. In addition, each retail agricultural facility that uses, stores, or sells anhydrous ammonia shall pay an annual tonnage fee calculated on the number of tons of anhydrous ammonia sold. The initial retail tonnage fee shall be set at one dollar and twenty-five cents per ton of anhydrous ammonia used or sold. Each distributor or terminal agricultural facility that uses, stores, or sells anhydrous ammonia that is an air contaminant source subject to the risk management plan program 3 under 40 CFR Part 68 shall pay an annual registration fee of five thousand dollars and shall not pay a tonnage fee. The annual registration fees and tonnage fee may be periodically revised under subsection 11 of this section. However, the fees collected shall be used exclusively for the purposes of administering the provisions of 42 U.S.C. Section 7412(r), as amended, for such agricultural facilities. Fees paid by agricultural air contaminant sources that use, store, or sell anhydrous ammonia for the purposes of implementing the requirements of 42 U.S.C. Section 7412(r), as amended, shall be deposited into the anhydrous ammonia risk management plan subaccount within the natural resources protection fund created in section 643.245. If the funding exceeds the reasonable costs to administer the programs as set forth in this section, the department of natural resources shall reduce fees for all registrants if the fees derived exceed the reasonable cost of administering the risk management plan under 42 U.S.C. Section 7412(r), as amended.

11. Notwithstanding any statutory fee amounts or maximums to the contrary, the department of natural resources may conduct a comprehensive review and propose changes to the fee structure authorized by sections 643.073, 643.075, 643.079, 643.225, 643.228, 643.232, 643.237, and 643.242 after holding stakeholder meetings in order to solicit stakeholder input from each of the following groups: the asbestos industry, electric utilities, mineral and metallic mining and processing facilities, cement kiln representatives, and any other interested industrial or business entities or interested parties. The department shall submit a proposed fee structure with stakeholder agreement to the air conservation commission. The commission shall review such recommendations at the forthcoming regular or special meeting, but shall not vote on the fee structure until a subsequent meeting. If the commission approves, by vote of two-thirds majority or five of seven commissioners, the fee structure recommendations, the commission shall authorize the department to file a notice of proposed rulemaking containing the recommended fee structure, and after considering public comments, may authorize the department to file the order of rulemaking for such rule with the joint committee on administrative rules pursuant to sections 536.021 and 536.024 no later than December first of the same year. If such rules are not disapproved by the general assembly in the manner set out below, they shall take effect on January first of the following calendar year and the previous fee structure shall expire upon the effective date of the commission-adopted fee structure. Any regulation promulgated under this subsection shall be deemed to be beyond the scope and authority provided in this subsection, or detrimental to permit applicants, if the general assembly, within the first sixty calendar days of the regular session immediately following the filing of such regulation, by concurrent resolution disapproves the regulation by concurrent resolution. If the general assembly so disapproves any regulation filed under this subsection, the commission shall continue to use the previous fee structure. The authority of the commission to further revise the fee structure as provided by this subsection shall expire on August 28, **[**~~2024~~**] 2030. If the commission's authority to revise the fee structure as provided by this subsection expires, the fee structure in place at the time of expiration shall remain in place**.

644.057. Notwithstanding any statutory fee amounts or maximums to the contrary, the director of the department of natural resources may conduct a comprehensive review and propose changes to the clean water fee structure set forth in sections 644.052, 644.053, and 644.061. The comprehensive review shall include stakeholder meetings in order to solicit stakeholder input from each of the following groups: agriculture, industry, municipalities, public and private wastewater facilities, and the development community. Upon completion of the comprehensive review, the department shall submit a proposed fee structure with stakeholder agreement to the clean water commission. The commission shall review such recommendations at the forthcoming regular or special meeting, but shall not vote on the fee structure until a subsequent meeting. In no case shall the clean water commission adopt or recommend any clean water fee in excess of five thousand dollars. If the commission approves, by vote of two-thirds majority or five of seven commissioners, the fee structure recommendations, the commission shall authorize the department to file a notice of proposed rulemaking containing the recommended fee structure, and after considering public comments, may authorize the department to file the order of rulemaking for

such rule with the joint committee on administrative rules pursuant to sections 536.021 and 536.024 no later than December first of the same year. If such rules are not disapproved by the general assembly in the manner set out below, they shall take effect on January first of the following calendar year and the fee structures set forth in sections 644.052, 644.053, and 644.061 shall expire upon the effective date of the commission-adopted fee structure, contrary to section 644.054. Any regulation promulgated under this subsection shall be deemed to be beyond the scope and authority provided in this subsection, or detrimental to permit applicants, if the general assembly, within the first sixty calendar days of the regular session immediately following the filing of such regulation disapproves the regulation by concurrent resolution. If the general assembly so disapproves any regulation filed under this subsection, the department and the commission shall not implement the proposed fee structure and shall continue to use the previous fee structure. The authority of the commission to further revise the fee structure provided by this section shall expire on August 28, **[**~~2024. Any fee, bond, or assessment structure established pursuant to the process in this section shall expire on August 28, 2024~~**] 2030. If the commission's authority to revise the fee structure as provided by this subsection expires, the fee structure in place at the time of expiration shall remain in place**."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Bromley, **House Amendment No. 2** was adopted.

Representative Cook offered **House Amendment No. 3**.

House Amendment No. 3

AMEND House Committee Substitute for House Bill No. 631, Page 2, Section 256.710, Line 50, by inserting after all of said section and line the following:

644.051. 1. It is unlawful for any person:

(1) To cause pollution of any waters of the state or to place or cause or permit to be placed any water contaminant in a location where it is reasonably certain to cause pollution of any waters of the state;

(2) To discharge any water contaminants into any waters of the state which reduce the quality of such waters below the water quality standards established by the commission;

(3) To violate any pretreatment and toxic material control regulations, or to discharge any water contaminants into any waters of the state which exceed effluent regulations or permit provisions as established by the commission or required by any federal water pollution control act;

(4) To discharge any radiological, chemical, or biological warfare agent or high-level radioactive waste into the waters of the state.

2. It shall be unlawful for any person to operate, use or maintain any water contaminant or point source in this state that is subject to standards, rules or regulations promulgated pursuant to the provisions of sections 644.006 to 644.141 unless such person holds an operating permit from the commission, subject to such exceptions as the commission may prescribe by rule or regulation. However, no operating permit shall be required of any person for any emission into publicly owned treatment facilities or into publicly owned sewer systems tributary to publicly owned treatment works.

3. It shall be unlawful for any person to construct, build, replace or make major modification to any point source or collection system that is principally designed to convey or discharge human sewage to waters of the state, unless such person obtains a construction permit from the commission, except as provided in this section. The following activities shall be excluded from construction permit requirements:

(1) Facilities greater than one million gallons per day that are authorized through a local supervised program, and are not receiving any department financial assistance;

(2) All sewer extensions or collection projects that are one thousand feet in length or less with fewer than two lift stations;

(3) All sewer collection projects that are authorized through a local supervised program; **[**~~and~~**]**

(4) **Any earthen basin constructed to retain and settle nontoxic, nonmetallic earthen materials such as soil, silt, and rock; and**

(5) Any other exclusions the commission may promulgate by rule.

4. A construction permit may be required by the department in the following circumstances:

[~~(a)~~**] (1)** Substantial deviation from the commission's design standards;

[~~(b)~~**] (2)** To address noncompliance;

[~~(c)~~**] (3)** When an unauthorized discharge has occurred or has the potential to occur; or

[~~(d)~~**] (4)** To correct a violation of water quality standards.

[~~In addition,~~**] 5.** Any point source that proposes to construct an earthen storage structure to hold, convey, contain, store or treat domestic, agricultural, or industrial process wastewater also shall be subject to the construction permit provisions of this subsection. All other construction-related activities at point sources shall be exempt from the construction permit requirements. All activities that are exempted from the construction permit requirement are subject to the following conditions:

[~~a.~~**] (1)** Any point source system designed to hold, convey, contain, store or treat domestic, agricultural or industrial process wastewater shall be designed by a professional engineer registered in Missouri in accordance with the commission's design rules;

[~~b.~~**] (2)** Such point source system shall be constructed in accordance with the registered professional engineer's design and plans; and

[~~c.~~**] (3)** Such point source system may receive a post-construction site inspection by the department prior to receiving operating permit approval. A site inspection may be performed by the department, upon receipt of a complete operating permit application or submission of an engineer's statement of work complete.

6. A governmental unit may apply to the department for authorization to operate a local supervised program, and the department may authorize such a program. A local supervised program would recognize the governmental unit's engineering capacity and ability to conduct engineering work, supervise construction and maintain compliance with relevant operating permit requirements.

[~~4.~~**] 7.** Before issuing any permit required by this section, the director shall issue such notices, conduct such hearings, and consider such factors, comments and recommendations as required by sections 644.006 to 644.141 or any federal water pollution control act. The director shall determine if any state or any provisions of any federal water pollution control act the state is required to enforce, any state or federal effluent limitations or regulations, water quality-related effluent limitations, national standards of performance, toxic and pretreatment standards, or water quality standards which apply to the source, or any such standards in the vicinity of the source, are being exceeded, and shall determine the impact on such water quality standards from the source. The director, in order to effectuate the purposes of sections 644.006 to 644.141, shall deny a permit if the source will violate any such acts, regulations, limitations or standards or will appreciably affect the water quality standards or the water quality standards are being substantially exceeded, unless the permit is issued with such conditions as to make the source comply with such requirements within an acceptable time schedule.

[~~5.~~**] 8.** The director shall grant or deny the permit within sixty days after all requirements of the Federal Water Pollution Control Act concerning issuance of permits have been satisfied unless the application does not require any permit pursuant to any federal water pollution control act. The director or the commission may require the applicant to provide and maintain such facilities or to conduct such tests and monitor effluents as necessary to determine the nature, extent, quantity or degree of water contaminant discharged or released from the source, establish and maintain records and make reports regarding such determination.

[~~6.~~**] 9.** The director shall promptly notify the applicant in writing of his or her action and if the permit is denied state the reasons for such denial. As provided by sections 621.250 and 640.013, the applicant may appeal to the administrative hearing commission from the denial of a permit or from any condition in any permit by filing a petition with the administrative hearing commission within thirty days of the notice of denial or issuance of the permit. After a final action is taken on a new or reissued general permit, a potential applicant for the general permit who can demonstrate that he or she is or may be adversely affected by any permit term or condition may appeal the terms and conditions of the general permit within thirty days of the department's issuance of the general permit. In

no event shall a permit constitute permission to violate the law or any standard, rule or regulation promulgated pursuant thereto. Once the administrative hearing commission has reviewed the appeal, the administrative hearing commission shall issue a recommended decision to the commission on permit issuance, denial, or any condition of the permit. The commission shall issue its own decision, based on the appeal, for permit issuance, denial, or any condition of the permit. If the commission changes a finding of fact or conclusion of law made by the administrative hearing commission, or modifies or vacates the decision recommended by the administrative hearing commission, it shall issue its own decision, which shall include findings of fact and conclusions of law. The commission shall mail copies of its final decision to the parties to the appeal or their counsel of record. The commission's decision shall be subject to judicial review pursuant to chapter 536, except that the court of appeals district with territorial jurisdiction coextensive with the county where the point source is to be located shall have original jurisdiction. No judicial review shall be available until and unless all administrative remedies are exhausted.

[~~7.~~**] 10.** In any hearing held pursuant to this section that involves a permit, license, or registration, the burden of proof is on the party specified in section 640.012. Any decision of the commission made pursuant to a hearing held pursuant to this section is subject to judicial review as provided in section 644.071.

[~~8.~~**] 11.** In any event, no permit issued pursuant to this section shall be issued if properly objected to by the federal government or any agency authorized to object pursuant to any federal water pollution control act unless the application does not require any permit pursuant to any federal water pollution control act.

[~~9.~~**] 12.** Permits may be modified, reissued, or terminated at the request of the permittee. All requests shall be in writing and shall contain facts or reasons supporting the request.

[~~10.~~**] 13.** No manufacturing or processing plant or operating location shall be required to pay more than one operating fee. Operating permits shall be issued for a period not to exceed five years after date of issuance, except that general permits shall be issued for a five-year period, and also except that neither a construction nor an annual permit shall be required for a single residence's waste treatment facilities. Applications for renewal of a site-specific operating permit shall be filed at least one hundred eighty days prior to the expiration of the existing permit. Applications seeking to renew coverage under a general permit shall be submitted at least thirty days prior to the expiration of the general permit, unless the permittee has been notified by the director that an earlier application must be made. General permits may be applied for and issued electronically once made available by the director.

[~~11.~~**] 14.** Every permit issued to municipal or any publicly owned treatment works or facility shall require the permittee to provide the clean water commission with adequate notice of any substantial new introductions of water contaminants or pollutants into such works or facility from any source for which such notice is required by sections 644.006 to 644.141 or any federal water pollution control act. Such permit shall also require the permittee to notify the clean water commission of any substantial change in volume or character of water contaminants or pollutants being introduced into its treatment works or facility by a source which was introducing water contaminants or pollutants into its works at the time of issuance of the permit. Notice must describe the quality and quantity of effluent being introduced or to be introduced into such works or facility by a source which was introducing water contaminants or pollutants into its works at the time of issuance of the permit. Notice must describe the quality and quantity of effluent being introduced or to be introduced into such works or facility and the anticipated impact of such introduction on the quality or quantity of effluent to be released from such works or facility into waters of the state.

[~~12.~~**] 15.** The director or the commission may require the filing or posting of a bond as a condition for the issuance of permits for construction of temporary or future water treatment facilities or facilities that utilize innovative technology for wastewater treatment in an amount determined by the commission to be sufficient to ensure compliance with all provisions of sections 644.006 to 644.141, and any rules or regulations of the commission and any condition as to such construction in the permit. For the purposes of this section, "innovative technology for wastewater treatment" shall mean a completely new and generally unproven technology in the type or method of its application that bench testing or theory suggest has environmental, efficiency, and cost benefits beyond the standard technologies. No bond shall be required for designs approved by any federal agency or environmental regulatory agency of another state. The bond shall be signed by the applicant as principal, and by a corporate surety licensed to do business in the state of Missouri and approved by the commission. The bond shall remain in effect until the terms and conditions of the permit are met and the provisions of sections 644.006 to 644.141 and rules and regulations promulgated pursuant thereto are complied with.

[~~13.~~**] 16.** (1) The department shall issue or deny applications for construction and site-specific operating permits received after January 1, 2001, within one hundred eighty days of the department's receipt of an application. For general construction and operating permit applications received after January 1, 2001, that do not require a public participation process, the department shall issue or deny the permits within sixty days of the department's receipt of an application. For an application seeking coverage under a renewed general permit that does not require an individual public participation process, the director shall issue or deny the permit within sixty days of the

director's receipt of the application, or upon issuance of the general permit, whichever is later. In regard to an application seeking coverage under an initial general permit that does not require an individual public participation process, the director shall issue or deny the permit within sixty days of the department's receipt of the application. For an application seeking coverage under a renewed general permit that requires an individual public participation process, the director shall issue or deny the permit within ninety days of the director's receipt of the application, or upon issuance of the general permit, whichever is later. In regard to an application for an initial general permit that requires an individual public participation process, the director shall issue or deny the permit within ninety days of the director's receipt of the application.

(2) If the department fails to issue or deny with good cause a construction or operating permit application within the time frames established in subdivision (1) of this subsection, the department shall refund the full amount of the initial application fee within forty-five days of failure to meet the established time frame. If the department fails to refund the application fee within forty-five days, the refund amount shall accrue interest at a rate established pursuant to section 32.065.

(3) Permit fee disputes may be appealed to the commission within thirty days of the date established in subdivision (2) of this subsection. If the applicant prevails in a permit fee dispute appealed to the commission, the commission may order the director to refund the applicant's permit fee plus interest and reasonable attorney's fees as provided in sections 536.085 and 536.087. A refund of the initial application or annual fee does not waive the applicant's responsibility to pay any annual fees due each year following issuance of a permit.

(4) No later than December 31, 2001, the commission shall promulgate regulations defining shorter review time periods than the time frames established in subdivision (1) of this subsection, when appropriate, for different classes of construction and operating permits. In no case shall commission regulations adopt permit review times that exceed the time frames established in subdivision (1) of this subsection. The department's failure to comply with the commission's permit review time periods shall result in a refund of said permit fees as set forth in subdivision (2) of this subsection. On a semiannual basis, the department shall submit to the commission a report which describes the different classes of permits and reports on the number of days it took the department to issue each permit from the date of receipt of the application and show averages for each different class of permits.

(5) During the department's technical review of the application, the department may request the applicant submit supplemental or additional information necessary for adequate permit review. The department's technical review letter shall contain a sufficient description of the type of additional information needed to comply with the application requirements.

(6) Nothing in this subsection shall be interpreted to mean that inaction on a permit application shall be grounds to violate any provisions of sections 644.006 to 644.141 or any rules promulgated pursuant to sections 644.006 to 644.141.

[~~14.~~**] 17.** The department shall respond to all requests for individual certification under Section 401 of the Federal Clean Water Act within the lesser of sixty days or the allowed response period established pursuant to applicable federal regulations without request for an extension period unless such extension is determined by the commission to be necessary to evaluate significant impacts on water quality standards and the commission establishes a timetable for completion of such evaluation in a period of no more than one hundred eighty days.

[~~15.~~**] 18.** All permit fees generated pursuant to this chapter shall not be used for the development or expansion of total maximum daily loads studies on either the Missouri or Mississippi rivers.

[~~16.~~**] 19.** The department shall implement permit shield provisions equivalent to the permit shield provisions implemented by the U.S. Environmental Protection Agency pursuant to the Clean Water Act, Section 402(k), 33 U.S.C. Section 1342(k), and its implementing regulations, for permits issued pursuant to chapter 644.

[~~17.~~**] 20.** Prior to the development of a new general permit or reissuance of a general permit for aquaculture, land disturbance requiring a storm water permit, or reissuance of a general permit under which fifty or more permits were issued under a general permit during the immediately preceding five-year period for a designated category of water contaminant sources, the director shall implement a public participation process complying with the following minimum requirements:

(1) For a new general permit or reissuance of a general permit, a general permit template shall be developed for which comments shall be sought from permittees and other interested persons prior to issuance of the general permit;

(2) The director shall publish notice of his intent to issue a new general permit or reissue a general permit by posting notice on the department's website at least one hundred eighty days before the proposed effective date of the general permit;

(3) The director shall hold a public informational meeting to provide information on anticipated permit conditions and requirements and to receive informal comments from permittees and other interested persons. The director shall include notice of the public informational meeting with the notice of intent to issue a new general permit or reissue a general permit under subdivision (2) of this subsection. The notice of the public informational meeting, including the date, time and location, shall be posted on the department's website at least thirty days in advance of the public meeting. If the meeting is being held for reissuance of a general permit, notice shall also be made by electronic mail to all permittees holding the current general permit which is expiring. Notice to current permittees shall be made at least twenty days prior to the public meeting;

(4) The director shall hold a thirty-day public comment period to receive comments on the general permit template with the thirty-day comment period expiring at least sixty days prior to the effective date of the general permit. Scanned copies of the comments received during the public comment period shall be posted on the department's website within five business days after close of the public comment period;

(5) A revised draft of a general permit template and the director's response to comments submitted during the public comment period shall be posted on the department's website at least forty-five days prior to issuance of the general permit. At least forty-five days prior to issuance of the general permit the department shall notify all persons who submitted comments to the department that these documents have been posted to the department's website;

(6) Upon issuance of a new or renewed general permit, the general permit shall be posted to the department's website.

[~~18.~~**] 21.** Notices required to be made by the department pursuant to subsection **[**~~17~~**] 20** of this section may be made by electronic mail. The department shall not be required to make notice to any permittee or other person who has not provided a current electronic mail address to the department. In the event the department chooses to make material modifications to the general permit before its expiration, the department shall follow the public participation process described in subsection **[**~~17~~**] 20** of this section.

[~~19.The provisions of subsection 17 of this section shall become effective beginning January 1, 2013.~~**]**"; and

JOURNAL OF THE HOUSE

First Regular Session, 102nd GENERAL ASSEMBLY

FORTY-FOURTH DAY, TUESDAY, MARCH 28, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

"My beloved brethren, be ye steadfast, unmovable, always abounding in the work of the Lord, for as much as ye know that your labor is not in vain in the Lord." (I Corinthians 15:58)

O giver of every good and perfect gift, we are grateful for the opportunities for good which have been ours; for the love in our homes; for the fellowship of friends; for the freedom to worship as we desire; and for the happy experience of serving our state in this House of Representatives. Keep us ever alive with gratitude for Your goodness to us to be here on this long day.

May the light of Your love and the triumph of Your truth purify us and send us out into this day to be true to You, loyal to our state, and caregivers of our citizens.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Luke Woodrum, Abby Millsap, Karter Moore, Tamauree Moore, Aubrey Jackson, Zoe Francis and Theo Francis.

(4) Any gifts, donations, or grants made to the state of Missouri for deposit in the administrative fund;

(5) Moneys collected for the administrative fund from contributions to, or investment returns or assets of, the plan or other moneys collected by or for the plan or pursuant to arrangements established under the plan to the extent permitted under federal and Missouri law; and

(6) Earnings on moneys in the administrative fund.

5. To the extent consistent with ERISA, the tax qualification rules, and other federal law, the board shall accept any grants, gifts, appropriations, or other moneys from the state; any unit of federal, state, or local government; or any other person, firm, partnership, corporation, or other entity solely for deposit into the administrative fund, whether for investment or administrative expenses.

6. To enable or facilitate the start-up and continuing operation, maintenance, administration, and management of the program until the plan accumulates sufficient balances and can generate sufficient funding through fees assessed on program accounts for the plan to become financially self-sustaining:

(1) The board may borrow from the state of Missouri; any unit of federal, state, or local government; or any other person, firm, partnership, corporation, or other entity working capital funds and other funds as may be necessary for this purpose, provided that such funds are borrowed in the name of the plan and board only and that any such borrowings shall be payable solely from the revenues of the plan; and

(2) The board may enter into long-term procurement contracts with one or more financial providers that provide a fee structure that would assist the plan in avoiding or minimizing the need to borrow or to rely upon general assets of the state.

7. Subject to appropriation, the state of Missouri may pay administrative costs associated with the creation, maintenance, operation, and management of the plan and trust until sufficient assets are available in the administrative fund for that purpose. Thereafter, all administrative costs of the administrative fund, including any repayment of start-up funds provided by the state of Missouri, shall be repaid only out of moneys on deposit therein. However, private funds or federal funding received in order to implement the program until the administrative fund is self-sustaining shall not be repaid unless those funds were offered contingent upon the promise of such repayment.

8. The board may use the moneys in the administrative fund solely to pay the administrative costs and expenses of the plan and the administrative costs and expenses the board incurs in the performance of its duties under sections 285.1000 to 285.1055.

9. The state treasurer's office shall follow the competitive bids procedure adopted by the office of administration for the following:

The office of administration is authorized to provide the state treasurer's office with the necessary assistance and services as may be needed.

285.1050. 1. The board shall keep an accurate account of all the activities, operations, receipts, and expenditures of the plan, the trust, and the board. Each year, a full audit of the books and accounts of the board pertaining to those activities, operations, receipts and expenditures, personnel, services, or facilities shall be conducted by a certified public accountant and shall include, but not be limited to, direct and indirect costs attributable to the use of outside consultants, independent contractors, and any other persons who are not state employees for the administration of the plan. For the purposes of the audit, the auditors shall have access to the properties and records of the plan and board and may prescribe methods of accounting and the rendering of periodic reports in relation to projects undertaken by the plan.

2. By August first of each year, the board shall submit to the governor, the state treasurer, the president pro tempore of the senate, and the speaker of the house of representatives a public report on the operation of the plan and trust and activities of the board, including an audited financial report, prepared in accordance with generally accepted accounting principles, detailing the activities, operations, receipts, and expenditures of the plan and board during the preceding calendar year. The report shall also include a summary of the benefits provided by the plan, the number of participants, average account balance, the number of participating employers, the contribution formulas and amounts of contributions made by participants and by each participating employer, the withdrawals, the account balances, total assets under management, investments, investment returns, fees and expenses associated with the investments and with the administration of the plan, projected activities of the plan for the current calendar year, and any other information regarding the plan and its operations that the board may determine to provide.

285.1055. 1. The board shall establish the plan so that individuals are able to begin contributing under the plan on or before September 1, 2025.

2. The board may, in its discretion, phase in the plan so that the ability to contribute first applies on different dates for different classes of individuals, including employees of employers of different sizes or types and individuals who are not employees; provided that, any such staged or phased-in implementation schedule shall be substantially completed on or before September 1, 2025.

361.020. 1. The division of finance shall have charge of the execution of**:**

(1) The laws relating to banks, trust companies, and the banking business of this state; **[**~~credit unions; and of~~**]**

(2) The laws relating to persons**[**~~, copartnerships and corporations~~**] or entities** engaged in the small loan **or consumer credit** business in this state**;**

5. The division of finance may provide administrative services to the board to assist the board with fulfilling its statutory responsibilities.

361.106. 1. As used in this section, the following terms mean:

(1) "Bulletin", an informal written communication to inform or educate individuals or entities licensed, chartered, or regulated by the division of finance and the general public about a regulatory topic or issue. A "bulletin" is informational in nature and is not an evaluation of specific facts and circumstances;

(2) "Industry letter", a written communication from the director of finance in response to a specific individual or entity chartered, licensed, or regulated by the division of finance that provides the position of the division of finance on a particular regulatory topic or issue with respect to a specific set of facts and circumstances.

2. Notwithstanding any law to the contrary, the director of finance may at his or her discretion issue bulletins addressing the business of the individuals and entities licensed, chartered, or regulated by the division in this state. Bulletins shall not have the force or effect of law and shall not be considered statements of general applicability that would require promulgation by rule.

3. Notwithstanding any law to the contrary, the director of finance may at his or her discretion issue industry letters in response to a written request from an individual or entity licensed, chartered, or regulated by the division that seeks the position of the division of finance on the application of law. In addition to any materials or information requested by the division, the written request for an industry letter shall include:

(1) A brief summary of the applicable laws and rules that pertain to the request;

(2) A detailed statement of facts regarding every relevant aspect of the proposed business activity, transaction, event, or circumstance;

(3) A discussion of current statutes, rules, and legal principles relevant to the facts set forth;

4. With respect to the requesting person or entity, an industry letter is binding on the division. The requesting person or entity shall not be subject to any administrative proceeding or penalty for any acts or omissions done in reliance on an industry letter, so long as no change in any material fact or law has occurred and so long as the requesting person or entity did not misrepresent or omit a material fact.

5. An industry letter request and response shall be confidential, but the director may publish an industry letter with nonidentifying facts and information from the request.

6. After redacting all identifying information, the director may publish industry letters for informational purposes. Because the division may have a different position in response to similar but nonidentical facts and circumstances, published industry letters shall not have the force or effect of law, shall not be binding on the division, and shall not be considered statements of general applicability that would require promulgation by rule.

7. Industry letters issued under this section are distinct from letters issued by the director under subsection 5 of section 362.106, and this section shall not apply to section 362.106.

361.160. 1. The director of finance at least once each year, either personally or by a deputy or examiner appointed by the director, shall visit and examine every bank and trust company organized and doing business under the laws of this state, and every other corporation which is by law required to report to the director; except, for banks or trust companies receiving a Camel/MOECA 1 or Camel/MOECA 2 rating from the division of finance, the director of finance at least once each eighteen calendar months, or for a private trust company at least once each thirty-six months, either personally or by a deputy or examiner appointed by the director, shall visit and examine such bank or trust company, and the director of finance, at the director's discretion, may conduct the director's examination, or any part thereof, on the basis of information contained in examination reports of other states, the Federal Deposit Insurance Corporation or the Federal Reserve Board or in audits performed by certified public accountants. For purposes of this subsection, a private trust company is one that does not engage in trust company business with the general public or otherwise hold itself out as a trustee or fiduciary for hire by advertising, solicitation, or other means and instead operates for the primary benefit of a family, relative of same family, or single family lineage, regardless of whether compensation is received or anticipated. The director shall be afforded

prompt and free access to any workpapers upon which a certified public accountant bases an audit. A certified public accountant shall retain workpapers for a minimum of three years after the date of issuance of the certified public accountant's report to the bank or trust company. The director or the director's agent may concentrate the examinations on institutions which the director believes have safety or soundness concerns.

2. The director, or the deputy or examiners designated by the director for that purpose, shall have power to examine any such corporation whenever, in the director's judgment, it may be deemed necessary or expedient, and shall have power to examine every agency located in this state of any foreign banking corporation and every branch in this state of any out-of-state bank, for the purpose of ascertaining whether it has violated any law of this state, and for such other purposes and as to such other matters as the director may prescribe.

3. The director and the director's deputy and examiners shall have power to administer oaths to any person whose testimony may be required in such examination or investigation of any such corporation or agency, and to compel the appearance and attendance of any person for the purpose of any such examination or investigation.

4. On every such examination inquiry shall be made as to the condition and resources of such corporation, the mode of conducting and managing its affairs, the actions of its directors or trustees, the investment of its funds, the safety and prudence of its management, the security afforded to its creditors, and whether the requirements of its charter and of law have been complied with in the administration of its affairs, and as to such other matters as the director may prescribe.

5. The director may also make such special investigations as the director deems necessary to determine whether any individual or corporation has violated any of the provisions of this law.

6. Such examination may be made and such inquiry instituted or continued in the discretion of the director after the director has taken possession of the property and business of any such corporation, until it shall resume business or its affairs shall be finally liquidated in accordance with the provisions of this chapter.

7. The result of each examination shall be certified by the director or the examiner upon the records of the corporation examined **[**~~and the result of all examinations during the biennial period shall be embodied in the report to be made by the director of the department of commerce and insurance to the legislature~~**]**.

8. The director may contract with regulators in other states to provide for the examination of Missouri branches of out-of-state banks and branches of banks whose home state is Missouri. The agreements may provide for the payment by the home state of the cost of examinations conducted by the host state at the request of the home state regulators.

361.260. 1. Whenever the director shall have reason to believe that the capital stock of any corporation subject to the provisions of this chapter is reduced by impairment or otherwise, below the amount required by law, or by its certificates or articles of agreement, **[**~~he~~**] the director** shall issue a notice of charges in respect thereof.

2. Whenever **[**~~it shall appear to~~**]** the director **has reason to believe**, from any examination **or investigation** made by **[**~~him~~**] the director** or his **or her** examiners, that any corporation subject to the provisions of this chapter, or any director, officer, employee, agent, or other person participating in the conduct of the affairs of such corporation, or any foreign corporation licensed by the director to do business under this chapter or chapter 362 is engaging in **[**~~or~~**],** has engaged in, or **[**~~there is reasonable cause to believe that the corporation or any director, officer, employee, agent, or other person participating in the conduct of the affairs of such corporation~~**]** is about to engage in**[**~~,~~**]:**

(1) An unsafe or unsound practice in conducting the business of such corporation **[**~~or is violating or has violated, or there is reasonable cause to believe that the corporation or any director, officer, employee, agent, or other person participating in the conduct of the affairs of such corporation is about to violate~~**];**

(4) A violation of the corporation's charter,

the director may issue and serve upon the corporation or such director, officer, employee, agent, or other person a notice of charges in respect thereof.

3. Whenever it shall appear to the director that any corporation subject to the provisions of this chapter does not keep its books and accounts in such manner as to enable him **or her** readily to ascertain its true condition or that wrong entries or unlawful uses of the funds of the corporation have been made, the director may issue and serve upon the corporation or any appropriate director, officer, employee, agent, or other person a notice of charges in respect thereof.

4. The notice of charges shall contain a statement of the facts constituting the deficiencies, **[**~~the~~**]** alleged violation or violations, improper use of funds, or **[**~~the~~**]** unsafe or unsound practice or practices**[**~~,~~**]** and shall fix a time and place at which a **contested** hearing will be held to determine whether an order to cease and desist therefrom should **[**~~issue~~**] be issued** against the corporation or the director, officer, employee, agent, or other person participating in the conduct of the affairs of such corporation.

5. In the event the party or parties so served shall fail to appear at the hearing, or shall consent to the cease and desist order, or in the event the director shall find that the fact of any deficiency, violation, unsafe or unsound practice, inadequate recordkeeping, or improper use of funds specified has been established, the director may issue and serve upon the corporation or the director, officer, employee, agent, or other person participating in the conduct of the affairs of the corporation an order to cease and desist from the actions, violations, or practices charged.

6. The **cease and desist** order**:**

(4) May, if the director determines that the corporation does not keep adequate records, **[**~~the order may~~**]** determine and prescribe such books of account as the director, in his **or her** discretion, shall require of the corporation for the purpose of keeping accurate and convenient records of the transactions and accounts**[**~~.~~**]; and**

(5) Shall, if the director **[**~~shall determine~~**] determines** that wrong entries or unlawful uses of the funds of the corporation have been made, **[**~~he shall~~**]** order that the entries shall be corrected**[**~~,~~**]** and **that** the sums unlawfully paid out **be** restored by the person or persons responsible for the wrongful or illegal payment thereof.

[~~6.~~**] 7.** If a notice of charges served under this section specifies, on the basis of particular facts and circumstances, that a corporation's books and records are so incomplete or inaccurate that the director is unable, through the normal supervisory process, to determine the financial condition of that corporation or the details or purpose of any transaction or transactions that may have a material effect on the financial condition of that corporation, the director may issue a temporary order requiring the cessation of any activity or practice which gave rise, whether in whole or in part, to the incomplete or inaccurate state of the books or records, or affirmative action to restore such books or records to a complete and accurate state, until the completion of the proceedings under this section. Any temporary order issued under this subsection shall become effective upon service and, unless set aside, limited or suspended by a court, shall remain in effect and enforceable until the earlier of the completion of the proceedings initiated under this section or the date on which the director determines by examination or otherwise that the corporation's books and records are accurate and reflect the financial condition of the corporation.

[~~7.~~**] 8.** Whenever it shall appear to the director that the violation or threatened violation or the unsafe or unsound practice or practices specified in the notice of charges served upon the corporation or any director, officer, employee, agent, or other person participating in the conduct of the affairs of such corporation pursuant to subsection 4 of this section, or the continuation thereof, is likely to cause insolvency or significant dissipation of assets or earnings of the corporation, or is likely to weaken the condition of the corporation or otherwise prejudice the interests of its depositors prior to the completion of the proceedings conducted pursuant to said subsection, the director may issue a temporary order, effective immediately, requiring the corporation or such director, officer, employee, agent, or other person to cease and desist from any such violation or practice and to take affirmative action to prevent such insolvency, dissipation, condition, or prejudice pending completion of such proceedings. Such order shall remain effective and enforceable pending the completion of the administrative proceedings pursuant to such notice and until such time as the director shall dismiss the charges specified in such notice or if a cease and desist order is issued against the corporation or such director, officer, employee, agent, or other person, until the effective date of such order. The corporation, director, officer, employee, agent, or other person may, within ten days after having been served with a temporary cease and desist order, apply to the circuit court of Cole County for an order setting aside, limiting, or suspending the enforcement, operation, or effectiveness of such order.

[~~8.~~**] 9.** If any corporation, or any director, officer, employee, agent, or other person participating in the conduct of the affairs of such corporation shall fail or refuse to comply with any duly issued order provided for in this chapter and chapter 362, the corporation or such director, officer, employee, agent, or other person shall pay a civil penalty of not more than one thousand dollars per day for each day the failure or refusal shall continue. The penalty shall be assessed and collected by the director of the division. In determining the amount of the penalty, the

director shall take into account the appropriateness of the penalty with respect to the size of the financial resources and good faith of the corporation or person charged, the gravity of the violation, the history of previous violations, and such other matters as justice may require. In addition to the penalty, the director may, in his **or her** discretion, report the delinquency to the attorney general, with a request that **[**~~he~~**] the attorney general** proceed as provided in section 361.270, and in the event of such request, the attorney general shall proceed.

2. Except as provided in section 162.563, each director shall be a voter of the district who has resided within this state for one year next preceding the director's election or appointment and who is at least twenty-four years of age. All directors, except as otherwise provided in sections 162.481, 162.492, and 162.563, shall hold their offices for six years and until their successors are duly elected and qualified. All vacancies occurring in the board**[**~~, except as provided in section 162.492,~~**]** shall be filled by appointment by the board as soon as practicable, and the person appointed shall hold office until the next school board election, when a successor shall be elected for the remainder of the unexpired term. The power of the board to perform any official duty during the existence of a vacancy continues unimpaired thereby.

162.492. 1. In all urban districts containing the greater part of the population of a city which has more than three hundred thousand inhabitants, the election authority of the city in which the greater portion of the school district lies, and of the county if the district includes territory not within the city limits, shall serve ex officio as a redistricting commission. The commission shall on or before November 1, 2018, divide the school district into five subdistricts, all subdistricts being of compact and contiguous territory and as nearly equal in the number of inhabitants as practicable and thereafter the board shall redistrict the district into subdivisions as soon as practicable after each United States decennial census. In establishing the subdistricts each member shall have one vote and a majority vote of the total membership of the commission is required to make effective any action of the commission.

2. School elections for the election of directors shall be held on municipal election days in 2014 and 2016. At the election in 2014, directors shall be elected to hold office until 2019 and until their successors are elected and qualified. At the election in 2016, directors shall be elected until 2019 and until their successors are elected and qualified. Beginning in 2019, school elections for the election of directors shall be held on the local election date as specified in the charter of a home rule city with more than four hundred thousand inhabitants and located in more than one county. Beginning at the election for school directors in 2019, the number of directors on the board shall be reduced from nine to seven. Two directors shall be at-large directors and five directors shall represent the subdistricts, with one director from each of the subdistricts. At the 2019 election, one of the at-large directors and the directors from subdistricts one, three, and five shall be elected for a two-year term, and the other at-large director and the directors from subdistricts two and four shall be elected for a four-year term. The election authority shall determine the validity of all signatures on declarations of candidacy.

4. In any election either for at-large candidates or candidates elected by the voters of subdistricts, if there are more than two candidates, a majority of the votes are not required to elect but the candidate having a plurality of the votes shall be elected.

5. The names of all candidates shall appear upon the ballot without party designation and in the order of the priority of the times of filing their petitions of nomination. No candidate may file both at large and from a subdistrict and the names of all candidates shall appear only once on the ballot, nor may any candidate file more than one declaration of candidacy. All declarations shall designate the candidate's residence and whether the candidate is filing at large or from a subdistrict and the numerical designation of the subdistrict or at-large area.

6. The provisions of all sections relating to seven-director school districts shall also apply to and govern urban districts in cities of more than three hundred thousand inhabitants, to the extent applicable and not in conflict with the provisions of those sections specifically relating to such urban districts.

7. Vacancies which occur on the school board **[**~~between the dates of election shall be filled by special election if such vacancy happens more than six months prior to the time of holding an election as provided in subsection 2 of this section. The state board of education shall order a special election to fill such a vacancy. A letter from the commissioner of education, delivered by certified mail to the election authority or authorities that would normally conduct an election for school board members shall be the authority for the election authority or authorities to proceed with election procedures. If a vacancy occurs less than six months prior to the time of holding an election as provided in subsection 2 of this section, no special election shall occur and the vacancy shall be filled at the next election day on which local elections are held as specified in the charter of any home rule city with more than four hundred thousand inhabitants and located in more than one county~~**] shall be filled in the manner provided in section 162.471**.

To the average daily attendance of the following school term shall be added the full-time equivalent average daily attendance of summer school students. "Full-time equivalent average daily attendance of summer school students" shall be computed by dividing the total number of hours, except for physical education hours that do not count as credit toward graduation for students in grades nine, ten, eleven, and twelve, attended by all summer school pupils by the number of hours required in section 160.011 in the school term. For purposes of determining average daily attendance under this subdivision, the term "resident pupil" shall include all children between the ages of five and twenty-one who are residents of the school district and who are attending kindergarten through grade twelve in such district. If a child is attending school in a district other than the district of residence and the child's parent is teaching in the school district or is a regular employee of the school district which the child is attending, then such child shall be considered a resident pupil of the school district which the child is attending for such period of time when the district of residence is not otherwise liable for tuition. Average daily attendance for students below the age of five years for which a school district may receive state aid based on such attendance shall be computed as regular school term attendance unless otherwise provided by law;

revenue received by a district in the 2004-05 school year from the foundation formula, line 14, gifted, remedial reading, exceptional pupil aid, fair share, and free textbook payments for any district from the first preceding calculation of the state adequacy target;

(c) a. In fiscal years 2025 and 2026, current operating expenditures shall be the amount in paragraph (a) of this subdivision plus any increases in state funding under sections 163.031 and 163.043 subsequent to fiscal year 2005, not to exceed six percent, per recalculation, of the state revenue received by a district in the 2004-05 school year from the foundation formula, line 14, gifted, remedial reading, exceptional pupil aid, fair share, and free textbook payments for any district from the first preceding calculation of the state adequacy target;

b. d. In fiscal years 2031 and 2032, and in all subsequent biennial fiscal years, current operating expenditures shall be the amount in paragraph (a) of this subdivision plus any increases in state funding under sections 163.031 and 163.043 subsequent to fiscal year 2005, not to exceed nine percent, per recalculation, of the state revenue received by a district in the 2004-05 school year from the foundation formula, line 14, gifted, remedial reading, exceptional pupil aid, fair share, and free textbook payments for any district from the first preceding calculation of the state adequacy target. As used in this subdivision, the following terms mean**:

(a) "County wage per job", the total county wage and salary disbursements divided by the total county wage and salary employment for each county and the City of St. Louis as reported by the Bureau of Economic Analysis of the United States Department of Commerce for the fourth year preceding the payment year;

(b) "Regional wage per job":

The total Missouri wage and salary disbursements of the metropolitan area as defined by the Office of Management and Budget divided by the total Missouri metropolitan wage and salary employment for the metropolitan area for the county signified in the school district number or the City of St. Louis, as reported by the Bureau of Economic Analysis of the United States Department of Commerce for the fourth year preceding the payment year and recalculated upon every decennial census to incorporate counties that are newly added to the description of metropolitan areas; or if no such metropolitan area is established, then:

b. The total Missouri wage and salary disbursements of the micropolitan area as defined by the Office of Management and Budget divided by the total Missouri micropolitan wage and salary employment for the micropolitan area for the county signified in the school district number, as reported by the Bureau of Economic Analysis of the United States Department of Commerce for the fourth year preceding the payment year, if a micropolitan area for such county has been established and recalculated upon every decennial census to incorporate counties that are newly added to the description of micropolitan areas; or

c. If a county is not part of a metropolitan or micropolitan area as established by the Office of Management and Budget, then the county wage per job, as defined in paragraph (a) of this subdivision, shall be used for the school district, as signified by the school district number;

(c) "Regional wage ratio", the ratio of the regional wage per job divided by the state median wage per job;

(d) "State median wage per job", the fifty-eighth highest county wage per job;

(6) "Free and reduced price lunch pupil count", for school districts not eligible for and those that do not choose the USDA Community Eligibility Option, the number of pupils eligible for free and reduced price lunch on the last Wednesday in January for the preceding school year who were enrolled as students of the district, as approved by the department in accordance with applicable federal regulations. For eligible school districts that choose the USDA Community Eligibility Option, the free and reduced price lunch pupil count shall be the percentage of free and reduced price lunch students calculated as eligible on the last Wednesday in January of the most recent school year that included household applications to determine free and reduced price lunch count multiplied by the district's average daily attendance figure;

(7) "Free and reduced price lunch threshold" shall be calculated by dividing the total free and reduced price lunch pupil count of every performance district that falls entirely above the bottom five percent and entirely below the top five percent of average daily attendance, when such districts are rank-ordered based on their current operating expenditures per average daily attendance, by the total average daily attendance of all included performance districts;

(8) "Limited English proficiency pupil count", the number in the preceding school year of pupils aged three through twenty-one enrolled or preparing to enroll in an elementary school or secondary school who were not born in the United States or whose native language is a language other than English or are Native American or Alaskan native, or a native resident of the outlying areas, and come from an environment where a language other than English has had a significant impact on such individuals' level of English language proficiency, or are migratory, whose native language is a language other than English, and who come from an environment where a language other than English is dominant; and have difficulties in speaking, reading, writing, or understanding the English language sufficient to deny such individuals the ability to meet the state's proficient level of achievement on state assessments described in Public Law **[**~~107-10~~**] 107-110**, the ability to achieve successfully in classrooms where the language of instruction is English, or the opportunity to participate fully in society;

(9) "Limited English proficiency threshold" shall be calculated by dividing the total limited English proficiency pupil count of every performance district that falls entirely above the bottom five percent and entirely below the top five percent of average daily attendance, when such districts are rank-ordered based on their current operating expenditures per average daily attendance, by the total average daily attendance of all included performance districts;

(10) "Local effort":

(a) For the fiscal year 2007 calculation, "local effort" shall be computed as the equalized assessed valuation of the property of a school district in calendar year 2004 divided by one hundred and multiplied by the performance levy less the percentage retained by the county assessor and collector plus one hundred percent of the amount received in fiscal year 2005 for school purposes from intangible taxes, fines, escheats, payments in lieu of taxes and receipts from state-assessed railroad and utility tax, one hundred percent of the amount received for school purposes pursuant to the merchants' and manufacturers' taxes under sections 150.010 to 150.370, one hundred percent of the amounts received for school purposes from federal properties under sections 12.070 and 12.080 except when such amounts are used in the calculation of federal impact aid pursuant to P.L. 81-874, fifty percent of Proposition C revenues received for school purposes from the school district trust fund under section 163.087, and one hundred percent of any local earnings or income taxes received by the district for school purposes. Under this paragraph, for a special district established under sections 162.815 to 162.940 in a county with a charter form of government and with more than one million inhabitants, a tax levy of zero shall be utilized in lieu of the performance levy for the special school district;

(b) In every year subsequent to fiscal year 2007, "local effort" shall be the amount calculated under paragraph (a) of this subdivision plus any increase in the amount received for school purposes from fines. If a district's assessed valuation has decreased subsequent to the calculation outlined in paragraph (a) of this subdivision, the district's local effort shall be calculated using the district's current assessed valuation in lieu of the assessed valuation utilized in the calculation outlined in paragraph (a) of this subdivision. When a change in a school district's boundary lines occurs because of a boundary line change, annexation, attachment, consolidation, reorganization, or dissolution under section 162.071, 162.081, sections 162.171 to 162.201, section 162.221, 162.223, 162.431, 162.441, or 162.451, or in the event that a school district assumes any territory from a district that ceases to exist for any reason, the department of elementary and secondary education shall make a proper adjustment to each affected district's local effort, so that each district's local effort figure conforms to the new boundary lines of the district. The department shall compute the local effort figure by applying the calendar year 2004 assessed valuation data to the new land areas resulting from the boundary line change, annexation, attachment, consolidation, reorganization, or dissolution and otherwise follow the procedures described in this subdivision;

(11) "Membership" shall be the average of:

(a) The number of resident full-time students and the full-time equivalent number of part-time students who were enrolled in the public schools of the district on the last Wednesday in September of the previous year and who were in attendance one day or more during the preceding ten school days; and

(b) The number of resident full-time students and the full-time equivalent number of part-time students who were enrolled in the public schools of the district on the last Wednesday in January of the previous year and who were in attendance one day or more during the preceding ten school days, plus the full-time equivalent number of summer school pupils. "Full-time equivalent number of part-time students" is determined by dividing the total number of hours for which all part-time students are enrolled by the number of hours in the school term. "Full-time equivalent number of summer school pupils" is determined by dividing the total number of hours for which all summer school pupils were enrolled by the number of hours required pursuant to section 160.011 in the school term. Only students eligible to be counted for average daily attendance shall be counted for membership;

(12) "Operating levy for school purposes", the sum of tax rates levied for teachers' and incidental funds plus the operating levy or sales tax equivalent pursuant to section 162.1100 of any transitional school district containing the school district, in the payment year, not including any equalized operating levy for school purposes levied by a special school district in which the district is located;

(13) "Performance district", any district that has met performance standards and indicators as established by the department of elementary and secondary education for purposes of accreditation under section 161.092 and as reported on the final annual performance report for that district each year; for calculations to be utilized for payments in fiscal years subsequent to fiscal year 2018, the number of performance districts shall not exceed twenty-five percent of all public school districts;

(15) "School purposes" pertains to teachers' and incidental funds;

(16) "Special education pupil count", the number of public school students with a current individualized education program or services plan and receiving services from the resident district as of December first of the preceding school year, except for special education services provided through a school district established under sections 162.815 to 162.940 in a county with a charter form of government and with more than one million inhabitants, in which case the sum of the students in each district within the county exceeding the special education threshold of each respective district within the county shall be counted within the special district and not in the district of residence for purposes of distributing the state aid derived from the special education pupil count;

(17) "Special education threshold" shall be calculated by dividing the total special education pupil count of every performance district that falls entirely above the bottom five percent and entirely below the top five percent of average daily attendance, when such districts are rank-ordered based on their current operating expenditures per average daily attendance, by the total average daily attendance of all included performance districts;

(18) "State adequacy target", the sum of the current operating expenditures of every performance district that falls entirely above the bottom five percent and entirely below the top five percent of average daily attendance, when such districts are rank-ordered based on their current operating expenditures per average daily attendance, divided by the total average daily attendance of all included performance districts. The department of elementary and secondary education shall first calculate the state adequacy target for fiscal year 2007 and recalculate the state adequacy target every two years using the most current available data. The recalculation shall never result in a decrease from the state adequacy target as calculated for fiscal years 2017 and 2018 and any state adequacy target figure calculated subsequent to fiscal year 2018. Should a recalculation result in an increase in the state adequacy target amount, fifty percent of that increase shall be included in the state adequacy target amount in the year of recalculation, and fifty percent of that increase shall be included in the state adequacy target amount in the subsequent year. The state adequacy target may be adjusted to accommodate available appropriations as provided in subsection 7 of section 163.031;

(19) "Teacher", any teacher, teacher-secretary, substitute teacher, supervisor, principal, supervising principal, superintendent or assistant superintendent, school nurse, social worker, counselor or librarian who shall, regularly, teach or be employed for no higher than grade twelve more than one-half time in the public schools and who is certified under the laws governing the certification of teachers in Missouri;

(20) "Weighted average daily attendance", the average daily attendance plus the product of twenty-five hundredths multiplied by the free and reduced price lunch pupil count that exceeds the free and reduced price lunch threshold, plus the **[**~~product of seventy-five hundredths multiplied by the~~**]** number of **the** special education pupil count that exceeds the special education threshold, plus the product of six-tenths multiplied by the number of limited English proficiency pupil count that exceeds the limited English proficiency threshold. For special districts established under sections 162.815 to 162.940 in a county with a charter form of government and with more than

one million inhabitants, weighted average daily attendance shall be the average daily attendance plus the product of twenty-five hundredths multiplied by the free and reduced price lunch pupil count that exceeds the free and reduced price lunch threshold, plus the **[**~~product of seventy-five hundredths multiplied by the sum~~**]** **number** of the special education pupil count that exceeds the threshold for each county district, plus the product of six-tenths multiplied by the limited English proficiency pupil count that exceeds the limited English proficiency threshold. None of the districts comprising a special district established under sections 162.815 to 162.940 in a county with a charter form of government and with more than one million inhabitants**[**~~,~~**]** shall use any special education pupil count in calculating their weighted average daily attendance.

163.031. 1. The department of elementary and secondary education shall calculate and distribute to each school district qualified to receive state aid under section 163.021 an amount determined by multiplying the district's weighted average daily attendance by the state adequacy target, multiplying this product by the dollar value modifier for the district, and subtracting from this product the district's local effort and subtracting payments from the classroom trust fund under section 163.043.

2. Other provisions of law to the contrary notwithstanding:

(1) For districts with an average daily attendance of more than three hundred fifty in the school year preceding the payment year:

(b) For each year subsequent to the 2008-09 school year, the amount shall be no less than that computed in paragraph (a) of this subdivision, multiplied by the weighted average daily attendance pursuant to section 163.036, less any increase in revenue received from the classroom trust fund under section 163.043;

(2) For districts with an average daily attendance of three hundred fifty or less in the school year preceding the payment year:

(a) For the 2008-09 school year, the state revenue received by a district from the state aid calculation under subsections 1 and 4 of this section, as applicable, and the classroom trust fund under section 163.043 shall not be less than the greater of state revenue received by a district in the 2004-05 or 2005-06 school year from the foundation formula, line 14, gifted, remedial reading, exceptional pupil aid, fair share, and free textbook payment amounts multiplied by the dollar value modifier;

(b) For each year subsequent to the 2008-09 school year, the amount shall be no less than that computed in paragraph (a) of this subdivision;

(3) The department of elementary and secondary education shall make an addition in the payment amount specified in subsection 1 of this section to assure compliance with the provisions contained in this subsection.

3. School districts that meet the requirements of section 163.021 shall receive categorical add-on revenue as provided in this subsection. The categorical add-on for the district shall be the sum of: seventy-five percent of the district allowable transportation costs under section 163.161; the career ladder entitlement for the district, as provided for in sections 168.500 to 168.515; the vocational education entitlement for the district, as provided for in section 167.332; and the district educational and screening program entitlements as provided for in sections 178.691 to 178.699. The categorical add-on revenue amounts may be adjusted to accommodate available appropriations.

4. For any school district meeting the eligibility criteria for state aid as established in section 163.021, but which is considered an option district under section 163.042 and therefore receives no state aid, the commissioner of education shall present a plan to the superintendent of the school district for the waiver of rules and the duration of said waivers, in order to promote flexibility in the operations of the district and to enhance and encourage efficiency in the delivery of instructional services as provided in section 163.042.

(b) Beginning in fiscal year 2025, eighty-five percent of additional revenue resulting from the percentage increase in each biennial calculation described in paragraph (c) of subdivision (3) of section 163.011 shall be placed in the teachers' fund, and the remaining percent of such moneys shall be placed in the incidental fund.

(2) A school district shall spend for certificated compensation and tuition expenditures each year:

(a) An amount equal to at least seventy-five percent of the state revenue received under the provisions of subsections 1 and 2 of this section;

(b) An amount equal to at least seventy-five percent of one-half of the funds received from the school district trust fund distributed under section 163.087 during the preceding school year; and

(c) Beginning in fiscal year 2008, as much as was spent per the second preceding year's weighted average daily attendance for certificated compensation and tuition expenditures the previous year from revenue produced by local and county tax sources in the teachers' fund, plus the amount of the incidental fund to teachers' fund transfer calculated to be local and county tax sources by dividing local and county tax sources in the incidental fund by total revenue in the incidental fund.

In the event a district fails to comply with this provision, the amount by which the district fails to spend funds as provided herein shall be deducted from the district's state revenue received under the provisions of subsections 1 and 2 of this section for the following year, provided that the state board of education may exempt a school district from this provision if the state board of education determines that circumstances warrant such exemption.

6. (1) If a school district's annual audit discloses that students were inappropriately identified as eligible for free and reduced price lunch, special education, or limited English proficiency and the district does not resolve the audit finding, the department of elementary and secondary education shall require that the amount of aid paid pursuant to the weighting for free and reduced price lunch, special education, or limited English proficiency in the weighted average daily attendance on the inappropriately identified pupils be repaid by the district in the next school year and shall additionally impose a penalty of one hundred percent of such aid paid on such pupils, which penalty shall also be paid within the next school year. Such amounts may be repaid by the district through the withholding of the amount of state aid.

(2) In the 2017-18 school year and in each subsequent school year, if a district experiences a decrease in its gifted program enrollment of twenty percent or more from the previous school year, an amount equal to the product of the difference between the number of students enrolled in the gifted program in the current school year and the number of students enrolled in the gifted program in the previous school year multiplied by six hundred eighty dollars shall be subtracted from the district's current year payment amount. The provisions of this subdivision shall apply to districts entitled to receive state aid payments under both subsections 1 and 2 of this section but shall not apply to any school district with an average daily attendance of three hundred fifty or less.

7. Notwithstanding any provision of law to the contrary, in any fiscal year during which the total formula appropriation is insufficient to fully fund the entitlement calculation of this section, the department of elementary and secondary education shall adjust the state adequacy target in order to accommodate the appropriation level for the given fiscal year. In no manner shall any payment modification be rendered for any district qualified to receive payments under subsection 2 of this section based on insufficient appropriations.

This payment shall be in addition to payments authorized under subsections 1, 2, and 7 of this section and shall be made from the annual appropriation to fund this section."; and

JOURNAL OF THE HOUSE

First Regular Session, 102nd GENERAL ASSEMBLY

FORTY-FIFTH DAY, WEDNESDAY, MARCH 29, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

"Watch ye, stand fast in the faith, quit you. Like men, be strong." (I Corinthians 16:13)

All praise, honor and glory be to You, O Creator Almighty, for Your loving kindness and Your tender mercies which have been ours all the days of our lives. Protect us in our freedom and preserve us in our faith by Your spirit of truth made known to us as we pray in the People's House, especially after a long day yesterday.

Inspire our hearts and clear our minds of stress and strain so that inner peace may be ours again and enduring cooperation may come to our chamber.

In this hour, may we as a state embrace current issues and keep the candles of faith, hope and love bright, that all may see the way to a better life for all citizens.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the forty-fourth day was approved as printed.

3. An eligible taxpayer who seeks to claim a tax credit under this section shall submit a certificate of eligibility to the Missouri department of economic development after completion of the qualified railroad expenditures or qualified new rail infrastructure expenditures. The certificate shall include the number of miles of railroad track owned or leased in this state and a description of the amount of qualified railroad expenditures or qualified new rail infrastructure expenditures completed. The certificate shall be made on forms and in the manner prescribed by the department and considered in the order received.

4. If the department of economic development determines that the taxpayer meets the requirements to claim a tax credit under this section, the department may issue a certificate of eligibility to the eligible taxpayer. The certificate shall be numbered for identification and declare its date of issuance and the amount of the tax credit allowed under this section.

5. (1) The cumulative amount of tax credits under this section authorized for qualified railroad track expenditures in this state shall not exceed four million five hundred thousand dollars per tax year. If the amount of tax credits claimed in a tax year under this section exceeds four million five hundred thousand dollars, tax credits shall be allowed based on the order in which they are claimed.

(2) The cumulative amount of tax credits under this section authorized for qualified new rail infrastructure expenditures in this state shall not exceed ten million dollars per tax year. 6. Any unused portion of a tax credit allowed under this section may be carried forward for up to five subsequent tax years immediately following the tax year the credit was allowed.

7. (1) Subject to the requirements of this subsection, an eligible taxpayer who earns and is entitled to the credit or to an unused portion of the credit allowed by this section may transfer all or a portion of the unused credit by written agreement to any eligible customer, eligible vendor, or any taxpayer subject to tax imposed under chapter 143, 147, or 148, excluding withholding tax imposed under 143.191 to 143.265, at any time during the year in which the credit is earned and the five years following the year of the qualified expenditures. The taxpayer originally allowed the tax credit and the subsequent transferee shall jointly file a copy of the written credit transfer agreement with the department of revenue. The agreement shall include the name, address, and taxpayer identification number of the parties to the transfer; the amount of the credit being transferred; the year the credit was originally allowed to the transferring taxpayer; and the tax year or years for which the credit may be claimed. In the event of such a transfer, the transferee may claim the credit

on the transferee's income tax return originally filed during the calendar year in which the transfer takes place and in the case of carryover of the credit, on the transferee's returns for the number of years of carryover available to the transferor at the time of the transfer unless earlier exhausted.

(2) In the event that after the transfer the department of revenue determines that the amount of credit properly available under this section is less than the amount claimed by the transferor of the credit or that the credit is subject to recapture, the department shall assess the amount of overstated or recaptured credit as taxes due from the transferor and not the transferee. The assessment shall be made in the manner provided for a deficiency in taxes under state law.

8. The department of economic development shall prepare an annual report for the general assembly outlining tax credit transfers that take place each calendar year, listing the qualified railroad expenditures and qualified new rail infrastructure expenditures for each eligible taxpayer and a statement summarizing the investments made by the eligible taxpayer.

9. The department of economic development may promulgate rules governing the allowance of the income tax credit provided for in this section, including provisions for the verification of the timeliness of a claim, the process and documentation required for the department of economic development to approve an income tax credit for qualified railroad expenditures or qualified new rail infrastructure expenditures, and any documentation that the department of economic development shall require in order to determine that an eligible taxpayer, eligible customer, or eligible vendor meets the requirements of this section. In addition to other needed rules, the department of economic development may promulgate rules prescribing, in the case of S corporations, partnerships, trusts, or estates, a method of attributing the credit under this section to the shareholders, partners, or beneficiaries in proportion to their share of the income from the S corporation, partnership, trust, or estate.

10. The department of revenue and the department of economic development shall promulgate all necessary rules and regulations for the administration of this section including, but not limited to, rules relating to the verification of a taxpayer's qualified amount. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2023, shall be invalid and void.

11. Under section 23.253 of the Missouri sunset act:

(1) The provisions of the new program authorized under this section shall automatically sunset December thirty-first, six years after the effective date unless reauthorized by an act of the general assembly;

(2) If such program is reauthorized, the program authorized under this section shall automatically sunset twelve years after the effective date of the reauthorization of this section; and

(3) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset."; and

2. The department shall determine the content of the required firearms safety training and provide firearms certification and recertification training for probation and parole officers, supervisors**,** and members of the parole board. A minimum of sixteen hours of firearms safety training shall be required. In no event shall firearms certification or recertification training for probation and parole officers and supervisors exceed the training required for officers of the state highway patrol.

3. The department shall determine the type of firearm to be carried by the officers, supervisors**,** and members of the parole board.

All rulemaking

authority delegated prior to August 28, 1998, is of no force and effect and repealed as of August 28, 1998, however nothing in section 571.030 or this section shall be interpreted to repeal or affect the validity of any rule adopted and promulgated prior to August 28, 1998. If the provisions of section 536.028 apply, the provisions of this section are nonseverable and if any of the powers vested with the general assembly pursuant to section 536.028 to review, to delay the effective date, or to disapprove and annul a rule or portion of a rule are held unconstitutional or invalid, the purported grant of rulemaking authority and any rule so proposed and contained in the order of rulemaking shall be invalid and void, except that nothing in section 571.030 or this section shall affect the validity of any rule adopted and promulgated prior to August 28, 1998.

217.720. 1. At any time during release on parole or conditional release the division of probation and parole may issue a warrant for the arrest of a released offender for violation of any of the conditions of parole or conditional release. The warrant shall authorize any law enforcement officer to return the offender to the actual custody of the correctional center from which the offender was released, or to any other suitable facility designated by the division. If any parole or probation officer has probable cause to believe that such offender has violated a condition of parole or conditional release, the probation or parole officer may issue a warrant for the arrest of the offender. The probation or parole officer may effect the arrest or may deputize any officer with the power of arrest to do so by giving the officer a copy of the warrant which shall outline the circumstances of the alleged violation and contain the statement that the offender has, in the judgment of the probation or parole officer, violated conditions of parole or conditional release. The warrant delivered with the offender by the arresting officer to the official in charge of any facility designated by the division to which the offender is brought shall be sufficient legal authority for detaining the offender. After the arrest the parole or probation officer shall present to the detaining authorities a similar statement of the circumstances of violation. Pending hearing as hereinafter provided, upon any charge of violation, the offender shall remain in custody or incarcerated without consideration of bail.

2. If the offender is arrested under the authority granted in subsection 1 of this section, the offender shall have the right to a preliminary hearing on the violation charged unless the offender waives such hearing. Upon such arrest and detention, the parole or probation officer shall immediately notify the board and shall submit in writing a report showing in what manner the offender has violated the conditions of his parole or conditional release. The board shall order the offender discharged from such facility, require as a condition of parole or conditional release the placement of the offender in a treatment center operated by the department of corrections, or shall cause the offender to be brought before it for a hearing on the violation charged, under such rules and regulations as the board may adopt. If the violation is established and found, the board may continue or revoke the parole or conditional release, or enter such other order as it may see fit. If no violation is established and found, then the parole or conditional release shall continue. If at any time during release on parole or conditional release the offender is arrested for a crime which later leads to conviction, and sentence is then served outside the Missouri department of corrections, the board shall determine what part, if any, of the time from the date of arrest until completion of the sentence imposed is counted as time served under the sentence from which the offender was paroled or conditionally released.

3. An offender for whose return a warrant has been issued by the division shall, if it is found that the warrant cannot be served, be deemed to be a fugitive from justice or to have fled from justice. If it shall appear that the offender has violated the provisions and conditions of his parole or conditional release, the board shall determine whether the time from the issuing date of the warrant to the date of his arrest on the warrant, or continuance on parole or conditional release shall be counted as time served under the sentence. In all other cases, time served on parole or conditional release shall be counted as time served under the sentence.

4. At any time during parole or probation, the division may issue a warrant for the arrest of any person from another jurisdiction**[**~~, the visitation and supervision of whom the division has undertaken pursuant to the provisions of the interstate compact for the supervision of parolees and probationers authorized in section 217.810,~~**]** for violation of any of the conditions of release**[**~~,~~**]** or a notice to appear to answer a charge of violation. The notice shall be served personally upon the person. The warrant shall authorize any law enforcement officer to return the offender to any suitable detention facility designated by the division. Any parole or probation officer may arrest such person without a warrant, or may deputize any other officer with power of arrest to do so by issuing a written statement setting forth that the defendant has, in the judgment of the parole or probation officer, violated the conditions of his release. The written statement delivered with the person by the arresting officer to the official in charge of the detention facility to which the person is brought shall be sufficient legal authority for detaining him. After making an arrest the parole or probation officer shall present to the detaining authorities a similar statement of the circumstances of violation.

548.241. 1. All necessary and proper expenses accruing under section 548.221, upon being ascertained to the satisfaction of the governor, shall be allowed on his certificate and paid out of the state treasury as other demands against the state.

2. All necessary and proper expenses accruing as a result of a person being returned to this state pursuant to the provisions of section 548.243 **[**~~or 217.810~~**]** shall be allowed and paid out of the state treasury as if the person were being returned to this state pursuant to section 548.221.

3. Any necessary and proper expenses accruing as a result of a person being returned to this state under the provisions of chapter 589 may be paid either out of the Missouri interstate compact fund established in chapter 589 or out of the state treasury.

589.564. 1. Upon a petition from the state, a circuit court is authorized to add any condition to a term of probation for an offender supervised in this state for a term of probation ordered by another state, including shock incarceration; however, the court shall not reduce, extend, or revoke such a term of probation. The circuit court for the jurisdiction in which a probationer is under supervision shall serve as the authorizing court for the purposes of this section. The prosecuting attorney or circuit attorney for the jurisdiction in which a probationer is under supervision shall serve as the authorized person to petition the court to add a condition of probation. Notwithstanding any provision of section 549.500 or 559.125, the division of probation and parole may submit violation reports to the prosecuting attorney or circuit attorney with authority to petition the court to add a condition to a term of probation under this section.

2. If supervision of a parolee in Missouri is administered pursuant to this compact, the division of probation and parole shall have the authority to impose a sanction or additional conditions in response to written violations of supervision; however, the division of probation and parole shall not reduce, extend, or revoke such a term of parole.

589.565. A Missouri probationer or parolee seeking transfer of their supervision through this compact shall pay a fee in the amount of one hundred seventy-five dollars for each transfer application submitted. The transfer application fee shall be paid to the compact commissioner upon submission of the transfer application. The commissioner or commissioner's designee may waive the application fee if either the commissioner or the commissioner's designee finds that payment of the fee would constitute an undue economic burden on the offender. All fees collected pursuant to this section shall be paid and deposited to the credit of the "Missouri Interstate Compact Fund", which is hereby established in the state treasury. The state treasurer shall be custodian of the fund. In accordance with sections 30.170 and 30.180, the state treasurer may approve disbursements. The fund shall be a dedicated fund and, upon appropriation, moneys in the fund shall be used for the sole benefit of the department of corrections in support of administration of this section; expenses related to assessment, retaking, staff development, and training; and implementation of evidence-based practices in support of offenders under supervision. Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

[~~217.810. 1. The governor is hereby authorized and directed to enter into the interstate compact for the supervision of parolees and probationers on behalf of the state of Missouri with the commonwealth of Puerto Rico, the Virgin Islands, the District of Columbia and any and all other states of the United States legally joining therein and pursuant to the provisions of an act of the Congress of the United States of America granting the consent of Congress to the commonwealth of Puerto Rico, the Virgin Islands, the District of Columbia and any two or more states to enter into agreements or compacts for cooperative effort and mutual assistance in the prevention of crime and for other purposes, which compact shall have as its objective the permitting of persons placed on probation or released on parole to reside in any other state signatory to the compact assuming the duties of visitation and supervision over such probationers and parolees; permitting the extradition and transportation without interference of prisoners, being retaken, through any and all states signatory to the compact under such terms, conditions, rules and regulations, and for such duration as in the opinion of the governor of this state shall be necessary and proper and in a form substantially as contained in subsection 2 of this section. The chairman of the board shall administer the compact for the state.~~

2. INTERSTATE COMPACT FOR THE SUPERVISION OF PAROLEES AND PROBATIONERS

This compact shall be entered into by and among the contracting states, signatories hereto, with the consent of the Congress of the United States of America, granted by an act entitled "An act granting the consent of Congress to any two or more states to enter into agreements or compacts for cooperative effort and mutual assistance in the prevention of crime and for other purposes."

The contracting states solemnly agree:

(1) That it shall be competent for the duly constituted judicial and administrative authorities of a state party to this compact (herein called "sending state") to permit any person convicted of an offense within such state and placed on probation or released on parole to reside in any other state party to this compact (herein called "receiving state"), while on probation or parole, if

(a) Such a person is in fact a resident of or has his family residing within the receiving state and can obtain employment there;

(b) Though not a resident of the receiving state and not having his family residing there, the receiving state consents to such person being sent there.

Before granting such permission, opportunity shall be granted to the receiving state to investigate the home and prospective employment of such person.

A resident of the receiving state, within the meaning of this section, is one who has been an actual inhabitant of such state continuously for more than one year prior to his coming to the sending state and has not resided within the sending state more than six continuous months immediately preceding the commission of the offense for which he has been convicted.

(2) The receiving state shall assume the duties of visitation and supervision over probationers or parolees of any sending state transferred under the compact and will apply the same standards of supervision that prevail for its own probationers and parolees.

(3) That duly accredited officers of a sending state may at all times enter a receiving state and there apprehend and retake any person on probation or parole. For that purpose no formalities will be required other than establishing the authority of the officer and the identity of the person to be retaken. All legal requirements to obtain extradition of fugitives from justice are hereby expressly waived on the part of states party hereto, as to such persons. The decision of the sending state to retake a person on probation or parole shall be conclusive upon and not reviewable within the receiving state. Provided, however, that if at the time when a state seeks to retake a probationer or parolee there should be pending against him within the receiving state any criminal charge, or he should be suspected of having committed within such state a criminal offense, he shall not be retaken without the consent of the receiving state until discharged from prosecution or from imprisonment for such offense.

(4) That the duly accredited officers of the sending state will be permitted to transport prisoners being retaken through any and all states parties to this compact, without interference.

(5) Each state may designate an officer who, acting jointly with like officers of other contracting states shall promulgate such rules and regulations as may be deemed necessary to more effectively carry out the terms of this compact.

(6) That this compact shall become operative immediately upon its execution by any state as between it and any other state or states so executing. When executed it shall have the full force and effect of law within such state, the form of execution to be in accordance with the laws of the executing state.

(7) That this compact shall continue in force and remain binding upon each executing state until renounced by it. The duties and obligations hereunder of a renouncing state shall continue as to parolees or probationers residing therein at the time of withdrawal until retaken or finally discharged by the sending state. Renunciation of this compact shall be by the same authority which executed it, by sending six months' notice in writing of its intention to withdraw from the compact to the other states party hereto.

3. If any section, sentence, subdivision or clause within subsection 2 of this section is for any reason held invalid or to be unconstitutional, such decision shall not affect the validity

~~of the remaining provisions of that subsection or this section.~~

~~4. All necessary and proper expenses accruing as a result of a person being returned to this state by order of a court or the parole board shall be paid by the state as provided in section 548.241 or 548.243.~~**]**,; and

559.016. 1. Unless terminated as provided in section 559.036 **[**~~or modified under section 217.703~~**]**, the terms during which each probation shall remain conditional and be subject to revocation are:

(1) A term of years not less than one year and not to exceed five years for a felony;

(2) A term not less than six months and not to exceed two years for a misdemeanor;

(3) A term not less than six months and not to exceed one year for an infraction.

2. The court shall designate a specific term of probation at the time of sentencing or at the time of suspension of imposition of sentence. **[**~~Such term may be modified by the division of probation and parole under section 217.703.~~**]**

3. The court may extend a period of probation, however, no more than one extension of any probation may be ordered except that the court may extend the total time on probation by one additional year by order of the court if the defendant admits he or she has violated the conditions of his or her probation or is found by the court to have violated the conditions of his or her probation. Total time on any probation term, including any extension, shall not exceed the maximum term as established in subsection 1 of this section plus one additional year if the defendant admits or the court finds that the defendant has violated the conditions of his or her probation.

559.036. 1. A term of probation commences on the day it is imposed. Multiple terms of Missouri probation, whether imposed at the same time or at different times, shall run concurrently. Terms of probation shall also run concurrently with any federal or other state jail, prison, probation or parole term for another offense to which the defendant is or becomes subject during the period.

2. **(1)** The court may terminate a period of probation and discharge the defendant at any time before completion of the specific term fixed under section 559.016 if warranted by the conduct of the defendant and the ends of justice. The court may extend the term of the probation, but no more than one extension of any probation may be ordered except that the court may extend the term of probation by one additional year by order of the court if the defendant admits he or she has violated the conditions of probation or is found by the court to have violated the conditions of his or her probation. Total time on any probation term, including any extension shall not exceed the maximum term established in section 559.016. Total time on any probation term shall not include time when the probation term is suspended under this section. Procedures for termination, discharge and extension may be established by rule of court.

(2) The division of probation and parole shall file a notification of earned discharge from probation with the court for any defendant who has completed at least twenty-four months of the probation term and is compliant as determined by the policies of the division of probation and parole with the terms of supervision as ordered by the court and division. The division shall not file a notification of earned discharge for any defendant who has not paid ordered restitution in full, is on a term of probation for any class A or class B felony, or is subject to lifetime supervision under sections 217.735 and 559.106. The division shall notify the prosecuting or circuit attorney when a notification of earned discharge is filed.

(3) The prosecuting or circuit attorney may request a hearing within thirty days of the filing of the notification of earned discharge from probation. If the state opposes the discharge of the defendant, the prosecuting or circuit attorney shall argue the earned discharge is not appropriate and the offender should continue to serve the probation term.

(4) If a hearing is requested, the court shall hold the hearing and issue its order no later than sixty days after the filing of the notification of earned discharge from probation. If, after a hearing, the court finds by a preponderance of the evidence that the earned discharge is not appropriate, the court shall order the probation term continue, may modify the conditions of probation as appropriate, and may order the continued supervision of the defendant by either the division of probation and parole or the court. If, after a hearing, the court finds that the earned discharge is appropriate, the court shall order the defendant discharged from probation.

(5) If the prosecuting or circuit attorney does not request a hearing, and the court does not otherwise order a hearing, the court shall order the defendant discharged from probation within sixty days of the filing of the notification of earned discharge from probation but no earlier than thirty days from the filing of notification of earned discharge from probation.

3. If the defendant violates a condition of probation at any time prior to the expiration or termination of the probation term, the court may continue him or her on the existing conditions, with or without modifying or enlarging the conditions or extending the term.

4. (1) Unless the defendant consents to the revocation of probation, if a continuation, modification, enlargement or extension is not appropriate under this section, the court shall order placement of the offender in a department of corrections' one hundred twenty-day program so long as:

(a) The underlying offense for the probation is a class D or E felony or an offense listed in chapter 579 or an offense previously listed in chapter 195; except that, the court may, upon its own motion or a motion of the prosecuting or circuit attorney, make a finding that an offender is not eligible if the underlying offense is involuntary manslaughter in the second degree, stalking in the first degree, assault in the second degree, sexual assault, rape in the second degree, domestic assault in the second degree, assault in the third degree when the victim is a special victim, statutory rape in the second degree, statutory sodomy in the second degree, deviate sexual assault, sodomy in the second degree, sexual misconduct involving a child, incest, endangering the welfare of a child in the first degree under subdivision (1) or (2) of subsection 1 of section 568.045, abuse of a child, invasion of privacy, any case in which the defendant is found guilty of a felony offense under chapter 571, or an offense of aggravated stalking or assault of a law enforcement officer in the second degree as such offenses existed prior to January 1, 2017;

(b) The probation violation is not the result of the defendant being an absconder or being found guilty of, pleading guilty to, or being arrested on suspicion of any felony, misdemeanor, or infraction. For purposes of this subsection, "absconder" shall mean an offender under supervision who has left such offender's place of residency without the permission of the offender's supervising officer for the purpose of avoiding supervision;

(c) The defendant has not violated any conditions of probation involving the possession or use of weapons, or a stay-away condition prohibiting the defendant from contacting a certain individual; and

(d) The defendant has not already been placed in one of the programs by the court for the same underlying offense or during the same probation term.

(2) Upon receiving the order, the department of corrections shall conduct an assessment of the offender and place such offender in either the one hundred twenty-day structured cognitive behavioral intervention program or the one hundred twenty-day institutional treatment program. The placement of the offender in the structured cognitive behavioral intervention program or institutional treatment program shall be at the sole discretion of the department based on the assessment of the offender. The program shall begin upon receipt of the offender by the department. The time between the court's order and receipt of the offender by the department shall not apply toward the program.

(3) Upon successful completion of a program under this subsection, as determined by the department, the division of probation and parole shall advise the sentencing court of the defendant's probationary release date thirty days prior to release. Once the defendant has successfully completed a program under this subsection, the court shall release the defendant to continue to serve the term of probation, which shall not be modified, enlarged, or extended based on the same incident of violation.

(4) If the department determines the defendant has not successfully completed a one hundred twenty-day program under this section, the division of probation and parole shall advise the prosecuting attorney and the sentencing court of the defendant's unsuccessful program exit and the defendant shall be removed from the program. The defendant shall be released from the department within fifteen working days after the court is notified of the unsuccessful program exit, unless the court has issued a warrant in response to the unsuccessful program exit to facilitate the return of the defendant to the county of jurisdiction for further court proceedings. If a defendant is discharged as unsuccessful from a one hundred twenty-day program, the sentencing court may modify, enlarge, or revoke the defendant's probation based on the same incident of the violation.

(5) Time served in the program shall be credited as time served on any sentence imposed for the underlying offense.

5. If the defendant consents to the revocation of probation or if the defendant is not eligible under subsection 4 of this section for placement in a program and a continuation, modification, enlargement, or extension of the term under this section is not appropriate, the court may revoke probation and order that any sentence previously imposed be executed. If imposition of sentence was suspended, the court may revoke probation and impose any sentence available under section 557.011. The court may mitigate any sentence of imprisonment by reducing the prison or jail term by all or part of the time the defendant was on probation. The court may, upon

revocation of probation, place an offender on a second term of probation. Such probation shall be for a term of probation as provided by section 559.016, notwithstanding any amount of time served by the offender on the first term of probation.

6. Probation shall not be revoked without giving the probationer notice and an opportunity to be heard on the issues of whether such probationer violated a condition of probation and, if a condition was violated, whether revocation is warranted under all the circumstances. Not less than five business days prior to the date set for a hearing on the violation, except for a good cause shown, the judge shall inform the probationer that he or she may have the right to request the appointment of counsel if the probationer is unable to retain counsel. If the probationer requests counsel, the judge shall determine whether counsel is necessary to protect the probationer's due process rights. If the judge determines that counsel is not necessary, the judge shall state the grounds for the decision in the record.

7. The prosecuting or circuit attorney may file a motion to revoke probation or at any time during the term of probation, the court may issue a notice to the probationer to appear to answer a charge of a violation, and the court may issue a warrant of arrest for the violation. Such notice shall be personally served upon the probationer. The warrant shall authorize the return of the probationer to the custody of the court or to any suitable detention facility designated by the court. Upon the filing of the prosecutor's or circuit attorney's motion or on the court's own motion, the court may immediately enter an order suspending the period of probation and may order a warrant for the defendant's arrest. The probation shall remain suspended until the court rules on the prosecutor's or circuit attorney's motion, or until the court otherwise orders the probation reinstated. Notwithstanding any other provision of the law to the contrary, the probation term shall be tolled during the time period when the probation is suspended under this section. The court may grant the probationer credit on the probation term for any of the tolled period when reinstating the probation term.

8. The power of the court to revoke probation shall extend for the duration of the term of probation designated by the court and for any further period which is reasonably necessary for the adjudication of matters arising before its expiration, provided that some affirmative manifestation of an intent to conduct a revocation hearing occurs prior to the expiration of the period and that every reasonable effort is made to notify the probationer and to conduct the hearing prior to the expiration of the period. If the delay of the hearing is attributable to the probationer's actions or the probationer otherwise consents or acquiesces to the delay, the court shall have been found to have made every reasonable effort to conduct the hearing within the probation term.

9. A defendant who was sentenced prior to January 1, 2017 to an offense that was eligible at the time of sentencing under paragraph (a) of subdivision (1) of subsection 4 of this section for the court ordered detention sanction shall continue to remain eligible for the sanction so long as the defendant meets all the other requirements provided under subsection 4 of this section."; and

Further amend said bill, Page 5, Section 595.209, Line 146, by inserting after all of said section and line the following:

"[~~217.703. 1. The division of probation and parole shall award earned compliance credits to any offender who is:~~

~~(1) Not subject to lifetime supervision under sections 217.735 and 559.106 or otherwise found to be ineligible to earn credits by a court pursuant to subsection 2 of this section;~~

~~(2) On probation, parole, or conditional release for an offense listed in chapter 579, or an offense previously listed in chapter 195, or for a class D or E felony, excluding sections 565.225, 565.252, 566.031, 566.061, 566.083, 566.093, 568.020, 568.060, offenses defined as sexual assault under section 589.015, deviate sexual assault, assault in the second degree under subdivision (2) of subsection 1 of section 565.052, endangering the welfare of a child in the first degree under subdivision (2) of subsection 1 of section 568.045, and any offense of aggravated stalking or assault in the second degree under subdivision (2) of subsection 1 of section 565.060 as such offenses existed prior to January 1, 2017;~~

~~(3) Supervised by the division of probation and parole; and~~

~~(4) In compliance with the conditions of supervision imposed by the sentencing court or board.~~

~~2. If an offender was placed on probation, parole, or conditional release for an offense of:~~

~~(1) Involuntary manslaughter in the second degree;~~

~~(2) Assault in the second degree except under subdivision (2) of subsection 1 of section 565.052 or section 565.060 as it existed prior to January 1, 2017;~~

~~(3) Domestic assault in the second degree;~~

~~(4) Assault in the third degree when the victim is a special victim or assault of a law enforcement officer in the second degree as it existed prior to January 1, 2017;~~

~~(5) Statutory rape in the second degree;~~

~~(6) Statutory sodomy in the second degree;~~

~~(7) Endangering the welfare of a child in the first degree under subdivision (1) of subsection 1 of section 568.045; or~~

~~(8) Any case in which the defendant is found guilty of a felony offense under chapter 571;~~

~~the sentencing court may, upon its own motion or a motion of the prosecuting or circuit attorney, make a finding that the offender is ineligible to earn compliance credits because the nature and circumstances of the offense or the history and character of the offender indicate that a longer term of probation, parole, or conditional release is necessary for the protection of the public or the guidance of the offender. The motion may be made any time prior to the first month in which the person may earn compliance credits under this section or at a hearing under subsection 5 of this section. The offender's ability to earn credits shall be suspended until the court or board makes its finding. If the court or board finds that the offender is eligible for earned compliance credits, the credits shall begin to accrue on the first day of the next calendar month following the issuance of the decision.~~

~~3. Earned compliance credits shall reduce the term of probation, parole, or conditional release by thirty days for each full calendar month of compliance with the terms of supervision. Credits shall begin to accrue for eligible offenders after the first full calendar month of supervision or on October 1, 2012, if the offender began a term of probation, parole, or conditional release before September 1, 2012.~~

~~4. For the purposes of this section, the term "compliance" shall mean the absence of an initial violation report or notice of citation submitted by a probation or parole officer during a calendar month, or a motion to revoke or motion to suspend filed by a prosecuting or circuit attorney, against the offender.~~

~~5. Credits shall not accrue during any calendar month in which a violation report, which may include a report of absconder status, has been submitted, the offender is in custody, or a motion to revoke or motion to suspend has been filed, and shall be suspended pending the outcome of a hearing, if a hearing is held. If no hearing is held, or if a hearing is held and the offender is continued under supervision, or the court or board finds that the violation did not occur, then the offender shall be deemed to be in compliance and shall begin earning credits on the first day of the next calendar month following the month in which the report was submitted or the motion was filed. If a hearing is held, all earned credits shall be rescinded if:~~

~~(1) The court or board revokes the probation or parole or the court places the offender in a department program under subsection 4 of section 559.036; or~~

~~(2) The offender is found by the court or board to be ineligible to earn compliance credits because the nature and circumstances of the violation indicate that a longer term of probation, parole, or conditional release is necessary for the protection of the public or the guidance of the offender.~~

~~Earned credits, if not rescinded, shall continue to be suspended for a period of time during which the court or board has suspended the term of probation, parole, or release, and shall begin to accrue on the first day of the next calendar month following the lifting of the suspension.~~

~~6. Offenders who are deemed by the division to be absconders shall not earn credits. For purposes of this subsection, "absconder" shall mean an offender under supervision whose whereabouts are unknown and who has left such offender's place of residency without the permission of the offender's supervising officer and without notifying of their whereabouts for the purpose of avoiding supervision. An offender shall no longer be deemed an absconder when such offender is available for active supervision.~~

~~7. Notwithstanding subsection 2 of section 217.730 to the contrary, once the combination of time served in custody, if applicable, time served on probation, parole, or conditional release, and earned compliance credits satisfy the total term of probation, parole, or conditional release, the board or sentencing court shall order final discharge of the offender, so long as the offender has completed restitution and at least two years of his or her probation, parole, or conditional release, which shall include any time served in custody under section 217.718 and sections 559.036 and 559.115.~~

~~8. The award or rescission of any credits earned under this section shall not be subject to appeal or any motion for postconviction relief.~~

~~9. At least twice a year, the division shall calculate the number of months the offender has remaining on his or her term of probation, parole, or conditional release, taking into consideration any earned compliance credits, and notify the offender of the length of the remaining term.~~

~~10. No less than sixty days before the date of final discharge, the division shall notify the sentencing court, the board, and, for probation cases, the circuit or prosecuting attorney of the impending discharge. If the sentencing court, the board, or the circuit or prosecuting attorney upon receiving such notice does not take any action under subsection 5 of this section, the offender shall be discharged under subsection 7 of this section.~~

~~11. Any offender who was sentenced prior to January 1, 2017, to an offense that was eligible for earned compliance credits under subsection 1 or 2 of this section at the time of sentencing shall continue to remain eligible for earned compliance credits so long as the offender meets all the other requirements provided under this section.~~

~~12. The application of earned compliance credits shall be suspended upon entry into a treatment court, as described in sections 478.001 to 478.009, and shall remain suspended until the offender is discharged from such treatment court. Upon successful completion of treatment court, all earned compliance credits accumulated during the suspension period shall be retroactively applied, so long as the other terms and conditions of probation have been successfully completed.~~**]**"; and

JOURNAL OF THE HOUSE

First Regular Session, 102nd GENERAL ASSEMBLY

FORTY-SIXTH DAY, THURSDAY, MARCH 30, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

"Holy Father, protect by the power of Thy name those whom Thou hast given Me, that they may be one."
(I Corinthians 16:13)

Almighty and Eternal God, we come to You in earnest prayer that You will keep our show me state under Your divine protection, that You will lead our citizens to live by the laws of our land, and that You will help our people to cultivate a spirit of unity that they may learn to communicate together in peace and without fear.

We cannot all always be of the same mind, nor can we think alike, but we pray and hope that You will make us one in our loyalty to our state and one in our search for justice and peace.

Deliver us from pride or revenge, and from every evil way. By the might of Your spirit within us, may we show forth in our lives the positive fruit of our faith and the awesome power of our principles. Bless our Cardinals and Royals this season, and let us remember that it is good to walk both with the Lord and with the bases loaded!

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Mitchell Riley.

JOURNAL OF THE HOUSE

First Regular Session, 102nd GENERAL ASSEMBLY

FORTY-SEVENTH DAY, MONDAY, APRIL 3, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Representative Steve Butz.

Dear Heavenly Father,

As we gather this afternoon in this chamber to begin a new week of work for the people we serve, we are reminded of Jesus' words. "If anyone wishes to be great, let them be the servant of all."

Humbled by those words and conscious of our own shortcomings we ask You to send Your blessing upon each of us gathered here. If we are proud, humble us. If we are tired, refresh us. If we are discouraged, renew our hope. If we are filled with joy, may we share it with those around us.

Take our shortcomings and failures and change our hearts so that we may see clearly, work effectively and love fully those we are called to serve.

May our voices echo the Benediction: Praise God from whom all blessings flow. Praise Him all creatures here below. Praise Him above ye heavenly host. Praise Father, Son and Holy Ghost.

And the House said, Amen!

The Pledge of Allegiance to the flag was recited.

The Journal of the forty-sixth day was approved as printed.

"227.299. 1. Except as provided in subsection 7 of this section, an organization or person that seeks a bridge or highway designation on the state highway system to honor an event, place, organization, or person who has been deceased for more than two years shall petition the department of transportation by submitting the following:

(1) An application in a form prescribed by the director, describing the bridge or segment of highway for which designation is sought and the proposed name of the bridge or relevant portion of highway. The application shall include the name of at least one current member of the general assembly who will sponsor the bridge or highway designation. The application may contain written testimony for support of the bridge or highway designation;

2. All moneys received by the department of transportation for the construction and maintenance of bridge or highway signs on the state highway system shall be deposited in the state treasury to the credit of the state road fund.

3. The documents and fees required under this section shall be submitted to the department of transportation no later than November first prior to the next regular session of the general assembly to be approved or denied by the joint committee on transportation oversight during such legislative session.

4. The department of transportation shall give notice of any proposed bridge or highway designation on the state highway system in a manner reasonably calculated to advise the public of such proposal. Reasonable notice shall include posting the proposal for the designation on the department's official public website, and making available copies of the sign designation application to any representative of the news media or public upon request and posting the application on a bulletin board or other prominent public place which is easily accessible to the public and clearly designated for that purpose at the principal office.

5. If the memorial highway designation requested by the organization is not approved by the joint committee on transportation oversight, ninety-seven percent of the application fee shall be refunded to the requesting organization.

After such period, the signs shall be subject to removal by the department of transportation and the bridge or highway may be designated to honor events, places, organizations, or persons other than the current designee. An existing highway or bridge designation processed under the provisions of this section may be retained for additional twenty-year increments if, at least one year before the designation's expiration, an application to the department of transportation is made to retain the designation along with the required documents and all applicable fees required under this section.

JOURNAL OF THE HOUSE

First Regular Session, 102nd GENERAL ASSEMBLY

FORTY-EIGHTH DAY, TUESDAY, APRIL 4, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Representative Jamie Gragg.

Father, we come to You from many different places this morning. Some of us are full of energy and ready to take on the day. Others are tired and ready to go home. Some are overloaded and stressed while others, with childlike curiosity, may be looking forward to what comes next. Whether we are torn, beaten down, weary, frustrated, or even still excited for the opportunity we have been given here, we know You are with us. Like the great Father You are, You desire us to come to You, and right now I come to You and ask for Your hands to cover this building, this chamber and each and every heart. We still have six long weeks left and the people of this great state are counting on us. We cannot do it alone. We need You as our guide.

God, not our will, but Your will be done. That is what we need, and this is what we want. Give us Your will, nothing more, nothing less, nothing else.

And all God's people said, Amen!

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Lincoln Samuel Buxton.

The Journal of the forty-seventh day was approved as printed.

JOURNAL OF THE HOUSE

First Regular Session, 102nd GENERAL ASSEMBLY

FORTY-NINTH DAY, WEDNESDAY, APRIL 5, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

"You will see Me and find Me; when you seek Me with all your heart." (Jeremiah 29:13)

O Lord, our God, who is constantly calling upon us to walk in Your ways, to know Your truth and live Your life, grant that the spirit of our prayer this morning may be acceptable to You and our hearts be in harmony with Your holy will.

Help us to carefully consider our pilgrimage upon this earth, to measure the deeds of the past by our devotion to the present and our dedication for the future. When we think of what we could have done had we given ourselves wholly to You, we feel humble and are heartily sorry for our misdoings and miscalculations.

In reverence we come to You again and lay our supplications before You. Help us to right the wrongs we have done to others and give us grace to forgive those who wrong us. Enlighten our minds with truth, enlarge our hearts with love and enlist us in the struggle for cooperation and understanding in our state of Missouri.

Today, may our prayer fly to You on eagle's wings!

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Kaydence Rose Henry, Charlie Tvrdy, Luke Tvrdy, Davey Tvrdy, Haydn Fong, Connor Hinkle, Charles Jackson, Jackson Lamb, Brady Legenza, Reid Shaffer, Arlo Spallo, Terrence Baldwin, Theodore Boesen, Sullivan Caldwell, Benjamin Curry, Frederick Dreiling, George Ebberts.

The Journal of the forty-eighth day was approved as printed.

PERFECTION OF HOUSE BILLS

HB 102, **HCS HB 188**, **HB 212**, **HCS HB 271**, **HB 436**, **HCS HB 714**, **HB 999**, **HB 349** and **HCS HB 88** were placed on the Informal Calendar.

HCS HBs 119, 372, 382, 420, 550 & 693, relating to offenders in custody, was taken up by Representative Perkins.

On motion of Representative Perkins, the title of **HCS HBs 119, 372, 382, 420, 550 & 693** was agreed to.

Representative Bosley offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Committee Substitute for House Bill Nos. 119, 372, 382, 420, 550 & 693, Page 8, Section 221.108, Line 9, by inserting after said section and line the following:

"506.400. 1. As used in this section, "claimant" means a person convicted and subsequently imprisoned for one or more offenses that such person did not commit.

2. (1) The claimant shall establish the following by a preponderance of evidence:

(a) The claimant was convicted of a felony offense and subsequently imprisoned;

(b) The claimant's judgment of conviction was reversed or vacated and either the charges were dismissed or on retrial the claimant was found to be not guilty;

(c) The claimant did not commit the offense or offenses for which the claimant was convicted and was not an accessory or accomplice to the acts that were the basis of the conviction and resulted in a reversal or vacation of the judgment of conviction, dismissal of the charges, or finding of not guilty on retrial; and

(d) The claimant did not commit or suborn perjury, fabricate evidence, or by the claimant's own conduct cause or bring about the conviction. Neither a confession or admission later found to be false nor a guilty plea shall constitute committing or suborning perjury, fabricating evidence, or causing or bringing about the conviction under this subsection.

(2) The court, in exercising its discretion as permitted by law regarding the weight and admissibility of evidence submitted under this section, may, in the interest of justice, give due consideration to difficulties of proof caused by the passage of time, the death or unavailability of witnesses, the destruction of evidence, or other factors not caused by such persons or those acting on their behalf.

3. If the court finds that the claimant is wrongfully convicted, it shall enter a certificate of innocence finding that the claimant was innocent of all offenses for which the claimant was mistakenly convicted. The clerk of the court shall send a certified copy of the certificate of innocence and the judgment entry to the attorney general for payment under section 105.711.

4. Upon entry of a certificate of innocence, the claimant shall automatically be granted an order of expungement from the court in which he or she pled guilty or was sentenced to expunge from all official records or recordations of his or her arrest, plea, trial, or conviction. Upon granting of the order of expungement, the records and files maintained in any administrative or court proceeding in an associate or circuit division of the court shall be confidential and only available to the parties or by order of the court for good cause shown. The effect of such order shall be to restore such person to the status he or she occupied prior to such arrest, plea, or conviction and as if such event had never taken place. No person as to whom such order has been entered shall be held thereafter under any provision of any law to be guilty of perjury or otherwise giving a false statement by reason of his or her failure to recite or acknowledge such arrest, plea, trial, conviction, or expungement in response to any inquiry made of him or her for any purpose whatsoever, and no such inquiry shall be made for information relating to an expungement under this subsection.

5. Upon entry of a certificate of innocence, the court shall order the expungement and destruction of the associated biological samples authorized by and given to the Missouri state highway patrol. The order shall state the information required to be stated in a petition to expunge and destroy the samples and profile

record and shall direct the Missouri state highway patrol to expunge and destroy such samples and profile record. The clerk of the court shall send a certified copy of the order to the Missouri state highway patrol, which shall carry out the order and provide confirmation of such action to the court. Nothing in this subsection shall require the Missouri state highway patrol to expunge and destroy any sample or profile record associated with the claimant that must be retained by state statute.

6. The decision to grant or deny a certificate of innocence shall not have a res judicata effect on any other proceedings."; and

Further amend said bill, Page 16, Section 589.565, Line 19, by inserting after said section and line the following:

"**Section 1. 1. For purposes of this section, the term "exoneree" means a person who was convicted of an offense and later officially declared innocent of that offense or relieved of all legal consequences of the conviction because evidence of innocence that was not presented at trial required reconsideration of the case.**

2. The department of corrections shall develop a policy and procedures outlining for exonerees how to obtain a birth certificate, Social Security card, and state identification prior to release from a correctional center. The policy shall be made available to all exonerees, regardless of the method by which an exoneree was exonerated. If an exoneree does not have access to his or her birth certificate, Social Security card, or state identification upon release, the department shall assist such exoneree in obtaining the documents prior to release.

3. The department shall be required to provide an exoneree, upon his or her release from a correctional facility, with the same services the department is required to provide an offender upon release from a correctional facility."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Bosley, **House Amendment No. 1** was adopted.

Representative Anderson offered **House Amendment No. 2**.

House Amendment No. 2

AMEND House Committee Substitute for House Bill Nos. 119, 372, 382, 420, 550 & 693, Page 5, Section 217.670, Line 28, by inserting after all of said line and section the following:

"217.690. 1. All releases or paroles shall issue upon order of the parole board, duly adopted.

2. Before ordering the parole of any offender, the parole board shall conduct a validated risk and needs assessment and evaluate the case under the rules governing parole that are promulgated by the parole board. The parole board shall then have the offender appear before a hearing panel and shall conduct a personal interview with him or her, unless waived by the offender, or if the guidelines indicate the offender may be paroled without need for an interview. The guidelines and rules shall not allow for the waiver of a hearing if a victim requests a hearing. The appearance or presence may occur by means of a videoconference at the discretion of the parole board. A parole may be ordered for the best interest of society when there is a reasonable probability, based on the risk assessment and indicators of release readiness, that the person can be supervised under parole supervision and successfully reintegrated into the community, not as an award of clemency; it shall not be considered a reduction of sentence or a pardon. Every offender while on parole shall remain in the legal custody of the department but shall be subject to the orders of the parole board.

3. The division of probation and parole has discretionary authority to require the payment of a fee, not to exceed sixty dollars per month, from every offender placed under division supervision on probation, parole, or conditional release, to waive all or part of any fee, to sanction offenders for willful nonpayment of fees, and to contract with a private entity for fee collections services. **No such fee shall be levied or accrue for the first sixty days the offender is on parole or conditional release.** All fees collected shall be deposited in the inmate fund established in section 217.430. Fees collected may be used to pay the costs of contracted collections services. The

fees collected may otherwise be used to provide community corrections and intervention services for offenders. Such services include substance abuse assessment and treatment, mental health assessment and treatment, electronic monitoring services, residential facilities services, employment placement services, and other offender community corrections or intervention services designated by the division of probation and parole to assist offenders to successfully complete probation, parole, or conditional release. The division of probation and parole shall adopt rules not inconsistent with law, in accordance with section 217.040, with respect to sanctioning offenders and with respect to establishing, waiving, collecting, and using fees.

4. The parole board shall adopt rules not inconsistent with law, in accordance with section 217.040, with respect to the eligibility of offenders for parole, the conduct of parole hearings or conditions to be imposed upon paroled offenders. Whenever an order for parole is issued it shall recite the conditions of such parole.

5. When considering parole for an offender with consecutive sentences, the minimum term for eligibility for parole shall be calculated by adding the minimum terms for parole eligibility for each of the consecutive sentences, except the minimum term for parole eligibility shall not exceed the minimum term for parole eligibility for an ordinary life sentence.

6. Any offender sentenced to a term of imprisonment amounting to fifteen years or more or multiple terms of imprisonment that, taken together, amount to fifteen or more years who was under eighteen years of age at the time of the commission of the offense or offenses may be eligible for parole after serving fifteen years of incarceration, regardless of whether the case is final for the purposes of appeal, and may be eligible for reconsideration hearings in accordance with regulations promulgated by the parole board.

7. The provisions of subsection 6 of this section shall not apply to an offender found guilty of murder in the first degree or capital murder who was under eighteen years of age when the offender committed the offense or offenses who may be found ineligible for parole or whose parole eligibility may be controlled by section 558.047 or 565.033.

8. Any offender under a sentence for first degree murder who has been denied release on parole after a parole hearing shall not be eligible for another parole hearing until at least three years from the month of the parole denial; however, this subsection shall not prevent a release pursuant to subsection 4 of section 558.011.

9. A victim who has requested an opportunity to be heard shall receive notice that the parole board is conducting an assessment of the offender's risk and readiness for release and that the victim's input will be particularly helpful when it pertains to safety concerns and specific protective measures that may be beneficial to the victim should the offender be granted release.

10. Parole hearings shall, at a minimum, contain the following procedures:

(1) The victim or person representing the victim who attends a hearing may be accompanied by one other person;

(2) The victim or person representing the victim who attends a hearing shall have the option of giving testimony in the presence of the inmate or to the hearing panel without the inmate being present;

(3) The victim or person representing the victim may call or write the parole board rather than attend the hearing;

(4) The victim or person representing the victim may have a personal meeting with a parole board member at the parole board's central office;

(5) The judge, prosecuting attorney or circuit attorney and a representative of the local law enforcement agency investigating the crime shall be allowed to attend the hearing or provide information to the hearing panel in regard to the parole consideration; and

(6) The parole board shall evaluate information listed in the juvenile sex offender registry pursuant to section 211.425, provided the offender is between the ages of seventeen and twenty-one, as it impacts the safety of the community.

11. The parole board shall notify any person of the results of a parole eligibility hearing if the person indicates to the parole board a desire to be notified.

12. The parole board may, at its discretion, require any offender seeking parole to meet certain conditions during the term of that parole so long as said conditions are not illegal or impossible for the offender to perform. These conditions may include an amount of restitution to the state for the cost of that offender's incarceration.

13. Special parole conditions shall be responsive to the assessed risk and needs of the offender or the need for extraordinary supervision, such as electronic monitoring. The parole board shall adopt rules to minimize the conditions placed on low-risk cases, to frontload conditions upon release, and to require the modification and reduction of conditions based on the person's continuing stability in the community. Parole board rules shall permit parole conditions to be modified by parole officers with review and approval by supervisors.

14. Nothing contained in this section shall be construed to require the release of an offender on parole nor to reduce the sentence of an offender heretofore committed.

15. Beginning January 1, 2001, the parole board shall not order a parole unless the offender has obtained a high school diploma or its equivalent, or unless the parole board is satisfied that the offender, while committed to the custody of the department, has made an honest good-faith effort to obtain a high school diploma or its equivalent; provided that the director may waive this requirement by certifying in writing to the parole board that the offender has actively participated in mandatory education programs or is academically unable to obtain a high school diploma or its equivalent.

16. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2005, shall be invalid and void."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Anderson, **House Amendment No. 2** was adopted.

Representative Dinkins offered **House Amendment No. 3**.

House Amendment No. 3

AMEND House Committee Substitute for House Bill Nos. 119, 372, 382, 420, 550 & 693, Page 8, Section 221.108, Line 9, by inserting after all of said section and line the following:

"334.104. 1. A physician may enter into collaborative practice arrangements with registered professional nurses. Collaborative practice arrangements shall be in the form of written agreements, jointly agreed-upon protocols, or standing orders for the delivery of health care services. Collaborative practice arrangements, which shall be in writing, may delegate to a registered professional nurse the authority to administer or dispense drugs and provide treatment as long as the delivery of such health care services is within the scope of practice of the registered professional nurse and is consistent with that nurse's skill, training and competence.

2. Collaborative practice arrangements, which shall be in writing, may delegate to a registered professional nurse the authority to administer, dispense or prescribe drugs and provide treatment if the registered professional nurse is an advanced practice registered nurse as defined in subdivision (2) of section 335.016. Collaborative practice arrangements may delegate to an advanced practice registered nurse, as defined in section 335.016, the authority to administer, dispense, or prescribe controlled substances listed in Schedules III, IV, and V of section 195.017, and Schedule II - hydrocodone; except that, the collaborative practice arrangement shall not delegate the authority to administer any controlled substances listed in Schedules III, IV, and V of section 195.017, or Schedule II - hydrocodone for the purpose of inducing sedation or general anesthesia for therapeutic, diagnostic, or surgical procedures. Schedule III narcotic controlled substance and Schedule II - hydrocodone prescriptions shall be limited to a one hundred twenty-hour supply without refill. Such collaborative practice arrangements shall be in the form of written agreements, jointly agreed-upon protocols or standing orders for the delivery of health care services. An advanced practice registered nurse may prescribe buprenorphine for up to a thirty-day supply without refill for patients receiving medication-assisted treatment for substance use disorders under the direction of the collaborating physician.

3. The written collaborative practice arrangement shall contain at least the following provisions:

(1) Complete names, home and business addresses, zip codes, and telephone numbers of the collaborating physician and the advanced practice registered nurse;

(2) A list of all other offices or locations besides those listed in subdivision (1) of this subsection where the collaborating physician authorized the advanced practice registered nurse to prescribe;

(3) A requirement that there shall be posted at every office where the advanced practice registered nurse is authorized to prescribe, in collaboration with a physician, a prominently displayed disclosure statement informing patients that they may be seen by an advanced practice registered nurse and have the right to see the collaborating physician;

(4) All specialty or board certifications of the collaborating physician and all certifications of the advanced practice registered nurse;

(5) The manner of collaboration between the collaborating physician and the advanced practice registered nurse, including how the collaborating physician and the advanced practice registered nurse will:

(a) Engage in collaborative practice consistent with each professional's skill, training, education, and competence;

(b) Maintain geographic proximity, except **as specified in this paragraph. The following provisions shall apply with respect to this requirement:**

a. Until August 28, 2025, an advanced practice registered nurse providing services in a correctional center, as defined in section 217.010, and his or her collaborating physician shall satisfy the geographic proximity requirement if they practice within two hundred miles by road of one another;

b. The collaborative practice arrangement may allow for geographic proximity to be waived for a maximum of twenty-eight days per calendar year for rural health clinics as defined by P.L. 95-210 **(42 U.S.C. Section 1395x, as amended)**, as long as the collaborative practice arrangement includes alternative plans as required in paragraph (c) of this subdivision. This exception to geographic proximity shall apply only to independent rural health clinics, provider-based rural health clinics where the provider is a critical access hospital as provided in 42 U.S.C. Section 1395i-4, and provider-based rural health clinics where the main location of the hospital sponsor is greater than fifty miles from the clinic**[**~~.~~**]; and**

c. The collaborating physician is required to maintain documentation related to this requirement and to present it to the state board of registration for the healing arts when requested; and

(c) Provide coverage during absence, incapacity, infirmity, or emergency by the collaborating physician;

(6) A description of the advanced practice registered nurse's controlled substance prescriptive authority in collaboration with the physician, including a list of the controlled substances the physician authorizes the nurse to prescribe and documentation that it is consistent with each professional's education, knowledge, skill, and competence;

(7) A list of all other written practice agreements of the collaborating physician and the advanced practice registered nurse;

(8) The duration of the written practice agreement between the collaborating physician and the advanced practice registered nurse;

(9) A description of the time and manner of the collaborating physician's review of the advanced practice registered nurse's delivery of health care services. The description shall include provisions that the advanced practice registered nurse shall submit a minimum of ten percent of the charts documenting the advanced practice registered nurse's delivery of health care services to the collaborating physician for review by the collaborating physician, or any other physician designated in the collaborative practice arrangement, every fourteen days; and

(10) The collaborating physician, or any other physician designated in the collaborative practice arrangement, shall review every fourteen days a minimum of twenty percent of the charts in which the advanced practice registered nurse prescribes controlled substances. The charts reviewed under this subdivision may be counted in the number of charts required to be reviewed under subdivision (9) of this subsection.

4. The state board of registration for the healing arts pursuant to section 334.125 and the board of nursing pursuant to section 335.036 may jointly promulgate rules regulating the use of collaborative practice arrangements. Such rules shall be limited to specifying geographic areas to be covered, the methods of treatment that may be covered by collaborative practice arrangements and the requirements for review of services provided pursuant to collaborative practice arrangements including delegating authority to prescribe controlled substances. **Any rules relating to geographic proximity shall allow a collaborating physician and a collaborating advanced practice registered nurse to practice within two hundred miles by road of one another until August 28, 2025, if the nurse is providing services in a correctional center, as defined in section 217.010.** Any rules relating to dispensing or distribution of medications or devices by prescription or prescription drug orders under this section shall be subject to the approval of the state board of pharmacy. Any rules relating to dispensing or distribution of controlled substances by prescription or prescription drug orders under this section shall be subject to the approval of the department of health and senior services and the state board of pharmacy. In order to take effect, such rules shall be approved by a majority vote of a quorum of each board. Neither the state board of registration for the healing arts nor the board of nursing may separately promulgate rules relating to collaborative practice arrangements. Such jointly promulgated rules shall be consistent with guidelines for federally funded clinics. The rulemaking authority granted in this subsection shall not extend to collaborative practice arrangements of hospital employees providing inpatient care within hospitals as defined pursuant to chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

5. The state board of registration for the healing arts shall not deny, revoke, suspend or otherwise take disciplinary action against a physician for health care services delegated to a registered professional nurse provided the provisions of this section and the rules promulgated thereunder are satisfied. Upon the written request of a physician subject to a disciplinary action imposed as a result of an agreement between a physician and a registered professional nurse or registered physician assistant, whether written or not, prior to August 28, 1993, all records of such disciplinary licensure action and all records pertaining to the filing, investigation or review of an alleged violation of this chapter incurred as a result of such an agreement shall be removed from the records of the state board of registration for the healing arts and the division of professional registration and shall not be disclosed to any public or private entity seeking such information from the board or the division. The state board of registration for the healing arts shall take action to correct reports of alleged violations and disciplinary actions as described in this section which have been submitted to the National Practitioner Data Bank. In subsequent applications or representations relating to his **or her** medical practice, a physician completing forms or documents shall not be required to report any actions of the state board of registration for the healing arts for which the records are subject to removal under this section.

6. Within thirty days of any change and on each renewal, the state board of registration for the healing arts shall require every physician to identify whether the physician is engaged in any collaborative practice agreement, including collaborative practice agreements delegating the authority to prescribe controlled substances, or physician assistant agreement and also report to the board the name of each licensed professional with whom the physician has entered into such agreement. The board may make this information available to the public. The board shall track the reported information and may routinely conduct random reviews of such agreements to ensure that agreements are carried out for compliance under this chapter.

7. Notwithstanding any law to the contrary, a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 shall be permitted to provide anesthesia services without a collaborative practice arrangement provided that he or she is under the supervision of an anesthesiologist or other physician, dentist, or podiatrist who is immediately available if needed. Nothing in this subsection shall be construed to prohibit or prevent a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 from entering into a collaborative practice arrangement under this section, except that the collaborative practice arrangement may not delegate the authority to prescribe any controlled substances listed in Schedules III, IV, and V of section 195.017, or Schedule II - hydrocodone.

8. A collaborating physician shall not enter into a collaborative practice arrangement with more than six full-time equivalent advanced practice registered nurses, full-time equivalent licensed physician assistants, or full-time equivalent assistant physicians, or any combination thereof. This limitation shall not apply to collaborative arrangements of hospital employees providing inpatient care service in hospitals as defined in chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008, or to a certified registered nurse anesthetist providing anesthesia services under the supervision of an anesthesiologist or other physician, dentist, or podiatrist who is immediately available if needed as set out in subsection 7 of this section.

9. Upon notification of such child's birth, the family support division shall assign a MO HealthNet eligibility identification number to the child so that claims may be submitted and paid under such child's identification number;

(18) Pregnant women and children eligible for MO HealthNet benefits pursuant to subdivision (12), (13) or (14) of this subsection shall not as a condition of eligibility for MO HealthNet benefits be required to apply for aid to families with dependent children. The family support division shall utilize an application for eligibility for such persons which eliminates information requirements other than those necessary to apply for MO HealthNet benefits. To the greatest extent possible the department of social services and the department of health and senior services shall mutually coordinate all services for pregnant women and children with the crippled children's program, the prevention of intellectual disability and developmental disability program and the prenatal care program administered by the department of health and senior services. The department of social services shall by regulation establish the methodology for reimbursement for case management services provided by the department of health and senior services. For purposes of this section, the term "case management" shall mean those activities of local public health personnel to identify prospective MO HealthNet-eligible high-risk mothers and enroll them in the state's MO HealthNet program, refer them to local physicians or local health departments who provide prenatal care under physician protocol and who participate in the MO HealthNet program for prenatal care and to ensure that said high-risk mothers receive support from all private and public programs for which they are eligible and shall not include involvement in any MO HealthNet prepaid, case-managed programs;

(22) By January 1, 1988, the department of social services and the department of health and senior services shall study all significant aspects of presumptive eligibility for pregnant women and submit a joint report on the subject, including projected costs and the time needed for implementation, to the general assembly. The department of social services, at the direction of the general assembly, may implement presumptive eligibility by regulation promulgated pursuant to chapter 207;

Section 1396a(r)(2), may be used to change the income limit if authorized by annual appropriation;

(b) All persons who would be determined to be eligible for aid to the blind benefits under the eligibility standards in effect December 31, 1973, as authorized by 42 U.S.C. Section 1396a(f), or less restrictive methodologies as contained in the MO HealthNet state plan as of January 1, 2005, except that less restrictive income methodologies, as authorized in 42 U.S.C. Section 1396a(r)(2), shall be used to raise the income limit to one hundred percent of the federal poverty level;

Section 1396a(r)(2), may be used to change the income limit if authorized by annual appropriations. Eligibility standards for permanent and total disability benefits shall not be limited by age;

(25) Persons who have been diagnosed with breast or cervical cancer and who are eligible for coverage pursuant to 42 U.S.C. Section 1396a(a)(10)(A)(ii)(XVIII). Such persons shall be eligible during a period of presumptive eligibility in accordance with 42 U.S.C. Section 1396r-1;

(26) Persons who are in foster care under the responsibility of the state of Missouri on the date such persons attained the age of eighteen years, or at any time during the thirty-day period preceding their eighteenth birthday, or persons who received foster care for at least six months in another state, are residing in Missouri, and are at least eighteen years of age, without regard to income or assets, if such persons:

(a) Are under twenty-six years of age;

(b) Are not eligible for coverage under another mandatory coverage group; and

(c) Were covered by Medicaid while they were in foster care;

(27) Any homeless child or homeless youth, as those terms are defined in section 167.020, subject to approval of a state plan amendment by the Centers for Medicare and Medicaid Services**;**

(28) (a) Subject to approval of any necessary state plan amendments or waivers, beginning on the effective date of this act, pregnant women who are eligible for, have applied for, and have received MO HealthNet benefits under subdivision (2), (10), (11), or (12) of this subsection shall be eligible for medical assistance during the pregnancy and during the twelve-month period that begins on the last day of the woman's pregnancy and ends on the last day of the month in which such twelve-month period ends, consistent with the provisions of 42 U.S.C. Section 1396a(e)(16). The department shall submit a state plan amendment to the Centers for Medicare and Medicaid Services when the number of ineligible MO HealthNet participants removed from the program in 2023 pursuant to section 208.239 exceeds the projected number of beneficiaries likely to enroll in benefits in 2023 under this subdivision and subdivision (2) of subsection 6 of section 208.662, as determined by the department, by at least one hundred individuals;

(b) The provisions of this subdivision shall remain in effect for any period of time during which the federal authority under 42 U.S.C. Section 1396a(e)(16), as amended, or any successor statutes or implementing regulations, is in effect.

2. Rules and regulations to implement this section shall be promulgated in accordance with chapter 536. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void.

3. After December 31, 1973, and before April 1, 1990, any family eligible for assistance pursuant to 42 U.S.C. Section 601, et seq., as amended, in at least three of the last six months immediately preceding the month in which such family became ineligible for such assistance because of increased income from employment shall, while a member of such family is employed, remain eligible for MO HealthNet benefits for four calendar months following the month in which such family would otherwise be determined to be ineligible for such assistance because of income and resource limitation. After April 1, 1990, any family receiving aid pursuant to 42 U.S.C. Section 601, et seq., as amended, in at least three of the six months immediately preceding the month in which such family becomes ineligible for such aid, because of hours of employment or income from employment of the caretaker relative, shall remain eligible for MO HealthNet benefits for six calendar months following the month of such ineligibility as long as such family includes a child as provided in 42 U.S.C. Section 1396r-6. Each family which has received such medical assistance during the entire six-month period described in this section and which meets reporting requirements and income tests established by the division and continues to include a child as

provided in 42 U.S.C. Section 1396r-6 shall receive MO HealthNet benefits without fee for an additional six months. The MO HealthNet division may provide by rule and as authorized by annual appropriation the scope of MO HealthNet coverage to be granted to such families.

4. When any individual has been determined to be eligible for MO HealthNet benefits, such medical assistance will be made available to him or her for care and services furnished in or after the third month before the month in which he made application for such assistance if such individual was, or upon application would have been, eligible for such assistance at the time such care and services were furnished; provided, further, that such medical expenses remain unpaid.

5. The department of social services may apply to the federal Department of Health and Human Services for a MO HealthNet waiver amendment to the Section 1115 demonstration waiver or for any additional MO HealthNet waivers necessary not to exceed one million dollars in additional costs to the state, unless subject to appropriation or directed by statute, but in no event shall such waiver applications or amendments seek to waive the services of a rural health clinic or a federally qualified health center as defined in 42 U.S.C. Section 1396d(l)(1) and (2) or the payment requirements for such clinics and centers as provided in 42 U.S.C. Section 1396a(a)(15) and 1396a(bb) unless such waiver application is approved by the oversight committee created in section 208.955. A request for such a waiver so submitted shall only become effective by executive order not sooner than ninety days after the final adjournment of the session of the general assembly to which it is submitted, unless it is disapproved within sixty days of its submission to a regular session by a senate or house resolution adopted by a majority vote of the respective elected members thereof, unless the request for such a waiver is made subject to appropriation or directed by statute.

6. Notwithstanding any other provision of law to the contrary, in any given fiscal year, any persons made eligible for MO HealthNet benefits under subdivisions (1) to (22) of subsection 1 of this section shall only be eligible if annual appropriations are made for such eligibility. This subsection shall not apply to classes of individuals listed in 42 U.S.C. Section 1396a(a)(10)(A)(i).

7. (1) Notwithstanding any provision of law to the contrary, a military service member, or an immediate family member residing with such military service member, who is a legal resident of this state and is eligible for MO HealthNet developmental disability services, shall have his or her eligibility for MO HealthNet developmental disability services temporarily suspended for any period of time during which such person temporarily resides outside of this state for reasons relating to military service, but shall have his or her eligibility immediately restored upon returning to this state to reside.

(2) Notwithstanding any provision of law to the contrary, if a military service member, or an immediate family member residing with such military service member, is not a legal resident of this state, but would otherwise be eligible for MO HealthNet developmental disability services, such individual shall be deemed eligible for MO HealthNet developmental disability services for the duration of any time in which such individual is temporarily present in this state for reasons relating to military service.

208.186. The state shall not provide payments, add-ons, or reimbursements to health care providers through MO HealthNet for medical assistance services provided to persons who do not reside in this state, as determined under 42 CFR 435.403, or any amendments or successor regulations thereto.

208.239. The department of social services shall resume annual MO HealthNet eligibility redeterminations, renewals, and postenrollment verifications no later than thirty days after the effective date of this act."; and

Further amend said bill, Page 6, Section 208.247, Line 42, by inserting after all of said section and line the following:

"208.662. 1. There is hereby established within the department of social services the "Show-Me Healthy Babies Program" as a separate children's health insurance program (CHIP) for any low-income unborn child. The program shall be established under the authority of Title XXI of the federal Social Security Act, the State Children's Health Insurance Program, as amended, and 42 CFR 457.1.

2. For an unborn child to be enrolled in the show-me healthy babies program, his or her mother shall not be eligible for coverage under Title XIX of the federal Social Security Act, the Medicaid program, as it is administered by the state, and shall not have access to affordable employer-subsidized health care insurance or other affordable health care coverage that includes coverage for the unborn child. In addition, the unborn child shall be in a family with income eligibility of no more than three hundred percent of the federal poverty level, or the equivalent

modified adjusted gross income, unless the income eligibility is set lower by the general assembly through appropriations. In calculating family size as it relates to income eligibility, the family shall include, in addition to other family members, the unborn child, or in the case of a mother with a multiple pregnancy, all unborn children.

3. Coverage for an unborn child enrolled in the show-me healthy babies program shall include all prenatal care and pregnancy-related services that benefit the health of the unborn child and that promote healthy labor, delivery, and birth. Coverage need not include services that are solely for the benefit of the pregnant mother, that are unrelated to maintaining or promoting a healthy pregnancy, and that provide no benefit to the unborn child. However, the department may include pregnancy-related assistance as defined in 42 U.S.C. Section 1397ll.

4. There shall be no waiting period before an unborn child may be enrolled in the show-me healthy babies program. In accordance with the definition of child in 42 CFR 457.10, coverage shall include the period from conception to birth. The department shall develop a presumptive eligibility procedure for enrolling an unborn child. There shall be verification of the pregnancy.

5. Coverage for the child shall continue for up to one year after birth, unless otherwise prohibited by law or unless otherwise limited by the general assembly through appropriations.

6. **(1)** Pregnancy-related and postpartum coverage for the mother shall begin on the day the pregnancy ends and extend through the last day of the month that includes the sixtieth day after the pregnancy ends, unless otherwise prohibited by law or unless otherwise limited by the general assembly through appropriations. The department may include pregnancy-related assistance as defined in 42 U.S.C. Section 1397ll.

(2) (a) Subject to approval of any necessary state plan amendments or waivers, beginning on the effective date of this act, mothers eligible to receive coverage under this section shall receive medical assistance benefits during the pregnancy and during the twelve-month period that begins on the last day of the woman's pregnancy and ends on the last day of the month in which such twelve-month period ends, consistent with the provisions of 42 U.S.C. Section 1397gg(e)(1)(J). The department shall seek any necessary state plan amendments or waivers to implement the provisions of this subdivision when the number of ineligible MO HealthNet participants removed from the program in 2023 pursuant to section 208.239 exceeds the projected number of beneficiaries likely to enroll in benefits in 2023 under this subdivision and subdivision (28) of subsection 1 of section 208.151, as determined by the department, by at least one hundred individuals.

(b) The provisions of this subdivision shall remain in effect for any period of time during which the federal authority under 42 U.S.C. Section 1397gg(e)(1)(J), as amended, or any successor statutes or implementing regulations, is in effect.

7. The department shall provide coverage for an unborn child enrolled in the show-me healthy babies program in the same manner in which the department provides coverage for the children's health insurance program (CHIP) in the county of the primary residence of the mother.

8. The department shall provide information about the show-me healthy babies program to maternity homes as defined in section 135.600, pregnancy resource centers as defined in section 135.630, and other similar agencies and programs in the state that assist unborn children and their mothers. The department shall consider allowing such agencies and programs to assist in the enrollment of unborn children in the program, and in making determinations about presumptive eligibility and verification of the pregnancy.

9. Within sixty days after August 28, 2014, the department shall submit a state plan amendment or seek any necessary waivers from the federal Department of Health and Human Services requesting approval for the show-me healthy babies program.

10. At least annually, the department shall prepare and submit a report to the governor, the speaker of the house of representatives, and the president pro tempore of the senate analyzing and projecting the cost savings and benefits, if any, to the state, counties, local communities, school districts, law enforcement agencies, correctional centers, health care providers, employers, other public and private entities, and persons by enrolling unborn children in the show-me healthy babies program. The analysis and projection of cost savings and benefits, if any, may include but need not be limited to:

(1) The higher federal matching rate for having an unborn child enrolled in the show-me healthy babies program versus the lower federal matching rate for a pregnant woman being enrolled in MO HealthNet or other federal programs;

(2) The efficacy in providing services to unborn children through managed care organizations, group or individual health insurance providers or premium assistance, or through other nontraditional arrangements of providing health care;

(3) The change in the proportion of unborn children who receive care in the first trimester of pregnancy due to a lack of waiting periods, by allowing presumptive eligibility, or by removal of other barriers, and any resulting or projected decrease in health problems and other problems for unborn children and women throughout pregnancy; at labor, delivery, and birth; and during infancy and childhood;

(4) The change in healthy behaviors by pregnant women, such as the cessation of the use of tobacco, alcohol, illicit drugs, or other harmful practices, and any resulting or projected short-term and long-term decrease in birth defects; poor motor skills; vision, speech, and hearing problems; breathing and respiratory problems; feeding and digestive problems; and other physical, mental, educational, and behavioral problems; and

(5) The change in infant and maternal mortality, preterm births and low birth weight babies and any resulting or projected decrease in short-term and long-term medical and other interventions.

11. The show-me healthy babies program shall not be deemed an entitlement program, but instead shall be subject to a federal allotment or other federal appropriations and matching state appropriations.

12. Nothing in this section shall be construed as obligating the state to continue the show-me healthy babies program if the allotment or payments from the federal government end or are not sufficient for the program to operate, or if the general assembly does not appropriate funds for the program.

13. Nothing in this section shall be construed as expanding MO HealthNet or fulfilling a mandate imposed by the federal government on the state.

JOURNAL OF THE HOUSE

First Regular Session, 102nd GENERAL ASSEMBLY

FIFTIETH DAY, THURSDAY, APRIL 6, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

"Let us draw near with a true heart in full assurance of faith." (Hebrews 10:22)

O God of ancient days, who is pouring Your spirit into the hearts of people seeking to bring justice and peace to our world, may we, with open minds and receptive hearts, receive Your spirit and, with You, strive to make understanding of each other a reality in our day.

Give us grace to take to heart the dangers involved in our unhappy divisions and our unhallowed differences. Remove from us all that hurts our unity of spirit and all that hinders our forward march together. Rekindle in us the fire of Your redeeming love, strengthen us by Your power and draw us closer to one another.

To You and to our state, we consecrate the work to this day in the People's House.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the forty-ninth day was approved as printed.

House Amendment No. 1

AMEND House Committee Substitute for House Bill No. 88, Page 1, Section A, Line 3, by inserting after all of said section and line the following:

"331.020. **1.** Whenever in this chapter occurs the word "board", or "the board", such words shall be construed to mean the state board of chiropractic examiners.

2. For the purposes of this chapter the following terms mean:

(1) "Animal chiropractic", the examination and treatment of an animal through vertebral subluxation complex or spinal, joint, or musculoskeletal manipulation by an animal chiropractic practitioner. The term "animal chiropractic" shall not be construed to require supervision by a licensed veterinarian to practice or to allow the diagnosing of an animal; the performing of surgery; the dispensing, prescribing, or administering of medications, drugs, or biologics; or the performance of any other type of veterinary medicine when performed by an individual licensed by the state board of chiropractic examiners;

(2) "Animal chiropractic practitioner":

(a) A licensed veterinarian; or

(b) An individual who is licensed by the state board of chiropractic examiners to engage in the practice of chiropractic, as defined in section 331.010; who is certified by the AVCA or IVCA, as defined in section 340.200, or other equivalent certifying body; who has graduated from a certification course in animal chiropractic with not less than two hundred ten hours of instruction; and whose practice of animal chiropractic shall be regulated by the state board of chiropractic examiners.

331.060. 1. The board may refuse to issue any certificate of registration or authority, permit or license required pursuant to this chapter for one or any combination of causes stated in subsection 2 of this section. The board shall notify the applicant in writing of the reasons for the refusal and shall advise the applicant of his right to file a complaint with the administrative hearing commission as provided by chapter 621.

2. The board may cause a complaint to be filed with the administrative hearing commission as provided by chapter 621 against any holder of any certificate of registration or authority, permit or license required by this chapter or any person who has failed to renew or has surrendered his certificate of registration or authority, permit or license for any one or any combination of the following causes:

(1) Use of any controlled substance, as defined in chapter 195, or alcoholic beverage to an extent that such use impairs a person's ability to perform the work of any profession licensed or regulated by this chapter;

(2) The person has been finally adjudicated and found guilty, or entered a plea of guilty or nolo contendere, in a criminal prosecution under the laws of any state, of the United States, or of any country, for any offense directly related to the duties and responsibilities of the occupation, as set forth in section 324.012, regardless of whether or not sentence is imposed;

(3) Use of fraud, deception, misrepresentation or bribery in securing any certificate of registration or authority, permit or license issued pursuant to this chapter or in obtaining permission to take any examination given or required pursuant to this chapter;

(4) Obtaining or attempting to obtain any fee, charge, tuition or other compensation by fraud, deception or misrepresentation;

(5) Incompetency, misconduct, gross negligence, fraud, misrepresentation or dishonesty in the performance of the functions or duties of any profession licensed or regulated by this chapter;

(6) Violation of, or assisting or enabling any person to violate, any provision of this chapter, or of any lawful rule or regulation adopted pursuant to this chapter;

(7) Impersonation of any person holding a certificate of registration or authority, permit or license or allowing any person to use his or her certificate of registration or authority, permit, license or diploma from school;

(8) Disciplinary action against the holder of a license or other right to practice any profession regulated by this chapter granted by another state, territory, federal agency or country upon grounds for which revocation or suspension is authorized in this state;

(9) A person is finally adjudged insane or incompetent by a court of competent jurisdiction;

(10) Assisting or enabling any person to practice or offer to practice any profession licensed or regulated by this chapter who is not registered and currently eligible to practice under this chapter;

(11) Issuance of a certificate of registration or authority, permit or license based upon a material mistake of fact;

(12) Failure to display a valid certificate or license if so required by this chapter or any rule promulgated hereunder;

(13) Violation of any professional trust or confidence;

(14) Use of any advertisement or solicitation which is false, misleading or deceptive to the general public or persons to whom the advertisement or solicitation is primarily directed. False, misleading or deceptive advertisements or solicitations shall include, but not be limited to:

(a) Promises of cure, relief from pain or other physical or mental condition, or improved physical or mental health;

(b) Any self-laudatory statement;

(c) Any misleading or deceptive statement offering or promising a free service. Nothing herein shall be construed to make it unlawful to offer a service for no charge if the offer is announced as part of a full disclosure of routine fees including consultation fees;

(d) Any misleading or deceptive claims of patient cure, relief or improved condition; superiority in service, treatment or materials; new or improved service, treatment or material, or reduced costs or greater savings. Nothing herein shall be construed to make it unlawful to use any such claim if it is readily verifiable by existing documentation, data or other substantial evidence. Any claim which exceeds or exaggerates the scope of its supporting documentation, data or evidence is misleading or deceptive;

(e) Failure to use the term "chiropractor", "doctor of chiropractic", "chiropractic physician", or "D.C." in any advertisement, solicitation, sign, letterhead, or any other method of addressing the public;

(f) Attempting to attract patronage in any manner which castigates, impugns, disparages, discredits or attacks other healing arts and sciences or other chiropractic physicians;

(17) Fails to maintain a chiropractic office in a safe and sanitary condition;

(18) Engaging in unprofessional or improper conduct in the practice of chiropractic;

(19) Administering or prescribing any drug or medicine or attempting to practice medicine, surgery, or osteopathy within the meaning of chapter 334;

(20) **Engaging in the practice of animal chiropractic without a patient referral from a licensed veterinarian with a current veterinarian-client-patient relationship;**

(21) Being unable to practice as a chiropractic physician with reasonable skill and safety to patients because of one of the following: professional incompetency; illness, drunkenness, or excessive use of drugs, narcotics, or chemicals; any mental or physical condition. In enforcing this subdivision the board shall, after a hearing before the board, upon a finding of probable cause, require the chiropractor for the purpose of establishing his competency to practice as a chiropractic physician to submit to a reexamination, which shall be conducted in accordance with rules adopted for this purpose by the board, including rules to allow the examination of the chiropractic physician's professional competence by at least three chiropractic physicians, or to submit to a mental or physical examination or combination thereof by at least three physicians. One examiner shall be selected by the chiropractic physician compelled to take the examination, one selected by the board, and one shall be selected by the two examiners so selected. Notice of the physical or mental examination shall be given by personal service or certified mail. Failure of the chiropractic physician to submit to an examination when directed shall constitute an admission of the allegations against him, unless the failure was due to circumstances beyond his control. A chiropractic physician whose right to practice has been affected under this subdivision shall, at reasonable intervals, be afforded an opportunity to demonstrate that he can resume competent practice with reasonable skill and safety to patients.

(a) In any proceeding under this subdivision, neither the record of proceedings nor the orders entered by the board shall be used against a chiropractic physician in any other proceeding. Proceedings under this subdivision shall be conducted by the board without the filing of a complaint with the administrative hearing commission;

(b) When the board finds any person unqualified because of any of the grounds set forth in this subdivision, it may enter an order imposing one or more of the following: denying his application for a license; permanently withholding issuance of a license; administering a public or private reprimand; suspending or limiting or restricting his license to practice as a chiropractic physician for a period of not more than five years; revoking his license to practice as a chiropractic physician; requiring him to submit to the care, counseling or treatment of physicians designated by the chiropractic physician compelled to be treated. For the purpose of this subdivision, "license" includes the certificate of registration, or license, or both, issued by the board.

3. After the filing of such complaint, the proceedings shall be conducted in accordance with the provisions of chapter 621. Upon a finding by the administrative hearing commission that the grounds, provided in subsection 2 of this section, for disciplinary action are met, the board may, singly or in combination:

(1) Censure or place the person named in the complaint on probation on such terms and conditions as the board deems appropriate for a period not to exceed five years; or

(2) May suspend the license, certificate or permit for a period not to exceed three years; or

(3) Revoke the license, certificate or permit.

4. If at any time after disciplinary sanctions have been imposed under this section or under any provision of this chapter, the licensee removes himself from the state of Missouri, ceases to be currently licensed under the provisions of this chapter, or fails to keep the Missouri state board of chiropractic examiners advised of his current place of business and residence, the time of his absence, or unlicensed status, or unknown whereabouts shall not be deemed or taken as any part of the time of discipline so imposed."; and

JOURNAL OF THE HOUSE

First Regular Session, 102nd GENERAL ASSEMBLY

FIFTY-FIRST DAY, TUESDAY, APRIL 11, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Representative Travis Smith.

Oh God,

We thank You for this gathering of men and women today who seek to help those they serve. We ask that You would stretch out Your hand and have mercy upon us as elected officials, staff and all civil authorities. Help us keep our goals simple, birthing ideas or laws that will help keep our country safe, protect the weak, heal the broken, and encourage every person to their full potential. Give every leader a strong sense of their destiny, and remind them of their accountability not only to the ones they serve but always to You, Lord. Open our eyes to Your perspective for decision-making. May Your Word become truth and guide for all decisions, and may we look to You for the last word.

Please bless the Armed Forces and keep them safe. Let them know their bravery and honor is appreciated and our freedom cherished. Give courage and redemption to all who live and work in the State of Missouri and these great United States. Bless them, Lord, and keep them safe. Grant them hope and grant them peace. The grace which we embrace live, despite the pain and sorrow, is always a measure of all that has gone on before. Let us choose to live in joy.

And the House said, Amen!

The Pledge of Allegiance to the flag was recited.

The Journal of the fiftieth day was approved as corrected.

AMEND House Committee Substitute for House Bill No. 894, Page 1, Section A, Line 2, by inserting after all of said section and line the following:

"144.020. 1. A tax is hereby levied and imposed for the privilege of titling new and used motor vehicles, trailers, boats, and outboard motors purchased or acquired for use on the highways or waters of this state which are required to be titled under the laws of the state of Missouri and, except as provided in subdivision (9) of this subsection, upon all sellers for the privilege of engaging in the business of selling tangible personal property or rendering taxable service at retail in this state. The rate of tax shall be as follows:

(1) Upon every retail sale in this state of tangible personal property, excluding motor vehicles, trailers, motorcycles, mopeds, motortricycles, boats and outboard motors required to be titled under the laws of the state of Missouri and subject to tax under subdivision (9) of this subsection, a tax equivalent to four percent of the purchase price paid or charged, or in case such sale involves the exchange of property, a tax equivalent to four percent of the consideration paid or charged, including the fair market value of the property exchanged at the time and place of the exchange, except as otherwise provided in section 144.025;

(2) A tax equivalent to four percent of the amount paid for admission and seating accommodations, or fees paid to, or in any place of amusement, entertainment or recreation, games and athletic events, except amounts paid for any instructional class;

(3) A tax equivalent to four percent of the basic rate paid or charged on all sales of electricity or electrical current, water and gas, natural or artificial, to domestic, commercial or industrial consumers;

(4) (a) A tax equivalent to four percent on the basic rate paid or charged on all sales of local and long distance telecommunications service to telecommunications subscribers and to others through equipment of telecommunications subscribers for the transmission of messages and conversations and upon the sale, rental or leasing of all equipment or services pertaining or incidental thereto; except that, the payment made by telecommunications subscribers or others, pursuant to section 144.060, and any amounts paid for access to the internet or interactive computer services shall not be considered as amounts paid for telecommunications services;

(b) If local and long distance telecommunications services subject to tax under this subdivision are aggregated with and not separately stated from charges for telecommunications service or other services not subject to tax under this subdivision, including, but not limited to, interstate or international telecommunications services, then the charges for nontaxable services may be subject to taxation unless the telecommunications provider can identify by reasonable and verifiable standards such portion of the charges not subject to such tax from its books and records that are kept in the regular course of business, including, but not limited to, financial statement, general ledgers, invoice and billing systems and reports, and reports for regulatory tariffs and other regulatory matters;

(c) A telecommunications provider shall notify the director of revenue of its intention to utilize the standards described in paragraph (b) of this subdivision to determine the charges that are subject to sales tax under this subdivision. Such notification shall be in writing and shall meet standardized criteria established by the department regarding the form and format of such notice;

(d) The director of revenue may promulgate and enforce reasonable rules and regulations for the administration and enforcement of the provisions of this subdivision. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2019, shall be invalid and void;

(5) A tax equivalent to four percent of the basic rate paid or charged for all sales of services for transmission of messages of telegraph companies;

(6) A tax equivalent to four percent on the amount of sales or charges for all rooms, meals and drinks furnished at any hotel, motel, tavern, inn, restaurant, eating house, drugstore, dining car, tourist cabin, tourist camp or other place in which rooms, meals or drinks are regularly served to the public. The tax imposed under this subdivision shall not apply to any automatic mandatory gratuity for a large group imposed by a restaurant when such gratuity is reported as employee tip income and the restaurant withholds income tax under section 143.191 on such gratuity;

(7) A tax equivalent to four percent of the amount paid or charged for intrastate tickets by every person operating a railroad, sleeping car, dining car, express car, boat, airplane and such buses and trucks as are licensed by the division of motor carrier and railroad safety of the department of economic development of Missouri, engaged in the transportation of persons for hire;

(8) A tax equivalent to four percent of the amount paid or charged for rental or lease of tangible personal property, provided that if the lessor or renter of any tangible personal property had previously purchased the property under the conditions of sale at retail or leased or rented the property and the tax was paid at the time of purchase, lease or rental, the lessor, sublessor, renter or subrenter shall not apply or collect the tax on the subsequent lease, sublease, rental or subrental receipts from that property. The purchase, rental or lease of motor vehicles, trailers, motorcycles, mopeds, motortricycles, boats, and outboard motors shall be taxed and the tax paid as provided in this section and section 144.070. In no event shall the rental or lease of boats and outboard motors be considered a sale, charge, or fee to, for or in places of amusement, entertainment or recreation nor shall any such rental or lease be subject to any tax imposed to, for, or in such places of amusement, entertainment or recreation. Rental and leased boats or outboard motors shall be taxed under the provisions of the sales tax laws as provided under such laws for motor vehicles and trailers. Tangible personal property which is exempt from the sales or use tax under section 144.030 upon a sale thereof is likewise exempt from the sales or use tax upon the lease or rental thereof;

(9) A tax equivalent to four percent of the purchase price, as defined in section 144.070, of new and used motor vehicles, trailers, boats, and outboard motors purchased or acquired for use on the highways or waters of this state which are required to be registered under the laws of the state of Missouri. This tax is imposed on the person titling such property, and shall be paid according to the procedures in section **144.070 or** 144.440.

2. All tickets sold which are sold under the provisions of this chapter which are subject to the sales tax shall have printed, stamped or otherwise endorsed thereon, the words "This ticket is subject to a sales tax.".

144.070. 1. At the time the owner of any new or used motor vehicle, trailer, boat, or outboard motor which was acquired in a transaction subject to sales tax under the Missouri sales tax law makes application to the director of revenue for an official certificate of title and the registration of the motor vehicle, trailer, boat, or outboard motor as otherwise provided by law, the owner shall present to the director of revenue evidence satisfactory to the director of revenue showing the purchase price exclusive of any charge incident to the extension of credit paid by or charged

to the applicant in the acquisition of the motor vehicle, trailer, boat, or outboard motor, or that no sales tax was incurred in its acquisition, and if sales tax was incurred in its acquisition, the applicant shall pay or cause to be paid to the director of revenue the sales tax provided by the Missouri sales tax law in addition to the registration fees now or hereafter required according to law, and the director of revenue shall not issue a certificate of title for any new or used motor vehicle, trailer, boat, or outboard motor subject to sales tax as provided in the Missouri sales tax law until the tax levied for the sale of the same under sections 144.010 to 144.510 has been paid as provided in this section or is registered under the provisions of subsection 5 of this section.

2. As used in subsection 1 of this section, the term "purchase price" shall mean the total amount of the contract price agreed upon between the seller and the applicant in the acquisition of the motor vehicle, trailer, boat, or outboard motor, regardless of the medium of payment therefor.

3. In the event that the purchase price is unknown or undisclosed, or that the evidence thereof is not satisfactory to the director of revenue, the same shall be fixed by appraisement by the director.

4. The director of the department of revenue shall endorse upon the official certificate of title issued by the director upon such application an entry showing that such sales tax has been paid or that the motor vehicle, trailer, boat, or outboard motor represented by such certificate is exempt from sales tax and state the ground for such exemption.

5. Any person, company, or corporation engaged in the business of renting or leasing motor vehicles, trailers, boats, or outboard motors, which are to be used exclusively for rental or lease purposes, and not for resale, may apply to the director of revenue for authority to operate as a leasing or rental company and pay an annual fee of two hundred fifty dollars for such authority. Any company approved by the director of revenue may pay the tax due on any motor vehicle, trailer, boat, or outboard motor as required in section 144.020 at the time of registration thereof or in lieu thereof may pay a sales tax as provided in sections 144.010, 144.020, 144.070 and 144.440. A sales tax shall be charged to and paid by a leasing company which does not exercise the option of paying in accordance with section 144.020, on the amount charged for each rental or lease agreement while the motor vehicle, trailer, boat, or outboard motor is domiciled in this state. Any motor vehicle, trailer, boat, or outboard motor which is leased as the result of a contract executed in this state shall be presumed to be domiciled in this state.

6. Every applicant to be a registered fleet owner as described in subsections 6 to 10 of section 301.032 shall furnish with the application to operate as a registered fleet owner a corporate surety bond or irrevocable letter of credit, as defined in section 400.5-102, issued by any state or federal financial institution in the penal sum of one hundred thousand dollars, on a form approved by the department. The bond or irrevocable letter of credit shall be conditioned upon the registered fleet owner complying with the provisions of any statutes applicable to registered fleet owners, and the bond shall be an indemnity for any loss sustained by reason of the acts of the person bonded when such acts constitute grounds for the suspension or revocation of the registered fleet owner license. The bond shall be executed in the name of the state of Missouri for the benefit of all aggrieved parties or the irrevocable letter of credit shall name the state of Missouri as the beneficiary; except that, the aggregate liability of the surety or financial institution to the aggrieved parties shall, in no event, exceed the amount of the bond or irrevocable letter of credit. The proceeds of the bond or irrevocable letter of credit shall be paid upon receipt by the department of a final judgment from a Missouri court of competent jurisdiction against the principal and in favor of an aggrieved party.

7. Any corporation may have one or more of its divisions separately apply to the director of revenue for authorization to operate as a leasing company, provided that the corporation:

(1) Has filed a written consent with the director authorizing any of its divisions to apply for such authority;

(2) Is authorized to do business in Missouri;

(3) Has agreed to treat any sale of a motor vehicle, trailer, boat, or outboard motor from one of its divisions to another of its divisions as a sale at retail;

(4) Has registered under the fictitious name provisions of sections 417.200 to 417.230 each of its divisions doing business in Missouri as a leasing company; and

(5) Operates each of its divisions on a basis separate from each of its other divisions. However, when the transfer of a motor vehicle, trailer, boat or outboard motor occurs within a corporation which holds a license to operate as a motor vehicle or boat dealer pursuant to sections 301.550 to 301.573 the provisions in subdivision (3) of this subsection shall not apply.

8. If the owner of any motor vehicle, trailer, boat, or outboard motor desires to charge and collect sales tax as provided in this section, the owner shall make application to the director of revenue for a permit to operate as a motor vehicle, trailer, boat, or outboard motor leasing company. The director of revenue shall promulgate rules and regulations determining the qualifications of such a company, and the method of collection and reporting of sales tax charged and collected. Such regulations shall apply only to owners of motor vehicles, trailers, boats, or outboard motors, electing to qualify as motor vehicle, trailer, boat, or outboard motor leasing companies under the provisions

of subsection 5 of this section, and no motor vehicle renting or leasing, trailer renting or leasing, or boat or outboard motor renting or leasing company can come under sections 144.010, 144.020, 144.070 and 144.440 unless all motor vehicles, trailers, boats, and outboard motors held for renting and leasing are included.

9. Any person, company, or corporation engaged in the business of renting or leasing three thousand five hundred or more motor vehicles which are to be used exclusively for rental or leasing purposes and not for resale, and that has applied to the director of revenue for authority to operate as a leasing company may also operate as a registered fleet owner as prescribed in section 301.032.

10. Beginning July 1, 2010, any motor vehicle dealer licensed under section 301.560 engaged in the business of selling motor vehicles or trailers **[**~~may~~**] shall** apply to the director of revenue for authority to collect and remit the sales tax required under this section on all motor vehicles sold by the motor vehicle dealer. A motor vehicle dealer receiving authority to collect and remit the tax is subject to all provisions under sections 144.010 to 144.525. Any motor vehicle dealer authorized to collect and remit sales taxes on motor vehicles under this subsection shall be entitled to deduct and retain an amount equal to two percent of the motor vehicle sales tax pursuant to section 144.140. Any amount of the tax collected under this subsection that is retained by a motor vehicle dealer pursuant to section 144.140 shall not constitute state revenue. In no event shall revenues from the general revenue fund or any other state fund be utilized to compensate motor vehicle dealers for their role in collecting and remitting sales taxes on motor vehicles. In the event this subsection or any portion thereof is held to violate Article IV, Section 30(b) of the Missouri Constitution, no motor vehicle dealer shall be authorized to collect and remit sales taxes on motor vehicles under this section. No motor vehicle dealer shall seek compensation from the state of Missouri or its agencies if a court of competent jurisdiction declares that the retention of two percent of the motor vehicle sales tax is unconstitutional and orders the return of such revenues.

11. (1) Every motor vehicle dealer licensed under section 301.560, as soon as technologically possible following the development and maintenance of a modernized, integrated system for the titling of vehicles, issuance and renewal of vehicle registrations, issuance and renewal of driver's licenses and identification cards, and perfection and release of liens and encumbrances on vehicles, to be funded by the Motor Vehicle Administration Technology Fund as created in section 301.558, shall collect and remit the sales tax required under this section on all motor vehicles that such dealer sells. In collecting and remitting this sales tax, motor vehicle dealers shall be subject to all applicable provisions under sections 144.010 to 144.527.

(2) The director of revenue may promulgate all necessary rules and regulations for the administration of this subsection. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this subsection shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This subsection and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2023, shall be invalid and void."; and

(2) An action brought pursuant to this subsection shall be brought within thirty years of the individual injured attaining the age of twenty-one or of the date the treatment of the injury at issue in the action by the defendant has ceased, whichever is later.

(3) An individual bringing an action under this subsection shall be entitled to a rebuttable presumption that the individual was harmed following the prescription or administration of cross-sex hormones or puberty-blocking drugs and that the harm was a direct result of the hormones or drugs prescribed or administered by the health care provider. Such presumption may be rebutted only by clear and convincing evidence.

(4) In any action brought pursuant to this subsection, a plaintiff may recover economic and noneconomic damages and punitive damages, without limitation to the amount and no less than five hundred thousand dollars in the aggregate. The judgment against a defendant in an action brought pursuant to this

(7) A plaintiff to an action brought under this subsection may enter into a voluntary agreement of settlement or compromise of the action, but no agreement shall be valid until approved by the court. No agreement allowed by the court shall include a provision regarding the nondisclosure or confidentiality of the terms of such agreement unless such provision was specifically requested and agreed to by the plaintiff.

(8) If requested by the plaintiff, any pleadings, attachments, or exhibits filed with the court in any action brought pursuant to this subsection, as well as any judgments issued by the court in such actions, shall not include the personal identifying information of the plaintiff. Such information shall be provided in a confidential information filing sheet contemporaneously filed with the court or entered by the court, which shall not be subject to public inspection or availability.

8. The provisions of this section shall not apply to the following:

(2) Services provided when a health care provider has otherwise diagnosed an individual with a disorder of sex development and determined through genetic or biochemical testing that the individual does not have normal sex chromosome structure, sex steroid hormone production, or sex steroid hormone action;

(3) The treatment of any infection, injury, disease, or disorder that has been caused by or exacerbated by the performance of gender transition surgery or the prescription or administration of cross-sex hormones or puberty-blocking drugs regardless of whether the surgery was performed or the hormones or drugs were prescribed or administered in accordance with state and federal law; or

(4) Any procedure by a health care provider, other than a gender transition surgery or the prescribing or administering of cross-sex hormones or puberty-blocking drugs for the purpose of a gender transition, undertaken because the individual suffers from a physical disorder, physical injury, or physical illness that would, as certified by a health care provider, place the individual in imminent danger of death or impairment of a major bodily function unless surgery is performed."; and

Further amend said bill, Pages 5-6, Section 191.1745, Lines 1-42, by deleting all of said section and lines and inserting in lieu thereof the following:

"208.152. 1. MO HealthNet payments shall be made on behalf of those eligible needy persons as described in section 208.151 who are unable to provide for it in whole or in part, with any payments to be made on the basis of the reasonable cost of the care or reasonable charge for the services as defined and determined by the MO HealthNet division, unless otherwise hereinafter provided, for the following:

(1) Inpatient hospital services, except to persons in an institution for mental diseases who are under the age of sixty-five years and over the age of twenty-one years; provided that the MO HealthNet division shall provide through rule and regulation an exception process for coverage of inpatient costs in those cases requiring treatment beyond the seventy-fifth percentile professional activities study (PAS) or the MO HealthNet children's diagnosis length-of-stay schedule; and provided further that the MO HealthNet division shall take into account through its payment system for hospital services the situation of hospitals which serve a disproportionate number of low-income patients;

(2) All outpatient hospital services, payments therefor to be in amounts which represent no more than eighty percent of the lesser of reasonable costs or customary charges for such services, determined in accordance with the principles set forth in Title XVIII A and B, Public Law 89-97, 1965 amendments to the federal Social Security Act (42 U.S.C. Section 301, et seq.), but the MO HealthNet division may evaluate outpatient hospital services rendered under this section and deny payment for services which are determined by the MO HealthNet division not to be medically necessary, in accordance with federal law and regulations;

(3) Laboratory and X-ray services;

(4) Nursing home services for participants, except to persons with more than five hundred thousand dollars equity in their home or except for persons in an institution for mental diseases who are under the age of sixty-five years, when residing in a hospital licensed by the department of health and senior services or a nursing home licensed by the department of health and senior services or appropriate licensing authority of other states or government-owned and -operated institutions which are determined to conform to standards equivalent to licensing requirements in Title XIX of the federal Social Security Act (42 U.S.C. Section 301, et seq.), as amended, for nursing facilities. The MO HealthNet division may recognize through its payment methodology for nursing facilities those nursing facilities which serve a high volume of MO HealthNet patients. The MO HealthNet division when determining the amount of the benefit payments to be made on behalf of persons under the age of twenty-one in a nursing facility may consider nursing facilities furnishing care to persons under the age of twenty-one as a classification separate from other nursing facilities;

(5) Nursing home costs for participants receiving benefit payments under subdivision (4) of this subsection for those days, which shall not exceed twelve per any period of six consecutive months, during which the participant is on a temporary leave of absence from the hospital or nursing home, provided that no such participant shall be allowed a temporary leave of absence unless it is specifically provided for in his plan of care. As used in this subdivision, the term "temporary leave of absence" shall include all periods of time during which a participant is away from the hospital or nursing home overnight because he is visiting a friend or relative;

(6) Physicians' services, whether furnished in the office, home, hospital, nursing home, or elsewhere;

(7) Subject to appropriation, up to twenty visits per year for services limited to examinations, diagnoses, adjustments, and manipulations and treatments of malpositioned articulations and structures of the body provided by licensed chiropractic physicians practicing within their scope of practice. Nothing in this subdivision shall be interpreted to otherwise expand MO HealthNet services;

(8) Drugs and medicines when prescribed by a licensed physician, dentist, podiatrist, or an advanced practice registered nurse; except that no payment for drugs and medicines prescribed on and after January 1, 2006, by a licensed physician, dentist, podiatrist, or an advanced practice registered nurse may be made on behalf of any person who qualifies for prescription drug coverage under the provisions of P.L. 108-173;

(9) Emergency ambulance services and, effective January 1, 1990, medically necessary transportation to scheduled, physician-prescribed nonelective treatments;

(10) Early and periodic screening and diagnosis of individuals who are under the age of twenty-one to ascertain their physical or mental defects, and health care, treatment, and other measures to correct or ameliorate defects and chronic conditions discovered thereby. Such services shall be provided in accordance with the provisions of Section 6403 of P.L. 101-239 and federal regulations promulgated thereunder;

(11) Home health care services;

(12) Family planning as defined by federal rules and regulations; provided, however, that such family planning services shall not include abortions or any abortifacient drug or device that is used for the purpose of inducing an abortion unless such abortions are certified in writing by a physician to the MO HealthNet agency that, in the physician's professional judgment, the life of the mother would be endangered if the fetus were carried to term;

(13) Inpatient psychiatric hospital services for individuals under age twenty-one as defined in Title XIX of the federal Social Security Act (42 U.S.C. Section 1396d, et seq.);

(14) Outpatient surgical procedures, including presurgical diagnostic services performed in ambulatory surgical facilities which are licensed by the department of health and senior services of the state of Missouri; except, that such outpatient surgical services shall not include persons who are eligible for coverage under Part B of Title XVIII, Public Law 89-97, 1965 amendments to the federal Social Security Act, as amended, if exclusion of such persons is permitted under Title XIX, Public Law 89-97, 1965 amendments to the federal Social Security Act, as amended;

(15) Personal care services which are medically oriented tasks having to do with a person's physical requirements, as opposed to housekeeping requirements, which enable a person to be treated by his or her physician on an outpatient rather than on an inpatient or residential basis in a hospital, intermediate care facility, or skilled nursing facility. Personal care services shall be rendered by an individual not a member of the participant's family who is qualified to provide such services where the services are prescribed by a physician in accordance with a plan of treatment and are supervised by a licensed nurse. Persons eligible to receive personal care services shall be those persons who would otherwise require placement in a hospital, intermediate care facility, or skilled nursing facility. Benefits payable for personal care services shall not exceed for any one participant one hundred percent of the average statewide charge for care and treatment in an intermediate care facility for a comparable period of time.

Such services, when delivered in a residential care facility or assisted living facility licensed under chapter 198 shall be authorized on a tier level based on the services the resident requires and the frequency of the services. A resident of such facility who qualifies for assistance under section 208.030 shall, at a minimum, if prescribed by a physician, qualify for the tier level with the fewest services. The rate paid to providers for each tier of service shall be set subject to appropriations. Subject to appropriations, each resident of such facility who qualifies for assistance under section 208.030 and meets the level of care required in this section shall, at a minimum, if prescribed by a physician, be authorized up to one hour of personal care services per day. Authorized units of personal care services shall not be reduced or tier level lowered unless an order approving such reduction or lowering is obtained from the resident's personal physician. Such authorized units of personal care services or tier level shall be transferred with such resident if he or she transfers to another such facility. Such provision shall terminate upon receipt of relevant waivers from the federal Department of Health and Human Services. If the Centers for Medicare and Medicaid Services determines that such provision does not comply with the state plan, this provision shall be null and void. The MO HealthNet division shall notify the revisor of statutes as to whether the relevant waivers are approved or a determination of noncompliance is made;

(16) Mental health services. The state plan for providing medical assistance under Title XIX of the Social Security Act, 42 U.S.C. Section 301, as amended, shall include the following mental health services when such services are provided by community mental health facilities operated by the department of mental health or designated by the department of mental health as a community mental health facility or as an alcohol and drug abuse facility or as a child-serving agency within the comprehensive children's mental health service system established in section 630.097. The department of mental health shall establish by administrative rule the definition and criteria for designation as a community mental health facility and for designation as an alcohol and drug abuse facility. Such mental health services shall include:

(a) Outpatient mental health services including preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management;

(b) Clinic mental health services including preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management;

(c) Rehabilitative mental health and alcohol and drug abuse services including home and community-based preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health or alcohol and drug abuse professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management. As used in this section, mental health professional and alcohol and drug abuse professional shall be defined by the department of mental health pursuant to duly promulgated rules. With respect to services established by this subdivision, the department of social services, MO HealthNet division, shall enter into an agreement with the department of mental health. Matching funds for outpatient mental health services, clinic mental health services, and rehabilitation services for mental health and alcohol and drug abuse shall be certified by the department of mental health to the MO HealthNet division. The agreement shall establish a mechanism for the joint implementation of the provisions of this subdivision. In addition, the agreement shall establish a mechanism by which rates for services may be jointly developed;

(17) Such additional services as defined by the MO HealthNet division to be furnished under waivers of federal statutory requirements as provided for and authorized by the federal Social Security Act (42 U.S.C. Section 301, et seq.) subject to appropriation by the general assembly;

(18) The services of an advanced practice registered nurse with a collaborative practice agreement to the extent that such services are provided in accordance with chapters 334 and 335, and regulations promulgated thereunder;

(19) Nursing home costs for participants receiving benefit payments under subdivision (4) of this subsection to reserve a bed for the participant in the nursing home during the time that the participant is absent due to admission to a hospital for services which cannot be performed on an outpatient basis, subject to the provisions of this subdivision:

(a) The provisions of this subdivision shall apply only if:

a. The occupancy rate of the nursing home is at or above ninety-seven percent of MO HealthNet certified licensed beds, according to the most recent quarterly census provided to the department of health and senior services which was taken prior to when the participant is admitted to the hospital; and

b. The patient is admitted to a hospital for a medical condition with an anticipated stay of three days or less;

(b) The payment to be made under this subdivision shall be provided for a maximum of three days per hospital stay;

(c) For each day that nursing home costs are paid on behalf of a participant under this subdivision during any period of six consecutive months such participant shall, during the same period of six consecutive months, be ineligible for payment of nursing home costs of two otherwise available temporary leave of absence days provided under subdivision (5) of this subsection; and

(d) The provisions of this subdivision shall not apply unless the nursing home receives notice from the participant or the participant's responsible party that the participant intends to return to the nursing home following the hospital stay. If the nursing home receives such notification and all other provisions of this subsection have been satisfied, the nursing home shall provide notice to the participant or the participant's responsible party prior to release of the reserved bed;

(20) Prescribed medically necessary durable medical equipment. An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

(21) Hospice care. As used in this subdivision, the term "hospice care" means a coordinated program of active professional medical attention within a home, outpatient and inpatient care which treats the terminally ill patient and family as a unit, employing a medically directed interdisciplinary team. The program provides relief of severe pain or other physical symptoms and supportive care to meet the special needs arising out of physical, psychological, spiritual, social, and economic stresses which are experienced during the final stages of illness, and during dying and bereavement and meets the Medicare requirements for participation as a hospice as are provided in 42 CFR Part 418. The rate of reimbursement paid by the MO HealthNet division to the hospice provider for room and board furnished by a nursing home to an eligible hospice patient shall not be less than ninety-five percent of the rate of reimbursement which would have been paid for facility services in that nursing home facility for that patient, in accordance with subsection (c) of Section 6408 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989);

(22) Prescribed medically necessary dental services. Such services shall be subject to appropriations. An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

(23) Prescribed medically necessary optometric services. Such services shall be subject to appropriations. An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

(24) Blood clotting products-related services. For persons diagnosed with a bleeding disorder, as defined in section 338.400, reliant on blood clotting products, as defined in section 338.400, such services include:

(a) Home delivery of blood clotting products and ancillary infusion equipment and supplies, including the emergency deliveries of the product when medically necessary;

(b) Medically necessary ancillary infusion equipment and supplies required to administer the blood clotting products; and

(c) Assessments conducted in the participant's home by a pharmacist, nurse, or local home health care agency trained in bleeding disorders when deemed necessary by the participant's treating physician;

(25) The MO HealthNet division shall, by January 1, 2008, and annually thereafter, report the status of MO HealthNet provider reimbursement rates as compared to one hundred percent of the Medicare reimbursement rates and compared to the average dental reimbursement rates paid by third-party payors licensed by the state. The MO HealthNet division shall, by July 1, 2008, provide to the general assembly a four-year plan to achieve parity with Medicare reimbursement rates and for third-party payor average dental reimbursement rates. Such plan shall be subject to appropriation and the division shall include in its annual budget request to the governor the necessary funding needed to complete the four-year plan developed under this subdivision.

2. Additional benefit payments for medical assistance shall be made on behalf of those eligible needy children, pregnant women and blind persons with any payments to be made on the basis of the reasonable cost of the care or reasonable charge for the services as defined and determined by the MO HealthNet division, unless otherwise hereinafter provided, for the following:

(1) Dental services;

(2) Services of podiatrists as defined in section 330.010;

(3) Optometric services as described in section 336.010;

(4) Orthopedic devices or other prosthetics, including eye glasses, dentures, hearing aids, and wheelchairs;

(5) Hospice care. As used in this subdivision, the term "hospice care" means a coordinated program of active professional medical attention within a home, outpatient and inpatient care which treats the terminally ill patient and family as a unit, employing a medically directed interdisciplinary team. The program provides relief of severe pain or other physical symptoms and supportive care to meet the special needs arising out of physical, psychological, spiritual, social, and economic stresses which are experienced during the final stages of illness, and during dying and bereavement and meets the Medicare requirements for participation as a hospice as are provided in 42 CFR Part 418. The rate of reimbursement paid by the MO HealthNet division to the hospice provider for room and board furnished by a nursing home to an eligible hospice patient shall not be less than ninety-five percent of the rate of reimbursement which would have been paid for facility services in that nursing home facility for that patient, in accordance with subsection (c) of Section 6408 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989);

(6) Comprehensive day rehabilitation services beginning early posttrauma as part of a coordinated system of care for individuals with disabling impairments. Rehabilitation services must be based on an individualized, goal-oriented, comprehensive and coordinated treatment plan developed, implemented, and monitored through an interdisciplinary assessment designed to restore an individual to optimal level of physical, cognitive, and behavioral function. The MO HealthNet division shall establish by administrative rule the definition and criteria for designation of a comprehensive day rehabilitation service facility, benefit limitations and payment mechanism. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this subdivision shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2005, shall be invalid and void.

3. The MO HealthNet division may require any participant receiving MO HealthNet benefits to pay part of the charge or cost until July 1, 2008, and an additional payment after July 1, 2008, as defined by rule duly promulgated by the MO HealthNet division, for all covered services except for those services covered under subdivisions (15) and (16) of subsection 1 of this section and sections 208.631 to 208.657 to the extent and in the manner authorized by Title XIX of the federal Social Security Act (42 U.S.C. Section 1396, et seq.) and regulations thereunder. When substitution of a generic drug is permitted by the prescriber according to section 338.056, and a generic drug is substituted for a name-brand drug, the MO HealthNet division may not lower or delete the requirement to make a co-payment pursuant to regulations of Title XIX of the federal Social Security Act. A provider of goods or services described under this section must collect from all participants the additional payment that may be required by the MO HealthNet division under authority granted herein, if the division exercises that authority, to remain eligible as a provider. Any payments made by participants under this section shall be in addition to and not in lieu of payments made by the state for goods or services described herein except the participant portion of the pharmacy professional dispensing fee shall be in addition to and not in lieu of payments to pharmacists. A provider may collect the co-payment at the time a service is provided or at a later date. A provider shall not refuse to provide a service if a participant is unable to pay a required payment. If it is the routine business practice of a provider to terminate future services to an individual with an unclaimed debt, the provider may include uncollected co-payments under this practice. Providers who elect not to undertake the provision of services based on a history of bad debt shall give participants advance notice and a reasonable opportunity for payment. A provider, representative, employee, independent contractor, or agent of a pharmaceutical manufacturer shall not make co-payment for a participant. This subsection shall not apply to other qualified children, pregnant women, or blind persons. If the Centers for Medicare and Medicaid Services does not approve the MO HealthNet state plan amendment submitted by the department of social services that would allow a provider to deny future services to an individual with uncollected co-payments, the denial of services shall not be allowed. The department of social services shall inform providers regarding the acceptability of denying services as the result of unpaid co-payments.

4. The MO HealthNet division shall have the right to collect medication samples from participants in order to maintain program integrity.

5. Reimbursement for obstetrical and pediatric services under subdivision (6) of subsection 1 of this section shall be timely and sufficient to enlist enough health care providers so that care and services are available under the state plan for MO HealthNet benefits at least to the extent that such care and services are available to the general population in the geographic area, as required under subparagraph (a)(30)(A) of 42 U.S.C. Section 1396a and federal regulations promulgated thereunder.

6. Beginning July 1, 1990, reimbursement for services rendered in federally funded health centers shall be in accordance with the provisions of subsection 6402(c) and Section 6404 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989) and federal regulations promulgated thereunder.

7. Beginning July 1, 1990, the department of social services shall provide notification and referral of children below age five, and pregnant, breast-feeding, or postpartum women who are determined to be eligible for MO HealthNet benefits under section 208.151 to the special supplemental food programs for women, infants and children administered by the department of health and senior services. Such notification and referral shall conform to the requirements of Section 6406 of P.L. 101-239 and regulations promulgated thereunder.

8. Providers of long-term care services shall be reimbursed for their costs in accordance with the provisions of Section 1902 (a)(13)(A) of the Social Security Act, 42 U.S.C. Section 1396a, as amended, and regulations promulgated thereunder.

9. Reimbursement rates to long-term care providers with respect to a total change in ownership, at arm's length, for any facility previously licensed and certified for participation in the MO HealthNet program shall not increase payments in excess of the increase that would result from the application of Section 1902 (a)(13)(C) of the Social Security Act, 42 U.S.C. Section 1396a (a)(13)(C).

10. The MO HealthNet division may enroll qualified residential care facilities and assisted living facilities, as defined in chapter 198, as MO HealthNet personal care providers.

11. Any income earned by individuals eligible for certified extended employment at a sheltered workshop under chapter 178 shall not be considered as income for purposes of determining eligibility under this section.

12. If the Missouri Medicaid audit and compliance unit changes any interpretation or application of the requirements for reimbursement for MO HealthNet services from the interpretation or application that has been applied previously by the state in any audit of a MO HealthNet provider, the Missouri Medicaid audit and compliance unit shall notify all affected MO HealthNet providers five business days before such change shall take effect. Failure of the Missouri Medicaid audit and compliance unit to notify a provider of such change shall entitle the provider to continue to receive and retain reimbursement until such notification is provided and shall waive any liability of such provider for recoupment or other loss of any payments previously made prior to the five business days after such notice has been sent. Each provider shall provide the Missouri Medicaid audit and compliance unit a valid email address and shall agree to receive communications electronically. The notification required under this section shall be delivered in writing by the United States Postal Service or electronic mail to each provider.

13. Nothing in this section shall be construed to abrogate or limit the department's statutory requirement to promulgate rules under chapter 536.

14. Beginning July 1, 2016, and subject to appropriations, providers of behavioral, social, and psychophysiological services for the prevention, treatment, or management of physical health problems shall be reimbursed utilizing the behavior assessment and intervention reimbursement codes 96150 to 96154 or their successor codes under the Current Procedural Terminology (CPT) coding system. Providers eligible for such reimbursement shall include psychologists.

15. There shall be no payments made under this section for gender transition surgeries, cross-sex hormones, or puberty-blocking drugs, as such terms are defined in section 191.1720, for the purpose of a gender transition.

217.230. The director shall arrange for necessary health care services for offenders confined in correctional centers**, which shall not include any gender transition surgery, as defined in section 191.1720**.

221.120. 1. If any prisoner confined in the county jail is sick and in the judgment of the jailer, requires the attention of a physician, dental care, or medicine, the jailer shall procure the necessary medicine, dental care or medical attention necessary or proper to maintain the health of the prisoner**; provided, that this shall not include any gender transition surgery, as defined in section 191.1720**. The costs of such medicine, dental care, or medical attention shall be paid by the prisoner through any health insurance policy as defined in subsection 3 of this section, from which the prisoner is eligible to receive benefits. If the prisoner is not eligible for such health insurance benefits then the prisoner shall be liable for the payment of such medical attention, dental care, or medicine, and the assets of such prisoner may be subject to levy and execution under court order to satisfy such expenses in accordance with the provisions of section 221.070, and any other applicable law. The county commission of the county may at times authorize payment of certain medical costs that the county commission determines to be necessary and reasonable. As used in this section, the term "medical costs" includes the actual costs of medicine, dental care or other medical attention and necessary costs associated with such medical care such as transportation, guards and inpatient care.

2. The county commission may, in their discretion, employ a physician by the year, to attend such prisoners, and make such reasonable charge for his service and medicine, when required, to be taxed and collected as provided by law.

3. As used in this section, the following terms mean:

(1) "Assets", property, tangible or intangible, real or personal, belonging to or due a prisoner or a former prisoner, including income or payments to such prisoner from Social Security, workers' compensation, veterans' compensation, pension benefits, previously earned salary or wages, bonuses, annuities, retirement benefits, compensation paid to the prisoner per work or services performed while a prisoner or from any other source whatsoever, including any of the following:

(5) It is the policy of the state to ensure that a child shall not be separated from the child's parents against the child's will except if competent authorities subject to judicial review determine, in accordance with applicable law and procedures, that the separation is necessary for the best interests of the child. Such determination may be necessary in a case involving abuse or neglect of the child by the parents or if the parents are living separately and a decision will be made as to the child's place of residence;

(6) It is the policy of the state to combat the illicit transfer and nonreturn of a child;

The sheriff shall conduct an inquiry of the National Instant Criminal Background Check System within three working days after submission of the properly completed application for a concealed carry permit. If no disqualifying record is identified by these checks at the state level, the fingerprints shall be forwarded to the Federal Bureau of Investigation for a national criminal history record check. Upon receipt of the completed report from the National Instant Criminal Background Check System and the response from the Federal Bureau of Investigation national criminal history record check, the sheriff shall examine the results and, if no disqualifying information is identified, shall issue a concealed carry permit within three working days.

(2) In the event the report from the National Instant Criminal Background Check System and the response from the Federal Bureau of Investigation national criminal history record check prescribed by subdivision (1) of this subsection are not completed within forty-five calendar days and no disqualifying information concerning the applicant has otherwise come to the sheriff's attention, the sheriff shall issue a provisional permit, clearly designated

on the certificate as such, which the applicant shall sign in the presence of the sheriff or the sheriff's designee. This permit, when carried with a valid Missouri driver's or nondriver's license or a valid military identification, shall permit the applicant to exercise the same rights in accordance with the same conditions as pertain to a concealed carry permit issued under this section, provided that it shall not serve as an alternative to an national instant criminal background check required by 18 U.S.C. Section 922(t). The provisional permit shall remain valid until such time as the sheriff either issues or denies the certificate of qualification under subsection 6 or 7 of this section. The sheriff shall revoke a provisional permit issued under this subsection within twenty-four hours of receipt of any report that identifies a disqualifying record, and shall notify the concealed carry permit system established under subsection 5 of section 650.350. The revocation of a provisional permit issued under this section shall be proscribed in a manner consistent to the denial and review of an application under subsection 6 of this section.

6. The sheriff may refuse to approve an application for a concealed carry permit if he or she determines that any of the requirements specified in subsection 2 of this section have not been met, or if he or she has a substantial and demonstrable reason to believe that the applicant has rendered a false statement regarding any of the provisions of sections 571.101 to 571.121. If the applicant is found to be ineligible, the sheriff is required to deny the application, and notify the applicant in writing, stating the grounds for denial and informing the applicant of the right to submit, within thirty days, any additional documentation relating to the grounds of the denial. Upon receiving any additional documentation, the sheriff shall reconsider his or her decision and inform the applicant within thirty days of the result of the reconsideration. The applicant shall further be informed in writing of the right to appeal the denial pursuant to subsections 2, 3, 4, and 5 of section 571.114. After two additional reviews and denials by the sheriff, the person submitting the application shall appeal the denial pursuant to subsections 2, 3, 4, and 5 of section 571.114.

7. If the application is approved, the sheriff shall issue a concealed carry permit to the applicant within a period not to exceed three working days after his or her approval of the application. The applicant shall sign the concealed carry permit in the presence of the sheriff or his or her designee.

8. The concealed carry permit shall specify only the following information:

(1) Name, address, date of birth, gender, height, weight, color of hair, color of eyes, and signature of the permit holder;

(2) The signature of the sheriff issuing the permit;

(3) The date of issuance; and

(4) The expiration date.

The permit shall be no larger than two and one-eighth inches wide by three and three-eighths inches long and shall be of a uniform style prescribed by the department of public safety. The permit shall also be assigned a concealed carry permit system county code and shall be stored in sequential number.

9. (1) The sheriff shall keep a record of all applications for a concealed carry permit or a provisional permit and his or her action thereon. Any record of an application that is incomplete or denied for any reason shall be kept for a period not to exceed one year. Any record of an application that was approved shall be kept for a period of one year after the expiration and nonrenewal of the permit.

(2) The sheriff shall report the issuance of a concealed carry permit or provisional permit to the concealed carry permit system. All information on any such permit that is protected information on any driver's or nondriver's license shall have the same personal protection for purposes of sections 571.101 to 571.121. An applicant's status as a holder of a concealed carry permit, provisional permit, or a concealed carry endorsement issued prior to August 28, 2013, shall not be public information and shall be considered personal protected information. Information retained in the concealed carry permit system under this subsection shall not be distributed to any federal, state, or private entities and shall only be made available for a single entry query of an individual in the event the individual is a subject of interest in an active criminal investigation or is arrested for a crime. A sheriff may access the concealed carry permit system for administrative purposes to issue a permit, verify the accuracy of permit holder information, change the name or address of a permit holder, suspend or revoke a permit, cancel an expired permit, or cancel a permit upon receipt of a certified death certificate for the permit holder. Any person who violates the provisions of this subdivision by disclosing protected information shall be guilty of a class A misdemeanor.

10. Information regarding any holder of a concealed carry permit, or a concealed carry endorsement issued prior to August 28, 2013, is a closed record. No bulk download or batch data shall be distributed to any federal, state, or private entity, except to MoSMART or a designee thereof. Any state agency that has retained any documents or records, including fingerprint records provided by an applicant for a concealed carry endorsement prior to August 28, 2013, shall destroy such documents or records, upon successful issuance of a permit.

11. For processing an application for a concealed carry permit pursuant to sections 571.101 to 571.121, the sheriff in each county shall charge a nonrefundable fee not to exceed one hundred dollars which shall be paid to the treasury of the county to the credit of the sheriff's revolving fund. This fee shall include the cost to reimburse the Missouri state highway patrol for the costs of fingerprinting and criminal background checks. An additional fee shall be added to each credit card, debit card, or other electronic transaction equal to the charge paid by the state or the applicant for the use of the credit card, debit card, or other electronic payment method by the applicant.

12. For processing a renewal for a concealed carry permit pursuant to sections 571.101 to 571.121, the sheriff in each county shall charge a nonrefundable fee not to exceed fifty dollars which shall be paid to the treasury of the county to the credit of the sheriff's revolving fund.

13. For the purposes of sections 571.101 to 571.121, the term "sheriff" shall include the sheriff of any county or city not within a county or his or her designee and in counties of the first classification the sheriff may designate the chief of police of any city, town, or municipality within such county.

14. For the purposes of this chapter, "concealed carry permit" shall include any concealed carry endorsement issued by the department of revenue before January 1, 2014, and any concealed carry document issued by any sheriff or under the authority of any sheriff after December 31, 2013.

571.117. 1. Any person who has knowledge that another person, who was issued a concealed carry permit pursuant to sections 571.101 to 571.121, or concealed carry endorsement prior to August 28, 2013, never was or no longer is eligible for such permit or endorsement under the criteria established in sections 571.101 to 571.121 may file a petition with the clerk of the small claims court to revoke that person's concealed carry permit or endorsement. _____, PLAINTIFF

2. If at the hearing the plaintiff shows that the defendant was not eligible for the Missouri lifetime or extended concealed carry permit issued under sections 571.205 to 571.230 at the time of issuance or renewal or is no longer eligible for a Missouri lifetime or extended concealed carry permit the court shall issue an appropriate order to cause the revocation of the Missouri lifetime or extended concealed carry permit. Costs shall not be assessed against the sheriff.

3. The finder of fact, in any action brought against a permit holder under subsection 1 of this section, shall make findings of fact and the court shall make conclusions of law addressing the issues at dispute. If it is determined that the plaintiff in such an action acted without justification or with malice or primarily with an intent to harass the permit holder or that there was no reasonable basis to bring the action, the court shall order the plaintiff to pay the defendant/respondent all reasonable costs incurred in defending the action including, but not limited to, attorney's fees, deposition costs, and lost wages. Once the court determines that the plaintiff is liable to the defendant/respondent for costs and fees, the extent and type of fees and costs to be awarded should be liberally calculated in defendant/respondent's favor. Notwithstanding any other provision of law, reasonable attorney's fees shall be presumed to be at least one hundred fifty dollars per hour.

4. Any person aggrieved by any final judgment rendered by a small claims court in a petition for revocation of a Missouri lifetime or extended concealed carry permit may have a right to trial de novo as provided in sections 512.180 to 512.320.

5. The office of the county sheriff or any employee or agent of the county sheriff shall not be liable for damages in any civil action arising from alleged wrongful or improper granting, renewing, or failure to revoke a Missouri lifetime or extended concealed carry permit issued under sections 571.205 to 571.230 so long as the sheriff acted in good faith."; and

JOURNAL OF THE HOUSE

First Regular Session, 102nd GENERAL ASSEMBLY

FIFTY-SECOND DAY, WEDNESDAY, APRIL 12, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

"I urge that supplications, prayers, intercessions, and thanksgivings be made for all men." (I Timothy 2:1)

O Almighty God, our heavenly guide, we seek to extend our knowledge and cultivate justice for our citizens here in the People's House on this beautiful morning.

Make plain Your path, help us to see it clearly, and then give us courage to walk in it knowing You are with us all the way today and forever.

In these stressful hours, save us from the hot foolishness and from the cold fear which would make it unable for any activity on our part. May Your spirit live in us, and in so doing, lead us to a life together where all may live with dignity, self-respect, and understanding.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the fifty-first day was approved as printed.

"494.430. 1. Upon timely application to the court, the following persons shall be excused from service as a petit or grand juror:

(1) Any person who has served on a state or federal petit or grand jury within the preceding two years;

(2) Any nursing mother, upon her request, and with a completed written statement from her physician to the court certifying she is a nursing mother;

(3) Any person whose absence from his or her regular place of employment would, in the judgment of the court, tend materially and adversely to affect the public safety, health, welfare or interest;

(4) Any person upon whom service as a juror would in the judgment of the court impose an undue or extreme physical or financial hardship;

(5) Any person licensed as a health care provider as such term is defined in section 538.205, but only if such person provides a written statement to the court certifying that he or she is actually providing health care services to patients, and that the person's service as a juror would be detrimental to the health of the person's patients;

(6) Any employee of a religious institution whose religious obligations or constraints prohibit their serving on a jury. The certification of the employment and obligation or constraint may be provided by the employee's religious supervisor;

(7) **When requested,** any person who is **[**~~seventy-five~~**] seventy** years of age or older.

2. A judge of the court for which the individual was called to jury service shall make undue or extreme physical or financial hardship determinations. The authority to make these determinations is delegable only to court officials or personnel who are authorized by the laws of this state to function as members of the judiciary.

3. A person asking to be excused based on a finding of undue or extreme physical or financial hardship must take all actions necessary to have obtained a ruling on that request by no later than the date on which the individual is scheduled to appear for jury duty.

4. Unless it is apparent to the court that the physical hardship would significantly impair the person's ability to serve as a juror, for purposes of sections 494.400 to 494.460 undue or extreme physical or financial hardship is limited to circumstances in which an individual would:

(1) Be required to abandon a person under his or her personal care or supervision due to the impossibility of obtaining an appropriate substitute caregiver during the period of participation in the jury pool or on the jury; or

(2) Incur costs that would have a substantial adverse impact on the payment of the individual's necessary daily living expenses or on those for whom he or she provides the principal means of support; or

(3) Suffer physical hardship that would result in illness or disease.

5. Undue or extreme physical or financial hardship does not exist solely based on the fact that a prospective juror will be required to be absent from his or her place of employment.

6. A person asking a judge to grant an excuse based on undue or extreme physical or financial hardship shall provide the judge with documentation as required by the judge, such as, but not limited to, federal and state income tax returns, medical statements from licensed physicians, proof of dependency or guardianship, and similar documents, which the judge finds to clearly support the request to be excused. Failure to provide satisfactory documentation shall result in a denial of the request to be excused. Such documents shall be filed under seal.

7. After two years, a person excused from jury service shall become eligible once again for qualification as a juror unless the person was excused from service permanently. A person is excused from jury service permanently only when the deciding judge determines that the underlying grounds for being excused are of a permanent nature."; and

2. In lieu of the retirement allowance provided in subsection 1 of this section, a member whose age is sixty years or more on September 28, 1975, may elect to have the member's retirement allowance calculated as a sum of the following items:

(1) Sixty cents plus one and five-tenths percent of the member's final average salary for each year of membership service;

(3) Three-fourths of one percent of the sum of subdivisions (1) and (2) of this subsection for each month of attained age in excess of sixty years but not in excess of age sixty-five.

3. (1) In lieu of the retirement allowance provided either in subsection 1 or 2 of this section, collectively called "option 1", a member whose creditable service is twenty-five years or more or who has attained the age of fifty-five with five or more years of creditable service may elect in the member's application for retirement to receive the actuarial equivalent of the member's retirement allowance in reduced monthly payments for life during retirement with the provision that:

Option 2.

Upon the member's death the reduced retirement allowance shall be continued throughout the life of and paid to such person as has an insurable interest in the life of the member as the member shall have nominated in the member's election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance will be increased to the amount the retired member would be receiving had the retired member elected option 1; or

Option 3.

Upon the death of the member three-fourths of the reduced retirement allowance shall be continued throughout the life of and paid to such person as has an insurable interest in the life of the member and as the member shall have nominated in an election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance will be increased to the amount the retired member would be receiving had the member elected option 1; or

Option 4.

Upon the death of the member one-half of the reduced retirement allowance shall be continued throughout the life of, and paid to, such person as has an insurable interest in the life of the member and as the member shall have nominated in an election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance shall be increased to the amount the retired member would be receiving had the member elected option 1; or

Option 5.

Upon the death of the member prior to the member having received one hundred twenty monthly payments of the member's reduced allowance, the remainder of the one hundred twenty monthly payments of the reduced allowance shall be paid to such beneficiary as the member shall have nominated in the member's election of the option or in a subsequent nomination. If there is no beneficiary so nominated who survives the member for the remainder of the one hundred twenty monthly payments, the total of the remainder of such one hundred twenty monthly payments shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the last person, in that order of precedence, to receive a monthly allowance in a lump sum payment. If the total of the one hundred twenty payments paid to the retired individual and the beneficiary of the retired individual is less than the total of the member's accumulated contributions, the difference shall be paid to the beneficiary in a lump sum; or

Option 6.

Upon the death of the member prior to the member having received sixty monthly payments of the member's reduced allowance, the remainder of the sixty monthly payments of the reduced allowance shall be paid to such beneficiary as the member shall have nominated in the member's election of the option or in a subsequent nomination. If there is no beneficiary so nominated who survives the member for the remainder of the sixty monthly payments, the total of the remainder of such sixty monthly payments shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the last person, in that order of precedence, to receive a monthly allowance in a lump sum payment. If the total of the sixty payments paid to the retired individual and the beneficiary of the retired individual is less than the total of the member's accumulated contributions, the difference shall be paid to the beneficiary in a lump sum.

(2) The election of an option may be made only in the application for retirement and such application must be filed prior to the date on which the retirement of the member is to be effective. If either the member or the person nominated to receive the survivorship payments dies before the effective date of retirement, the option shall not be effective, provided that:

(a) If the member or a person retired on disability retirement dies after acquiring twenty-five or more years of creditable service or after attaining the age of fifty-five years and acquiring five or more years of creditable service and before retirement, except retirement with disability benefits, and the person named by the member as the member's beneficiary has an insurable interest in the life of the deceased member, the designated beneficiary may elect to receive either survivorship benefits under option 2 or a payment of the accumulated contributions of the member. If survivorship benefits under option 2 are elected and the member at the time of death would have been eligible to receive an actuarial equivalent of the member's retirement allowance, the designated beneficiary may further elect to defer the option 2 payments until the date the member would have been eligible to receive the retirement allowance provided in subsection 1 or 2 of this section;

(b) If the member or a person retired on disability retirement dies before attaining age fifty-five but after acquiring five but fewer than twenty-five years of creditable service, and the person named as the member's beneficiary has an insurable interest in the life of the deceased member, the designated beneficiary may elect to receive either a payment of the member's accumulated contributions, or survivorship benefits under option 2 to begin on the date the member would first have been eligible to receive an actuarial equivalent of the member's retirement allowance, or to begin on the date the member would first have been eligible to receive the retirement allowance provided in subsection 1 or 2 of this section.

4. If the total of the retirement or disability allowance paid to an individual before the death of the individual is less than the accumulated contributions at the time of retirement, the difference shall be paid to the beneficiary of the individual, or to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the individual in that order of precedence. If an optional benefit as provided in option 2, 3 or 4 in subsection 3 of this section had been elected, and the beneficiary dies after receiving the optional benefit, and if the total retirement allowance paid to the retired individual and the beneficiary of the retired individual is less than the total of the contributions, the difference shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the beneficiary, in that order of precedence, unless the retired individual designates a different recipient with the board at or after retirement.

5. If a member dies and his or her financial institution is unable to accept the final payment or payments due to the member, the final payment or payments shall be paid to the beneficiary of the member or, if there is no beneficiary, to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the member, in that order of precedence, unless otherwise stated. If the beneficiary of a deceased member dies and his or her financial institution is unable to accept the final payment or payments, the final payment or payments shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the member, in that order of precedence, unless otherwise stated.

6. If a member dies before receiving a retirement allowance, the member's accumulated contributions at the time of the death of the member shall be paid to the beneficiary of the member or, if there is no beneficiary, to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or to the estate of the member, in that order of precedence; except that, no such payment shall be made if the beneficiary elects option 2 in subsection 3 of this section, unless the beneficiary dies before having received benefits pursuant to that subsection equal to the accumulated contributions of the member, in which case the amount of accumulated contributions in excess of the total benefits paid pursuant to that subsection shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the beneficiary, in that order of precedence.

7. If a member ceases to be a public school employee as herein defined and certifies to the board of trustees that such cessation is permanent, or if the membership of the person is otherwise terminated, the member shall be paid the member's accumulated contributions with interest.

8. Notwithstanding any provisions of sections 169.010 to 169.141 to the contrary, if a member ceases to be a public school employee after acquiring five or more years of membership service in Missouri, the member may at the option of the member leave the member's contributions with the retirement system and claim a retirement allowance any time after reaching the minimum age for voluntary retirement. When the member's claim is presented to the board, the member shall be granted an allowance as provided in sections 169.010 to 169.141 on the basis of the member's age, years of service, and the provisions of the law in effect at the time the member requests the member's retirement to become effective.

9. The retirement allowance of a member retired because of disability shall be nine-tenths of the allowance to which the member's creditable service would entitle the member if the member's age were sixty, or fifty percent of one-twelfth of the annual salary rate used in determining the member's contributions during the last school year for which the member received a year of creditable service immediately prior to the member's disability, whichever is greater, except that no such allowance shall exceed the retirement allowance to which the member would have been entitled upon retirement at age sixty if the member had continued to teach from the date of disability until age sixty at the same salary rate.

10. Notwithstanding any provisions of sections 169.010 to 169.141 to the contrary, from October 13, 1961, the contribution rate pursuant to sections 169.010 to 169.141 shall be multiplied by the factor of two-thirds for any member of the system for whom federal Old Age and Survivors Insurance tax is paid from state or local tax funds on account of the member's employment entitling the person to membership in the system. The monetary benefits for a member who elected not to exercise an option to pay into the system a retroactive contribution of four percent on that part of the member's annual salary rate which was in excess of four thousand eight hundred dollars but not in excess of eight thousand four hundred dollars for each year of employment in a position covered by this system between July 1, 1957, and July 1, 1961, as provided in subsection 10 of this section as it appears in RSMo, 1969, shall be the sum of:

(1) For years of service prior to July 1, 1946, six-tenths of the full amount payable for years of membership service;

(2) For years of membership service after July 1, 1946, in which the full contribution rate was paid, full benefits under the formula in effect at the time of the member's retirement;

(3) For years of membership service after July 1, 1957, and prior to July 1, 1961, the benefits provided in this section as it appears in RSMo, 1959; except that if the member has at least thirty years of creditable service at retirement the member shall receive the benefit payable pursuant to that section as though the member's age were sixty-five at retirement;

(4) For years of membership service after July 1, 1961, in which the two-thirds contribution rate was paid, two-thirds of the benefits under the formula in effect at the time of the member's retirement.

11. The monetary benefits for each other member for whom federal Old Age and Survivors Insurance tax is or was paid at any time from state or local funds on account of the member's employment entitling the member to membership in the system shall be the sum of:

(1) For years of service prior to July 1, 1946, six-tenths of the full amount payable for years of membership service;

(2) For years of membership service after July 1, 1946, in which the full contribution rate was paid, full benefits under the formula in effect at the time of the member's retirement;

(3) For years of membership service after July 1, 1957, in which the two-thirds contribution rate was paid, two-thirds of the benefits under the formula in effect at the time of the member's retirement.

12. Any retired member of the system who was retired prior to September 1, 1972, or beneficiary receiving payments under option 1 or option 2 of subsection 3 of this section, as such option existed prior to September 1, 1972, will be eligible to receive an increase in the retirement allowance of the member of two percent for each year, or major fraction of more than one-half of a year, which the retired member has been retired prior to July 1, 1975. This increased amount shall be payable commencing with January, 1976, and shall thereafter be referred to as the member's retirement allowance. The increase provided for in this subsection shall not affect the retired member's eligibility for compensation provided for in section 169.580 or 169.585, nor shall the amount being paid pursuant to these sections be reduced because of any increases provided for in this section.

13. If the board of trustees determines that the cost of living, as measured by generally accepted standards, increases two percent or more in the preceding fiscal year, the board shall increase the retirement allowances which the retired members or beneficiaries are receiving by two percent of the amount being received by the retired member or the beneficiary at the time the annual increase is granted by the board with the provision that the increases provided for in this subsection shall not become effective until the fourth January first following the member's retirement or January 1, 1977, whichever later occurs, or in the case of any member retiring on or after July 1, 2000, the increase provided for in this subsection shall not become effective until the third January first following the member's retirement, or in the case of any member retiring on or after July 1, 2001, the increase provided for in this subsection shall not become effective until the second January first following the member's retirement. Commencing with January 1, 1992, if the board of trustees determines that the cost of living has increased five percent or more in the preceding fiscal year, the board shall increase the retirement allowances by five percent. The total of the increases granted to a retired member or the beneficiary after December 31, 1976, may not exceed eighty percent of the retirement allowance established at retirement or as previously adjusted by other subsections. If the cost of living

increases less than five percent, the board of trustees may determine the percentage of increase to be made in retirement allowances, but at no time can the increase exceed five percent per year. If the cost of living decreases in a fiscal year, there will be no increase in allowances for retired members on the following January first.

14. The board of trustees may reduce the amounts which have been granted as increases to a member pursuant to subsection 13 of this section if the cost of living, as determined by the board and as measured by generally accepted standards, is less than the cost of living was at the time of the first increase granted to the member; except that, the reductions shall not exceed the amount of increases which have been made to the member's allowance after December 31, 1976.

15. Any application for retirement shall include a sworn statement by the member certifying that the spouse of the member at the time the application was completed was aware of the application and the plan of retirement elected in the application.

16. Notwithstanding any other provision of law, any person retired prior to September 28, 1983, who is receiving a reduced retirement allowance under option 1 or option 2 of subsection 3 of this section, as such option existed prior to September 28, 1983, and whose beneficiary nominated to receive continued retirement allowance payments under the elected option dies or has died, shall upon application to the board of trustees have his or her retirement allowance increased to the amount he or she would have been receiving had the option not been elected, actuarially adjusted to recognize any excessive benefits which would have been paid to him or her up to the time of application.

17. Benefits paid pursuant to the provisions of the public school retirement system of Missouri shall not exceed the limitations of Section 415 of Title 26 of the United States Code except as provided pursuant to this subsection. Notwithstanding any other law to the contrary, the board of trustees may establish a benefit plan pursuant to Section 415(m) of Title 26 of the United States Code. Such plan shall be created solely for the purpose described in Section 415(m)(3)(A) of Title 26 of the United States Code. The board of trustees may promulgate regulations necessary to implement the provisions of this subsection and to create and administer such benefit plan.

18. Notwithstanding any other provision of law to the contrary, any person retired before, on, or after May 26, 1994, shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties the person shall receive an amount based on the person's years of service so that the total amount received pursuant to sections 169.010 to 169.141 shall be at least the minimum amounts specified in subdivisions (1) to (4) of this subsection. In determining the minimum amount to be received, the amounts in subdivisions (3) and (4) of this subsection shall be adjusted in accordance with the actuarial adjustment, if any, that was applied to the person's retirement allowance. In determining the minimum amount to be received, beginning September 1, 1996, the amounts in subdivisions (1) and (2) of this subsection shall be adjusted in accordance with the actuarial adjustment, if any, that was applied to the person's retirement allowance due to election of an optional form of retirement having a continued monthly payment after the person's death. Notwithstanding any other provision of law to the contrary, no person retired before, on, or after May 26, 1994, and no beneficiary of such a person, shall receive a retirement benefit pursuant to sections 169.010 to 169.141 based on the person's years of service less than the following amounts:

(1) Thirty or more years of service, one thousand two hundred dollars;

(2) At least twenty-five years but less than thirty years, one thousand dollars;

(3) At least twenty years but less than twenty-five years, eight hundred dollars;

(4) At least fifteen years but less than twenty years, six hundred dollars.

19. Notwithstanding any other provisions of law to the contrary, any person retired prior to May 26, 1994, and any designated beneficiary of such a retired member who was deceased prior to July 1, 1999, shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement or aging and upon request shall give written or oral opinions to the board in response to such requests. Beginning September 1, 1996, as compensation for such service, the member shall have added, pursuant to this subsection, to the member's monthly annuity as provided by this section a dollar amount equal to the lesser of sixty dollars or the product of two dollars multiplied by the member's number of years of creditable service. Beginning September 1, 1999, the designated beneficiary of the deceased member shall as compensation for such service have added, pursuant to this subsection, to the monthly annuity as provided by this section a dollar amount equal to the lesser of sixty dollars or the product of two dollars multiplied by the member's number of years of creditable service. The total compensation provided by this section including the compensation provided by this subsection shall be used in calculating any future cost-of-living adjustments provided by subsection 13 of this section.

20. Any member who has retired prior to July 1, 1998, and the designated beneficiary of a deceased retired member shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties the person shall receive a payment equivalent to eight and seven-tenths percent of the previous month's benefit, which shall be added to the member's or beneficiary's monthly annuity and which shall not be subject to the provisions of subsections 13 and 14 of this section for the purposes of the limit on the total amount of increases which may be received.

21. Any member who has retired shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such request. As compensation for such duties, the beneficiary of the retired member, or, if there is no beneficiary, the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the retired member, in that order of precedence, shall receive as a part of compensation for these duties a death benefit of five thousand dollars.

22. Any member who has retired prior to July 1, 1999, and the designated beneficiary of a retired member who was deceased prior to July 1, 1999, shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties, the person shall have added, pursuant to this subsection, to the monthly annuity as provided by this section a dollar amount equal to five dollars times the member's number of years of creditable service.

23. Any member who has retired prior to July 1, 2000, and the designated beneficiary of a deceased retired member shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties, the person shall receive a payment equivalent to three and five-tenths percent of the previous month's benefit, which shall be added to the member or beneficiary's monthly annuity and which shall not be subject to the provisions of subsections 13 and 14 of this section for the purposes of the limit on the total amount of increases which may be received.

24. Any member who has retired prior to July 1, 2001, and the designated beneficiary of a deceased retired member shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties, the person shall receive a dollar amount equal to three dollars times the member's number of years of creditable service, which shall be added to the member's or beneficiary's monthly annuity and which shall not be subject to the provisions of subsections 13 and 14 of this section for the purposes of the limit on the total amount of increases which may be received.

169.560. 1. Any person retired and currently receiving a retirement allowance pursuant to sections 169.010 to 169.141, other than for disability, may be employed in any capacity for an employer included in the retirement system created by those sections on either a part-time or temporary-substitute basis not to exceed a total of five hundred fifty hours in any one school year, and through such employment may earn up to fifty percent of the annual compensation payable under the employer's salary schedule for the position or positions filled by the retiree, given such person's level of experience and education, without a discontinuance of the person's retirement allowance. If the employer does not utilize a salary schedule, or if the position in question is not subject to the employer's salary schedule, a retiree employed in accordance with the provisions of this subsection may earn up to fifty percent of the annual compensation paid to the person or persons who last held such position or positions. If the position or positions did not previously exist, the compensation limit shall be determined in accordance with rules duly adopted by the board of trustees of the retirement system; provided that, it shall not exceed fifty percent of the annual compensation payable for the position by the employer that is most comparable to the position filled by the retiree. In any case where a retiree fills more than one position during the school year, the fifty-percent limit on permitted earning shall be based solely on the annual compensation of the highest paid position occupied by the retiree for at least one-fifth of the total hours worked during the year. Such a person shall not contribute to the retirement system or to the public education employee retirement system established by sections 169.600 to 169.715 because of earnings during such period of employment. If such a person is employed in any capacity by such an employer in excess of the limitations set forth in this subsection, the person shall not be eligible to receive the person's retirement allowance for any month during which the person is so employed. In addition, such person shall contribute to the retirement system if the person satisfies the retirement system's membership eligibility requirements. In addition to the conditions set forth above, this subsection shall apply to any person retired and currently receiving a retirement allowance under sections 169.010 to 169.141, other than for disability, who is employed by a third party or is performing work as an independent contractor, if such person is performing work for

an employer included in the retirement system as a temporary or long-term substitute teacher or in any other position that would normally require that person to be duly certificated under the laws governing the certification of teachers in Missouri if such person was employed by the district. The retirement system may require the employer, the third-party employer, the independent contractor, and the retiree subject to this subsection to provide documentation showing compliance with this subsection. If such documentation is not provided, the retirement system may deem the retiree to have exceeded the limitations provided in this subsection.

2. Notwithstanding any other provision of this section, any person retired and currently receiving a retirement allowance in accordance with sections 169.010 to 169.141, other than for disability, may be employed by an employer included in the retirement system created by those sections in a position that does not normally require a person employed in that position to be duly certificated under the laws governing the certification of teachers in Missouri, and through such employment may earn**, beginning on August 28, 2023, and ending on June 30, 2028,** up to **[**~~sixty percent of the minimum teacher's salary as set forth in section 163.172~~**] one hundred thirty-three percent of the annual earnings exemption amount applicable to a Social Security recipient before the calendar year of attainment of full retirement age under 20 CFR 404.430, and, after June 30, 2028, up to the annual earnings exemption amount applicable to a Social Security retirement recipient before the calendar year of attainment of full retirement age under 20 CFR 404.430**, without a discontinuance of the person's retirement allowance **from the retirement system. The Social Security annual earnings exemption amount applied shall be the exemption amount in effect for the calendar year in which the school year begins**. Such person shall not contribute to the retirement system or to the public education employee retirement system established by sections 169.600 to 169.715 because of earnings during such period of employment, and such person shall not earn membership service for such employment. The employer's contribution rate shall be paid by the hiring employer into the public education employee retirement system established by sections 169.600 to 169.715. If such a person is employed in any capacity by an employer in excess of the limitations set forth in this subsection, the person shall not be eligible to receive the person's retirement allowance for any month during which the person is so employed. In addition, such person shall become a member of and contribute to any retirement system described in this subsection if the person satisfies the retirement system's membership eligibility requirements. The provisions of this subsection shall not apply to any person retired and currently receiving a retirement allowance in accordance with sections 169.010 to 169.141 employed by a public community college **or employer under subsection 4 of section 169.130**.

169.596. 1. Notwithstanding any other provision of this chapter to the contrary, a retired certificated teacher receiving a retirement benefit from the retirement system established pursuant to sections 169.010 to 169.141 may, without losing his or her retirement benefit, teach full time for up to **[**~~two~~**] four** years for a school district covered by such retirement system; provided that the school district has a shortage of certified teachers, as determined by the school district, and provided that no such retired certificated teacher shall be employed as a superintendent. The total number of such retired certificated teachers shall not exceed, at any one time, the **[**~~lesser of ten~~**] greater of one** percent of the total **[**~~teacher~~**] certificated teachers and noncertificated** staff for that school district, or five certificated teachers.

2. Notwithstanding any other provision of this chapter to the contrary, a person receiving a retirement benefit from the retirement system established pursuant to sections 169.600 to 169.715 may, without losing his or her retirement benefit, be employed full time for up to **[**~~two~~**] four** years for a school district covered by such retirement system; provided that the school district has a shortage of noncertificated employees, as determined by the school district. The total number of such retired noncertificated employees shall not exceed, at any one time, the lesser of ten percent of the total noncertificated staff for that school district, or five employees.

3. The employer's contribution rate shall be paid by the hiring school district.

4. In order to hire teachers and noncertificated employees pursuant to the provisions of this section, the school district shall:

(1) Show a good faith effort to fill positions with nonretired certificated teachers or nonretired noncertificated employees;

(2) Post the vacancy for at least one month;

(3) Have not offered early retirement incentives for either of the previous two years;

(4) Solicit applications through the local newspaper, other media, or teacher education programs;

(5) Determine there is an insufficient number of eligible applicants for the advertised position; and

(6) Declare a critical shortage of certificated teachers or noncertificated employees that is active for one year.

5. Any person hired pursuant to this section shall be included in the State Directory of New Hires for purposes of income and eligibility verification pursuant to 42 U.S.C. Section 1320b-7."; and

Representative Roberts offered **House Amendment No. 4**.

House Amendment No. 4

AMEND House Committee Substitute for House Bill No. 155, Page 1, Section A, Line 3, by inserting after said section and line the following:

"86.253. 1. Upon termination of employment as a police officer and actual retirement for service, a member shall receive a service retirement allowance which shall be an amount equal to two percent of the member's average final compensation multiplied by the number of years of the member's creditable service, up to twenty-five years, plus an amount equal to four percent of the member's average final compensation for each year of creditable service in excess of twenty-five years but not in excess of thirty years; plus an additional five percent of the member's average final compensation for any creditable service in excess of thirty years. Notwithstanding the foregoing, the service retirement allowance of a member who does not earn any creditable service after August 11, 1999, shall not exceed an amount equal to seventy percent of the member's average final compensation, and the service retirement allowance of a member who earns creditable service on or after August 12, 1999, shall not exceed an amount equal to seventy-five percent of the member's average final compensation; provided, however, that the service retirement allowance of a member who is participating in the DROP pursuant to section 86.251 on August 12, 1999, who returns to active participation in the system pursuant to section 86.251, and who terminates employment as a police officer and actually retires for reasons other than death or disability before earning at least two years of creditable service after such return shall be the sum of (1) the member's service retirement allowance as of the date the member entered DROP and (2) an additional service retirement allowance based solely on the creditable service earned by the member following the member's return to active participation. The member's total years of creditable service shall be taken into account for the purpose of determining whether the additional allowance attributable to such additional creditable service is two percent, four percent or five percent of the member's average final compensation.

2. If, at any time since first becoming a member of the retirement system, the member has served in the Armed Forces of the United States, and has subsequently been reinstated as a policeman within ninety days after the member's discharge, the member shall be granted credit for such service as if the member's service in the police department of such city had not been interrupted by the member's induction into the Armed Forces of the United States. If earnable compensation is needed for such period in computation of benefits it shall be calculated on the basis of the compensation payable to the officers of the member's rank during the period of the member's absence. Notwithstanding any provision of sections 86.200 to 86.366 to the contrary, the retirement system governed by sections 86.200 to 86.366 shall be operated and administered in accordance with the applicable provisions of the Uniformed Services Employment and Reemployment Rights Act of 1994, as amended.

3. The service retirement allowance of each present and future retired member who terminated employment as a police officer and actually retired from service after attaining age fifty-five or after completing twenty years of creditable service shall be increased annually at a rate not to exceed three percent as approved by the board of trustees beginning with the first increase in the second October following the member's retirement and subsequent increases in each October thereafter, provided that each increase is subject to a determination by the board of trustees that the consumer price index (United States City Average Index) as published by the United States Department of Labor shows an increase of not less than the approved rate during the latest twelve-month period for which the index is available at the date of determination; and provided further, that if the increase is in excess of the approved rate for any year, such excess shall be accumulated as to any retired member and increases may be granted in subsequent years subject to a maximum of three percent for each full year from October following the member's retirement but not to exceed a total percentage increase of thirty percent. In no event shall the increase described under this subsection be applied to the amount, if any, paid to a member or surviving spouse of a deceased member for services as a special consultant under subsection 5 of this section **[**~~or, if applicable, subsection 6 of this section~~**]**.

If the board of trustees determines that the index has decreased for any year, the benefits of any retired member that have been increased shall be decreased but not below the member's initial benefit. No annual increase shall be made of less than one percent and no decrease of less than three percent except that any decrease may be limited in amount by the initial benefit.

4. In addition to any other retirement allowance payable under this section and section 86.250, a member, upon termination of employment as police officer and actual service retirement, may request payment of the total amount of the member's mandatory contributions to the retirement system without interest. Upon receipt of such request, the board shall pay the retired member such total amount of the member's mandatory contributions to the retirement system to be paid pursuant to this subsection within sixty days after such retired member's date of termination of employment as a police officer and actual retirement.

5. Any person who is receiving retirement benefits from the retirement system, upon application to the board of trustees, shall be made, constituted, appointed and employed by the board of trustees as a special consultant on the problems of retirement, aging and other matters, for the remainder of the person's life or, in the case of a deceased member's surviving spouse, until **[**~~the earlier of~~**]** the person's death **[**~~or remarriage~~**]**, and upon request of the board of trustees shall give opinions and be available to give opinions in writing or orally, in response to such requests, as may be required. For such services the special consultant shall be compensated monthly, in an amount which, when added to any monthly retirement benefits being received from the retirement system, including any cost-of-living increases under subsection 3 of this section, shall total six hundred fifty dollars a month. This employment shall in no way affect any person's eligibility for retirement benefits under this chapter, or in any way have the effect of reducing retirement benefits, notwithstanding any provisions of law to the contrary.

86.254. 1. Beginning July 1, 1994, in addition to any other annuity, benefits, or retirement allowance provided pursuant to sections 86.200 to 86.366, each present and future retired member after attaining the age of sixty years shall, upon application to the board of trustees, be made, constituted, appointed and employed by the board of trustees as an advisor on the problems of retirement, aging and other matters, for the remainder of the retired member's life, and upon request of the board of trustees shall give opinions in writing or orally in response to such requests as may be required.

2. For the performance of duties required in subsection 1 of this section, each retired member employed as an advisor by the board of trustees shall be compensated monthly in an amount of ten dollars per month multiplied by the number of years the retired member is past the age of sixty years. The compensation provided by this subsection shall be adjusted annually. No funding shall be required prior to the effective date of this benefit.

3. Beginning October 1, 1999, in addition to any other benefit provided to any surviving spouse pursuant to sections 86.200 to 86.366, each present and future surviving spouse of a member after attaining the age of sixty years shall upon application to the board of trustees, be made, constituted, appointed and employed by the board of trustees as an advisor on the problems of retirement, aging and other matters for the remainder of the surviving spouse's life **[**~~or until the surviving spouse remarries, whichever is earlier~~**]**, and upon request of the board of trustees shall give opinions in writing or orally in response to such requests as may be required.

4. For the performance of duties required in subsection 3 of this section, each surviving spouse of a member employed as an advisor by the board of trustees shall be compensated monthly in an amount of ten dollars per month multiplied by the number of years the surviving spouse is past the age of sixty years. The compensation provided by this subsection shall be adjusted annually.

86.280. Upon the receipt of proper proofs of the death of a member in service and provided no other benefits are payable under the retirement system, there shall be paid the following benefits:

(1) Effective October 1, 1999, a pension to the surviving spouse until the surviving spouse dies **[**~~or remarries, whichever is earlier~~**]**, of forty percent of the deceased member's average final compensation plus fifteen percent of such compensation to, or for the benefit of, each unmarried dependent child of the deceased member, who is either under the age of eighteen, or who, regardless of age, is totally and permanently mentally or physically disabled and incapacitated from engaging in gainful occupation sufficient to support himself or herself;

(2) Any surviving spouse or unmarried dependent child receiving benefits pursuant to the provisions of this section immediately prior to October 1, 1999, shall, upon application to the board of trustees, be made, constituted, appointed and employed by the board of trustees as a special consultant on the problems of retirement, aging and other matters while the surviving spouse or unmarried dependent child is receiving such benefits, and upon request of the board of trustees shall give opinions in writing or orally in response to such requests as may be required. Beginning October 1, 1999, for such services as may be required, the surviving spouse shall receive additional monthly compensation in an amount equal to fifteen percent of the deceased member's average final

compensation, and there shall be payable an additional monthly compensation of one hundred dollars or five percent of the member's average final compensation, whichever is greater, for each unmarried dependent child of the member. Representative Hovis offered **House Amendment No. 6**.

House Amendment No. 6

AMEND House Committee Substitute for House Bill No. 155, Page 1, Section A, Line 3, by inserting after all of said section and line the following:

"57.952. **1.** There is hereby authorized a "Sheriffs' Retirement Fund" which shall be under the management of a board of directors described in section 57.958. The board of directors shall be responsible for the administration and the investment of the funds of such sheriffs' retirement fund. **[**~~Neither~~**]** The general assembly **[**~~nor~~**] and** the governing body of a county **[**~~shall~~**] may** appropriate funds for deposit in the sheriffs' retirement fund. If insufficient funds are generated to provide the benefits payable pursuant to the provisions of sections 57.949 to 57.997, the board shall proportion the benefits according to the funds available.

2. The board may accept gifts, donations, grants, and bequests from public or private sources to the sheriffs' retirement fund.

3. Each county shall make the payroll deductions for member contributions mandated under section 57.961, and the county shall transmit such moneys to the board for deposit into the sheriffs' retirement fund.

57.961. 1. On and after the effective date of the establishment of the system, as an incident to his **or her** employment or continued employment, each person employed as an elected or appointed sheriff of a county shall become a member of the system. Such membership shall continue as long as the person continues to be an employee, or receives or is eligible to receive benefits under the provisions of sections 57.949 to 57.997.

2. Notwithstanding any other provision of law to the contrary, each person who is a member of the system on or after January 1, 2024, shall be required to contribute five percent of the member's pay to the retirement system. Such contribution shall be made notwithstanding that the minimum salary or wages provided by law for any member shall thereby be changed. Each member shall be deemed to consent and agree to the deduction made and provided for herein. Payment of a member's compensation less such deduction shall be a full and complete discharge and acquittance of all claims and demands whatsoever for services rendered by him or her to a county, except as to benefits provided by this system.

3. The officer or officers responsible for making up the payrolls for each county shall cause the contribution provided for in this section to be deducted from the compensation of the member in the employ of the county, on each and every payroll, for each and every payroll to the date his or her membership terminates. When deducted, each contribution shall be paid by the county to the system; the payments shall be made in the manner and shall be accompanied by such supporting data as the board shall from time to time prescribe. When paid to the system, each of the contributions shall be credited to the member from

whose compensation the contributions were deducted. The contributions so deducted shall be treated as employee contributions for purposes of determining the member's pay that is includable in the member's gross income for federal income tax purposes.

4. Member contributions deducted and paid into the system by the county shall be paid from the same source of funds used for the payment of pay to a member. A deduction shall be made from each member's pay equal to the amount of the member's contributions picked up by the employer. This deduction, however, shall not reduce the member's pay for purposes of computing benefits under the retirement system under this chapter.

5. The contributions, although designated as employee contributions, shall be paid by the county in lieu of the contributions by the member. The member shall not have the option of choosing to receive the contributed amounts directly instead of having them paid by the county to the retirement system.

6. A former member who is not vested may request a refund of his or her contributions. Such refund shall be paid by the system after ninety days from the date of termination of employment or the request, whichever is later, and shall include all contributions made to any retirement plan administered by the system.

[~~2.~~**] 7.** Beginning September 1, 1986, any city not within a county and any county having a charter form of government may elect, by a majority vote of its governing body, to come under the provisions of sections 57.949 to 57.997 except for the provisions of section 57.955. Notice in writing of such election shall be given to the board, and the person employed as sheriff of such county, as an incident of his contract of employment or continued employment, shall become a member of the system on the first day of the month immediately following the date the board receives notice. Such membership shall continue as long as the person continues to be an employee, or receives or is eligible to receive benefits under the provisions of sections 57.949 to 57.997, and upon becoming a member he shall receive credit for all prior service as if he had become a member on December 22, 1983.

8. Subject to the limitations under sections 57.949 to 57.997, the board shall have the authority to formulate and adopt rules and regulations for the administration of these provisions.

57.967. 1. The normal annuity of a retired member shall equal two percent of the final average compensation of the retired member multiplied by the number of years of creditable service of the retired member, except that the normal annuity shall not exceed seventy-five percent of the retired member's average final compensation. **Such annuity shall be not less than one thousand dollars per month.**

2. The board, at its last meeting of each calendar year, shall determine the monthly amount for medical insurance premiums to be paid to each retired member during the next following calendar year. The monthly amount shall not exceed four hundred fifty dollars. The monthly payments are at the discretion of the board on the advice of the actuary. The anticipated sum of all such payments during the year plus the annual normal cost plus the annual amount to amortize the unfunded actuarial accrued liability in no more than thirty years shall not exceed the anticipated moneys credited to the system pursuant to **[**~~section~~**] sections 57.952 and** 57.955. The money amount granted here shall not be continued to any survivor.

3. If a member with eight or more years of service dies before becoming eligible for retirement, the member's surviving spouse, if he or she has been married to the member for at least two years prior to the member's death, shall be entitled to survivor benefits under option 1 as set forth in section 57.979 as if the member had retired on the date of the member's death. The member's monthly benefit shall be calculated as the member's accrued benefit at his or her death reduced by one-fourth of one percent per month for an early commencement from the member's normal retirement date: age fifty-five with twelve or more years of creditable service or age sixty-two with eight years of creditable service, to the member's date of death. Such benefit shall be payable on the first day of the month following the member's death and shall be payable during the surviving spouse's lifetime.

57.991. **1. For members of the system prior to December 31, 2023,** the benefits provided for by sections 57.949 to 57.997 shall in no way affect any person's eligibility for retirement benefits under the local government employees' retirement system, sections 70.600 to 70.755, or any other local government retirement or pension system, or in any way have the effect of reducing retirement benefits in such systems, or reducing compensation or mileage reimbursement of employees, anything to the contrary notwithstanding.

2. Any new or returning member employed under this section, on or after January 1, 2024, shall be subject to the following provisions:

(1) A member of another state or local retirement or pension system who begins employment in a position covered by the sheriffs' retirement system shall become a member of the sheriffs' retirement system upon employment. 5. Notwithstanding any other law to the contrary, any member of the transportation department and highway patrol retirement system whose employment terminated on or after September 28, 1992, who has five or more years of vesting service as an employee at the date of termination of employment shall be entitled to a deferred normal annuity based on the member's creditable service, average compensation, and the act in effect at the time the member's employment was terminated.

104.090. 1. The normal annuity of a member shall equal one and six-tenths percent of the average compensation of the member multiplied by the number of years of creditable service of such member. In addition, the normal annuity of a uniformed member of the patrol shall be increased by thirty-three and one-third percent.

2. In addition, a uniformed member of the highway patrol who is retiring with a normal annuity after attaining normal retirement age shall receive an additional sum of ninety dollars per month as a contribution by the system until such member attains the age of sixty-five years, when such contribution shall cease. To qualify for the contribution provided in this subsection by the system, the retired uniformed member of the highway patrol is made, constituted, appointed and employed by the board as a special consultant on the problems of retirement, aging and other state matters. Such additional contribution shall be reduced each month by such amount earned by the retired uniformed member of the highway patrol in gainful employment. In order to qualify for the additional contribution provided in this subsection, the retired uniformed member of the highway patrol shall have been:

(1) Hired by the Missouri state highway patrol prior to January 1, 1995; and

(2) Employed by the Missouri state highway patrol or receiving long-term disability or work-related disability benefits on the day before the effective date of the member's retirement.

Option 1.

An actuarial reduction approved by the board of the member's annuity in reduced monthly payments for life during retirement with the provision that upon the member's death the reduced annuity at date of death shall be continued throughout the life of, and be paid to, the member's spouse; or

Option 2.

The member's normal annuity in regular monthly payments for life during retirement with the provision that upon the member's death a survivor's benefit equal to one-half the member's normal annuity at date of death shall be paid to the member's spouse in regular monthly payments for life; or

Option 3.

An actuarial reduction approved by the board of the member's normal annuity in reduced monthly payments for the member's life with the provision that if the member dies prior to the member's having received one hundred twenty monthly payments of the member's reduced annuity, the member's reduced allowance to which the member would have been entitled had the member lived shall be paid for the remainder of the one hundred twenty-month period to such beneficiary as the member shall have nominated by written designation duly executed and filed with the board. If there is no beneficiary surviving the retiree, the reserve for such allowance for the remainder of such one hundred twenty-month period shall be paid to the retiree's estate; or

Option 4.

An actuarial reduction approved by the board of the member's normal annuity in reduced monthly payments for the member's life with the provision that if the member dies prior to the member having received sixty monthly payments of the member's reduced annuity, the member's reduced allowance to which the member would have been entitled had the member lived shall be paid for the remainder of the sixty-month period to such beneficiary as the member shall have nominated by written designation duly executed and filed with the board. If there is no beneficiary surviving the retiree, the reserve for such allowance for the remainder of such sixty-month period shall be paid to the retiree's estate.

4. The election may be made only in the application for retirement, and such application shall be filed at least thirty days but not more than ninety days prior to the date on which the retirement of the member is to be effective, provided that if either the member or the spouse nominated to receive the survivorship payment dies before the effective date of retirement, the election shall not be effective. If after the reduced annuity commences, the spouse predeceases the retired member, the reduced annuity continues to the retired member during the member's lifetime.

5. Effective July 1, 2000, a member may make an election under option 1 or 2 after the date retirement benefits are initiated if the member makes the election within one year from the date of marriage or July 1, 2000, whichever is later, under any of the following circumstances:

(1) The member elected to receive a normal annuity and was not eligible to elect option 1 or 2 on the date retirement benefits were initiated; or

(2) The member's annuity reverted to a normal annuity pursuant to subsection 7 of this section or subsection **[**~~7 or~~**]** 8 of section 104.103 and the member remarried; or

(3) The member elected option 1 or 2 but the member's spouse at the time of retirement has died and the member has remarried.

6. Any person who terminates employment or retires prior to July 1, 2000, shall be made, constituted, appointed and employed by the board as a special consultant on the problems of retirement, aging and other state matters, and for such services shall be eligible to elect to receive the benefits described in subsection 5 of this section.

7. For retirement applications filed on or after August 28, 2004, the beneficiary for either option 1 or option 2 of subsection 3 of this section shall be the member's spouse at the time of retirement. If the member's marriage ends after retirement as a result of a dissolution of marriage, such dissolution shall not affect the option election and the former spouse shall continue to be eligible to receive survivor benefits upon death of the member, except a member may cancel his or her election if:

(1) The dissolution of marriage of the member and former spouse occurred on or after January 1, 2021, and the dissolution decree provides for sole retention by the member of all rights in the annuity and provides that the former spouse shall not be entitled to any survivor benefits pursuant to this chapter; or

(2) The dissolution of marriage of the member and former spouse occurred prior to January 1, 2021, and:

(a) The dissolution decree provided for the sole retention by the member of all rights in the annuity pursuant to this chapter, and the parties obtained an amended or modified dissolution decree after January 1, 2021, providing for immediate removal of the former spouse as the beneficiary entitled to survivor benefits to the satisfaction of the system; or

(b) The dissolution decree does not provide for the sole retention by the member of all rights in the annuity and the parties obtained an amended or modified dissolution decree after January 1, 2021, which provides for the sole retention by the member of all rights in the annuity and provides that the former spouse shall not be entitled to any survivor benefits pursuant to this chapter.

Upon meeting the requirements of subdivision (1) or (2) of this subsection, the monthly benefit payable for the lifetime of the member shall be the actuarial equivalent of the annuity payable pursuant to the provisions of option 1 or option 2 of subsection 3 of this section, as adjusted for early retirement if applicable. In no event shall the

monthly benefit payable for the lifetime of the member be greater than the amount that would have been payable to the member under subsection 7 or 8 of section 104.103, whichever is applicable, had the former spouse died on the date of the dissolution of marriage. Any increase in the annuity amount pursuant to this subsection shall be prospective and effective the first of the month following the date of receipt by the system of a certified copy of the dissolution decree that meets the requirements of this subsection.

8. Any application for retirement shall only become effective on the first day of the month.

The superintendent of the highway patrol and the director of the department of transportation shall serve as members by virtue of their respective offices, and their successors shall succeed them as members of the board of trustees. In addition, one member of the senate appointed by the president pro tem of the senate and one member of the house of representatives, appointed by the speaker of the house shall serve as members of the board of trustees. In addition to the appointed legislators, two active employee members of the system shall be elected by a plurality vote of the active employee members of the system, herein designated for four-year terms to commence July 1, 1982, and every four years thereafter. One elected member shall be elected from the active employees of the department of transportation and one elected member shall be elected from the active employees of the civilian or uniformed highway patrol. **The terms of the active employee representatives serving on the board on August 28, 2026, shall continue until June 30, 2028. All terms of elected active employee representatives shall be for four years after June 30, 2028.** In addition to the two active employee members, two retirees of the system shall be elected to serve on the board by a plurality vote of the retirees of the system. One retiree shall be elected by the retired employees of the transportation department and one retiree shall be elected by the retired employees of the civilian or uniformed highway patrol. The retiree serving on the board on August 28, 2007, shall continue to serve on the board as the representative of the retired employees of the transportation department until June 30, 2010. An election shall be held prior to January 1, 2008, for the retiree to be elected by the retired employees of the civilian or uniformed highway patrol with said term to commence on January 1, 2008, and expire on June 30, 2010. All terms of elected retired employees shall be for four years after June 30, 2010. The board shall determine the procedures for nomination and election of the elective board members. Nominations may be entered by any member of the system, provided members of the system have a reasonable opportunity to vote.

104.170. 1. The board shall elect **[**~~by secret ballot~~**]** one member as chair and one member as vice chair at the first board meeting of each year. The chair may not serve more than two consecutive terms beginning after August 13, 1988. 3. Any summons or other writ issued by the courts of the state shall be served upon the executive director or, in the executive director's absence, on the assistant director.

104.200. Should any error in any records result in any **[**~~member's~~**] member** or **[**~~beneficiary's~~**] beneficiary** receiving more or less than he **or she** would have been entitled to receive had the records been correct, the board shall correct such error, and, as far as practicable, make future payments in such a manner that the actuarial equivalent of the benefit to which such member or beneficiary was entitled shall be paid, and to this end may recover any overpayments. In all cases in which such error has been made, no such error shall be corrected unless the system discovers or is notified of such error within ten years after the **[**~~initial~~**] member's annuity starting date or** date of error**, whichever occurs later. In cases of fraud, any error discovered shall be corrected without concern for the amount of time that has passed**.

104.312. 1. The provisions of subsection 2 of section 104.250, subsection 2 of section 104.540, subsection 2 of section 287.820, and section 476.688 to the contrary notwithstanding, any pension, annuity, benefit, right, or retirement allowance provided pursuant to this chapter, chapter 287, or chapter 476 is marital property and after

A division of benefits order issued pursuant to this section:

(1) Shall not require the applicable retirement system to provide any form or type of annuity or retirement plan not selected by the member and not normally made available by that system;

(2) Shall not require the applicable retirement system to commence payments until the member submits a valid application for an annuity and the annuity becomes payable in accordance with the application;

(3) Shall identify the monthly amount to be paid to the alternate payee, which shall be expressed as a percentage and which shall not exceed fifty percent of the amount of the member's annuity accrued during all or part of the time while the member and alternate payee were married **excluding service accrued under 104.601**; and which shall be based on the member's vested annuity on the date of the dissolution of marriage or an earlier date as specified in the order, which amount shall be adjusted proportionately if the member's annuity is reduced due to early retirement or the member's annuity is reduced pursuant to section 104.395 under an annuity option in which the member named the alternate payee as beneficiary prior to the dissolution of marriage or pursuant to section 104.090 under an annuity option in which the member on or after August 28, 2007, named the alternative payee as beneficiary prior to the dissolution of marriage, and the percentage established shall be applied to the pro rata portion of any lump sum distribution pursuant to subsection 6 of section 104.335, accrued during the time while the member and alternate payee were married;

(4) Shall not require the payment of an annuity amount to the member and alternate payee which in total exceeds the amount which the member would have received without regard to the order;

(5) Shall provide that any benefit formula increases, additional years of service, increased average compensation or other type of increases accrued after the date of the dissolution of marriage shall accrue solely to the benefit of the member; except that on or after September 1, 2001, any annual benefit increase **paid after the member's annuity starting date** shall not be considered to be an increase accrued after the date of termination of marriage and shall be part of the monthly amount subject to division pursuant to any order issued after September 1, 2001;

(6) Shall terminate upon the death of either the member or the alternate payee, whichever occurs first;

(7) Shall not create an interest which is assignable or subject to any legal process;

(8) Shall include the name, address, and date of birth of both the member and the alternate payee, and the identity of the retirement system to which it applies;

(9) Shall be consistent with any other division of benefits orders which are applicable to the same member;

(10) Shall not require the applicable retirement system to continue payments to the alternate payee if the member's retirement benefit is suspended or waived as provided by this chapter but such payments shall resume when the retiree begins to receive retirement benefits in the future.

2. A system established by this chapter shall provide the court having jurisdiction of a dissolution of marriage proceeding or the parties to the proceeding with information necessary to issue a division of benefits order concerning a member of the system, upon written request from either the court, the member or the member's spouse, which cites this section and identifies the case number and parties.

3. A system established by this chapter shall have the discretionary authority to reject a division of benefits order for the following reasons:

(1) The order does not clearly state the rights of the member and the alternate payee;

(2) The order is inconsistent with any law governing the retirement system.

4. The amount paid to an alternate payee under an order issued pursuant to this section shall be based on the plan the member was in on the date of the dissolution of marriage; except that any annual benefit increases subject to division shall be based on the actual annual benefit increases received after the retirement plan election.

5. Any annuity payable under section 104.625 that is subject to a division of benefit order under this section shall be calculated as follows:

(1) In instances of divorce after retirement, any service or compensation of a member between the retroactive starting date and the annuity starting date shall not be considered creditable service or compensation; and

(2) The lump-sum payment described in subdivision (3) of section 104.625 shall not be subject to any division of benefit order.

Any disability benefit payable pursuant to this subsection shall be

decreased by any amount paid to such uniformed member of the water patrol by reason of the workers' compensation laws of this state. After termination of payment under workers' compensation, however, any such reduction and disability benefits shall be restored.

2. The board of trustees may require a medical examination of any uniformed member of the water patrol who is receiving disability benefits pursuant to this section at any time by a designated physician, and disability benefits shall be discontinued if the board finds that such member is able to perform the duties of the member's former position, or if such member refuses to submit to such an examination.

3. The disability benefits described in this section shall not be paid to any uniformed member of the water patrol who has retained or regained more than fifty percent of the member's earning capacity. If any uniformed member of the water patrol who has been receiving disability benefits again becomes an employee, the member's disability benefits shall be discontinued, the member's prior period of creditable service shall be restored, and any subsequent determination of benefits due the member or the member's survivors shall be based on the sum of the member's creditable service accrued to the date the member's disability benefits commenced and the period of creditable service after the member's return to employment.

4. Any uniformed member of the water patrol receiving benefits pursuant to the provisions of this section for five or more years immediately prior to attainment of age fifty-five shall be considered a normal retirant at age fifty-five, and may elect, within thirty days preceding the attainment of age fifty-five, option 1 of section 104.395, but only for the member's spouse who was the member's spouse for two or more years prior to the member's attainment of age fifty-five.

5. Any member who is receiving disability benefits as of December 31, 1985, or any member who is disabled on December 31, 1985, and would have been entitled to receive disability benefits pursuant to this section as the provisions of this section existed immediately prior to September 28, 1985, shall be eligible to receive or shall continue to receive benefits in accordance with such prior provisions of this section until the member again becomes an employee; however, all employees of the department of conservation who are disabled shall receive benefits pursuant only to this section or section 104.518, whichever is applicable, and shall not be eligible for benefits under any other plan or program purchased or provided after September 28, 1985.

6. Any member who qualifies for disability benefits pursuant to subsection 1 of this section or pursuant to the provisions of section 104.518, or under a long-term disability program provided by the member's employing department as a consequence of employment by the department, shall continue to accrue creditable service based on the member's rate of pay immediately prior to the date the member became disabled in accordance with sections 104.370, 104.371, 104.374 and 104.615, until the date the member's retirement benefit goes into pay status, the disability benefits cease being paid to the member, or the member is no longer disabled, whichever comes first. Persons covered by the provisions of sections 476.515 to 476.565 or sections 287.812 to 287.855, who qualify for disability benefits pursuant to the provisions of section 104.518, at the date the person becomes disabled, shall continue to accrue creditable service based on the person's rate of pay immediately prior to the date the person becomes disabled until the date the person's retirement benefit goes into pay status, the disability benefits cease being paid to the person or the person is no longer disabled, whichever comes first. Members or persons continuing to accrue creditable service pursuant to this subsection shall be entitled to continue their life insurance coverage subject to the provisions of the life insurance plan administered by the board pursuant to section 104.517. The rate of pay for purposes of calculating retirement benefits for a member or person described in this subsection who becomes disabled and retires on or after August 28, 1999, shall be the member's or person's regular monthly compensation received at the time of disablement, increased thereafter for any increases in the consumer price index. Such increases in the member's monthly pay shall be made annually beginning twelve months after disablement and shall be equal to eighty percent of the increase in the consumer price index during the calendar year prior to the adjustment, but not more than five percent of the member's monthly pay immediately before the increase. Such accruals shall continue until the earliest of: receipt of an early retirement annuity, attainment of normal retirement eligibility or termination of disability benefits.

7. A member or person who continues to be disabled as provided in subsection 6 of this section until the member's normal retirement age shall be eligible to retire on the first day of the month next following the member's or person's final payment pursuant to section 104.518 or, if applicable, subsection 1 of this section. 8. 104.436. 1. The board intends to follow a financing pattern which computes and requires contribution amounts which, expressed as percents of active member payroll, will remain approximately level from year to year and from one generation of citizens to the next generation. Such contribution determinations require regular actuarial valuations, which shall be made by the board's actuary, using assumptions and methods adopted by the board after consulting with its actuary. The entry age normal cost valuation method shall be used in determining **the** normal cost**[**~~, and contributions for unfunded accrued liabilities shall be determined using level percent-of-payroll amortization~~**] calculation**.

2. At least ninety days before each regular session of the general assembly, the board shall certify to the division of budget the contribution rate necessary to cover the liabilities of the plan administered by the system, including costs of administration, expected to accrue during the next appropriation period. The commissioner of administration shall request appropriation of the amount calculated pursuant to the provisions of this subsection. Following each pay period, the commissioner of administration shall requisition and certify the payment to the executive director of the Missouri state employees' retirement system. The executive director shall promptly deposit the amounts certified to the credit of the Missouri state employees' retirement fund.

3. The employers of members of the system who are not paid out of funds that have been deposited in the state treasury shall remit promptly to the executive director an amount equal to the amount which the state would have paid if those members had been paid entirely from state funds. The executive director shall promptly deposit the amounts certified to the credit of the Missouri state employees' retirement system fund.

4. These amounts are funds of the system, and shall not be commingled with any funds in the state treasury.

104.490. 1. Should any error result in any member or beneficiary receiving more or less than he or she would have been entitled to receive had the error not occurred, the board shall correct such error, and, as far as practicable, make future payments in such a manner that the actuarial equivalent of the benefit to which such member or beneficiary was entitled shall be paid, and to this end may recover any overpayments. In all cases in which such error has been made, no such error shall be corrected unless the system discovers or is notified of such error within ten years after the **[**~~initial~~**] member's annuity starting date or** date of error**, whichever occurs later. In cases of fraud, any error discovered shall be corrected without concern to the amount of time that has passed**.

2. A person who knowingly makes a false statement, or falsifies or permits to be falsified a record of the system, in an attempt to defraud the system is subject to fine or imprisonment pursuant to the Missouri revised statutes.

3. The board of trustees of the Missouri state employees' retirement system shall cease paying benefits to any survivor or beneficiary who is charged with the intentional killing of a member without legal excuse or justification. A survivor or beneficiary who is convicted of such charge shall no longer be entitled to receive benefits. If the survivor or beneficiary is not convicted of such charge, the board shall resume payment of benefits and shall pay the survivor or beneficiary any benefits that were suspended pending resolution of such charge.

104.515. 1. Separate accounts for medical, life insurance and disability benefits provided pursuant to sections 104.517 and 104.518 shall be established as part of the fund. 2. The state shall contribute an amount as appropriated by law and approved by the governor per month for medical benefits, life insurance and long-term disability benefits as provided pursuant to this section and sections 104.517 and 104.518. Such amounts shall include the cost of providing life insurance benefits for each active employee who is a member of the Missouri state employees' retirement system, a member of the public school retirement system and who is employed by a state agency other than an institution of higher learning, a member of the retirement system established by sections 287.812 to 287.855, the judicial retirement system, each legislator and official holding an elective state office, members not on payroll status who are receiving workers' compensation benefits, and if the state highways and transportation commission so elects, those employees who are members of the state transportation department employees' and highway patrol retirement system; if the state highways and transportation commission so elects to join the plan, the state shall contribute an amount as appropriated by law for medical benefits for those employees who are members of the transportation department employees' and highway patrol retirement system; an additional amount equal to the amount required, based on competitive bidding or determined actuarially, to fund the retired members' death benefit or life insurance benefit, or both, provided in subsection 4 of this section and the disability benefits provided in section 104.518. This amount shall be reported as a separate item in the monthly certification of required contributions which the commissioner of administration submits to the state treasurer and shall be deposited to the separate account for medical, life insurance and disability benefits. All contributions made on behalf of members of the state transportation department employees' and highway patrol retirement system shall be made from highway funds. Separate premiums shall be established for employees' benefits and a separate premium or schedule of premiums shall be established for benefits for spouses and unemancipated children under twenty-three years of age of participating employees. The employee's premiums for spouse and children benefits shall be established to cover that portion of the cost of such benefits which is not paid for by contributions by the state. All such premium amounts shall be paid to the board of trustees at the time that each employee's wages or salary would normally be paid. The premium amounts so remitted will be placed in the separate account for medical, life insurance and disability benefits. In lieu of the availability of premium deductions, the board may establish alternative methods for the collection of premium amounts.

In addition, the retroactive starting date shall not be more than five years prior to the annuity starting date, which shall be the first day of the month with respect to which an amount is paid as an annuity pursuant to this section. The member's selection of a retroactive starting date shall be done in twelve-month increments, except this restriction shall not apply when the member selects the total available time between the retroactive starting date and the annuity starting date;

(2) The prospective annuity payable as of the annuity starting date shall be determined pursuant to the provisions otherwise applicable under the law, with the exception that it shall be the amount which would have been payable had the member actually retired on the retroactive starting date under the retirement plan selected by the member. (3) The lump sum payable shall be ninety percent of the annuity amounts which would have been paid to the member from the retroactive starting date to the annuity starting date had the member actually retired on the retroactive starting date and received a normal annuity. The member shall **[**~~elect to~~**]** receive the lump sum amount **[**~~either~~**]** in its entirety at the same time as the initial annuity payment is made **[**~~or in three equal annual installments with the first payment made at the same time as the initial annuity payment~~**]**; **and**

(4) **[**~~Any annuity payable pursuant to this section that is subject to a division of benefit order pursuant to section 104.312 shall be calculated as follows:~~

Furthermore, in connection with the election, the employee shall be required to acknowledge that the benefits provided by virtue of membership in either system, and any associated costs to the

employee, may be different now or in the future as a result of the election and that the employee agrees to hold both systems harmless with regard to benefit differences resulting from the election. **In the event an employee terminates employment and later returns to the same position, the employee shall be a member of the system in which he or she was a member prior to termination. If the employee returns to any other position, the employee shall be a member of the system that currently covers that position.**

~~(b) The lump sum payment described in subdivision (3) of this section shall not be subject to any division of benefit order; and~~

~~(5)~~**]** For purposes of determining annual benefit increases payable as part of the lump sum and annuity provided pursuant to this section, the retroactive starting date shall be considered the member's date of retirement.

7. Any vested former member who terminated employment after attaining normal retirement eligibility shall be considered a member for the purposes of this section.

104.1051. 1. Any annuity provided pursuant to the year 2000 plan is marital property and a court of competent jurisdiction may divide such annuity between the parties to any action for dissolution of marriage if at the time of the dissolution the member has at least five years of credited service pursuant to sections 104.1003 to 104.1093. A division of benefits order issued pursuant to this section:

(1) Shall not require the applicable retirement system to provide any form or type of annuity or retirement plan not selected by the member;

(2) Shall not require the applicable retirement system to commence payments until the member's annuity starting date;

(3) Shall identify the monthly amount to be paid to the former spouse, which shall be expressed as a percentage and which shall not exceed fifty percent of the amount of the member's annuity accrued during all or part of the period of the marriage of the member and former spouse **excluding service accrued under subsection 2 of section 104.1021;** and which shall be based on the member's vested annuity on the date of the dissolution of

marriage or an earlier date as specified in the order, which amount shall be adjusted proportionately upon the annuity starting date if the member's annuity is reduced due to the receipt of an early retirement annuity or the member's annuity is reduced pursuant to section 104.1027 under an annuity option in which the member named the alternate payee as beneficiary prior to the dissolution of marriage;

(4) Shall not require the payment of an annuity amount to the member and former spouse which in total exceeds the amount which the member would have received without regard to the order;

(5) Shall provide that any annuity increases, additional years of credited service, increased final average pay, increased pay pursuant to subsections 2 and 5 of section 104.1084, or other type of increases accrued after the date of the dissolution of marriage and any temporary annuity received pursuant to subsection 4 of section 104.1024 shall accrue solely to the benefit of the member; except that on or after September 1, 2001, any cost-of-living adjustment (COLA) due after the annuity starting date shall not be considered to be an increase accrued after the date of termination of marriage and shall be part of the monthly amount subject to division pursuant to any order issued after September 1, 2001;

(6) Shall terminate upon the death of either the member or the former spouse, whichever occurs first;

(7) Shall not create an interest which is assignable or subject to any legal process;

(8) Shall include the name, address, and date of birth of both the member and the former spouse, and the identity of the retirement system to which it applies;

(9) Shall be consistent with any other division of benefits orders which are applicable to the same member;

(10) Shall not require the applicable retirement system to continue payments to the alternate payee if the member's retirement benefit is suspended or waived as provided by this chapter but such payments shall resume when the retiree begins to receive retirement benefits in the future.

2. A system shall provide the court having jurisdiction of a dissolution of a marriage proceeding or the parties to the proceeding with information necessary to issue a division of benefits order concerning a member of the system, upon written request from either the court, the member, or the member's spouse, citing this section and identifying the case number and parties.

3. A system shall have the discretionary authority to reject a division of benefits order for the following reasons:

(1) The order does not clearly state the rights of the member and the former spouse;

(2) The order is inconsistent with any law governing the retirement system.

4. Any member of the closed plan who elected the year 2000 plan pursuant to section 104.1015 and then becomes divorced and subject to a division of benefits order shall have the division of benefits order calculated pursuant to the provisions of the year 2000 plan.

5. Any annuity payable under section 104.1024 that is subject to a division of benefit order under this section shall be calculated as follows:

(1) In instances of divorce after retirement, any service or pay of a member between the retroactive starting date and the annuity starting date shall not be considered creditable service or pay; and

(2) The lump-sum payment described in subdivision (3) of subsection 6 of section 104.1024 shall not be subject to any division of benefit order.

104.1060. 1. Should any error result in any person receiving more or less than the person would have been entitled to receive had the error not occurred, the board shall correct such error, and, as far as practicable, make future payments in such a manner that the actuarial equivalent of the annuity to which such person was entitled shall be paid, and to this end may recover any overpayments. In all cases in which such error has been made, no such error shall be corrected unless the system discovers or is notified of such error within ten years after the **[**~~initial~~**]** **member's annuity starting date or the** date of error**, whichever occurs later. In cases of fraud, any error discovered shall be corrected without concern to the amount of time that has passed**.

2. A person who knowingly makes a false statement, or falsifies or permits to be falsified a record of the system, in an attempt to defraud the system shall be subject to fine or imprisonment under the Missouri revised statutes.

3. A board shall not pay an annuity to any survivor or beneficiary who is charged with the intentional killing of a member, retiree or survivor without legal excuse or justification. A survivor or beneficiary who is convicted of such charge shall no longer be entitled to receive an annuity. If the survivor or beneficiary is not convicted of such charge, the board shall resume annuity payments and shall pay the survivor or beneficiary any annuity payments that were suspended pending resolution of such charge.

104.1066. 1. The year 2000 plan intends to follow a financing pattern which computes and requires contribution amounts which, expressed as percents of active member payroll, will remain approximately level from year to year and from one generation of citizens to the next generation. Such contribution determinations require regular actuarial valuations, which shall be made by the board's actuary, using assumptions and methods adopted by the board after consulting with its actuary. The entry age-normal cost valuation method shall be used in determining **the** normal cost**[**~~, and contributions for unfunded accrued liabilities shall be determined using level percent-of-payroll amortization~~**] calculation**. For purposes of this subsection and section 104.436, the actuary shall determine a single contribution rate applicable to both closed plan and year 2000 plan participants and, in determining such rate, make estimates of the probabilities of closed plan participants transferring to the year 2000 plan.

2. At least ninety days before each regular session of the general assembly, the board of the Missouri state employees' retirement system shall certify to the division of budget the contribution rate necessary to cover the liabilities of the year 2000 plan administered by such system, including costs of administration, expected to accrue during the next appropriation period. The commissioner of administration shall request appropriations based upon the contribution rate so certified. From appropriations so made, the commissioner of administration shall certify contribution amounts to the state treasurer who in turn shall immediately pay the contributions to the year 2000 plan.

3. The employers of members covered by the Missouri state employees' retirement system who are not paid out of funds that have been deposited in the state treasury shall remit following each pay period to the year 2000 plan an amount equal to the amount which the state would have paid if those members had been paid entirely from state funds. Such employers shall maintain payroll records for a minimum of five years and shall produce all such records as requested by the system. The system is authorized to request from the state office of administration an appropriation out of the annual budget of any such employer in the event such records indicate that such employer has not contributed the amounts required by this section. The office of administration shall request such appropriation which shall be equal to the amount necessary to replace any shortfall in contributions as determined by the system. From appropriations so made, the commissioner of administration shall certify contribution amounts to the state treasurer who in turn shall immediately pay such contributions to the year 2000 plan.

4. At least ninety days before each regular session of the general assembly, the board of the transportation department and highway patrol retirement system shall certify to the department of transportation and the department of public safety the contribution rate necessary to cover the liabilities of the year 2000 plan administered by such system, including costs of administration, expected to accrue during the next biennial or other appropriation period. Each department shall include in its budget and in its request for appropriations for personal service the sum so certified to it by such board, and shall present the same to the general assembly for allowance. The sums so certified and appropriated, when available, shall be immediately paid to the system and deposited in the highway and transportation employees' and highway patrol retirement and benefit fund.

5. These amounts are funds of the year 2000 plan and shall not be commingled with any funds in the state treasury.

104.1072. 1. Each board shall provide or contract, or both, for life insurance benefits for employees covered pursuant to the year 2000 plan as follows:

(1) Employees shall be provided fifteen thousand dollars of life insurance until December 31, 2000. Effective January 1, 2001, the system shall provide or contract or both for basic life insurance for employees covered under any retirement plan administered by the system pursuant to this chapter, persons covered by sections 287.812 to 287.856, for employees who are members of the judicial retirement system as provided in section 476.590, and, at the election of the state highways and transportation commission, employees who are members of the **[**~~highways and~~**] Missouri department of** transportation **[**~~employees'~~**]** and highway patrol **employees'** retirement system, in the amount equal to one times annual pay, subject to a minimum amount of fifteen thousand dollars. The board shall establish by rule or contract the method for determining the annual rate of pay and any other terms of such insurance as it deems necessary to implement the requirements pursuant to this section. Annual rate of pay shall not include overtime or any other irregular payments as determined by the board. Such life insurance shall provide for triple indemnity in the event the cause of death is a proximate result of a personal injury or disease arising out of and in the course of actual performance of duty as an employee;

(2) Any member who terminates employment after reaching normal or early retirement eligibility and becomes a retiree within **[**~~sixty~~**] sixty-five** days of such termination shall receive five thousand dollars of life insurance coverage.

2. (1) In addition to the life insurance authorized by the provisions of subsection 1 of this section, any person for whom life insurance is provided or contracted for pursuant to such subsection may purchase, at the person's own expense and only if monthly voluntary payroll deductions are authorized, additional life insurance at a cost to be stipulated in a contract with a private insurance company or as may be required by a system if the board of

trustees determines that the system should provide such insurance itself. The maximum amount of additional life insurance which may be so purchased prior to January 1, 2004, is that amount which equals six times the amount of the person's annual rate of pay, subject to any maximum established by a board, except that if such maximum amount is not evenly divisible by one thousand dollars, then the maximum amount of additional insurance which may be purchased is the next higher amount evenly divisible by one thousand dollars. The maximum amount of additional life insurance which may be so purchased on or after January 1, 2004, is an amount to be stipulated in a contract with a private insurance company or as may be required by the system if the board of trustees determines that the system should provide the insurance itself.

(2) Any person defined in subdivision (1) of this subsection may retain an amount not to exceed sixty thousand dollars of life insurance following the date of his or her retirement if such person becomes a retiree the month following termination of employment and makes written application for such life insurance at the same time such person's application is made to the board for retirement benefits. Such life insurance shall only be provided if such person pays the entire cost of the insurance, as determined by the board, by allowing voluntary deductions from the member's annuity.

(3) In addition to the life insurance authorized in subdivision (1) of this subsection, any person for whom life insurance is provided or contracted for pursuant to this subsection may purchase, at the person's own expense and only if monthly voluntary payroll deductions are authorized, life insurance covering the person's children or the person's spouse or both at coverage amounts to be determined by the board at a cost to be stipulated in a contract with a private insurer or as may be required by the system if the board of trustees determines that the system should provide such insurance itself.

(4) Effective July 1, 2000, any member who applies and is eligible to receive an annuity based on the attainment of at least forty-eight years of age with a total of years of age and years of credited service which is at least eighty shall be eligible to retain any optional life insurance described in subdivision (1) of this subsection. The amount of such retained insurance shall not be greater than the amount in effect during the month prior to termination of employment. Such insurance may be retained until the member's attainment of the earliest age for eligibility for reduced Social Security retirement benefits but no later than age sixty-two, at which time the amount of such insurance that may be retained shall be that amount permitted pursuant to subdivision (2) of this subsection.

3. The state highways and transportation commission may provide for insurance benefits to cover medical expenses for members of the **[**~~highways and~~**] Missouri department of** transportation **[**~~employees'~~**]** and highway patrol **employees'** retirement system. The state highways and transportation commission may provide medical benefits for dependents of members and for retired members. Contributions by the state highways and transportation commission to provide the benefits shall be on the same basis as provided for other state employees pursuant to the provisions of section 104.515. Except as otherwise provided by law, the cost of benefits for dependents of members and for retirees and their dependents shall be paid by the members or retirees. The commission may contract with other persons or entities including but not limited to third-party administrators, health network providers and health maintenance organizations for all, or any part of, the benefits provided for in this section. The commission may require reimbursement of any medical claims paid by the commission's medical plan for which there was third-party liability.

4. The **[**~~highways and~~**] Missouri department of** transportation **[**~~employees'~~**]** and highway patrol **employees'** retirement system may request the state highways and transportation commission to provide life insurance benefits as required in subsections 1 and 2 of this section. If the state highways and transportation commission agrees to the request, the **[**~~highways and~~**] Missouri department of** transportation **[**~~employees'~~**]** and highway patrol **employees'** retirement system shall reimburse the state highways and transportation commission for any and all costs for life insurance provided pursuant to subdivision (2) of subsection 1 of this section. The person who is covered pursuant to subsection 2 of this section shall be solely responsible for the costs of any additional life insurance. In lieu of the life insurance benefit in subdivision (2) of subsection 1 of this section, the **[**~~highways and~~**] Missouri department of** transportation **[**~~employees'~~**]** and highway patrol **employees'** retirement system is authorized in its sole discretion to provide a death benefit of five thousand dollars.

5. To the extent that the board enters or has entered into any contract with any insurer or service organization to provide life insurance provided for pursuant to this section:

(1) The obligation to provide such life insurance shall be primarily that of the insurer or service organization and secondarily that of the board;

(2) Any member who has been denied life insurance benefits by the insurer or service organization and has exhausted all appeal procedures provided by the insurer or service organization may appeal such decision by filing a petition against the insurer or service organization in a court of law in the member's county of residence; and

(3) The board and the system shall not be liable for life insurance benefits provided by an insurer or service organization pursuant to this section and shall not be subject to any cause of action with regard to life insurance benefits or the denial of life insurance benefits by the insurer or service organization unless the member has obtained judgment against the insurer or service organization for life insurance benefits and the insurer or service organization is unable to satisfy that judgment.

104.1084. 1. For members of the general assembly, the provisions of this section shall supplement or replace the indicated other provisions of the year 2000 plan. "Normal retirement eligibility" means attainment of age fifty-five for a member who has served at least three full biennial assemblies or the attainment of at least age fifty for a member who has served at least three full biennial assemblies with a total of years of age and years of credited service which is at least eighty. A member shall receive two years of credited service for every full biennial assembly served. A full biennial assembly shall be equal to the period of time beginning on the first day the general assembly convenes for a first regular session until the last day of the following year. If a member serves less than a full biennial assembly, the member shall receive credited service for the pro rata portion of the full biennial assembly served.

2. For the purposes of section 104.1024, the normal retirement annuity of a member of the general assembly shall be an amount for life equal to one twenty-fourth of the monthly pay for a senator or representative on the annuity starting date multiplied by the years of credited service as a member of the general assembly. In no event shall any such member or eligible beneficiary receive annuity amounts in excess of one hundred percent of pay.

3. To be covered by the provisions of section 104.1030, or section 104.1036, a member of the general assembly must have served at least three full biennial assemblies.

4. For members who are statewide elected officials, the provisions of this section shall supplement or replace the indicated other provisions of the year 2000 plan. "Normal retirement eligibility" means attainment of age fifty-five for a member who has served at least four years as a statewide elected official, or the attainment of age fifty with a total of years of age and years of such credited service which is at least eighty.

5. For the purposes of section 104.1024, the normal retirement annuity of a member who is a statewide elected official shall be an amount for life equal to one twenty-fourth of the monthly pay in the highest office held by such member on the annuity starting date multiplied by the years of credited service as a statewide elected official not to exceed twelve years.

6. To be covered by the provisions of sections 104.1030 and 104.1036, a member who is a statewide elected official must have at least four years as a statewide elected official.

7. The provisions of section 104.1045 shall not apply to persons covered by the general assembly and statewide elected official provisions of this section. Persons covered by the general assembly provisions and receiving a year 2000 plan annuity shall be entitled to a cost-of-living adjustment (COLA) when there are increases in pay for members of the general assembly. Persons covered by the statewide elected official provisions and receiving a year 2000 plan annuity shall be entitled to COLAs when there are increases in the pay for statewide elected officials in the highest office held by such person. The COLA described in this subsection shall be equal to and concurrent with the percentage increase in pay as described in section 105.005. No COLA shall be less than zero.

8. Any member who serves under this chapter as a member of the general assembly or as a statewide elected official on or after August 28, 1999, shall not be eligible to receive any retirement benefits from the system under either the closed plan or the year 2000 plan based on service rendered on or after August 28, 1999, as a member of the general assembly or as a statewide elected official if such member is convicted of a felony that is determined by a court of law to have been committed in connection with the member's duties either as a member of the general assembly or as a statewide elected official, unless such conviction is later reversed by a court of law.

9. A member of the general assembly who has purchased or transferred creditable service shall not be subject to the cap on benefits pursuant to subsection 2 of this section for that portion of the benefit attributable to the purchased or transferred service.

10. For the purposes of section 104.1042, the service credit accrued by a member of the general assembly while receiving long-term disability benefits shall continue to accrue until the earliest receipt of attainment of normal retirement age eligibility, termination of disability benefits, or the end of the member's constitutionally mandated limit on service as a member of the general assembly for the chamber in which the member was serving at the time of disablement.

11. For the purposes of section 104.1042, the service credit accrued by a statewide elected official while receiving long-term disability benefits shall continue to accrue until the earliest of attainment of normal retirement age eligibility, termination of disability benefits, or the end of the statewide elected official's

constitutionally mandated limit on service as a statewide elected official for the office in which the statewide elected official was serving at the time of disablement.

104.1091. 1. Notwithstanding any provision of the year 2000 plan to the contrary, each person who first becomes an employee on or after January 1, 2011, shall be a member of the year 2000 plan subject to the provisions of this section.

2. A member's normal retirement eligibility shall be as follows:

(1) The member's attainment of at least age sixty-seven and the completion of at least ten years of credited service; or the member's attainment of at least age fifty-five with the sum of the member's age and credited service equaling at least ninety; or, in the case of a member who is serving as a uniformed member of the highway patrol and subject to the mandatory retirement provisions of section 104.081, such member's attainment of at least age sixty or the attainment of at least age fifty-five with ten years of credited service;

(2) For members of the general assembly, the member's attainment of at least age sixty-two and the completion of at least three full biennial assemblies; or the member's attainment of at least age fifty-five with the sum of the member's age and credited service equaling at least ninety;

(3) For statewide elected officials, the official's attainment of at least age sixty-two and the completion of at least four years of credited service; or the official's attainment of at least age fifty-five with the sum of the official's age and credited service equaling at least ninety.

3. A vested former member's normal retirement eligibility shall be based on the attainment of at least age sixty-seven and the completion of at least ten years of credited service.

4. A temporary annuity paid pursuant to subsection 4 of section 104.1024 shall be payable if the member has attained at least age fifty-five with the sum of the member's age and credited service equaling at least ninety; or in the case of a member who is serving as a uniformed member of the highway patrol and subject to the mandatory retirement provisions of section 104.081, the temporary annuity shall be payable if the member has attained at least age sixty, or at least age fifty-five with ten years of credited service.

5. A member, other than a member who is serving as a uniformed member of the highway patrol and subject to the mandatory retirement provisions of section 104.081, shall be eligible for an early retirement annuity upon the attainment of at least age sixty-two and the completion of at least ten years of credited service. A vested former member **who terminated employment prior to the attainment of early retirement eligibility** shall not be eligible for early retirement.

6. The provisions of subsection 6 of section 104.1021 and section 104.344 as applied pursuant to subsection 7 of section 104.1021 and section 104.1090 shall not apply to members covered by this section.

7. The minimum credited service requirements of five years contained in sections 104.1018, 104.1030, 104.1036, and 104.1051 shall be ten years for members covered by this section. The normal and early retirement eligibility requirements in this section shall apply for purposes of administering section 104.1087.

8. A member shall be required to contribute four percent of the member's pay to the retirement system, which shall stand to the member's credit in his or her individual account with the system, together with investment credits thereon, for purposes of funding retirement benefits payable under the year 2000 plan, subject to the following provisions:

(1) The state of Missouri employer, pursuant to the provisions of 26 U.S.C. Section 414(h)(2), shall pick up and pay the contributions that would otherwise be payable by the member under this section. The contributions so picked up shall be treated as employer contributions for purposes of determining the member's pay that is includable in the member's gross income for federal income tax purposes;

(2) Member contributions picked up by the employer shall be paid from the same source of funds used for the payment of pay to a member. A deduction shall be made from each member's pay equal to the amount of the member's contributions picked up by the employer. This deduction, however, shall not reduce the member's pay for purposes of computing benefits under the retirement system pursuant to this chapter;

(3) Member contributions so picked up shall be credited to a separate account within the member's individual account so that the amounts contributed pursuant to this section may be distinguished from the amounts contributed on an after-tax basis;

(4) The contributions, although designated as employee contributions, shall be paid by the employer in lieu of the contributions by the member. The member shall not have the option of choosing to receive the contributed amounts directly instead of having them paid by the employer to the retirement system;

(5) Interest shall be credited annually on June thirtieth based on the value in the account as of July first of the immediately preceding year at a rate of four percent. Effective June 30, 2014, and each June thirtieth thereafter,

the interest crediting rate shall be equal to the investment rate that is published by the United States Department of Treasury, or its successor agency, for fifty-two week treasury bills for the relevant auction that is nearest to the preceding July first, or a successor treasury bill investment rate as approved by the board if the fifty-two week treasury bill is no longer issued. Interest credits shall cease upon termination of employment if the member is not a vested former member. Otherwise, interest credits shall cease upon retirement or death;

(6) A vested former member or a former member who is not vested may request a refund of his or her contributions and interest credited thereon. If such member is married at the time of such request, such request shall not be processed without consent from the spouse. Such member is not eligible to request a refund if such member's retirement benefit is subject to a division of benefit order pursuant to section 104.1051. Such refund shall be paid by the system **[**~~after~~**] within an administratively reasonable period, but no sooner than** ninety days from the date of termination of employment **[**~~or the request, whichever is later, and~~**]. The amount refunded** shall include all **employee** contributions made to any retirement plan administered by the system and interest credited thereon. A vested former member may not request a refund after such member becomes eligible for normal retirement. A vested former member or a former member who is not vested who receives a refund shall forfeit all the member's credited service and future rights to receive benefits from the system and shall not be eligible to receive any **[**~~long-term~~**]** disability benefits; provided that any member or vested former member receiving **[**~~long-term~~**]** disability benefits shall not be eligible for a refund. If such member subsequently becomes an employee and works continuously for at least one year, the credited service previously forfeited shall be restored if the member returns to the system the amount previously refunded plus interest at a rate established by the board;

(7) The beneficiary of any member who made contributions shall receive a refund upon the member's death equal to the amount, if any, of such contributions and interest credited thereon less any retirement benefits received by the member unless an annuity is payable to a survivor or beneficiary as a result of the member's death. In that event, the beneficiary of the survivor or beneficiary who received the annuity shall receive a refund upon the survivor's or beneficiary's death equal to the amount, if any, of the member's contributions less any annuity amounts received by the member and the survivor or beneficiary.

9. The employee contribution rate, the benefits provided under the year 2000 plan to members covered under this section, and any other provision of the year 2000 plan with regard to members covered under this section may be altered, amended, increased, decreased, or repealed, but only with respect to services rendered by the member after the effective date of such alteration, amendment, increase, decrease, or repeal, or, with respect to interest credits, for periods of time after the effective date of such alteration, amendment, increase, decrease, or repeal.

10. For purposes of members covered by this section, the options under section 104.1027 shall be as follows:

Option 1.

A retiree's life annuity shall be reduced to a certain percent of the annuity otherwise payable. Such percent shall be eighty-eight and one half percent adjusted as follows: if the retiree's age on the annuity starting date is younger than sixty-seven years, an increase of three-tenths of one percent for each year the retiree's age is younger than age sixty-seven years; and if the beneficiary's age is younger than the retiree's age on the annuity starting date, a decrease of three-tenths of one percent for each year of age difference; and if the retiree's age is younger than the beneficiary's age on the annuity starting date, an increase of three-tenths of one percent for each year of age difference; provided, after all adjustments the option 1 percent cannot exceed ninety-four and one quarter percent. Upon the retiree's death, fifty percent of the retiree's reduced annuity shall be paid to such beneficiary who was the retiree's spouse on the annuity starting date or as otherwise provided by subsection 5 of this section.

Option 2.

A retiree's life annuity shall be reduced to a certain percent of the annuity otherwise payable. Such percent shall be eighty-one percent adjusted as follows: if the retiree's age on the annuity starting date is younger than sixty-seven years, an increase of four-tenths of one percent for each year the retiree's age is younger than sixty-seven years; and if the beneficiary's age is younger than the retiree's age on the annuity starting date, a decrease of five-tenths of one percent for each year of age difference; and if the retiree's age is younger than the beneficiary's age on the annuity starting date, an increase of five-tenths of one percent for each year of age difference; provided, after all adjustments the option 2 percent cannot exceed eighty-seven and three quarter percent. Upon the retiree's death one hundred percent of the retiree's reduced annuity shall be paid to such beneficiary who was the retiree's spouse on the annuity starting date or as otherwise provided by subsection 5 of this section.

Option 3.

A retiree's life annuity shall be reduced to ninety-three percent of the annuity otherwise payable. If the retiree dies before having received one hundred twenty monthly payments, the reduced annuity shall be continued for the remainder of the one hundred twenty-month period to the retiree's designated beneficiary provided that if

there is no beneficiary surviving the retiree, the present value of the remaining annuity payments shall be paid as provided under subsection 3 of section 104.620. If the beneficiary survives the retiree but dies before receiving the remainder of such one hundred twenty monthly payments, the present value of the remaining annuity payments shall be paid as provided under subsection 3 of section 104.620.

Option 4.

A retiree's life annuity shall be reduced to eighty-six percent of the annuity otherwise payable. If the retiree dies before having received one hundred eighty monthly payments, the reduced annuity shall be continued for the remainder of the one hundred eighty-month period to the retiree's designated beneficiary provided that if there is no beneficiary surviving the retiree, the present value of the remaining annuity payments shall be paid as provided under subsection 3 of section 104.620. If the beneficiary survives the retiree but dies before receiving the remainder of such one hundred eighty monthly payments, the present value of the remaining annuity payments shall be paid as provided under subsection 3 of section 104.620.

11. The provisions of subsection 6 of section 104.1024 shall not apply to members covered by this section.

12. Effective January 1, 2018, a member who is not a statewide elected official or a member of the general assembly shall be eligible for retirement under this subsection subject to the following conditions:

(1) A member's normal retirement eligibility shall be based on the attainment of at least age sixty-seven and the completion of at least five years of credited service; or the member's attainment of at least age fifty-five with the sum of the member's age and credited service equaling at least ninety; or in the case of a member who is serving as a uniformed member of the highway patrol and subject to the mandatory retirement provisions of section 104.081, such member's attainment of at least age sixty or the attainment of at least age fifty-five with five years of credited service;

(2) A vested former member's normal retirement eligibility shall be based on the attainment of at least age sixty-seven and the completion of at least five years of credited service; **except that, a vested former member who terminates employment after the attainment of normal retirement eligibility as defined in subdivision (1) of this subsection shall be covered under such subdivision;**

(3) A temporary annuity paid under subsection 4 of section 104.1024 shall be payable if the member has attained at least age fifty-five with the sum of the member's age and credited service equaling at least ninety; or in the case of a member who is serving as a uniformed member of the highway patrol and subject to the mandatory retirement provisions of section 104.081, the temporary annuity shall be payable if the member has attained at least age sixty, or at least age fifty-five with five years of credited service;

Further amend said bill, Page 15, Section 285.1055, Line 7, by inserting after all of said section and line the following:

"476.521. 1. Notwithstanding any provision of chapter 476 to the contrary, each person who first becomes a judge on or after January 1, 2011, and continues to be a judge may receive benefits as provided in sections 476.445 to 476.688 subject to the provisions of this section.

2. Any person who is at least sixty-seven years of age, has served in this state an aggregate of at least twelve years, continuously or otherwise, as a judge, and ceases to hold office by reason of the expiration of the judge's term, voluntary resignation, or retirement pursuant to the provisions of Subsection 2 of Section 24 of Article V of the Constitution of Missouri may receive benefits as provided in sections 476.515 to 476.565. The twelve-year requirement of this subsection may be fulfilled by service as judge in any of the courts covered, or by service in any combination as judge of such courts, totaling an aggregate of twelve years. Any judge who is at least sixty-seven years of age and who has served less than twelve years and is otherwise qualified under sections 476.515 to 476.565 may retire after reaching age sixty-seven, or thereafter, at a reduced retirement compensation in a sum equal to the proportion of the retirement compensation provided in section 476.530 that his or her period of judicial service bears to twelve years.

3. Any person who is at least sixty-two years of age or older, has served in this state an aggregate of at least twenty years, continuously or otherwise, as a judge, and ceases to hold office by reason of the expiration of the judge's term, voluntary resignation, or retirement pursuant to the provisions of Subsection 2 of Section 24 of Article V of the Constitution of Missouri may receive benefits as provided in sections 476.515 to 476.565. The twenty-year requirement of this subsection may be fulfilled by service as a judge in any of the courts covered, or by service in any combination as judge of such courts, totaling an aggregate of twenty years. Any judge who is at least sixty-two years of age and who has served less than twenty years and is otherwise qualified under sections 476.515 to 476.565 may retire after reaching age sixty-two, at a reduced retirement compensation in a sum equal to the proportion of the retirement compensation provided in section 476.530 that his or her period of judicial service bears to twenty years.

4. All judges under this section required by the provisions of Section 26 of Article V of the Constitution of Missouri to retire at the age of seventy years shall retire upon reaching that age.

5. The provisions of sections 104.344, 476.524, and 476.690 shall not apply to judges covered by this section.

6. A judge shall be required to contribute four percent of the judge's compensation to the retirement system, which shall stand to the judge's credit in his or her individual account with the system, together with investment credits thereon, for purposes of funding retirement benefits payable as provided in sections 476.515 to 476.565, subject to the following provisions:

(1) The state of Missouri employer, pursuant to the provisions of 26 U.S.C. Section 414(h)(2), shall pick up and pay the contributions that would otherwise be payable by the judge under this section. The contributions so picked up shall be treated as employer contributions for purposes of determining the judge's compensation that is includable in the judge's gross income for federal income tax purposes;

(2) Judge contributions picked up by the employer shall be paid from the same source of funds used for the payment of compensation to a judge. A deduction shall be made from each judge's compensation equal to the amount of the judge's contributions picked up by the employer. This deduction, however, shall not reduce the judge's compensation for purposes of computing benefits under the retirement system pursuant to this chapter;

(3) Judge contributions so picked up shall be credited to a separate account within the judge's individual account so that the amounts contributed pursuant to this section may be distinguished from the amounts contributed on an after-tax basis;

(4) The contributions, although designated as employee contributions, are being paid by the employer in lieu of the contributions by the judge. The judge shall not have the option of choosing to receive the contributed amounts directly instead of having them paid by the employer to the retirement system;

(5) Interest shall be credited annually on June thirtieth based on the value in the account as of July first of the immediately preceding year at a rate of four percent. **Effective June 30, 2024, and each June thirtieth thereafter, the interest crediting rate shall be equal to the investment rate that is published by the United States Department of Treasury, or its successor agency, for fifty-two-week treasury bills for the relevant auction that is nearest to the preceding July first, or a successor treasury bill investment rate as approved by the board if the fifty-two-week treasury bill is no longer issued.** Interest credits shall cease upon retirement **or death** of the judge;

(6) A judge whose employment is terminated may request a refund of his or her contributions and interest credited thereon. If such judge is married at the time of such request, such request shall not be processed without consent from the spouse. A judge is not eligible to request a refund if the judge's retirement benefit is subject to a division of benefit order pursuant to section 104.312. Such refund shall be paid by the system after ninety days from the date of termination of employment or the request, whichever is later and shall include all contributions made to

any retirement plan administered by the system and interest credited thereon. A judge may not request a refund after such judge becomes eligible for retirement benefits under sections 476.515 to 476.565. A judge who receives a refund shall forfeit all the judge's service and future rights to receive benefits from the system and shall not be eligible to receive any long-term disability benefits; provided that any judge or former judge receiving long-term disability benefits shall not be eligible for a refund. If such judge subsequently becomes a judge and works continuously for at least one year, the service previously forfeited shall be restored if the judge returns to the system the amount previously refunded plus interest at a rate established by the board;

(7) The beneficiary of any judge who made contributions shall receive a refund upon the judge's death equal to the amount, if any, of such contributions **and interest credited thereon,** less any retirement benefits received by the judge unless an annuity is payable to a survivor or beneficiary as a result of the judge's death. In that event, the beneficiary of the survivor or beneficiary who received the annuity shall receive a refund upon the survivor's or beneficiary's death equal to the amount, if any, of the judge's contributions less any annuity amounts received by the judge and the survivor or beneficiary.

7. The employee contribution rate, the benefits provided under sections 476.515 to 476.565 to judges covered under this section, and any other provision of sections 476.515 to 476.565 with regard to judges covered under this section may be altered, amended, increased, decreased, or repealed, but only with respect to services rendered by the judge after the effective date of such alteration, amendment, increase, decrease, or repeal, or, with respect to interest credits, for periods of time after the effective date of such alteration, amendment, increase, decrease, or repeal.

8. Any judge who is receiving retirement compensation under section 476.529 or 476.530 who becomes employed as an employee eligible to participate in the closed plan or in the year 2000 plan under chapter 104, shall not receive such retirement compensation for any calendar month in which the retired judge is so employed. Any judge who is receiving retirement compensation under section 476.529 or section 476.530 who subsequently serves as a judge as defined pursuant to subdivision (4) of subsection 1 of section 476.515 shall not receive such retirement compensation for any calendar month in which the retired judge is serving as a judge; except that upon retirement such judge's annuity shall be recalculated to include any additional service or salary accrued based on the judge's subsequent service. A judge who is receiving compensation under section 476.529 or 476.530 may continue to receive such retirement compensation while serving as a senior judge or senior commissioner and shall receive additional credit and salary for such service pursuant to section 476.682.

[~~104.130. House Amendment No. 2

AMEND House Committee Substitute for House Bill No. 934, Page 4, Section 57.991, Line 21, by inserting after said section and line the following:

"86.253. 1. Upon termination of employment as a police officer and actual retirement for service, a member shall receive a service retirement allowance which shall be an amount equal to two percent of the member's average final compensation multiplied by the number of years of the member's creditable service, up to twenty-five years, plus an amount equal to four percent of the member's average final compensation for each year of creditable service in excess of twenty-five years but not in excess of thirty years; plus an additional five percent of the member's average final compensation for any creditable service in excess of thirty years. Notwithstanding the foregoing, the service retirement allowance of a member who does not earn any creditable service after August 11, 1999, shall not exceed an amount equal to seventy percent of the member's average final compensation, and the service retirement allowance of a member who earns creditable service on or after August 12, 1999, shall not exceed an amount equal to seventy-five percent of the member's average final compensation; provided, however, that the service retirement allowance of a member who is participating in the DROP pursuant to section 86.251 on August 12, 1999, who returns to active participation in the system pursuant to section 86.251, and who terminates employment as a police officer and actually retires for reasons other than death or disability before earning at least two years of creditable service after such return shall be the sum of (1) the member's service retirement allowance as of the date the member entered DROP and (2) an additional service retirement allowance based solely on the creditable service earned by the member following the member's return to active participation. The member's total years of creditable service shall be taken into account for the purpose of determining whether the additional allowance attributable to such additional creditable service is two percent, four percent or five percent of the member's average final compensation.

2. If, at any time since first becoming a member of the retirement system, the member has served in the Armed Forces of the United States, and has subsequently been reinstated as a policeman within ninety days after the member's discharge, the member shall be granted credit for such service as if the member's service in the police department of such city had not been interrupted by the member's induction into the Armed Forces of the United States. If earnable compensation is needed for such period in computation of benefits it shall be calculated on the basis of the compensation payable to the officers of the member's rank during the period of the member's absence. Notwithstanding any provision of sections 86.200 to 86.366 to the contrary, the retirement system governed by sections 86.200 to 86.366 shall be operated and administered in accordance with the applicable provisions of the Uniformed Services Employment and Reemployment Rights Act of 1994, as amended.

3. The service retirement allowance of each present and future retired member who terminated employment as a police officer and actually retired from service after attaining age fifty-five or after completing twenty years of creditable service shall be increased annually at a rate not to exceed three percent as approved by the board of trustees beginning with the first increase in the second October following the member's retirement and subsequent increases in each October thereafter, provided that each increase is subject to a determination by the board of trustees that the consumer price index (United States City Average Index) as published by the United States Department of Labor shows an increase of not less than the approved rate during the latest twelve-month period for which the index is available at the date of determination; and provided further, that if the increase is in excess of the approved rate for any year, such excess shall be accumulated as to any retired member and increases may be granted in subsequent years subject to a maximum of three percent for each full year from October following the member's retirement but not to exceed a total percentage increase of thirty percent. In no event shall the increase described

under this subsection be applied to the amount, if any, paid to a member or surviving spouse of a deceased member for services as a special consultant under subsection 5 of this section **[**~~or, if applicable, subsection 6 of this section~~**]**. If the board of trustees determines that the index has decreased for any year, the benefits of any retired member that have been increased shall be decreased but not below the member's initial benefit. No annual increase shall be made of less than one percent and no decrease of less than three percent except that any decrease may be limited in amount by the initial benefit.

4. In addition to any other retirement allowance payable under this section and section 86.250, a member, upon termination of employment as police officer and actual service retirement, may request payment of the total amount of the member's mandatory contributions to the retirement system without interest. Upon receipt of such request, the board shall pay the retired member such total amount of the member's mandatory contributions to the retirement system to be paid pursuant to this subsection within sixty days after such retired member's date of termination of employment as a police officer and actual retirement.

5. Any person who is receiving retirement benefits from the retirement system, upon application to the board of trustees, shall be made, constituted, appointed and employed by the board of trustees as a special consultant on the problems of retirement, aging and other matters, for the remainder of the person's life or, in the case of a deceased member's surviving spouse, until **[**~~the earlier of~~**]** the person's death **[**~~or remarriage~~**]**, and upon request of the board of trustees shall give opinions and be available to give opinions in writing or orally, in response to such requests, as may be required. For such services the special consultant shall be compensated monthly, in an amount which, when added to any monthly retirement benefits being received from the retirement system, including any cost-of-living increases under subsection 3 of this section, shall total six hundred fifty dollars a month. This employment shall in no way affect any person's eligibility for retirement benefits under this chapter, or in any way have the effect of reducing retirement benefits, notwithstanding any provisions of law to the contrary.

86.254. 1. Beginning July 1, 1994, in addition to any other annuity, benefits, or retirement allowance provided pursuant to sections 86.200 to 86.366, each present and future retired member after attaining the age of sixty years shall, upon application to the board of trustees, be made, constituted, appointed and employed by the board of trustees as an advisor on the problems of retirement, aging and other matters, for the remainder of the retired member's life, and upon request of the board of trustees shall give opinions in writing or orally in response to such requests as may be required.

2. For the performance of duties required in subsection 1 of this section, each retired member employed as an advisor by the board of trustees shall be compensated monthly in an amount of ten dollars per month multiplied by the number of years the retired member is past the age of sixty years. The compensation provided by this subsection shall be adjusted annually. No funding shall be required prior to the effective date of this benefit.

3. Beginning October 1, 1999, in addition to any other benefit provided to any surviving spouse pursuant to sections 86.200 to 86.366, each present and future surviving spouse of a member after attaining the age of sixty years shall upon application to the board of trustees, be made, constituted, appointed and employed by the board of trustees as an advisor on the problems of retirement, aging and other matters for the remainder of the surviving spouse's life **[**~~or until the surviving spouse remarries, whichever is earlier~~**]**, and upon request of the board of trustees shall give opinions in writing or orally in response to such requests as may be required.

4. For the performance of duties required in subsection 3 of this section, each surviving spouse of a member employed as an advisor by the board of trustees shall be compensated monthly in an amount of ten dollars per month multiplied by the number of years the surviving spouse is past the age of sixty years. The compensation provided by this subsection shall be adjusted annually.

(8) The benefits payable pursuant to this section to the surviving spouse of a member who died in service after attaining the age of fifty-five or completing twenty years of creditable service shall be increased in the same percentages and pursuant to the same method as is provided in section 86.253 for adjustments in the service retirement allowance of a retired member**;**

(9) In the event a surviving spouse receiving death benefits as a result of a prior marriage to a deceased member subsequently remarries another member who also predeceases the surviving spouse, the surviving spouse shall receive a single death benefit pension, which, upon application to the board of trustees, shall be computed under subdivision (1) of this section using the highest of the average final compensations of the deceased members to which the surviving spouse was previously married;

(10) Beginning on August 28, 2023, any surviving spouse that had, prior to August 28, 2023, become ineligible for benefits under subdivisions (1) and (2) of this section as a result of remarrying shall, upon application to the board of trustees, have reinstated all future benefits under subdivisions (1) and (2) of this section. 2. In lieu of the retirement allowance provided in subsection 1 of this section, a member whose age is sixty years or more on September 28, 1975, may elect to have the member's retirement allowance calculated as a sum of the following items:

(1) Sixty cents plus one and five-tenths percent of the member's final average salary for each year of membership service;

(2) Six-tenths of the amount payable for a year of membership service for each year of prior service not exceeding thirty years;

(3) Three-fourths of one percent of the sum of subdivisions (1) and (2) of this subsection for each month of attained age in excess of sixty years but not in excess of age sixty-five.

3. (1) In lieu of the retirement allowance provided either in subsection 1 or 2 of this section, collectively called "option 1", a member whose creditable service is twenty-five years or more or who has attained the age of fifty-five with five or more years of creditable service may elect in the member's application for retirement to receive the actuarial equivalent of the member's retirement allowance in reduced monthly payments for life during retirement with the provision that:

Option 2.

Upon the member's death the reduced retirement allowance shall be continued throughout the life of and paid to such person as has an insurable interest in the life of the member as the member shall have nominated in the member's election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance will be increased to the amount the retired member would be receiving had the retired member elected option 1; or

Option 3.

Upon the death of the member three-fourths of the reduced retirement allowance shall be continued throughout the life of and paid to such person as has an insurable interest in the life of the member and as the member shall have nominated in an election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance will be increased to the amount the retired member would be receiving had the member elected option 1; or

Option 4.

Upon the death of the member one-half of the reduced retirement allowance shall be continued throughout the life of, and paid to, such person as has an insurable interest in the life of the member and as the member shall have nominated in an election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance shall be increased to the amount the retired member would be receiving had the member elected option 1; or

Option 5.

Upon the death of the member prior to the member having received one hundred twenty monthly payments of the member's reduced allowance, the remainder of the one hundred twenty monthly payments of the reduced allowance shall be paid to such beneficiary as the member shall have nominated in the member's election of the option or in a subsequent nomination. If there is no beneficiary so nominated who survives the member for the remainder of the one hundred twenty monthly payments, the total of the remainder of such one hundred twenty monthly payments shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the last person, in that order of precedence, to receive a monthly allowance in a lump sum payment. If the total of the one hundred twenty payments paid to the retired individual and the beneficiary of the retired individual is less than the total of the member's accumulated contributions, the difference shall be paid to the beneficiary in a lump sum; or

Option 6.

Upon the death of the member prior to the member having received sixty monthly payments of the member's reduced allowance, the remainder of the sixty monthly payments of the reduced allowance shall be paid to such beneficiary as the member shall have nominated in the member's election of the option or in a subsequent nomination. If there is no beneficiary so nominated who survives the member for the remainder of the sixty monthly payments, the total of the remainder of such sixty monthly payments shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the last person, in that order of precedence, to receive a monthly allowance in a lump sum payment. If the total of the sixty payments paid to the retired individual and the beneficiary of the retired individual is less than the total of the member's accumulated contributions, the difference shall be paid to the beneficiary in a lump sum.

(2) The election of an option may be made only in the application for retirement and such application must be filed prior to the date on which the retirement of the member is to be effective. If either the member or the person nominated to receive the survivorship payments dies before the effective date of retirement, the option shall not be effective, provided that:

(a) If the member or a person retired on disability retirement dies after acquiring twenty-five or more years of creditable service or after attaining the age of fifty-five years and acquiring five or more years of creditable service and before retirement, except retirement with disability benefits, and the person named by the member as the member's beneficiary has an insurable interest in the life of the deceased member, the designated beneficiary may elect to receive either survivorship benefits under option 2 or a payment of the accumulated contributions of the member. If survivorship benefits under option 2 are elected and the member at the time of death would have been eligible to receive an actuarial equivalent of the member's retirement allowance, the designated beneficiary may further elect to defer the option 2 payments until the date the member would have been eligible to receive the retirement allowance provided in subsection 1 or 2 of this section;

(b) If the member or a person retired on disability retirement dies before attaining age fifty-five but after acquiring five but fewer than twenty-five years of creditable service, and the person named as the member's beneficiary has an insurable interest in the life of the deceased member, the designated beneficiary may elect to receive either a payment of the member's accumulated contributions, or survivorship benefits under option 2 to begin on the date the member would first have been eligible to receive an actuarial equivalent of the member's retirement allowance, or to begin on the date the member would first have been eligible to receive the retirement allowance provided in subsection 1 or 2 of this section.

4. If the total of the retirement or disability allowance paid to an individual before the death of the individual is less than the accumulated contributions at the time of retirement, the difference shall be paid to the beneficiary of the individual, or to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the individual in that order of precedence. If an optional benefit as provided in option 2, 3 or 4 in subsection 3 of this section had been elected, and the beneficiary dies after receiving the optional benefit, and if the total retirement allowance paid to the retired individual and the beneficiary of the retired individual is less than the total of the contributions, the difference shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the beneficiary, in that order of precedence, unless the retired individual designates a different recipient with the board at or after retirement.

5. If a member dies and his or her financial institution is unable to accept the final payment or payments due to the member, the final payment or payments shall be paid to the beneficiary of the member or, if there is no beneficiary, to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the member, in that order of precedence, unless otherwise stated. If the beneficiary of a deceased member dies and his or her financial institution is unable to accept the final payment or payments, the final payment or payments shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the member, in that order of precedence, unless otherwise stated.

6. If a member dies before receiving a retirement allowance, the member's accumulated contributions at the time of the death of the member shall be paid to the beneficiary of the member or, if there is no beneficiary, to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or to the estate of the member, in that order of precedence; except that, no such payment shall be made if the beneficiary elects option 2 in subsection 3 of this section, unless the beneficiary dies before having received benefits pursuant to that subsection equal to the accumulated contributions of the member, in which case the amount of accumulated contributions in excess of the total benefits paid pursuant to that subsection shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the beneficiary, in that order of precedence.

7. If a member ceases to be a public school employee as herein defined and certifies to the board of trustees that such cessation is permanent, or if the membership of the person is otherwise terminated, the member shall be paid the member's accumulated contributions with interest.

8. Notwithstanding any provisions of sections 169.010 to 169.141 to the contrary, if a member ceases to be a public school employee after acquiring five or more years of membership service in Missouri, the member may at the option of the member leave the member's contributions with the retirement system and claim a retirement allowance any time after reaching the minimum age for voluntary retirement. When the member's claim is presented to the board, the member shall be granted an allowance as provided in sections 169.010 to 169.141 on the basis of the member's age, years of service, and the provisions of the law in effect at the time the member requests the member's retirement to become effective.

9. The retirement allowance of a member retired because of disability shall be nine-tenths of the allowance to which the member's creditable service would entitle the member if the member's age were sixty, or fifty percent

of one-twelfth of the annual salary rate used in determining the member's contributions during the last school year for which the member received a year of creditable service immediately prior to the member's disability, whichever is greater, except that no such allowance shall exceed the retirement allowance to which the member would have been entitled upon retirement at age sixty if the member had continued to teach from the date of disability until age sixty at the same salary rate.

10. Notwithstanding any provisions of sections 169.010 to 169.141 to the contrary, from October 13, 1961, the contribution rate pursuant to sections 169.010 to 169.141 shall be multiplied by the factor of two-thirds for any member of the system for whom federal Old Age and Survivors Insurance tax is paid from state or local tax funds on account of the member's employment entitling the person to membership in the system. The monetary benefits for a member who elected not to exercise an option to pay into the system a retroactive contribution of four percent on that part of the member's annual salary rate which was in excess of four thousand eight hundred dollars but not in excess of eight thousand four hundred dollars for each year of employment in a position covered by this system between July 1, 1957, and July 1, 1961, as provided in subsection 10 of this section as it appears in RSMo, 1969, shall be the sum of:

(1) For years of service prior to July 1, 1946, six-tenths of the full amount payable for years of membership service;

(2) For years of membership service after July 1, 1946, in which the full contribution rate was paid, full benefits under the formula in effect at the time of the member's retirement;

(3) For years of membership service after July 1, 1957, and prior to July 1, 1961, the benefits provided in this section as it appears in RSMo, 1959; except that if the member has at least thirty years of creditable service at retirement the member shall receive the benefit payable pursuant to that section as though the member's age were sixty-five at retirement;

(4) For years of membership service after July 1, 1961, in which the two-thirds contribution rate was paid, two-thirds of the benefits under the formula in effect at the time of the member's retirement.

11. The monetary benefits for each other member for whom federal Old Age and Survivors Insurance tax is or was paid at any time from state or local funds on account of the member's employment entitling the member to membership in the system shall be the sum of:

(1) For years of service prior to July 1, 1946, six-tenths of the full amount payable for years of membership service;

(2) For years of membership service after July 1, 1946, in which the full contribution rate was paid, full benefits under the formula in effect at the time of the member's retirement;

(3) For years of membership service after July 1, 1957, in which the two-thirds contribution rate was paid, two-thirds of the benefits under the formula in effect at the time of the member's retirement.

12. Any retired member of the system who was retired prior to September 1, 1972, or beneficiary receiving payments under option 1 or option 2 of subsection 3 of this section, as such option existed prior to September 1, 1972, will be eligible to receive an increase in the retirement allowance of the member of two percent for each year, or major fraction of more than one-half of a year, which the retired member has been retired prior to July 1, 1975. This increased amount shall be payable commencing with January, 1976, and shall thereafter be referred to as the member's retirement allowance. The increase provided for in this subsection shall not affect the retired member's eligibility for compensation provided for in section 169.580 or 169.585, nor shall the amount being paid pursuant to these sections be reduced because of any increases provided for in this section.

13. If the board of trustees determines that the cost of living, as measured by generally accepted standards, increases two percent or more in the preceding fiscal year, the board shall increase the retirement allowances which the retired members or beneficiaries are receiving by two percent of the amount being received by the retired member or the beneficiary at the time the annual increase is granted by the board with the provision that the increases provided for in this subsection shall not become effective until the fourth January first following the member's retirement or January 1, 1977, whichever later occurs, or in the case of any member retiring on or after July 1, 2000, the increase provided for in this subsection shall not become effective until the third January first following the member's retirement, or in the case of any member retiring on or after July 1, 2001, the increase provided for in this subsection shall not become effective until the second January first following the member's retirement. Commencing with January 1, 1992, if the board of trustees determines that the cost of living has increased five percent or more in the preceding fiscal year, the board shall increase the retirement allowances by five percent. The total of the increases granted to a retired member or the beneficiary after December 31, 1976, may not exceed eighty percent of the retirement allowance established at retirement or as previously adjusted by other

subsections. If the cost of living increases less than five percent, the board of trustees may determine the percentage of increase to be made in retirement allowances, but at no time can the increase exceed five percent per year. If the cost of living decreases in a fiscal year, there will be no increase in allowances for retired members on the following January first.

14. The board of trustees may reduce the amounts which have been granted as increases to a member pursuant to subsection 13 of this section if the cost of living, as determined by the board and as measured by generally accepted standards, is less than the cost of living was at the time of the first increase granted to the member; except that, the reductions shall not exceed the amount of increases which have been made to the member's allowance after December 31, 1976.

15. Any application for retirement shall include a sworn statement by the member certifying that the spouse of the member at the time the application was completed was aware of the application and the plan of retirement elected in the application.

16. Notwithstanding any other provision of law, any person retired prior to September 28, 1983, who is receiving a reduced retirement allowance under option 1 or option 2 of subsection 3 of this section, as such option existed prior to September 28, 1983, and whose beneficiary nominated to receive continued retirement allowance payments under the elected option dies or has died, shall upon application to the board of trustees have his or her retirement allowance increased to the amount he or she would have been receiving had the option not been elected, actuarially adjusted to recognize any excessive benefits which would have been paid to him or her up to the time of application.

17. Benefits paid pursuant to the provisions of the public school retirement system of Missouri shall not exceed the limitations of Section 415 of Title 26 of the United States Code except as provided pursuant to this subsection. Notwithstanding any other law to the contrary, the board of trustees may establish a benefit plan pursuant to Section 415(m) of Title 26 of the United States Code. Such plan shall be created solely for the purpose described in Section 415(m)(3)(A) of Title 26 of the United States Code. The board of trustees may promulgate regulations necessary to implement the provisions of this subsection and to create and administer such benefit plan.

18. Notwithstanding any other provision of law to the contrary, any person retired before, on, or after May 26, 1994, shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties the person shall receive an amount based on the person's years of service so that the total amount received pursuant to sections 169.010 to 169.141 shall be at least the minimum amounts specified in subdivisions (1) to (4) of this subsection. In determining the minimum amount to be received, the amounts in subdivisions (3) and (4) of this subsection shall be adjusted in accordance with the actuarial adjustment, if any, that was applied to the person's retirement allowance. In determining the minimum amount to be received, beginning September 1, 1996, the amounts in subdivisions (1) and (2) of this subsection shall be adjusted in accordance with the actuarial adjustment, if any, that was applied to the person's retirement allowance due to election of an optional form of retirement having a continued monthly payment after the person's death. Notwithstanding any other provision of law to the contrary, no person retired before, on, or after May 26, 1994, and no beneficiary of such a person, shall receive a retirement benefit pursuant to sections 169.010 to 169.141 based on the person's years of service less than the following amounts:

(1) Thirty or more years of service, one thousand two hundred dollars;

(2) At least twenty-five years but less than thirty years, one thousand dollars;

(3) At least twenty years but less than twenty-five years, eight hundred dollars;

(4) At least fifteen years but less than twenty years, six hundred dollars.

19. Notwithstanding any other provisions of law to the contrary, any person retired prior to May 26, 1994, and any designated beneficiary of such a retired member who was deceased prior to July 1, 1999, shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement or aging and upon request shall give written or oral opinions to the board in response to such requests. Beginning September 1, 1996, as compensation for such service, the member shall have added, pursuant to this subsection, to the member's monthly annuity as provided by this section a dollar amount equal to the lesser of sixty dollars or the product of two dollars multiplied by the member's number of years of creditable service. Beginning September 1, 1999, the designated beneficiary of the deceased member shall as compensation for such service have added, pursuant to this subsection, to the monthly annuity as provided by this section a dollar amount equal to the lesser of sixty dollars or the product of two dollars multiplied by the member's number of years of creditable service. The total compensation provided by this section including the compensation provided by this subsection shall be used in calculating any future cost-of-living adjustments provided by subsection 13 of this section.

20. Any member who has retired prior to July 1, 1998, and the designated beneficiary of a deceased retired member shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties the person shall receive a payment equivalent to eight and seven-tenths percent of the previous month's benefit, which shall be added to the member's or beneficiary's monthly annuity and which shall not be subject to the provisions of subsections 13 and 14 of this section for the purposes of the limit on the total amount of increases which may be received.

21. Any member who has retired shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such request. As compensation for such duties, the beneficiary of the retired member, or, if there is no beneficiary, the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the retired member, in that order of precedence, shall receive as a part of compensation for these duties a death benefit of five thousand dollars.

22. Any member who has retired prior to July 1, 1999, and the designated beneficiary of a retired member who was deceased prior to July 1, 1999, shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties, the person shall have added, pursuant to this subsection, to the monthly annuity as provided by this section a dollar amount equal to five dollars times the member's number of years of creditable service.

23. Any member who has retired prior to July 1, 2000, and the designated beneficiary of a deceased retired member shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties, the person shall receive a payment equivalent to three and five-tenths percent of the previous month's benefit, which shall be added to the member or beneficiary's monthly annuity and which shall not be subject to the provisions of subsections 13 and 14 of this section for the purposes of the limit on the total amount of increases which may be received.

24. Any member who has retired prior to July 1, 2001, and the designated beneficiary of a deceased retired member shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties, the person shall receive a dollar amount equal to three dollars times the member's number of years of creditable service, which shall be added to the member's or beneficiary's monthly annuity and which shall not be subject to the provisions of subsections 13 and 14 of this section for the purposes of the limit on the total amount of increases which may be received.

169.560. 1. Any person retired and currently receiving a retirement allowance pursuant to sections 169.010 to 169.141, other than for disability, may be employed in any capacity for an employer included in the retirement system created by those sections on either a part-time or temporary-substitute basis not to exceed a total of five hundred fifty hours in any one school year, and through such employment may earn up to fifty percent of the annual compensation payable under the employer's salary schedule for the position or positions filled by the retiree, given such person's level of experience and education, without a discontinuance of the person's retirement allowance. If the employer does not utilize a salary schedule, or if the position in question is not subject to the employer's salary schedule, a retiree employed in accordance with the provisions of this subsection may earn up to fifty percent of the annual compensation paid to the person or persons who last held such position or positions. If the position or positions did not previously exist, the compensation limit shall be determined in accordance with rules duly adopted by the board of trustees of the retirement system; provided that, it shall not exceed fifty percent of the annual compensation payable for the position by the employer that is most comparable to the position filled by the retiree. In any case where a retiree fills more than one position during the school year, the fifty-percent limit on permitted earning shall be based solely on the annual compensation of the highest paid position occupied by the retiree for at least one-fifth of the total hours worked during the year. Such a person shall not contribute to the retirement system or to the public education employee retirement system established by sections 169.600 to 169.715 because of earnings during such period of employment. The retirement system may require the employer, the third-party employer, the independent contractor, and the retiree subject to this subsection to provide documentation showing compliance with this subsection. If such documentation is not provided, the retirement system may deem the retiree to have exceeded the limitations provided in this subsection.

2. Notwithstanding any other provision of this section, any person retired and currently receiving a retirement allowance in accordance with sections 169.010 to 169.141, other than for disability, may be employed by an employer included in the retirement system created by those sections in a position that does not normally require a person employed in that position to be duly certificated under the laws governing the certification of teachers in Missouri, and through such employment may earn**, beginning on August 28, 2023, and ending on June 30, 2028,** up to **[**~~sixty percent of the minimum teacher's salary as set forth in section 163.172~~**] one hundred thirty-three percent of the annual earnings exemption amount applicable to a Social Security recipient before the calendar year of attainment of full retirement age under 20 CFR 404.430, and, after June 30, 2028, up to the annual earnings exemption amount applicable to a Social Security retirement recipient before the calendar year of attainment of full retirement age under 20 CFR 404.430**, without a discontinuance of the person's retirement allowance **from the retirement system. The employer's contribution rate shall be paid by the hiring employer into the public education employee retirement system established by sections 169.600 to 169.715. If such a person is employed in any capacity by an employer in excess of the limitations set forth in this subsection, the person shall not be eligible to receive the person's retirement allowance for any month during which the person is so employed. In addition, such person shall become a member of and contribute to any retirement system described in this subsection if the person satisfies the retirement system's membership eligibility requirements. The provisions of this subsection shall not apply to any person retired and currently receiving a retirement allowance in accordance with sections 169.010 to 169.141 employed by a public community college **or employer under subsection 4 of section 169.130**.

(1) Hired by the Missouri state highway patrol prior to January 1, 1995; and

(2) Employed by the Missouri state highway patrol or receiving long-term disability or work-related disability benefits on the day before the effective date of the member's retirement.

3. In lieu of the annuity payable to the member pursuant to section 104.100, a member whose age at retirement is forty-eight or more may elect in the member's application for retirement to receive one of the following:

Option 1.

An actuarial reduction approved by the board of the member's annuity in reduced monthly payments for life during retirement with the provision that upon the member's death the reduced annuity at date of death shall be continued throughout the life of, and be paid to, the member's spouse; or

Option 2.

The member's normal annuity in regular monthly payments for life during retirement with the provision that upon the member's death a survivor's benefit equal to one-half the member's normal annuity at date of death shall be paid to the member's spouse in regular monthly payments for life; or

Option 3.

An actuarial reduction approved by the board of the member's normal annuity in reduced monthly payments for the member's life with the provision that if the member dies prior to the member's having received one hundred twenty monthly payments of the member's reduced annuity, the member's reduced allowance to which the member would have been entitled had the member lived shall be paid for the remainder of the one hundred twenty-month period to such beneficiary as the member shall have nominated by written designation duly executed and filed with the board. If there is no beneficiary surviving the retiree, the reserve for such allowance for the remainder of such one hundred twenty-month period shall be paid to the retiree's estate; or

Option 4.

An actuarial reduction approved by the board of the member's normal annuity in reduced monthly payments for the member's life with the provision that if the member dies prior to the member having received sixty monthly payments of the member's reduced annuity, the member's reduced allowance to which the member would have been entitled had the member lived shall be paid for the remainder of the sixty-month period to such beneficiary as the member shall have nominated by written designation duly executed and filed with the board. If there is no beneficiary surviving the retiree, the reserve for such allowance for the remainder of such sixty-month period shall be paid to the retiree's estate.

4. The election may be made only in the application for retirement, and such application shall be filed at least thirty days but not more than ninety days prior to the date on which the retirement of the member is to be effective, provided that if either the member or the spouse nominated to receive the survivorship payment dies before the effective date of retirement, the election shall not be effective. If after the reduced annuity commences, the spouse predeceases the retired member, the reduced annuity continues to the retired member during the member's lifetime.

5. Effective July 1, 2000, a member may make an election under option 1 or 2 after the date retirement benefits are initiated if the member makes the election within one year from the date of marriage or July 1, 2000, whichever is later, under any of the following circumstances:

(1) The member elected to receive a normal annuity and was not eligible to elect option 1 or 2 on the date retirement benefits were initiated; or

(2) The member's annuity reverted to a normal annuity pursuant to subsection 7 of this section or subsection **[**~~7 or~~**]** 8 of section 104.103 and the member remarried; or

(3) The member elected option 1 or 2 but the member's spouse at the time of retirement has died and the member has remarried.

6. Any person who terminates employment or retires prior to July 1, 2000, shall be made, constituted, appointed and employed by the board as a special consultant on the problems of retirement, aging and other state matters, and for such services shall be eligible to elect to receive the benefits described in subsection 5 of this section.

7. For retirement applications filed on or after August 28, 2004, the beneficiary for either option 1 or option 2 of subsection 3 of this section shall be the member's spouse at the time of retirement. If the member's marriage ends after retirement as a result of a dissolution of marriage, such dissolution shall not affect the option election and the former spouse shall continue to be eligible to receive survivor benefits upon death of the member, except a member may cancel his or her election if:

(1) The dissolution of marriage of the member and former spouse occurred on or after January 1, 2021, and the dissolution decree provides for sole retention by the member of all rights in the annuity and provides that the former spouse shall not be entitled to any survivor benefits pursuant to this chapter; or

(2) The dissolution of marriage of the member and former spouse occurred prior to January 1, 2021, and:

(a) The dissolution decree provided for the sole retention by the member of all rights in the annuity pursuant to this chapter, and the parties obtained an amended or modified dissolution decree after January 1, 2021, providing for immediate removal of the former spouse as the beneficiary entitled to survivor benefits to the satisfaction of the system; or

(b) The dissolution decree does not provide for the sole retention by the member of all rights in the annuity and the parties obtained an amended or modified dissolution decree after January 1, 2021, which provides for the sole retention by the member of all rights in the annuity and provides that the former spouse shall not be entitled to any survivor benefits pursuant to this chapter.

Upon meeting the requirements of subdivision (1) or (2) of this subsection, the monthly benefit payable for the lifetime of the member shall be the actuarial equivalent of the annuity payable pursuant to the provisions of option 1

or option 2 of subsection 3 of this section, as adjusted for early retirement if applicable. In no event shall the monthly benefit payable for the lifetime of the member be greater than the amount that would have been payable to the member under subsection 7 or 8 of section 104.103, whichever is applicable, had the former spouse died on the date of the dissolution of marriage. Any increase in the annuity amount pursuant to this subsection shall be prospective and effective the first of the month following the date of receipt by the system of a certified copy of the dissolution decree that meets the requirements of this subsection.

8. Any application for retirement shall only become effective on the first day of the month.

104.170. 1. The board shall elect **[**~~by secret ballot~~**]** one member as chair and one member as vice chair at the first board meeting of each year. The chair may not serve more than two consecutive terms beginning after August 13, 1988. The chair shall preside over meetings of the board and perform such other duties as may be required by action of the board. The vice chair shall perform the duties of the chair in the absence of the latter or upon the chair's inability or refusal to act.

2. The board shall appoint a full-time executive director, who shall not be compensated for any other duties under the state highways and transportation commission. The executive director shall have charge of the offices and records and shall hire such employees that the executive director deems necessary subject to the direction of the board. The executive director and all other employees of the system shall be members of the system and the board shall make contributions to provide the insurance benefits available pursuant to section 104.270 on the same basis as provided for other state employees pursuant to the provisions of section 104.515, and also shall make contributions to provide the retirement benefits on the same basis as provided for other employees pursuant to the provisions of sections 104.090 to 104.260. The executive director is authorized to execute all documents including contracts necessary to carry out any and all actions of the board.

3. Any summons or other writ issued by the courts of the state shall be served upon the executive director or, in the executive director's absence, on the assistant director.

104.200. Should any error in any records result in any **[**~~member's~~**] member** or **[**~~beneficiary's~~**] beneficiary** receiving more or less than he **or she** would have been entitled to receive had the records been correct, the board shall correct such error, and, as far as practicable, make future payments in such a manner that the actuarial equivalent of the benefit to which such member or beneficiary was entitled shall be paid, and to this end may recover any overpayments. In all cases in which such error has been made, no such error shall be corrected unless the system discovers or is notified of such error within ten years after the **[**~~initial~~**] member's annuity starting date or** date of error**, whichever occurs later. In cases of fraud, any error discovered shall be corrected without concern for the amount of time that has passed**.

104.312. 1. The provisions of subsection 2 of section 104.250, subsection 2 of section 104.540, subsection 2 of section 287.820, and section 476.688 to the contrary notwithstanding, any pension, annuity, benefit, right, or retirement allowance provided pursuant to this chapter, chapter 287, or chapter 476 is marital property and after August 28, 1994, a court of competent jurisdiction may divide the pension, annuity, benefits, rights, and retirement allowance provided pursuant to this chapter, chapter 287, or chapter 476 between the parties to any action for dissolution of marriage. A division of benefits order issued pursuant to this section:

(1) Shall not require the applicable retirement system to provide any form or type of annuity or retirement plan not selected by the member and not normally made available by that system;

(2) Shall not require the applicable retirement system to commence payments until the member submits a valid application for an annuity and the annuity becomes payable in accordance with the application;

(3) Shall identify the monthly amount to be paid to the alternate payee, which shall be expressed as a percentage and which shall not exceed fifty percent of the amount of the member's annuity accrued during all or part of the time while the member and alternate payee were married **excluding service accrued under 104.601**; and which shall be based on the member's vested annuity on the date of the dissolution of marriage or an earlier date as specified in the order, which amount shall be adjusted proportionately if the member's annuity is reduced due to early retirement or the member's annuity is reduced pursuant to section 104.395 under an annuity option in which the member named the alternate payee as beneficiary prior to the dissolution of marriage or pursuant to section 104.090 under an annuity option in which the member on or after August 28, 2007, named the alternative payee as beneficiary prior to the dissolution of marriage, and the percentage established shall be applied to the pro rata portion of any lump sum distribution pursuant to subsection 6 of section 104.335, accrued during the time while the member and alternate payee were married;

(4) Shall not require the payment of an annuity amount to the member and alternate payee which in total exceeds the amount which the member would have received without regard to the order;

(5) Shall provide that any benefit formula increases, additional years of service, increased average compensation or other type of increases accrued after the date of the dissolution of marriage shall accrue solely to the

benefit of the member; except that on or after September 1, 2001, any annual benefit increase **paid after the member's annuity starting date** shall not be considered to be an increase accrued after the date of termination of marriage and shall be part of the monthly amount subject to division pursuant to any order issued after September 1, 2001;

(6) Shall terminate upon the death of either the member or the alternate payee, whichever occurs first;

(7) Shall not create an interest which is assignable or subject to any legal process;

(8) Shall include the name, address, and date of birth of both the member and the alternate payee, and the identity of the retirement system to which it applies;

(9) Shall be consistent with any other division of benefits orders which are applicable to the same member;

(10) Shall not require the applicable retirement system to continue payments to the alternate payee if the member's retirement benefit is suspended or waived as provided by this chapter but such payments shall resume when the retiree begins to receive retirement benefits in the future.

2. A system established by this chapter shall provide the court having jurisdiction of a dissolution of marriage proceeding or the parties to the proceeding with information necessary to issue a division of benefits order concerning a member of the system, upon written request from either the court, the member or the member's spouse, which cites this section and identifies the case number and parties.

3. A system established by this chapter shall have the discretionary authority to reject a division of benefits order for the following reasons:

(1) The order does not clearly state the rights of the member and the alternate payee;

(2) The order is inconsistent with any law governing the retirement system.

4. The amount paid to an alternate payee under an order issued pursuant to this section shall be based on the plan the member was in on the date of the dissolution of marriage; except that any annual benefit increases subject to division shall be based on the actual annual benefit increases received after the retirement plan election.

5. Any annuity payable under section 104.625 that is subject to a division of benefit order under this section shall be calculated as follows:

(1) In instances of divorce after retirement, any service or compensation of a member between the retroactive starting date and the annuity starting date shall not be considered creditable service or compensation; and

(2) The lump-sum payment described in subdivision (3) of section 104.625 shall not be subject to any division of benefit order.

104.410. 1. Any uniformed member of the water patrol who shall be affirmatively found by the board to be wholly and permanently incapable of holding any position of gainful employment as a result of injuries or illness incurred in the performance of the member's duties shall be entitled to receive disability benefits in an amount equal to one-half of the compensation that the employee was receiving at the time of the occurrence of the injury entitling the employee to such disability benefits. Any disability benefit payable pursuant to this subsection shall be decreased by any amount paid to such uniformed member of the water patrol by reason of the workers' compensation laws of this state. After termination of payment under workers' compensation, however, any such reduction and disability benefits shall be restored.

2. The board of trustees may require a medical examination of any uniformed member of the water patrol who is receiving disability benefits pursuant to this section at any time by a designated physician, and disability benefits shall be discontinued if the board finds that such member is able to perform the duties of the member's former position, or if such member refuses to submit to such an examination.

3. The disability benefits described in this section shall not be paid to any uniformed member of the water patrol who has retained or regained more than fifty percent of the member's earning capacity. If any uniformed member of the water patrol who has been receiving disability benefits again becomes an employee, the member's disability benefits shall be discontinued, the member's prior period of creditable service shall be restored, and any subsequent determination of benefits due the member or the member's survivors shall be based on the sum of the member's creditable service accrued to the date the member's disability benefits commenced and the period of creditable service after the member's return to employment.

4. Any uniformed member of the water patrol receiving benefits pursuant to the provisions of this section for five or more years immediately prior to attainment of age fifty-five shall be considered a normal retirant at age fifty-five, and may elect, within thirty days preceding the attainment of age fifty-five, option 1 of section 104.395, but only for the member's spouse who was the member's spouse for two or more years prior to the member's attainment of age fifty-five.

5. Any member who is receiving disability benefits as of December 31, 1985, or any member who is disabled on December 31, 1985, and would have been entitled to receive disability benefits pursuant to this section as the provisions of this section existed immediately prior to September 28, 1985, shall be eligible to receive or shall continue to receive benefits in accordance with such prior provisions of this section until the member again becomes an employee; however, all employees of the department of conservation who are disabled shall receive benefits pursuant only to this section or section 104.518, whichever is applicable, and shall not be eligible for benefits under any other plan or program purchased or provided after September 28, 1985.

6. Any member who qualifies for disability benefits pursuant to subsection 1 of this section or pursuant to the provisions of section 104.518, or under a long-term disability program provided by the member's employing department as a consequence of employment by the department, shall continue to accrue creditable service based on the member's rate of pay immediately prior to the date the member became disabled in accordance with sections 104.370, 104.371, 104.374 and 104.615, until the date the member's retirement benefit goes into pay status, the disability benefits cease being paid to the member, or the member is no longer disabled, whichever comes first. Persons covered by the provisions of sections 476.515 to 476.565 or sections 287.812 to 287.855, who qualify for disability benefits pursuant to the provisions of section 104.518, at the date the person becomes disabled, shall continue to accrue creditable service based on the person's rate of pay immediately prior to the date the person becomes disabled until the date the person's retirement benefit goes into pay status, the disability benefits cease being paid to the person or the person is no longer disabled, whichever comes first. Members or persons continuing to accrue creditable service pursuant to this subsection shall be entitled to continue their life insurance coverage subject to the provisions of the life insurance plan administered by the board pursuant to section 104.517. The rate of pay for purposes of calculating retirement benefits for a member or person described in this subsection who becomes disabled and retires on or after August 28, 1999, shall be the member's or person's regular monthly compensation received at the time of disablement, increased thereafter for any increases in the consumer price index. Such increases in the member's monthly pay shall be made annually beginning twelve months after disablement and shall be equal to eighty percent of the increase in the consumer price index during the calendar year prior to the adjustment, but not more than five percent of the member's monthly pay immediately before the increase. Such accruals shall continue until the earliest of: receipt of an early retirement annuity, attainment of normal retirement eligibility or termination of disability benefits.

7. A member or person who continues to be disabled as provided in subsection 6 of this section until the member's normal retirement age shall be eligible to retire on the first day of the month next following the member's or person's final payment pursuant to section 104.518 or, if applicable, subsection 1 of this section. A member or person who retires pursuant to this subsection shall receive the greater of the normal annuity or the minimum annuity, if applicable, determined pursuant to sections 104.370, 104.371, 104.374 and 104.615, and section 287.820, and section 476.530 as if the member or person had continued in the active employ of the employer until the member's or person's retirement benefit goes into pay status, the disability benefits cease being paid to the member or person, or the member or person is no longer disabled, whichever comes first and the member's or person's compensation for such period had been the member's or person's rate of pay immediately preceding the date the member or person became disabled.

8. If a member who has been disabled becomes an employee again and if the member was disabled during the entire period of the member's absence, then the member shall resume active participation as of the date of reemployment. Such a member shall receive creditable service for the entire period the member was disabled as provided in subsection 6 of this section.

9. If a member ceases to be disabled and if the member does not return to work as provided in subsection 8 of this section, the member's rights to further benefits shall be determined in accordance with sections 104.335, 104.380, 104.400, 104.420 and 104.615 as though the member had withdrawn from service as of the date the member ceased to be disabled, as determined by the system.

10. Members of the general assembly who are accruing service under subsection 6 of this section shall continue to accrue service until the earliest of attainment of normal retirement age eligibility, termination of disability benefits, or the end of the member's constitutionally mandated limit on service as a member of the general assembly for the chamber in which the member was serving at the time of disablement.

11. Statewide elected officials who are accruing service under subsection 6 of this section shall continue to accrue service until the earliest of attainment of normal retirement age eligibility, termination of disability benefits, or the end of the statewide elected official's constitutionally mandated limit on service as a statewide elected official for the office in which the statewide elected official was serving at the time of disablement.

104.436. 1. The board intends to follow a financing pattern which computes and requires contribution amounts which, expressed as percents of active member payroll, will remain approximately level from year to year and from one generation of citizens to the next generation. Such contribution determinations require regular actuarial valuations, which shall be made by the board's actuary, using assumptions and methods adopted by the board after consulting with its actuary. The entry age normal cost valuation method shall be used in determining **the** normal cost**[**~~, and contributions for unfunded accrued liabilities shall be determined using level percent-of-payroll amortization~~**] calculation**.

2. At least ninety days before each regular session of the general assembly, the board shall certify to the division of budget the contribution rate necessary to cover the liabilities of the plan administered by the system, including costs of administration, expected to accrue during the next appropriation period. The commissioner of administration shall request appropriation of the amount calculated pursuant to the provisions of this subsection. Following each pay period, the commissioner of administration shall requisition and certify the payment to the executive director of the Missouri state employees' retirement system. The executive director shall promptly deposit the amounts certified to the credit of the Missouri state employees' retirement fund.

3. The employers of members of the system who are not paid out of funds that have been deposited in the state treasury shall remit promptly to the executive director an amount equal to the amount which the state would have paid if those members had been paid entirely from state funds. The executive director shall promptly deposit the amounts certified to the credit of the Missouri state employees' retirement system fund.

4. These amounts are funds of the system, and shall not be commingled with any funds in the state treasury.

104.490. 1. Should any error result in any member or beneficiary receiving more or less than he or she would have been entitled to receive had the error not occurred, the board shall correct such error, and, as far as practicable, make future payments in such a manner that the actuarial equivalent of the benefit to which such member or beneficiary was entitled shall be paid, and to this end may recover any overpayments. In all cases in which such error has been made, no such error shall be corrected unless the system discovers or is notified of such error within ten years after the **[**~~initial~~**] member's annuity starting date or** date of error**, whichever occurs later. In cases of fraud, any error discovered shall be corrected without concern to the amount of time that has passed**.

2. A person who knowingly makes a false statement, or falsifies or permits to be falsified a record of the system, in an attempt to defraud the system is subject to fine or imprisonment pursuant to the Missouri revised statutes.

3. The board of trustees of the Missouri state employees' retirement system shall cease paying benefits to any survivor or beneficiary who is charged with the intentional killing of a member without legal excuse or justification. A survivor or beneficiary who is convicted of such charge shall no longer be entitled to receive benefits. If the survivor or beneficiary is not convicted of such charge, the board shall resume payment of benefits and shall pay the survivor or beneficiary any benefits that were suspended pending resolution of such charge.

104.515. 1. Separate accounts for medical, life insurance and disability benefits provided pursuant to sections 104.517 and 104.518 shall be established as part of the fund. The funds, property and return on investments of the separate account shall not be commingled with any other funds, property and investment return of the system. All benefits and premiums are paid solely from the separate account for medical, life insurance and disability benefits provided pursuant to this section.

2. The state shall contribute an amount as appropriated by law and approved by the governor per month for medical benefits, life insurance and long-term disability benefits as provided pursuant to this section and sections 104.517 and 104.518. Such amounts shall include the cost of providing life insurance benefits for each active employee who is a member of the Missouri state employees' retirement system, a member of the public school retirement system and who is employed by a state agency other than an institution of higher learning, a member of the retirement system established by sections 287.812 to 287.855, the judicial retirement system, each legislator and official holding an elective state office, members not on payroll status who are receiving workers' compensation benefits, and if the state highways and transportation commission so elects, those employees who are members of the state transportation department employees' and highway patrol retirement system; if the state highways and transportation commission so elects to join the plan, the state shall contribute an amount as appropriated by law for medical benefits for those employees who are members of the transportation department employees' and highway patrol retirement system; an additional amount equal to the amount required, based on competitive bidding or determined actuarially, to fund the retired members' death benefit or life insurance benefit, or both, provided in subsection 4 of this section and the disability benefits provided in section 104.518. This amount shall be reported as a separate item in the monthly certification of required contributions which the commissioner of administration

submits to the state treasurer and shall be deposited to the separate account for medical, life insurance and disability benefits. All contributions made on behalf of members of the state transportation department employees' and highway patrol retirement system shall be made from highway funds. If the highways and transportation commission so elects, the spouses and unemancipated children under twenty-three years of age of employees who are members of the state transportation department employees' and highway patrol retirement system shall be able to participate in the program of insurance benefits to cover medical expenses pursuant to the provisions of subsection 3 of this section.

3. The board shall determine the premium amounts required for participating employees. The premium amounts shall be the amount, which, together with the state's contribution, is required to fund the benefits provided, taking into account necessary actuarial reserves. Separate premiums shall be established for employees' benefits and a separate premium or schedule of premiums shall be established for benefits for spouses and unemancipated children under twenty-three years of age of participating employees. The employee's premiums for spouse and children benefits shall be established to cover that portion of the cost of such benefits which is not paid for by contributions by the state. All such premium amounts shall be paid to the board of trustees at the time that each employee's wages or salary would normally be paid. The premium amounts so remitted will be placed in the separate account for medical, life insurance and disability benefits. In lieu of the availability of premium deductions, the board may establish alternative methods for the collection of premium amounts.

4. Each special consultant eligible for life benefits employed by a board of trustees of a retirement system as provided in section 104.610 who is a member of the Missouri state life insurance plan or Missouri state transportation department and Missouri state highway patrol life insurance plan shall, in addition to duties prescribed in section 104.610 or any other law, and upon request of the board of trustees, give the board, orally or in writing, a short detailed statement on life insurance and death benefit problems affecting retirees. As compensation for the extra duty imposed by this subsection, any special consultant as defined above, other than a special consultant entitled to a deferred normal annuity pursuant to section 104.035 or 104.335, who retires on or after September 28, 1985, shall receive as a part of compensation for these extra duties, a death benefit of five thousand dollars, and any special consultant who terminates employment on or after August 28, 1999, after reaching normal or early retirement age and becomes a retiree within **[**~~sixty~~**]** **sixty-five** days of such termination shall receive five thousand dollars of life insurance coverage. In addition, each special consultant who is a member of the transportation department employees' and highway patrol retirement system medical insurance plan shall also provide the board, upon request of the board, orally or in writing, a short detailed statement on physical, medical and health problems affecting retirees. As compensation for this extra duty, each special consultant as defined above shall receive, in addition to all other compensation provided by law, nine dollars, or an amount equivalent to that provided to other special consultants pursuant to the provisions of section 103.115. In addition, any special consultant as defined in section 287.820 or section 476.601 who terminates employment and immediately retires on or after August 28, 1995, shall receive as a part of compensation for these duties, a death benefit of five thousand dollars and any special consultant who terminates employment on or after August 28, 1999, after reaching the age of eligibility to receive retirement benefits and becomes a retiree within **[**~~sixty~~**]** **sixty-five** days of such termination shall receive five thousand dollars of life insurance coverage.

5. Any former employee who is receiving disability income benefits from the Missouri state employees' retirement system or the transportation department employees' and highway patrol retirement system shall, upon application with the board of trustees of the Missouri consolidated health care plan or the transportation department employees and highway patrol medical plan, be made, constituted, appointed and employed by the respective board as a special consultant on the problems of the health of disability income recipients and, upon request of the board of trustees of each medical plan, give the board, orally or in writing, a short detailed statement of physical, medical and health problems affecting disability income recipients. As compensation for the extra duty imposed by this subsection, each such special consultant as defined in this subsection may receive, in addition to all other compensation provided by law, an amount contributed toward medical benefits coverage provided by the Missouri consolidated health care plan or the transportation employees and highway patrol medical plan pursuant to appropriations.

104.625. Effective July 1, 2002, any member retiring pursuant to the provisions of sections 104.010 to 104.801, except an elected official or a member of the general assembly, who has not been paid retirement benefits and continues employment for at least two years beyond normal retirement age, may elect to receive an annuity and lump sum payment or payments, determined as follows:

(1) A retroactive starting date shall be established which shall be a date selected by the member; provided, however, that the retroactive starting date selected by the member shall not be a date which is earlier than the date when a normal annuity would have first been payable. In addition, the retroactive starting date shall not be more than five years prior to the annuity starting date, which shall be the first day of the month with respect to which an

amount is paid as an annuity pursuant to this section. The member's selection of a retroactive starting date shall be done in twelve-month increments, except this restriction shall not apply when the member selects the total available time between the retroactive starting date and the annuity starting date;

(2) The prospective annuity payable as of the annuity starting date shall be determined pursuant to the provisions otherwise applicable under the law, with the exception that it shall be the amount which would have been payable had the member actually retired on the retroactive starting date under the retirement plan selected by the member. Other than for the lump sum payment or payments specified in subdivision (3) of this section, no other amount shall be due for the period between the retroactive starting date and the annuity starting date;

(3) The lump sum payable shall be ninety percent of the annuity amounts which would have been paid to the member from the retroactive starting date to the annuity starting date had the member actually retired on the retroactive starting date and received a normal annuity. The member shall **[**~~elect to~~**]** receive the lump sum amount **[**~~either~~**]** in its entirety at the same time as the initial annuity payment is made **[**~~or in three equal annual installments with the first payment made at the same time as the initial annuity payment~~**]**; **and**

(4) **[**~~Any annuity payable pursuant to this section that is subject to a division of benefit order pursuant to section 104.312 shall be calculated as follows:~~

~~(a) Any service of a member between the retroactive starting date and the annuity starting date shall not be considered creditable service except for purposes of calculating the division of benefit; and~~

~~(b) The lump sum payment described in subdivision (3) of this section shall not be subject to any division of benefit order; and~~

~~(5)~~**]** For purposes of determining annual benefit increases payable as part of the lump sum and annuity provided pursuant to this section, the retroactive starting date shall be considered the member's date of retirement.

104.810. 1. Employees of the Missouri state water patrol who are earning creditable service in the closed plan of the Missouri state employees' retirement system and who are transferred to the division of water patrol with the Missouri state highway patrol shall elect within ninety days of January 1, 2011, to either remain a member of the Missouri state employees' retirement system or transfer membership and creditable service to the closed plan of the Missouri department of transportation and highway patrol employees' retirement system. The election shall be made in writing after the employee has received a detailed analysis comparing retirement, life insurance, disability benefits, and medical benefits of a member of the Missouri state employees' retirement system with the corresponding benefits provided an employee of the highway patrol covered by the closed plan of the Missouri department of transportation and highway patrol employees' retirement system. In electing plan membership the employee shall acknowledge and agree that an election made under this subsection is irrevocable, and constitutes a waiver to receive retirement, life insurance, disability benefits, and medical benefits except as provided by the system elected by the employee. Furthermore, in connection with the election, the employee shall be required to acknowledge that the benefits provided by virtue of membership in either system, and any associated costs to the employee, may be different now or in the future as a result of the election and that the employee agrees to hold both systems harmless with regard to benefit differences resulting from the election. **In the event an employee terminates employment and later returns to the same position, the employee shall be a member of the system in which he or she was a member prior to termination. If the employee returns to any other position, the employee shall be a member of the system that currently covers that position.**

In electing plan membership the employee shall acknowledge and agree that an election made under this subsection is irrevocable, and constitutes a waiver to receive retirement, life insurance, disability benefits, and medical benefits except as provided by the system elected by the employee. 2. Upon a member becoming a retiree, membership shall cease and, except as otherwise provided in section 104.1039, the person shall not again become a member of the system.

3. If a vested former member becomes reemployed in a position covered by the system before such vested former member's annuity starting date, membership shall be restored with the previous credited service and increased by such reemployment.

104.1024. 1. Any member who terminates employment may retire on or after attaining normal retirement eligibility by making application in written form and manner approved by the appropriate board. The written application shall set forth the annuity starting date which shall not be earlier than the first day of the second month following the month of the execution and filing of the member's application for retirement nor later than the first day of the fourth month following the month of the execution and filing of the member's application for retirement. 4. If as of the annuity starting date of a member who has attained normal retirement eligibility the sum of the member's years of age and years of credited service equals eighty or more years and if the member's age is at least forty-eight years but less than sixty-two years, or, in the case of a member of the highway patrol who shall be subject to the mandatory retirement provision of section **[**~~104.080~~**] 104.081**, the mandatory retirement age and completion of five years of credited service, then in addition to the life annuity described in subsection 2 of this section, the member shall receive a temporary annuity equal to eight-tenths of one percent of the member's final average pay multiplied by the member's years of credited service. The temporary annuity and any cost-of-living adjustments attributable to the temporary annuity pursuant to section 104.1045 shall terminate at the end of the calendar month in which the earlier of the following events occurs: the member's death or the member's attainment of the earliest age of eligibility for reduced Social Security retirement benefits, but no later than age sixty-two.

5. The annuity described in subsection 2 of this section for any person who has credited service not covered by the federal Social Security Act, as provided in **[**~~sections 105.300 to 105.430~~**] subdivision (1) of subsection 7 of section 104.342**, shall be calculated as follows: the life annuity shall be an amount equal to two and five-tenths percent of the final average pay of the member multiplied by the number of years of service not covered by the federal Social Security Act in addition to one and seven-tenths percent of the final average pay of the member multiplied by the member's years of credited service covered by the federal Social Security Act.

6. Effective July 1, 2002, any member, except an elected official or a member of the general assembly, who has not been paid retirement benefits and continues employment for at least two years beyond the date of normal retirement eligibility, may elect to receive an annuity and lump sum payment or payments, determined as follows:

(1) A retroactive starting date shall be established which shall be a date selected by the member; provided, however, that the retroactive starting date selected by the member shall not be a date which is earlier than the date when a normal annuity would have first been payable. In addition, the retroactive starting date shall not be more than five years prior to the annuity starting date. The member's selection of a retroactive starting date shall be done

in twelve-month increments, except this restriction shall not apply when the member selects the total available time between the retroactive starting date and the annuity starting date;

(2) The prospective annuity payable as of the annuity starting date shall be determined pursuant to the provisions of this section, with the exception that it shall be the amount which would have been payable at the annuity starting date had the member actually retired on the retroactive starting date under the retirement plan selected by the member. Other than for the lump sum payment or payments specified in subdivision (3) of this subsection, no other amount shall be due for the period between the retroactive starting date and the annuity starting date;

(3) The lump sum payable shall be ninety percent of the annuity amounts which would have been paid to the member from the retroactive starting date to the annuity starting date had the member actually retired on the retroactive starting date and received a life annuity. The member shall **[**~~elect to~~**]** receive the lump sum amount **[**~~either~~**]** in its entirety at the same time as the initial annuity payment is made **[**~~or in three equal annual installments with the first payment made at the same time as the initial annuity payment~~**]**; **and**

(4) **[**~~Any annuity payable pursuant to this section that is subject to a division of benefit order pursuant to section 104.1051 shall be calculated as follows:~~

~~(a) Any service of a member between the retroactive starting date and the annuity starting date shall not be considered credited service except for purposes of calculating the division of benefit; and~~

~~(b) The lump sum payment described in subdivision (3) of this section shall not be subject to any division of benefit order; and~~

~~(5)~~**]** For purposes of determining annual benefit increases payable as part of the lump sum and annuity provided pursuant to this section, the retroactive starting date shall be considered the member's date of retirement.

7. Any vested former member who terminated employment after attaining normal retirement eligibility shall be considered a member for the purposes of this section.

104.1051. 1. Any annuity provided pursuant to the year 2000 plan is marital property and a court of competent jurisdiction may divide such annuity between the parties to any action for dissolution of marriage if at the time of the dissolution the member has at least five years of credited service pursuant to sections 104.1003 to 104.1093. A division of benefits order issued pursuant to this section:

(1) Shall not require the applicable retirement system to provide any form or type of annuity or retirement plan not selected by the member;

(2) Shall not require the applicable retirement system to commence payments until the member's annuity starting date;

(3) Shall identify the monthly amount to be paid to the former spouse, which shall be expressed as a percentage and which shall not exceed fifty percent of the amount of the member's annuity accrued during all or part of the period of the marriage of the member and former spouse **excluding service accrued under subsection 2 of section 104.1021;** and which shall be based on the member's vested annuity on the date of the dissolution of marriage or an earlier date as specified in the order, which amount shall be adjusted proportionately upon the annuity starting date if the member's annuity is reduced due to the receipt of an early retirement annuity or the member's annuity is reduced pursuant to section 104.1027 under an annuity option in which the member named the alternate payee as beneficiary prior to the dissolution of marriage;

(4) Shall not require the payment of an annuity amount to the member and former spouse which in total exceeds the amount which the member would have received without regard to the order;

(5) Shall provide that any annuity increases, additional years of credited service, increased final average pay, increased pay pursuant to subsections 2 and 5 of section 104.1084, or other type of increases accrued after the date of the dissolution of marriage and any temporary annuity received pursuant to subsection 4 of section 104.1024 shall accrue solely to the benefit of the member; except that on or after September 1, 2001, any cost-of-living adjustment (COLA) due after the annuity starting date shall not be considered to be an increase accrued after the date of termination of marriage and shall be part of the monthly amount subject to division pursuant to any order issued after September 1, 2001;

(6) Shall terminate upon the death of either the member or the former spouse, whichever occurs first;

(7) Shall not create an interest which is assignable or subject to any legal process;

(8) Shall include the name, address, and date of birth of both the member and the former spouse, and the identity of the retirement system to which it applies;

(9) Shall be consistent with any other division of benefits orders which are applicable to the same member;

(10) Shall not require the applicable retirement system to continue payments to the alternate payee if the member's retirement benefit is suspended or waived as provided by this chapter but such payments shall resume when the retiree begins to receive retirement benefits in the future.

2. A system shall provide the court having jurisdiction of a dissolution of a marriage proceeding or the parties to the proceeding with information necessary to issue a division of benefits order concerning a member of the system, upon written request from either the court, the member, or the member's spouse, citing this section and identifying the case number and parties.

3. A system shall have the discretionary authority to reject a division of benefits order for the following reasons:

(1) The order does not clearly state the rights of the member and the former spouse;

(2) The order is inconsistent with any law governing the retirement system.

4. Any member of the closed plan who elected the year 2000 plan pursuant to section 104.1015 and then becomes divorced and subject to a division of benefits order shall have the division of benefits order calculated pursuant to the provisions of the year 2000 plan.

5. Any annuity payable under section 104.1024 that is subject to a division of benefit order under this section shall be calculated as follows:

(1) In instances of divorce after retirement, any service or pay of a member between the retroactive starting date and the annuity starting date shall not be considered creditable service or pay; and

(2) The lump-sum payment described in subdivision (3) of subsection 6 of section 104.1024 shall not be subject to any division of benefit order.

104.1060. 1. Should any error result in any person receiving more or less than the person would have been entitled to receive had the error not occurred, the board shall correct such error, and, as far as practicable, make future payments in such a manner that the actuarial equivalent of the annuity to which such person was entitled shall be paid, and to this end may recover any overpayments. In all cases in which such error has been made, no such error shall be corrected unless the system discovers or is notified of such error within ten years after the **[**~~initial~~**]** **member's annuity starting date or the** date of error**, whichever occurs later. In cases of fraud, any error discovered shall be corrected without concern to the amount of time that has passed**.

2. A person who knowingly makes a false statement, or falsifies or permits to be falsified a record of the system, in an attempt to defraud the system shall be subject to fine or imprisonment under the Missouri revised statutes.

3. A board shall not pay an annuity to any survivor or beneficiary who is charged with the intentional killing of a member, retiree or survivor without legal excuse or justification. A survivor or beneficiary who is convicted of such charge shall no longer be entitled to receive an annuity. If the survivor or beneficiary is not convicted of such charge, the board shall resume annuity payments and shall pay the survivor or beneficiary any annuity payments that were suspended pending resolution of such charge.

104.1066. 1. The year 2000 plan intends to follow a financing pattern which computes and requires contribution amounts which, expressed as percents of active member payroll, will remain approximately level from year to year and from one generation of citizens to the next generation. Such contribution determinations require regular actuarial valuations, which shall be made by the board's actuary, using assumptions and methods adopted by the board after consulting with its actuary. The entry age-normal cost valuation method shall be used in determining **the** normal cost**[**~~, and contributions for unfunded accrued liabilities shall be determined using level percent of payroll amortization~~**]** **calculation**. For purposes of this subsection and section 104.436, the actuary shall determine a single contribution rate applicable to both closed plan and year 2000 plan participants and, in determining such rate, make estimates of the probabilities of closed plan participants transferring to the year 2000 plan.

2. At least ninety days before each regular session of the general assembly, the board of the Missouri state employees' retirement system shall certify to the division of budget the contribution rate necessary to cover the liabilities of the year 2000 plan administered by such system, including costs of administration, expected to accrue during the next appropriation period. The commissioner of administration shall request appropriations based upon the contribution rate so certified. From appropriations so made, the commissioner of administration shall certify contribution amounts to the state treasurer who in turn shall immediately pay the contributions to the year 2000 plan.

3. The employers of members covered by the Missouri state employees' retirement system who are not paid out of funds that have been deposited in the state treasury shall remit following each pay period to the year 2000 plan an amount equal to the amount which the state would have paid if those members had been paid entirely from state funds. Such employers shall maintain payroll records for a minimum of five years and shall produce all such records as requested by the system. The system is authorized to request from the state office of administration an appropriation out of the annual budget of any such employer in the event such records indicate that such employer has not contributed the amounts required by this section. The office of administration shall request such

appropriation which shall be equal to the amount necessary to replace any shortfall in contributions as determined by the system. From appropriations so made, the commissioner of administration shall certify contribution amounts to the state treasurer who in turn shall immediately pay such contributions to the year 2000 plan.

4. At least ninety days before each regular session of the general assembly, the board of the transportation department and highway patrol retirement system shall certify to the department of transportation and the department of public safety the contribution rate necessary to cover the liabilities of the year 2000 plan administered by such system, including costs of administration, expected to accrue during the next biennial or other appropriation period. Each department shall include in its budget and in its request for appropriations for personal service the sum so certified to it by such board, and shall present the same to the general assembly for allowance. The sums so certified and appropriated, when available, shall be immediately paid to the system and deposited in the highway and transportation employees' and highway patrol retirement and benefit fund.

5. These amounts are funds of the year 2000 plan and shall not be commingled with any funds in the state treasury.

104.1072. 1. Each board shall provide or contract, or both, for life insurance benefits for employees covered pursuant to the year 2000 plan as follows:

(1) Employees shall be provided fifteen thousand dollars of life insurance until December 31, 2000. Effective January 1, 2001, the system shall provide or contract or both for basic life insurance for employees covered under any retirement plan administered by the system pursuant to this chapter, persons covered by sections 287.812 to 287.856, for employees who are members of the judicial retirement system as provided in section 476.590, and, at the election of the state highways and transportation commission, employees who are members of the **[**~~highways and~~**]** **Missouri department of** transportation **[**~~employees'~~**]** and highway patrol **employees'** retirement system, in the amount equal to one times annual pay, subject to a minimum amount of fifteen thousand dollars. The board shall establish by rule or contract the method for determining the annual rate of pay and any other terms of such insurance as it deems necessary to implement the requirements pursuant to this section. Annual rate of pay shall not include overtime or any other irregular payments as determined by the board. Such life insurance shall provide for triple indemnity in the event the cause of death is a proximate result of a personal injury or disease arising out of and in the course of actual performance of duty as an employee;

(2) Any member who terminates employment after reaching normal or early retirement eligibility and becomes a retiree within **[**~~sixty~~**]** **sixty-five** days of such termination shall receive five thousand dollars of life insurance coverage.

2. (1) In addition to the life insurance authorized by the provisions of subsection 1 of this section, any person for whom life insurance is provided or contracted for pursuant to such subsection may purchase, at the person's own expense and only if monthly voluntary payroll deductions are authorized, additional life insurance at a cost to be stipulated in a contract with a private insurance company or as may be required by a system if the board of trustees determines that the system should provide such insurance itself. The maximum amount of additional life insurance which may be so purchased prior to January 1, 2004, is that amount which equals six times the amount of the person's annual rate of pay, subject to any maximum established by a board, except that if such maximum amount is not evenly divisible by one thousand dollars, then the maximum amount of additional insurance which may be purchased is the next higher amount evenly divisible by one thousand dollars. The maximum amount of additional life insurance which may be so purchased on or after January 1, 2004, is an amount to be stipulated in a contract with a private insurance company or as may be required by the system if the board of trustees determines that the system should provide the insurance itself.

(2) Any person defined in subdivision (1) of this subsection may retain an amount not to exceed sixty thousand dollars of life insurance following the date of his or her retirement if such person becomes a retiree the month following termination of employment and makes written application for such life insurance at the same time such person's application is made to the board for retirement benefits. Such life insurance shall only be provided if such person pays the entire cost of the insurance, as determined by the board, by allowing voluntary deductions from the member's annuity.

(3) In addition to the life insurance authorized in subdivision (1) of this subsection, any person for whom life insurance is provided or contracted for pursuant to this subsection may purchase, at the person's own expense and only if monthly voluntary payroll deductions are authorized, life insurance covering the person's children or the person's spouse or both at coverage amounts to be determined by the board at a cost to be stipulated in a contract with a private insurer or as may be required by the system if the board of trustees determines that the system should provide such insurance itself.

(4) Effective July 1, 2000, any member who applies and is eligible to receive an annuity based on the attainment of at least forty-eight years of age with a total of years of age and years of credited service which is at least eighty shall be eligible to retain any optional life insurance described in subdivision (1) of this subsection. The amount of such retained insurance shall not be greater than the amount in effect during the month prior to termination of employment. Such insurance may be retained until the member's attainment of the earliest age for eligibility for reduced Social Security retirement benefits but no later than age sixty-two, at which time the amount of such insurance that may be retained shall be that amount permitted pursuant to subdivision (2) of this subsection.

3. The state highways and transportation commission may provide for insurance benefits to cover medical expenses for members of the **[**~~highways and~~**] Missouri department of** transportation **[**~~employees'~~**]** and highway patrol **employees'** retirement system. The state highways and transportation commission may provide medical benefits for dependents of members and for retired members. Contributions by the state highways and transportation commission to provide the benefits shall be on the same basis as provided for other state employees pursuant to the provisions of section 104.515. Except as otherwise provided by law, the cost of benefits for dependents of members and for retirees and their dependents shall be paid by the members or retirees. The commission may contract with other persons or entities including but not limited to third-party administrators, health network providers and health maintenance organizations for all, or any part of, the benefits provided for in this section. The commission may require reimbursement of any medical claims paid by the commission's medical plan for which there was third-party liability.

4. The **[**~~highways and~~**] Missouri department of** transportation **[**~~employees'~~**]** and highway patrol **employees'** retirement system may request the state highways and transportation commission to provide life insurance benefits as required in subsections 1 and 2 of this section. If the state highways and transportation commission agrees to the request, the **[**~~highways and~~**] Missouri department of** transportation **[**~~employees'~~**]** and highway patrol **employees'** retirement system shall reimburse the state highways and transportation commission for any and all costs for life insurance provided pursuant to subdivision (2) of subsection 1 of this section. The person who is covered pursuant to subsection 2 of this section shall be solely responsible for the costs of any additional life insurance. In lieu of the life insurance benefit in subdivision (2) of subsection 1 of this section, the **[**~~highways and~~**] Missouri department of** transportation **[**~~employees'~~**]** and highway patrol **employees'** retirement system is authorized in its sole discretion to provide a death benefit of five thousand dollars.

5. To the extent that the board enters or has entered into any contract with any insurer or service organization to provide life insurance provided for pursuant to this section:

(2) Any member who has been denied life insurance benefits by the insurer or service organization and has exhausted all appeal procedures provided by the insurer or service organization may appeal such decision by filing a petition against the insurer or service organization in a court of law in the member's county of residence; and

(3) The board and the system shall not be liable for life insurance benefits provided by an insurer or service organization pursuant to this section and shall not be subject to any cause of action with regard to life insurance benefits or the denial of life insurance benefits by the insurer or service organization unless the member has obtained judgment against the insurer or service organization for life insurance benefits and the insurer or service organization is unable to satisfy that judgment.

104.1084. 1. For members of the general assembly, the provisions of this section shall supplement or replace the indicated other provisions of the year 2000 plan. "Normal retirement eligibility" means attainment of age fifty-five for a member who has served at least three full biennial assemblies or the attainment of at least age fifty for a member who has served at least three full biennial assemblies with a total of years of age and years of credited service which is at least eighty. A member shall receive two years of credited service for every full biennial assembly served. A full biennial assembly shall be equal to the period of time beginning on the first day the general assembly convenes for a first regular session until the last day of the following year. If a member serves less than a full biennial assembly, the member shall receive credited service for the pro rata portion of the full biennial assembly served.

2. For the purposes of section 104.1024, the normal retirement annuity of a member of the general assembly shall be an amount for life equal to one twenty-fourth of the monthly pay for a senator or representative on the annuity starting date multiplied by the years of credited service as a member of the general assembly. In no event shall any such member or eligible beneficiary receive annuity amounts in excess of one hundred percent of pay.

3. To be covered by the provisions of section 104.1030, or section 104.1036, a member of the general assembly must have served at least three full biennial assemblies.

4. For members who are statewide elected officials, the provisions of this section shall supplement or replace the indicated other provisions of the year 2000 plan. 5. For the purposes of section 104.1024, the normal retirement annuity of a member who is a statewide elected official shall be an amount for life equal to one twenty-fourth of the monthly pay in the highest office held by such member on the annuity starting date multiplied by the years of credited service as a statewide elected official not to exceed twelve years.

6. To be covered by the provisions of sections 104.1030 and 104.1036, a member who is a statewide elected official must have at least four years as a statewide elected official.

7. The provisions of section 104.1045 shall not apply to persons covered by the general assembly and statewide elected official provisions of this section. Persons covered by the general assembly provisions and receiving a year 2000 plan annuity shall be entitled to a cost-of-living adjustment (COLA) when there are increases in pay for members of the general assembly. Persons covered by the statewide elected official provisions and receiving a year 2000 plan annuity shall be entitled to COLAs when there are increases in the pay for statewide elected officials in the highest office held by such person. The COLA described in this subsection shall be equal to and concurrent with the percentage increase in pay as described in section 105.005. No COLA shall be less than zero.

8. Any member who serves under this chapter as a member of the general assembly or as a statewide elected official on or after August 28, 1999, shall not be eligible to receive any retirement benefits from the system under either the closed plan or the year 2000 plan based on service rendered on or after August 28, 1999, as a member of the general assembly or as a statewide elected official if such member is convicted of a felony that is determined by a court of law to have been committed in connection with the member's duties either as a member of the general assembly or as a statewide elected official, unless such conviction is later reversed by a court of law.

9. A member of the general assembly who has purchased or transferred creditable service shall not be subject to the cap on benefits pursuant to subsection 2 of this section for that portion of the benefit attributable to the purchased or transferred service.

10. For the purposes of section 104.1042, the service credit accrued by a member of the general assembly while receiving long-term disability benefits shall continue to accrue until the earliest receipt of attainment of normal retirement age eligibility, termination of disability benefits, or the end of the member's constitutionally mandated limit on service as a member of the general assembly for the chamber in which the member was serving at the time of disablement.

11. For the purposes of section 104.1042, the service credit accrued by a statewide elected official while receiving long-term disability benefits shall continue to accrue until the earliest of attainment of normal retirement age eligibility, termination of disability benefits, or the end of the statewide elected official's constitutionally mandated limit on service as a statewide elected official for the office in which the statewide elected official was serving at the time of disablement.

104.1091. 1. Notwithstanding any provision of the year 2000 plan to the contrary, each person who first becomes an employee on or after January 1, 2011, shall be a member of the year 2000 plan subject to the provisions of this section.

2. A member's normal retirement eligibility shall be as follows:

(1) The member's attainment of at least age sixty-seven and the completion of at least ten years of credited service; or the member's attainment of at least age fifty-five with the sum of the member's age and credited service equaling at least ninety; or, in the case of a member who is serving as a uniformed member of the highway patrol and subject to the mandatory retirement provisions of section 104.081, such member's attainment of at least age sixty or the attainment of at least age fifty-five with ten years of credited service;

(2) For members of the general assembly, the member's attainment of at least age sixty-two and the completion of at least three full biennial assemblies; or the member's attainment of at least age fifty-five with the sum of the member's age and credited service equaling at least ninety;

(3) For statewide elected officials, the official's attainment of at least age sixty-two and the completion of at least four years of credited service; or the official's attainment of at least age fifty-five with the sum of the official's age and credited service equaling at least ninety.

3. A vested former member's normal retirement eligibility shall be based on the attainment of at least age sixty-seven and the completion of at least ten years of credited service.

4. A temporary annuity paid pursuant to subsection 4 of section 104.1024 shall be payable if the member has attained at least age fifty-five with the sum of the member's age and credited service equaling at least ninety; or in the case of a member who is serving as a uniformed member of the highway patrol and subject to the mandatory retirement provisions of section 104.081, the temporary annuity shall be payable if the member has attained at least age sixty, or at least age fifty-five with ten years of credited service.

5. A member, other than a member who is serving as a uniformed member of the highway patrol and subject to the mandatory retirement provisions of section 104.081, shall be eligible for an early retirement annuity upon the attainment of at least age sixty-two and the completion of at least ten years of credited service. A vested former member **who terminated employment prior to the attainment of early retirement eligibility** shall not be eligible for early retirement.

6. The provisions of subsection 6 of section 104.1021 and section 104.344 as applied pursuant to subsection 7 of section 104.1021 and section 104.1090 shall not apply to members covered by this section.

7. The minimum credited service requirements of five years contained in sections 104.1018, 104.1030, 104.1036, and 104.1051 shall be ten years for members covered by this section. The normal and early retirement eligibility requirements in this section shall apply for purposes of administering section 104.1087.

8. A member shall be required to contribute four percent of the member's pay to the retirement system, which shall stand to the member's credit in his or her individual account with the system, together with investment credits thereon, for purposes of funding retirement benefits payable under the year 2000 plan, subject to the following provisions:

(1) The state of Missouri employer, pursuant to the provisions of 26 U.S.C. Section 414(h)(2), shall pick up and pay the contributions that would otherwise be payable by the member under this section. The contributions so picked up shall be treated as employer contributions for purposes of determining the member's pay that is includable in the member's gross income for federal income tax purposes;

(2) Member contributions picked up by the employer shall be paid from the same source of funds used for the payment of pay to a member. A deduction shall be made from each member's pay equal to the amount of the member's contributions picked up by the employer. This deduction, however, shall not reduce the member's pay for purposes of computing benefits under the retirement system pursuant to this chapter;

(3) Member contributions so picked up shall be credited to a separate account within the member's individual account so that the amounts contributed pursuant to this section may be distinguished from the amounts contributed on an after-tax basis;

(4) The contributions, although designated as employee contributions, shall be paid by the employer in lieu of the contributions by the member. The member shall not have the option of choosing to receive the contributed amounts directly instead of having them paid by the employer to the retirement system;

(5) Interest shall be credited annually on June thirtieth based on the value in the account as of July first of the immediately preceding year at a rate of four percent. Effective June 30, 2014, and each June thirtieth thereafter, the interest crediting rate shall be equal to the investment rate that is published by the United States Department of Treasury, or its successor agency, for fifty-two week treasury bills for the relevant auction that is nearest to the preceding July first, or a successor treasury bill investment rate as approved by the board if the fifty-two week treasury bill is no longer issued. Interest credits shall cease upon termination of employment if the member is not a vested former member. Otherwise, interest credits shall cease upon retirement or death;

(6) A vested former member or a former member who is not vested may request a refund of his or her contributions and interest credited thereon. If such member is married at the time of such request, such request shall not be processed without consent from the spouse. Such member is not eligible to request a refund if such member's retirement benefit is subject to a division of benefit order pursuant to section 104.1051. Such refund shall be paid by the system **[**~~after~~**] within an administratively reasonable period, but no sooner than** ninety days from the date of termination of employment **[**~~or the request, whichever is later, and~~**]. The amount refunded** shall include all **employee** contributions made to any retirement plan administered by the system and interest credited thereon. A vested former member may not request a refund after such member becomes eligible for normal retirement. A vested former member or a former member who is not vested who receives a refund shall forfeit all the member's credited service and future rights to receive benefits from the system and shall not be eligible to receive any **[**~~long-term~~**]** disability benefits; provided that any member or vested former member receiving **[**~~long-term~~**]** disability benefits shall not be eligible for a refund. If such member subsequently becomes an employee and works continuously for at least one year, the credited service previously forfeited shall be restored if the member returns to the system the amount previously refunded plus interest at a rate established by the board;

(7) The beneficiary of any member who made contributions shall receive a refund upon the member's death equal to the amount, if any, of such contributions and interest credited thereon less any retirement benefits

received by the member unless an annuity is payable to a survivor or beneficiary as a result of the member's death. In that event, the beneficiary of the survivor or beneficiary who received the annuity shall receive a refund upon the survivor's or beneficiary's death equal to the amount, if any, of the member's contributions less any annuity amounts received by the member and the survivor or beneficiary.

9. The employee contribution rate, the benefits provided under the year 2000 plan to members covered under this section, and any other provision of the year 2000 plan with regard to members covered under this section may be altered, amended, increased, decreased, or repealed, but only with respect to services rendered by the member after the effective date of such alteration, amendment, increase, decrease, or repeal, or, with respect to interest credits, for periods of time after the effective date of such alteration, amendment, increase, decrease, or repeal.

10. For purposes of members covered by this section, the options under section 104.1027 shall be as follows:

Option 1.

Such percent shall be eighty-eight and one half percent adjusted as follows: if the retiree's age on the annuity starting date is younger than sixty-seven years, an increase of three-tenths of one percent for each year the retiree's age is younger than age sixty-seven years; and if the beneficiary's age is younger than the retiree's age on the annuity starting date, a decrease of three-tenths of one percent for each year of age difference; and if the retiree's age is younger than the beneficiary's age on the annuity starting date, an increase of three-tenths of one percent for each year of age difference; provided, after all adjustments the option 1 percent cannot exceed ninety-four and one quarter percent. Upon the retiree's death one hundred percent of the retiree's reduced annuity shall be paid to such beneficiary who was the retiree's spouse on the annuity starting date or as otherwise provided by subsection 5 of this section.

Option 3.

A retiree's life annuity shall be reduced to ninety-three percent of the annuity otherwise payable. If the retiree dies before having received one hundred twenty monthly payments, the reduced annuity shall be continued for the remainder of the one hundred twenty-month period to the retiree's designated beneficiary provided that if there is no beneficiary surviving the retiree, the present value of the remaining annuity payments shall be paid as provided under subsection 3 of section 104.620. If the beneficiary survives the retiree but dies before receiving the remainder of such one hundred twenty monthly payments, the present value of the remaining annuity payments shall be paid as provided under subsection 3 of section 104.620.

A retiree's life annuity shall be reduced to eighty-six percent of the annuity otherwise payable. If the retiree dies before having received one hundred eighty monthly payments, the reduced annuity shall be continued for the remainder of the one hundred eighty-month period to the retiree's designated beneficiary provided that if there is no beneficiary surviving the retiree, the present value of the remaining annuity payments shall be paid as provided under subsection 3 of section 104.620. 3. Any person who is at least sixty-two years of age or older, has served in this state an aggregate of at least twenty years, continuously or otherwise, as a judge, and ceases to hold office by reason of the expiration of the judge's term, voluntary resignation, or retirement pursuant to the provisions of Subsection 2 of Section 24 of Article V of the Constitution of Missouri may receive benefits as provided in sections 476.515 to 476.565. The twenty-year requirement of this subsection may be fulfilled by service as a judge in any of the courts covered, or by service in any combination as judge of such courts, totaling an aggregate of twenty years. Any judge who is at least sixty-two years of age and who has served less than twenty years and is otherwise qualified under sections 476.515 to 476.565 may retire after reaching age sixty-two, at a reduced retirement compensation in a sum equal to the proportion of the retirement compensation provided in section 476.530 that his or her period of judicial service bears to twenty years.

5. The provisions of sections 104.344, 476.524, and 476.690 shall not apply to judges covered by this section.

6. A judge shall be required to contribute four percent of the judge's compensation to the retirement system, which shall stand to the judge's credit in his or her individual account with the system, together with investment credits thereon, for purposes of funding retirement benefits payable as provided in sections 476.515 to 476.565, subject to the following provisions:

(1) The state of Missouri employer, pursuant to the provisions of 26 U.S.C. Section 414(h)(2), shall pick up and pay the contributions that would otherwise be payable by the judge under this section. The contributions so picked up shall be treated as employer contributions for purposes of determining the judge's compensation that is includable in the judge's gross income for federal income tax purposes;

(2) Judge contributions picked up by the employer shall be paid from the same source of funds used for the payment of compensation to a judge. This deduction, however, shall not reduce the judge's compensation for purposes of computing benefits under the retirement system pursuant to this chapter;

(3) Judge contributions so picked up shall be credited to a separate account within the judge's individual account so that the amounts contributed pursuant to this section may be distinguished from the amounts contributed on an after-tax basis;

If such judge is married at the time of such request, such request shall not be processed without consent from the spouse. A judge is not eligible to request a refund if the judge's retirement benefit is subject to a division of benefit order pursuant to section 104.312. Such refund shall be paid by the system after ninety days from the date of termination of employment or the request, whichever is later and shall include all contributions made to any retirement plan administered by the system and interest credited thereon. 8. Any judge who is receiving retirement compensation under section 476.529 or 476.530 who becomes employed as an employee eligible to participate in the closed plan or in the year 2000 plan under chapter 104, shall not receive such retirement compensation for any calendar month in which the retired judge is so employed. Any judge who is receiving retirement compensation under section 476.529 or section 476.530 who subsequently serves as a judge as defined pursuant to subdivision (4) of subsection 1 of section 476.515 shall not receive such retirement compensation for any calendar month in which the retired judge is serving as a judge; except that upon retirement such judge's annuity shall be recalculated to include any additional service or salary accrued based on the judge's

285.1005. 1. The "Show-Me MyRetirement Savings Board" is hereby established in the office of the state treasurer.

2. The board shall consist of the following members, with the state treasurer, or his or her designee, serving as chair:

(1) The state treasurer, or his or her designee;

(2) An individual who has skill, knowledge, and experience in the field of retirement savings and investments, to be appointed by the governor with the advice and consent of the senate;

(3) An individual who has skill, knowledge, and experience relating to small business, to be appointed by the governor with the advice and consent of the senate;

(4) Three members of the house of representatives, to be appointed by the speaker of the house of representatives, to include one representative from the minority party; and

(5) Three members of the senate, to be appointed by the president pro tempore of the senate, to include one senator from the minority party.

3. The governor, the president pro tempore of the senate, and the speaker of the house of representatives shall make the respective initial appointments to the board for terms of office beginning on January 1, 2024.

4. Members of the board appointed by the governor, the president pro tempore of the senate, and the speaker of the house of representatives shall serve at the pleasure of the appointing authority.

5. The term of office of each member of the board shall be four years. Any member is eligible to be reappointed. If there is a vacancy for any reason, the appropriate appointing authority shall make an appointment, to become immediately effective, for the unexpired term.

6. All members of the board shall serve without compensation and shall be reimbursed from the administrative fund for necessary travel expenses incurred in carrying out the duties of the board.

7. A majority of the voting members of the board shall constitute a quorum for the transaction of business.

285.1010. 1. The board, subject to the authority granted under sections 285.1000 to 285.1055, shall design, develop, and implement the plan and, to that end, may conduct market, legal, and feasibility analyses.

2. The members of the board shall be fiduciaries of the plan under ERISA, and the board shall have the following powers, authorities, and duties:

(1) To establish, implement, and maintain the plan, in each case acting on behalf of the state of Missouri, including, in its discretion, more than one plan;

(2) To cause the plan, trust, and arrangements and accounts established under the plan to be designed, established, and operated:

(a) In accordance with best practices for retirement savings vehicles;

(b) To encourage participation, saving, sound investment practices, and appropriate selection of default investments;

(c) To maximize simplicity and ease of administration for eligible employers;

(d) To minimize costs, including by collective investment and economies of scale; and

(e) To promote portability of benefits;

(3) To arrange for collective, common, and pooled investment of assets of the plan and trust, including investments in conjunction with other funds with which assets are permitted to be collectively invested, to save costs through efficiencies and economies of scale;

(5) To adopt rules and regulations necessary or advisable for the implementation of sections 285.1000 to 285.1055 and the administration and operation of the plan consistent with the Internal Revenue Code and regulations thereunder, including to ensure that the plan satisfies all criteria for favorable federal tax-qualified treatment, and complies, to the extent necessary, with ERISA and any other applicable federal or Missouri law. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2023, shall be invalid and void;

(6) To arrange for and facilitate compliance with the plan or arrangements established thereunder with all applicable requirements for the plan under the Internal Revenue Code, ERISA, and any other applicable federal or Missouri law and accounting requirements, and to provide or arrange for assistance to eligible employers, eligible employees, and self-employed individuals in complying with applicable law and tax-related requirements in a cost-effective manner. The board may establish any processes deemed reasonably necessary or advisable to verify whether a person or entity is an eligible employer, including reference to online data and possible use of questions in employer tax filings;

(7) To employ or retain a plan administrator; executive director; staff; trustee; record-keeper; investment managers; investment advisors; and other administrative, professional, and expert advisors and service providers, none of whom shall be members of the board and all of whom shall serve at the pleasure of the board, which shall determine their duties and compensation. The board may authorize the executive director and other officials to oversee requests for proposals or other public competitions and enter into contracts on behalf of the board or conduct any business necessary for the efficient operation of the plan or the board;

(8) To establish procedures for the timely and fair resolution of participant and other disputes related to accounts or program operation and, if necessary, determine the eligibility of an employer, employee, or other individual to participate in the plan;

(9) To develop and implement an investment policy that defines the plan's investment objectives, consistent with the objectives of the plan, and that provides for policies and procedures consistent with those investment objectives;

(10) (a) To designate appropriate default investments that include a mix of asset classes, such as target date and balanced funds;

(b) To seek to minimize participant fees and expenses of investment and administration;

(c) To strive to design and implement investment options available to holders of accounts established as part of the plan and other plan features that are intended to achieve maximum possible income replacement balanced with an appropriate level of risk, consistent with the investment objectives under the investment policy. The investment options may encompass a range of risk and return opportunities and allow for a rate of return commensurate with an appropriate level of risk in view of the investment objectives under the policy. The menu of investment options shall be determined taking into account the nature and

objectives of the plan, the desirability of limiting investment choices under the plan to a reasonable number, based on behavioral research findings, and the extensive investment choices available to participants in the event that funds roll over to an individual retirement account (IRA) outside the program; and

(d) In accordance with subdivision (7) of this subsection, the board, to the extent it deems necessary or advisable, in carrying out its responsibilities and exercising its powers under sections 285.1000 to 285.1055, shall employ or retain appropriate entities or personnel to assist or advise it or to whom to delegate the carrying out of such responsibilities and exercising of such powers;

(11) To discharge its duties and see that the members of the board discharge their duties with respect to the plan solely in the interests of the participants as follows:

(a) For the exclusive purpose of providing benefits to participants and defraying reasonable expenses of administering the plan; and

(b) With the care, skill, prudence, and diligence under the circumstances then prevailing that a prudent person acting in a like capacity and familiar with those matters would use in the conduct of an enterprise of a like character and with like aims;

(12) To cause expenses incurred to initiate, implement, maintain, and administer the plan to be paid from contributions to, or investment returns or assets of the plan or other moneys collected by or for the plan or pursuant to arrangements established under the plan to the extent permitted under federal and Missouri law;

(13) To collect application, account, or administrative fees and to accept any grants, gifts, legislative appropriations, loans, and other moneys from the state of Missouri; any unit of federal, state, or local government; or any other person, firm, or entity to defray the costs of administering and operating the plan;

(14) To make and enter into competitively procured contracts, agreements, or arrangements with; to collaborate and cooperate with; and to retain, employ, and contract with or for any of the following to the extent necessary or desirable for the effective and efficient design, implementation, and administration of the plan consistent with the purposes set forth in sections 285.1000 to 285.1055 and to maximize outreach to eligible employers and eligible employees:

(a) Services of private and public financial institutions, depositories, consultants, actuaries, counsel, auditors, investment advisors, investment administrators, investment management firms, other investment firms, third-party administrators, other professionals and service providers, and state public retirement systems;

(b) Research, technical, financial, administrative, and other services; and

(c) Services of other state agencies to assist the board in the exercise of its powers and duties;

(15) To develop and implement an outreach plan to gain input and disseminate information regarding the plan and retirement savings in general;

(16) To cause moneys to be held and invested and reinvested under the plan;

(17) To ensure that all contributions under the plan shall be used only to:

(a) Pay benefits to participants under the plan;

(b) Pay the costs of administering the plan; and

(c) Make investments for the benefit of the plan, and ensure that no assets of the plan or trust are transferred to the general revenue fund or to any other fund of the state or are otherwise encumbered or used for any purpose other than those specified in this paragraph or section 285.1045;

(18) To make provisions for the payment of costs of administration and operation of the program and trust;

(19) To evaluate the need for and procure as needed insurance against any and all loss in connection with the property, assets, or activities of the program, including fiduciary liability coverage;

(20) To evaluate the need for and procure as needed pooled private insurance;

(21) To indemnify, including procurement of insurance as needed for this purpose, each member of the board from personal loss or liability resulting from a member's action or inaction as a member of the board and as a fiduciary;

(22) To collaborate with and evaluate the role of financial advisors or other financial professionals, including in assisting and providing guidance for covered employees; and

(23) To carry out the powers and duties of the program under sections 285.1000 to 285.1055 and exercise any and all other powers as are appropriate to effect the purposes, objectives, and provisions of such sections pertaining to the program.

3. A board member, program administrator, or other staff of the board shall not:

(1) Directly or indirectly, have any interest in the making of any investment under the program or in any gains or profits accruing from any such investment;

(2) Borrow any program-related funds or deposits, or use any such funds or deposits in any manner, for himself or herself or as an agent or partner of others; or

(3) Become an endorser, surety, or obligor on investments made under the program.

4. Each board member shall be subject to the provisions of sections 105.452 and 105.454.

285.1015. 1. The board shall, consistent with federal law and regulation, adopt and implement the plan, which shall remain in compliance with federal law and regulations once implemented and shall be called the "Show-Me MyRetirement Savings Plan".

2. In accordance with terms and conditions specified and regulations promulgated by the board, the plan shall:

(1) Be set forth in documents prescribing the terms and conditions of the plan;

(2) Be available on a voluntary basis to eligible employers and self-employed individuals;

(3) Be available to eligible members of an association who may elect to participate in the plan if the association or its members do not maintain a plan or a specified tax-favored retirement plan, other than the Show-Me MyRetirement Savings plan;

(4) Enroll self-employed individuals who wish to participate;

(5) Provide participants the option to terminate their participation at any time;

(6) Allow voluntary pre-tax or designated Roth 401(k) contributions;

(7) Allow voluntary employer contributions;

(8) Be overseen by the board and its designees;

(9) Be administered and managed by one or more trustees, other fiduciaries, custodians, third-party administrators, investment managers, record-keepers, or other service providers;

(10) Provide on a uniform basis, if and when the board so determines, in its discretion, for an increase of each participant's contribution rate, by a minimum increment of one percent of salary or wages per year, for each additional year the participant is employed or is participating in the plan up to the maximum percentage of such participant's salary or wages that may be contributed to the plan under federal law. Any such increases shall apply to participants, as determined by the board, by default or only if initiated by affirmative participant election;

(11) Provide for direct deposit of contributions into investments under the plan. To the extent consistent with ERISA, the investment alternatives under the plan shall be limited to an automatic investment for participants who do not actively and affirmatively elect a particular investment option, which unless the board provides otherwise, shall be a diversified target date fund, including a series of such diversified funds to apply to different participants depending on their choice or their target retirement dates, a principal-protected option, and at least four additional investment alternatives as may be selected by the board in its discretion. To the extent consistent with ERISA, the investment options may, at the discretion of the board, include a principal-protection fund as a temporary "security corridor" option that applies as the sole initial investment before participants may choose other investments or as the initial default investment for a specified period of time or up to a specified dollar amount of contributions or account balance;

(12) Be professionally managed;

(13) Provide for reports on the status of each participant's account to be provided to each participant at least quarterly and make best efforts to provide participants frequent or continual online access to information on the status of their accounts;

(14) When possible and practicable, use existing employer and public infrastructure to facilitate contributions, record keeping, and outreach and use pooled or collective investment arrangements;

(15) Provide that each account holder owns the contributions to or earnings on amounts contributed to his or her account under the plan and that the state and employers have no proprietary interest in those contributions or earnings;

(16) Be designed and implemented in a manner consistent with federal law to the extent that it applies;

(17) Make provisions for the participation in the plan of individuals who are not employees, if allowed under federal law;

(18) Establish rules and procedures governing the distribution of funds from the plan, including such distributions as may be permitted or required by the plan and any applicable provisions of ERISA, the tax-qualification rules, and the other tax laws, with the objectives of maximizing financial security in retirement, protecting spousal rights, and assisting participants to effectively manage the decumulation of

their savings and to receive payment of their benefits under the plan. The board shall have the authority, in its discretion, to provide for one or more reasonably priced distribution options to provide a source of fixed regular retirement income, including income for life or for the participant's life expectancy, or for joint lives and life expectancies, as applicable;

(19) Establish rules and procedures promoting portability of benefits, including the ability to make roll-overs or transfers to and from the plan that are exempt from federal income tax, provided that any roll-over is initiated by participants; and

(20) Encourage choices by employers in the state to adopt a specified tax-favored retirement plan, including the plan.

285.1020. The board shall adopt rules to implement the plan that:

(1) Establish the processes for enrollment and contributions under the plan, including withholding by participating employers of employee payroll deduction contributions from wages and remittance for deposit to the plan; voluntary contributions by others, including self-employed individuals and independent contractors, through payroll deduction or otherwise; the making of default contributions using default investments; and participant selection of alternative contribution rates or amounts and alternative investments from among the options offered under the plan;

(2) Conduct outreach to individuals, employers, other stakeholders, and the public regarding the plan. The rules shall specify the contents, frequency, timing, and means of required disclosures from the plan to eligible employees, participants, and self-employed individuals, eligible employers, participating employers, and other interested parties. These disclosures shall include, but not be limited to:

(a) The benefits associated with tax-favored retirement saving;

(b) The potential advantages and disadvantages associated with participating in the plan;

(c) Instructions for enrolling and making contributions;

(d) The potential availability of a saver's tax credit, including the eligibility conditions for the credit and instructions on how to claim it;

(e) A disclaimer that employees seeking tax, investment, or other financial advice should contact appropriate professional advisors, and that participating employers are not in a position to provide such advice and are not liable for decisions individuals make in relation to the plan;

(f) The potential implications of account balances under the plan for the application of asset limits under certain public assistance programs;

(g) A disclaimer that the account owner is solely responsible for investment performance, including market gains and losses, and that plan accounts and rates of return are not guaranteed by any employer, the state, the board, any board member or state official, or the plan;

(h) Any additional information about retirement and saving and other information designed to promote financial literacy and capability, which may take the form of links to, or explanations of how to obtain, such information; and

(i) Instructions on how to obtain additional information about the plan; and

(3) Ensure that the assets of the trust and plan shall at all times be preserved, invested, and expended only for the purposes set forth in sections 285.1000 to 285.1055, and that no property rights therein shall exist in favor of the state, except as provided under section 285.1045.

285.1025. An eligible employer, a participating employer, or other employer is not and shall not be liable for or bear responsibility for:

(1) An employee's decision as to which investments to choose;

(2) Participants' or the board's investment decisions;

(3) The administration, investment, investment returns, or investment performance of the plan including, but not limited to, any interest rate or other rate of return on any contribution or account balance, provided that the eligible employer, participating employer, or other employer is not involved in the administration or investment of the plan;

(4) The plan design or the benefits paid to participants; or

(5) Any loss, failure to realize any gain, or any other adverse consequences including, but not limited to, any adverse tax consequences or loss of favorable tax treatment, public assistance, or other benefits, incurred by any person solely and directly as a result of participating in the plan.

285.1030. 1. The state of Missouri; the board; each member of the board; any other state official, state board, commission, and agency; any member, officer, and employee thereof; and the plan:

(1) Shall not guarantee any interest rate or other rate of return on or investment performance of any contribution or account balance; and

(2) Shall not be liable or responsible for any loss, deficiency, failure to realize any gain, or any other adverse consequences including, but not limited to, any adverse tax consequences or loss of favorable tax treatment, public assistance, or other benefits, incurred by any person as a result of participating in the plan.

2. The debts, contracts, and obligations of the plan or the board are not the debts, contracts, and obligations of the state, and neither the faith and credit nor the taxing power of the state is pledged directly or indirectly to the payment of the debts, contracts, and obligations of the plan or the board.

3. Nothing in sections 285.1000 to 285.1055 shall be construed to guarantee any interest rate or other rate of return on or investment performance of any contribution or account balance.

285.1035. 1. Individual account information relating to accounts under the plan and relating to individual participants including, but not limited to, names, addresses, telephone numbers, email addresses, personal identification information, investments, contributions, and earnings shall be confidential and shall be maintained as confidential, provided that such information may be disclosed:

(1) To the extent necessary to administer the plan in a manner consistent with sections 285.1000 to 285.1055, ERISA, the Internal Revenue Code, or any other federal or Missouri law; or

(2) If the individual who provides the information or who is the subject of the information expressly agrees in writing to the disclosure of the information.

2. Information required to be confidential under subsection 1 of this section shall be considered a "closed record" as that term is defined in section 610.010, regardless as to whether such information has been disclosed as allowed by subsection 1 of this section.

285.1040. The board may enter into an intergovernmental agreement or memorandum of understanding with the state of Missouri, another state or states, and any agency thereof to receive outreach, technical assistance, enforcement and compliance services, collection or dissemination of information pertinent to the plan, subject to such obligations of confidentiality as may be agreed or required by law, or other services or assistance. The state of Missouri, another state or states, and any agency thereof that enters into such agreements or memoranda of understanding shall collaborate to provide the outreach, assistance, information, and compliance or other services or assistance to the board. The memoranda of understanding may cover the sharing of costs incurred in gathering and disseminating information and the reimbursement of costs for any enforcement activities or assistance.

285.1045. 1. There is hereby created in the state treasury the "Show-Me MyRetirement Savings Administrative Fund", which shall consist of moneys collected under this section. The state treasurer shall be custodian of the fund. In accordance with sections 30.170 and 30.180, the state treasurer may approve disbursements. Subject to appropriation, moneys in the fund shall be distributed by the state treasurer solely for the administration of sections 285.1000 to 285.1055.

2. Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund.

3. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

4. The Show-Me MyRetirement Savings administrative fund shall consist of:

(1) Moneys appropriated to the administrative fund by the general assembly;

(2) Moneys transferred to the administrative fund from the federal government, other state agencies, or local governments;

(3) Moneys from the payment of application, account, administrative, or other fees and the payment of other moneys due to the board;

(4) Any gifts, donations, or grants made to the state of Missouri for deposit in the administrative fund;

(5) Moneys collected for the administrative fund from contributions to, or investment returns or assets of, the plan or other moneys collected by or for the plan or pursuant to arrangements established under the plan to the extent permitted under federal and Missouri law; and

(6) Earnings on moneys in the administrative fund.

5. To the extent consistent with ERISA, the tax qualification rules, and other federal law, the board shall accept any grants, gifts, appropriations, or other moneys from the state; any unit of federal, state, or local government; or any other person, firm, partnership, corporation, or other entity solely for deposit into the administrative fund, whether for investment or administrative expenses.

6. To enable or facilitate the start-up and continuing operation, maintenance, administration, and management of the program until the plan accumulates sufficient balances and can generate sufficient funding through fees assessed on program accounts for the plan to become financially self-sustaining:

(1) The board may borrow from the state of Missouri; any unit of federal, state, or local government; or any other person, firm, partnership, corporation, or other entity working capital funds and other funds as may be necessary for this purpose, provided that such funds are borrowed in the name of the plan and board only and that any such borrowings shall be payable solely from the revenues of the plan; and

(2) The board may enter into long-term procurement contracts with one or more financial providers that provide a fee structure that would assist the plan in avoiding or minimizing the need to borrow or to rely upon general assets of the state.

7. Subject to appropriation, the state of Missouri may pay administrative costs associated with the creation, maintenance, operation, and management of the plan and trust until sufficient assets are available in the administrative fund for that purpose. Thereafter, all administrative costs of the administrative fund, including any repayment of start-up funds provided by the state of Missouri, shall be repaid only out of moneys on deposit therein. However, private funds or federal funding received in order to implement the program until the administrative fund is self-sustaining shall not be repaid unless those funds were offered contingent upon the promise of such repayment.

8. The board may use the moneys in the administrative fund solely to pay the administrative costs and expenses of the plan and the administrative costs and expenses the board incurs in the performance of its duties under sections 285.1000 to 285.1055.

9. The state treasurer's office shall follow the competitive bids procedure adopted by the office of administration for the following:

(1) The contracting or hiring of a contractor with the relevant skills, knowledge, and expertise determined by the board for managing the program, every five years; and

(2) At the state treasurer's discretion, the contracting or hiring of a contractor who has qualified staff with the relevant skills, knowledge, and expertise as determined by the state treasurer's office when the number of the participants in the plan reaches fifty thousand participants.

The office of administration is authorized to provide the state treasurer's office with the necessary assistance and services as may be needed.

285.1050. 1. The board shall keep an accurate account of all the activities, operations, receipts, and expenditures of the plan, the trust, and the board. Each year, a full audit of the books and accounts of the board pertaining to those activities, operations, receipts and expenditures, personnel, services, or facilities shall be conducted by a certified public accountant and shall include, but not be limited to, direct and indirect costs attributable to the use of outside consultants, independent contractors, and any other persons who are not state employees for the administration of the plan. For the purposes of the audit, the auditors shall have access to the properties and records of the plan and board and may prescribe methods of accounting and the rendering of periodic reports in relation to projects undertaken by the plan.

2. By August first of each year, the board shall submit to the governor, the state treasurer, the president pro tempore of the senate, and the speaker of the house of representatives a public report on the operation of the plan and trust and activities of the board, including an audited financial report, prepared in accordance with generally accepted accounting principles, detailing the activities, operations, receipts, and expenditures of the plan and board during the preceding calendar year. The report shall also include a summary of the benefits provided by the plan, the number of participants, average account balance, the number of participating employers, the contribution formulas and amounts of contributions made by participants and by each participating employer, the withdrawals, the account balances, total assets under management, investments, investment returns, fees and expenses associated with the investments and with the administration of the plan, projected activities of the plan for the current calendar year, and any other information regarding the plan and its operations that the board may determine to provide.

285.1055. 1. The board shall establish the plan so that individuals are able to begin contributing under the plan on or before September 1, 2025.

2. The board may, in its discretion, phase in the plan so that the ability to contribute first applies on different dates for different classes of individuals, including employees of employers of different sizes or types and individuals who are not employees; provided that, any such staged or phased-in implementation schedule shall be substantially completed on or before September 1, 2025."; and

JOURNAL OF THE HOUSE

First Regular Session, 102nd GENERAL ASSEMBLY

FIFTY-THIRD DAY, THURSDAY, APRIL 13, 2023

The House met pursuant to adjournment.

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

"Eye hath not seen, nor ear heard, the things which God hath prepared for them that love Him." (I Corinthians 2:9)

Almighty and everlasting God, from whom all thoughts of truth and love proceed, kindle in our hearts and in the hearts of all Missourians a real love for the truth and a deep concern for charity.

Guide with Your wisdom those who lead our state and all who work with them under the beautiful dome of this capitol, that in all cooperation Your kingdom may go forward and Your will be done on earth.

Make real in our hearts the spirit of Your love, strengthen us by Your power, draw us closer to You, and in so doing, bind us together in a firm and faithful bond of unity in this historic chamber.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Asher Dinkins and Caroline Dinkins.

The Journal of the fifty-second day was approved as printed.

The sheriff may require that the applicant display a Missouri driver's license or nondriver's license or military identification and orders showing the person being stationed in Missouri. In order to determine the applicant's suitability for a concealed carry permit, the applicant shall be fingerprinted. No other biometric data shall be collected from the applicant. The sheriff shall revoke a provisional permit issued under this subsection within twenty-four hours of receipt of any report that identifies a disqualifying record, and shall notify the concealed carry permit system established under subsection 5 of section 650.350. The revocation of a provisional permit issued under this section shall be proscribed in a manner consistent to the denial and review of an application under subsection 6 of this section.

The sheriff may refuse to approve an application for a concealed carry permit if he or she determines that any of the requirements specified in subsection 2 of this section have not been met, or if he or she has a substantial and demonstrable reason to believe that the applicant has rendered a false statement regarding any of the provisions of sections 571.101 to 571.121. Upon receiving any additional documentation, the sheriff shall reconsider his or her decision and inform the applicant

within thirty days of the result of the reconsideration. The applicant shall further be informed in writing of the right to appeal the denial pursuant to subsections 2, 3, 4, and 5 of section 571.114. Any record of an application that is incomplete or denied for any reason shall be kept for a period not to exceed one year. Any record of an application that was approved shall be kept for a period of one year after the expiration and nonrenewal of the permit.

An applicant's status as a holder of a concealed carry permit, provisional permit, or a concealed carry endorsement issued prior to August 28, 2013, shall not be public information and shall be considered personal protected information. Information retained in the concealed carry permit system under this subsection shall not be distributed to any federal, state, or private entities and shall only be made available for a single entry query of an individual in the event the individual is a subject of interest in an active criminal investigation or is arrested for a crime. A sheriff may access the concealed carry permit system for administrative purposes to issue a permit, verify the accuracy of permit holder information, change the name or address of a permit holder, suspend or revoke a permit, cancel an expired permit, or cancel a permit upon receipt of a certified death certificate for the permit holder. Any person who violates the provisions of this subdivision by disclosing protected information shall be guilty of a class A misdemeanor.

10. Information regarding any holder of a concealed carry permit, or a concealed carry endorsement issued prior to August 28, 2013, is a closed record. No bulk download or batch data shall be distributed to any federal, state, or private entity, except to MoSMART or a designee thereof. Any state agency that has retained any documents or records, including fingerprint records provided by an applicant for a concealed carry endorsement prior to August 28, 2013, shall destroy such documents or records, upon successful issuance of a permit.

11. For processing an application for a concealed carry permit pursuant to sections 571.101 to 571.121, the sheriff in each county shall charge a nonrefundable fee not to exceed one hundred dollars which shall be paid to the treasury of the county to the credit of the sheriff's revolving fund. This fee shall include the cost to reimburse the Missouri state highway patrol for the costs of fingerprinting and criminal background checks. An additional fee shall be added to each credit card, debit card, or other electronic transaction equal to the charge paid by the state or the applicant for the use of the credit card, debit card, or other electronic payment method by the applicant.

12. For processing a renewal for a concealed carry permit pursuant to sections 571.101 to 571.121, the sheriff in each county shall charge a nonrefundable fee not to exceed fifty dollars which shall be paid to the treasury of the county to the credit of the sheriff's revolving fund.

13. For the purposes of sections 571.101 to 571.121, the term "sheriff" shall include the sheriff of any county or city not within a county or his or her designee and in counties of the first classification the sheriff may designate the chief of police of any city, town, or municipality within such county.

14. For the purposes of this chapter, "concealed carry permit" shall include any concealed carry endorsement issued by the department of revenue before January 1, 2014, and any concealed carry document issued by any sheriff or under the authority of any sheriff after December 31, 2013."; and

6. (1) Before an application for a Missouri lifetime or extended concealed carry permit is approved, the sheriff shall make only such inquiries as he or she deems necessary into the accuracy of the statements made in the application. The sheriff may require that the applicant display a Missouri driver's license or nondriver's license or military identification. No biometric data shall be collected from the applicant. The sheriff shall conduct an inquiry of the National Instant Criminal Background Check System within three working days after submission of the properly completed application for a Missouri lifetime or extended concealed carry permit. (2) In the event the report from the National Instant Criminal Background Check System and the response from the Federal Bureau of Investigation national criminal history record check prescribed by subdivision (1) of this subsection are not completed within forty-five calendar days and no disqualifying information concerning the applicant has otherwise come to the sheriff's attention, the sheriff shall issue a provisional permit, clearly designated on the certificate as such, which the applicant shall sign in the presence of the sheriff or the sheriff's designee. This permit, when carried with a valid Missouri driver's or nondriver's license, shall permit the applicant to exercise the same rights in accordance with the same conditions as pertain to a Missouri lifetime or extended concealed carry permit issued under this section, provided that it shall not serve as an alternative to a national instant criminal background check required by 18 U.S.C. The revocation of a provisional permit issued under this section shall be prescribed in a manner consistent to the denial and review of an application under subsection 7 of this section.

7. The sheriff may refuse to approve an application for a Missouri lifetime or extended concealed carry permit if he or she determines that any of the requirements specified in subsection 3 of this section have not been met, or if he or she has a substantial and demonstrable reason to believe that the applicant has rendered a false statement regarding any of the provisions of sections 571.205 to 571.230. If the applicant is found to be ineligible, the sheriff is required to deny the application, and notify the applicant in writing, stating the grounds for denial and informing the applicant of the right to submit, within thirty days, any additional documentation relating to the grounds of the denial. Upon receiving any additional documentation, the sheriff shall reconsider his or her decision and inform the applicant within thirty days of the result of the reconsideration. The applicant shall further be informed in writing of the right to appeal the denial under section 571.220. After two additional reviews and denials by the sheriff, the person submitting the application shall appeal the denial under section 571.220.

8. If the application is approved, the sheriff shall issue a Missouri lifetime or extended concealed carry permit to the applicant within a period not to exceed three working days after his or her approval of the application. The applicant shall sign the Missouri lifetime or extended concealed carry permit in the presence of the sheriff or his or her designee.

9. The Missouri lifetime or extended concealed carry permit shall specify only the following information:

(1) Name, address, date of birth, gender, height, weight, color of hair, color of eyes, and signature of the permit holder;

The permit shall be no larger than two and one-eighth inches wide by three and three-eighths inches long and shall be of a uniform style prescribed by the department of public safety. The permit shall also be assigned a concealed carry permit system county code and shall be stored in sequential number.

10. (1) The sheriff shall keep a record of all applications for a Missouri lifetime or extended concealed carry permit or a provisional permit and his or her action thereon. Any record of an application that is incomplete or denied for any reason shall be kept for a period not to exceed one year.

(2) The sheriff shall report the issuance of a Missouri lifetime or extended concealed carry permit or provisional permit to the concealed carry permit system. All information on any such permit that is protected information on any driver's or nondriver's license shall have the same personal protection for purposes of sections 571.205 to 571.230. An applicant's status as a holder of a Missouri lifetime or extended concealed carry permit or provisional permit shall not be public information and shall be considered personal protected information. Information retained in the concealed carry permit system under this subsection shall not be distributed to any federal, state, or private entities and shall only be made available for a single entry query of an individual in the event the individual is a subject of interest in an active criminal investigation or is arrested for a crime. A sheriff may access the concealed carry permit system for administrative purposes to issue a permit, verify the accuracy of permit holder information, change the name or address of a permit holder, suspend or revoke a permit, cancel an expired permit, or cancel a permit upon receipt of a certified death certificate for the permit holder. Any person who violates the provisions of this subdivision by disclosing protected information shall be guilty of a class A misdemeanor.

11. Information regarding any holder of a Missouri lifetime or extended concealed carry permit is a closed record. No bulk download or batch data shall be distributed to any federal, state, or private entity, except to MoSMART or a designee thereof.

12. For processing an application, the sheriff in each county shall charge a nonrefundable fee not to exceed:

(1) Two hundred dollars for a new Missouri extended concealed carry permit that is valid for ten years from the date of issuance or renewal;

(2) Two hundred fifty dollars for a new Missouri extended concealed carry permit that is valid for twenty-five years from the date of issuance or renewal;

(3) Fifty dollars for a renewal of a Missouri extended concealed carry permit;

(4) Five hundred dollars for a Missouri lifetime concealed carry permit,

which shall be paid to the treasury of the county to the credit of the sheriff's revolving fund.

571.225. 1. Any person who has knowledge that another person, who was issued a Missouri lifetime or extended concealed carry permit under sections 571.205 to 571.230, never was or no longer is eligible for such permit under the criteria established in sections 571.205 to 571.230 may file a petition with the clerk of the small claims court to revoke that person's Missouri lifetime or extended concealed carry permit. The petition shall be in a form substantially similar to the petition for revocation of a Missouri lifetime or extended concealed carry permit provided in this section. **[**~~Appeal~~**] Revocation petition** forms shall be provided by the clerk of the small claims court free of charge to any person:

☐ Defendant is not at least **[**~~nineteen~~**] twenty-one** years of age or at least eighteen years of age and a member of the United States Armed Forces or honorably discharged from the United States Armed Forces.

☐ Defendant is not a citizen or permanent resident of the United States.

☐ Defendant had not resided in this state prior to issuance of the permit or is not a current resident of this state.

☐ Defendant has pled guilty to or been convicted of a crime punishable by imprisonment for a term exceeding two years under the laws of any state or of the United States other than a crime classified as a misdemeanor under the laws of any state and punishable by a term of imprisonment of one year or less that does not involve an explosive weapon, firearm, firearm silencer, or gas gun.

☐ Defendant is a fugitive from justice or currently charged in an information or indictment with the commission of a crime punishable by imprisonment for a term exceeding one year under the laws of any state of the United States other than a crime classified as a misdemeanor under the laws of any state and punishable by a term of imprisonment of two years or less that does not involve an explosive weapon, firearm, firearm silencer, or gas gun.

_____, PLAINTIFF

2. If at the hearing the plaintiff shows that the defendant was not eligible for the Missouri lifetime or extended concealed carry permit issued under sections 571.205 to 571.230 at the time of issuance or renewal or is no longer eligible for a Missouri lifetime or extended concealed carry permit the court shall issue an appropriate order to cause the revocation of the Missouri lifetime or extended concealed carry permit. Once the court determines that the plaintiff is liable to the defendant/respondent for costs and fees, the extent and type of fees and costs to be awarded should be liberally calculated in defendant/respondent's favor.
